

## Strengthening Teacher and Leader Effectiveness 3

### **Grantee Information:**

Grantee: **South Country Central School District**

### **Abstract:**

The goals of the South Country Central School District's STLE 3 grant initiatives are as follows:

- Improve the instruction and methods of all teachers in an effort to impact education in a meaningful way districtwide
- Include effective and highly effective Teachers and Principals in the instructional leadership model that currently exists in the school district
- Improve the methods and the current model of instructional leadership districtwide
- Provide a variety of opportunities to educators in the district to expand their reach and effectiveness of education of all students district wide with a primary focus on those students considered "at risk"
- Create a culture of trust and shared partnership between community, families, students and teachers where each group works together to share in the responsibility of academic and social emotional success of our students
- Create a career ladder structure to include opportunities for selected educators to pursue NYSED certification as school building and/or district leader
- Utilize data to improve instruction

These goals will be accomplished by creating career ladder positions and opportunities for those Teachers and Principals who are selected from a pool of applicants who have

### Strengthening Teacher and Leader Effectiveness 3

demonstrated the ability and capacity to improve instruction and learning for all of the South Country Central School District.
