

**STUDENT ASSESSMENTS
AND ASSOCIATED GROWTH MODELS FOR
TEACHER AND PRINCIPAL EVALUATION**

FORM C

PUBLICLY AVAILABLE SERVICES SUMMARY

This form will be posted on the New York State Education Department's Web site and distributed through other means for all applications that are approved in conjunction with this RFQ to allow districts and BOCES to understand proposed offerings in advance of directly contacting Assessment Providers regarding potential further procurements.

Assessment Provider Information	
Name of Assessment Provider:	Norwich City School District
Assessment Provider Contact Information:	Gerard O'Sullivan GOSullivan@norwichcsd.org
Name of Assessment:	K-2 Physical Education
Nature of Assessment:	<input checked="" type="checkbox"/> ASSESSMENT FOR USE WITH STUDENT LEARNING OBJECTIVES WITH A TARGET SETTING MODEL; OR <input type="checkbox"/> SUPPLEMENTAL ASSESSMENT WITH AN ASSOCIATED GROWTH MODEL: <input type="checkbox"/> GAIN SCORE MODEL <input type="checkbox"/> GROWTH-TO-PROFICIENCY MODEL <input type="checkbox"/> STUDENT GROWTH PERCENTILES <input type="checkbox"/> PROJECTION MODELS <input type="checkbox"/> VALUE-ADDED MODELS <input type="checkbox"/> OTHER:
What are the grade(s) for which the assessment can be used to generate a 0-20 APPR score?	K-2
What are the subject area(s) for which the assessment can be used to generate a 0-20 APPR score?	Physical Education (PE)
What are the technology requirements associated with the assessment?	The assessments are performance based and do not require additional technology for completion. Data from SLO's will be stored electronically.
Is the assessment available, either for free or through purchase, to other districts or BOCES in New York State?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO

Please provide an overview of the assessment for districts and BOCES. Please include:

- A description of the assessment;
- A description of how the assessment is administered;
- A description of how scores are reported (include links to sample reports as appropriate);
- A description of how the Assessment Provider supports implementation of the assessment, including any technical assistance. (3 pages max)

The Norwich City School District K-2 Physical Education assessments are performance based assessments aligned to the New York State Standards for Physical Education and are vertically aligned according to the learning progressions that measure academic growth over time. Across all grade levels, the K-2 Physical Education assessments measure the development of foundational skills as they relate to movement, safety and community resources that is embedded into regular classroom instruction and incorporates relevant, actionable feedback. Movement fluency, awareness and comprehension are the hallmarks of early physical movement skills. These skills are measured on the K-2 Physical Education assessments through locomotor movement and vertical alignment records. The data provided by these assessments is used to provide targeted small group instruction, intervention and enrichment. The NCSD K-2 Physical Education (PE) assessments are seamlessly administered in a reasonable timeframe over a period of days in conjunction with regular classroom instruction. The assessments are administered to all students at the same time providing IEP, 504 and ELL driven accommodations as required. Specific directions are included at each grade level which outline directions and protocols for test administration. This is reviewed with all teachers prior to administering the SLO assessments.

The NCSD K-2 Physical Education (PE) SLO assessments are scored by a PE teacher at the same grade level who is not the student's classroom teacher and who has no vested interest in the outcome of the assessment. Specific assessment criteria are outlined for each grade level. Trained staff record scores for each student using both an individual cover sheet and a group spreadsheet. Scores are uploaded to mylearningplan.com by the assessment raters where raw scores are then converted to a teacher rating for APPR purposes.

Administration of the NCSD K-2 Physical Education (PE) assessments is supported by school administrators and district-wide staff developers. Annual training and instruction is provided to teachers prior to the administration of the assessment. School administrators ensure proper security for the storage of local assessments prior to and following the test administration.

Please provide an overview of the student-level growth model or target setting model for SLOs for districts and BOCES, along with how student-level growth scores are aggregated to create teacher-level scores, and how those teacher-level scores are converted to New York State's 0-20 metric.

The vertical alignment of the NCSD Physical Education Assessment system allows for the collection of historical data over time as measured against learning progressions. Each fall, teachers are provided with historical student performance data for all of their students measured by the NCSD Local K-2 Physical Education Assessment. Once all teachers have received all of their student performance data and have gathered preliminary informal pre-assessment data for the current school year, individual teachers begin the target setting process. Working with district-wide administrators each teacher sets an appropriate target for their SLO and enters the target into the SLO Template on mylearningplan.com. School-level and district-level administrator's review all SLO targets and give final approval before the SLO is accepted.

The SLO Template in mylearningplan.com allows for the HEDI scale to be preloaded according to the NYSED requirements. Following the completion of the NCSD K-2 Physical Education Assessment, scoring in the spring, scores are uploaded into mylearningplan.com. The scores are then converted to a HEDI rating according to the NYSED metric.

New York State Next Generation Assessment Priorities

Please provide detail on how the proposed supplemental assessment I or assessment to be used with SLOs addresses each of the Next Generation Assessment Priorities below.

<p>Characteristics of Good ELA and Math Assessments (only applicable to ELA and math assessments):</p>	
<p>Assessments Woven Tightly Into the Curriculum:</p>	<p>As a school district, we are committed to assessments that are woven tightly into the curriculum. Our curriculum is designed into units of study including team sports, individual sports, fitness, wellness, rhythm, and locomotor movement across the school year. Units are implemented over weeks and incorporate all genres, forms and materials in the movement arena. Planning and implementation support is provided to teachers from our Physical Education Director and Building Principal. Our NCSD K-2 Physical Education Assessment is strategically placed as the fundamental movement performance activity needed for all units of study based on the content and skills being measured in the assessment.</p>
<p>Performance Assessment:</p>	<p>The NCSD K-2 Physical Education Assessment requires that all students demonstrate understanding through the production of quality work. Students are given clear instructions and guidelines for the required tasks and receive relevant, actionable feedback from teachers. Using engaging resources, equipment, and problems that are relevant and meaningful to students, the aligned assessment task provides a scoring system that is multi-dimensional and allows for clear information that guides instruction and individual student growth.</p>
<p>Efficient Time-Saving Assessments:</p>	<p>The assessments are embedded within daily instruction which is an efficient use of time while engaged in meaningful learning experiences.</p>
<p>Technology:</p>	<p>Technology is used as a mechanism for storing data and not for administering the assessment.</p>
<p>Degree to which the growth model must differentiate across New York State’s four levels of teacher effectiveness (only applicable to supplemental assessments):</p>	<p>N/A</p>

**STUDENT ASSESSMENTS FOR
TEACHER AND PRINCIPAL EVALUATION**

FORM H

**APPLICANT CERTIFICATION FORM –ASSESSMENTS FOR USE WITH STUDENT
LEARNING OBJECTIVES**

Please read each of the items below and check the corresponding box to ensure the fulfillment of the technical criteria.

PLEASE SUBMIT ONE "FORM H" FOR EACH APPLICANT. CO-APPLICANTS SHOULD SUBMIT SEPARATE FORMS.

The Applicant makes the following assurances:

Assurance	Check each box:
The assessment is rigorous, meaning that it is aligned to the New York State learning standards or, in instances where there are no such learning standards that apply to a subject/grade level, alignment to research-based learning standards.	<input checked="" type="checkbox"/>
To the extent practicable, the assessment must be valid and reliable as defined by the Standards of Educational and Psychological Testing.	<input checked="" type="checkbox"/>
The assessment can be used to measure one year's expected growth for individual students.	<input checked="" type="checkbox"/>
For K-2 assessments, the assessment is not a "Traditional Standardized Assessment" as defined in Section 1.3 of this RFQ.	<input checked="" type="checkbox"/>
For assessments previously used under Education Law §3012-c, the assessment results in differentiated student-level performance. If the assessment has not produced differentiated results in prior school years, the applicant assures that the lack of differentiation is justified by equivalently consistent student results based on other measures of student achievement.	<input checked="" type="checkbox"/>
For assessments not previously used in teacher/principal evaluation, the applicant has a plan for collecting evidence of differentiated student results such that the evidence will be available by the end of each school year.	<input checked="" type="checkbox"/>
At the end of each school year, the applicant will collect evidence demonstrating that the assessment has produced differentiated student-level results and will provide such evidence to the Department upon request. ⁴	<input checked="" type="checkbox"/>

⁴ Please note, pursuant to Section 2.3 of this RFQ, an assessment may be removed from the approved list if such assessment does not comply with one or more of the criteria for approval set forth in this RFQ

To be completed by the Copyright Owner/Assessment Representative of the assessment being proposed and, where necessary, the co-applicant LEA:
