

## **Strengthening Teacher and Leader Effectiveness Program**

### **Grantee Information:**

Grantee: **Chatham Central School District**

### **Abstract:**

The Strengthening Teacher and Leader Effectiveness grant will be used by the Chatham Central School District to develop and implement career ladder opportunities for effective teachers who have demonstrated success with high needs students and/or in STEM disciplines. Selected teachers will be given additional duties, compensation, and training to assist them in developing coaching skills that will support the development and retention of professional colleagues. A systemic coaching model will target improvement of student results by increasing the effectiveness of teachers to work with students with divergent needs such as English Language learners, students living in poverty, or disenfranchised students.
