The 8th grade Social Studies Assessment is a Three part culmination of the year's content and literacy standards. Part I consists of 24 multiple. Developed by a group of Social Studies teachers under the guidance of Herkimer and Oswego BOCES. The assessment Requires students to utilized knowledge, reasoning and skills in writing from a text. 1 Question tagged to NYS Social Studies Framework 8.3 CCLS WHST 6-8.2

The Assessment is administered as a final exam, during the final exam schedule of the Middle School. The Assessment is scored by Social Studies teachers other than those being evaluated by the results. The teacher sets targets for the assessments for all students and uses the results of the scoring to report target met y or n. The evaluation is then calculated by the % of students who met the target and converted to the HEDI based on the Scale identified in 3012-d regs.

Please provide an overview of the student-level growth model or target setting model for SLOs for districts and BOCES, along with how student-level growth scores are aggregated to the create teacher-level scores, and how those teacher-level scores are converted to New York State's 0-20 metric.

The 8th grade teacher administers a pre-assessment aligned with the same content and literacy skills. The teacher and administrator works together to analyze pre-assessment data and NYS ELA Assessment data as well as considering factors such and special education and past performance, to set targets for each student. Once the assessment is administered and scored by someone other than the teacher being evaluated, the data is analyzed for the percentage of students who met their target, and the percentage is then placed in the NYS 3012-d SLO scale to be converted to 0-20 then to HEDI.

New York State Next Generation Assessment Priorities

Please provide detail on how the proposed supplemental assessment I or assessment to be used with SLOs addresses each of the Next Generation Assessment Priorities below.

Characteristics of Good ELA and Math Assessments (only applicable to ELA and math assessments):

<p>Assessments Woven Tightly Into the Curriculum:</p>	<p>As the assessment map above indicates, all items are directly aligned with standards and our curriculum is directly aligned with standards. Other formative assessments through-out the year are aligned to scaffold student success on the final assessment.</p>
<p>Performance Assessment:</p>	<p>Written response measures skill in synthesizing text from multiple sources and responding to a prompt using evidence from the text to support the response</p>
<p>Efficient Time-Saving Assessments:</p>	<p>The assessment is administered as the final exam within the final exam schedule developed by the school.</p>
<p>Technology:</p>	<p>The district is in the process of building and infrastructure that will accommodate technology based assessments. Once that has occurred, this assessment will evolve to incorporate technology.</p>
<p>Degree to which the growth model must differentiate across New York State's four levels of teacher effectiveness (only applicable to supplemental assessments):</p>	<p>N/A</p>
