

COMMON CORE STATE STANDARDS IMPLEMENTATION TOOLS AND RESOURCES

CCSSO has developed this preliminary list of tools and resources to point states to some promising practices and products to help them as they implement the Common Core State Standards. This document primarily lists resources developed by CCSSO and the lead writers of the standards and is not intended to be a comprehensive list of all the quality resources available. The resources are grouped into two categories: (1) communications and outreach, (2) mathematics. If you have questions about any of these resources, please contact Carrie Heath Phillips, CCSSO senior associate for Standards, Assessment, and Accountability, at carrieh@ccsso.org.

Communications and Outreach

PTA Parent Guides

Purpose: Provide grade-by-grade parent guides that reflect the Common Core State Standards. Individual guides were created for grades K-8 and two were created for grades 9-12 (one for English language arts/literacy and one for mathematics). Eleven Guides were created in all.

Website: <http://www.PTA.org/parentsguide> State education agencies, school districts, state boards of education, and state/local PTAs should contact parentsguide@pta.org to inquire about co-branding the *Guides*.

Creators: PTA and Common Core State Standards writers

Who to Contact: National PTA at parentsguide@pta.org

Mathematics Common Core State Standards

Hyperlinked version of the math standards

Purpose: Provide a version of the math standards that has hyperlinks within the document so a reader can electronically navigate the standards with fluidity.

Creator/Lead Author: Bill McCallum, lead math standards writer

Website: http://commoncoretools.files.wordpress.com/2011/02/ccssi_math_standards_hyperlinked_1-0.pdf

Visual depiction of the mathematical practices

Purpose: Display some higher-order structure to the mathematical practice standards, just as the clusters and domains provide higher order structure to the content standards.

Creator/Lead Author: Bill McCallum

Website: <http://commoncoretools.files.wordpress.com/2011/03/practices.pdf>

Lead writer Bill McCallum's blog

Purpose: Math Common Core lead writer Bill McCallum keeps a blog of math Common Core implementation projects that he hears of through his work.
