

Strengthening Teacher and Leader Effectiveness Program

Grantee Information:

Grantee: **Mayfield Central School**

Abstract:

The initiatives the district is funding are:

- Special education-related training for all teachers and introduction of special education coaches.
- Introduction of a literacy coach in each building and a literacy class at the 7th/8th grade level in year two.
- Development of a STEM infusion initiative to include a district level STEM coach and a STEM support coach/turnkey trainer in each building with a 6th through 8th grade focus.

Goal #1: Improve teacher and leader effectiveness and thereby increase student achievement by developing and implementing training, support and coaching program related to meeting the needs of students with disabilities with a K through 8th grade focus.

Goal #2: Improve teacher and leader effectiveness and thereby student achievement by developing and implementing a literacy coaching program (district-wide) and a literacy class in 7th/8th grade.

Goal #3: Improve teacher and leader effectiveness and thereby increase student achievement by developing and implementing a STEM infusion program in the district with a 6th through 8th grade focus.
