William A. Gregory, Superintendent  
Canton Central School District  
99 State Street  
Canton, NY 13617

Dear Superintendent Gregory:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.  
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

### Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

Created Wednesday, June 20, 2012

Updated Thursday, December 06, 2012

---

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	SLL/FEH BOCES-developed Kindergarten ELA assessment
1	State-approved 3rd party assessment	STAR Early Literacy Enterprise Grade 1
2	State-approved 3rd party assessment	STAR Reading Enterprise Grade 2
	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Each teacher and his/her principal will together examine student pre-test results and baseline data; they will then set individual growth targets for each student based on this information. The percentage of students covered under the Student Learning Objective(s) established for teachers who meet or exceed their pre-determined target will be used to determine each teacher's HEDI rating and the number of points achieved out of 20. All district SLOs will use 80% as the middle of the "Effective" band: If 80% of a teacher's students meet or exceed their targets, that teacher will receive 13 points out of 20.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	91-100% of a teacher's students met or exceeded their targets.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	70-90% of a teacher's students met or exceeded their targets (80% would earn 13 points).
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	50-69% of a teacher's students met or exceeded their targets.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	0-49% of a teacher's students met or exceeded their targets.

### 2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment
K	District, regional, or BOCES-developed assessment	SLL/FEH BOCES-developed Kindergarten Math assessment
1	State-approved 3rd party assessment	STAR Early Literacy Enterprise Grade 1
2	State-approved 3rd party assessment	STAR Math Enterprise Grade 2
	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Each teacher and his/her principal will together examine student pre-test results and baseline data; they will then set individual growth targets for each student based on this information. All district SLOs will use 80% as the middle of the "Effective" band: If 80% of a teacher's students meet or exceed their targets, that teacher will receive 13 points out of 20.
---	--

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	91-100% of a teacher's students met or exceeded their targets.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	70-90% of a teacher's students met or exceeded their targets (80% would earn 13 points).
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	50-69% of a teacher's students met or exceeded their targets.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	0-49% of a teacher's students met or exceeded their targets.

## 2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Science	Assessment
6	District, regional or BOCES-developed assessment	Canton Central School District-developed Grade 6 Science assessment
7	District, regional or BOCES-developed assessment	SLL/FEH BOCES-developed Grade 7 Science assessment
	Science	Assessment
8	State assessment	8th Grade State Science Assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below. Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	91-100% of a teacher's students met or exceeded their targets.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	70-90% of a teacher's students met or exceeded their targets (80% would earn 13 points).
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	50-69% of a teacher's students met or exceeded their targets.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	0-49% of a teacher's students met or exceeded their targets.

## 2.5) Grades 6-8 Social Studies

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Social Studies	Assessment
6	District, regional or BOCES-developed assessment	Canton Central School District-developed Grade 6 Social Studies assessment
7	District, regional or BOCES-developed assessment	Canton Central School District-developed Grade 7 Social Studies assessment
8	District, regional or BOCES-developed assessment	SLL/FEH BOCES-developed Grade 8 Social Studies assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below. Ineffective (0 - 2 points) Results are well-below District goals for similar students.

0-49% of a teacher's students met or exceeded their targets.

## 2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	District, regional or BOCES-developed assessment	SLL/FEH BOCES-developed Grade 9 ELA assessment

91-100% of a teacher's students met or exceeded their targets.

Effective (9 - 17 points) Results meet District goals for similar students.

70-90% of a teacher's students met or exceeded their targets (80% would earn 13 points).

Developing (3 - 8 points) Results are below District goals for similar students.

50-69% of a teacher's students met or exceeded their targets.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.

0-49% of a teacher's students met or exceeded their targets.

## 2.10) All Other Courses

Fill in, as applicable, for all other teachers in additional grades/subjects that have Student Learning Objectives. If you need additional space, duplicate this form and upload (below) as an attachment to your APPR plan. You may combine into one line any groups of teachers for whom the answers in the boxes are the same including, for example, "all other teachers not named above" .

Course(s) or Subject(s)	Option	Assessment
-------------------------	--------	------------

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*(No response)*

### 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

### 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances   Assure that district will develop SLOs according to the rules established by SED (see: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> ).	Checked
2.14) Assurances   Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)
  
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
  
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
  
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
  
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
  
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

### 3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	STAR Reading Enterprise
5	4) State-approved 3rd party assessments	STAR Reading Enterprise
6	4) State-approved 3rd party assessments	STAR Reading Enterprise
7	4) State-approved 3rd party assessments	STAR Reading Enterprise
8	4) State-approved 3rd party assessments	STAR Reading Enterprise

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.</p>	<p>Within the STAR system, each student is assigned a Student Growth Percentile score. The process used by STAR to derive these growth percentile scores is almost identical to the process used by the State Education Department to derive its growth scores for students on the State ELA and Math Assessments. Each individual student's growth from pre-test to post-test is compared against the performance of all students (state-wide and nationally) who scored at the same level on the pre-test. Relative to other similar students, each student's level of growth earns a growth score, and all of a teacher's students' growth scores are considered to determine the median growth of that teacher's students. Median growth at the 61-99 percentile would earn a teacher the designation "Highly Effective." Median growth of 41-60 percentile would earn the teacher the designation "Effective". Median Growth of 21-40 percentile would equate to "Developing". Median growth of 1-20 percentile would be "Ineffective".</p>
<p>Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>The Median SGP score for the teacher's students on the STAR Assessment is 61-99 percentile.</p>
<p>Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>The Median SGP score for the teacher's students on the STAR Assessment is 41-60 percentile.</p>
<p>Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>The Median SGP score for the teacher's students on the STAR Assessment is 21-40 percentile.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>The Median SGP score for the teacher's students on the STAR Assessment is 1-20 percentile.</p>

### 3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

### 3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

## LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms
- 7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

### 3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
1	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
2	4) State-approved 3rd party assessments	STAR Reading Enterprise
3	4) State-approved 3rd party assessments	STAR Reading Enterprise

For Grades K-3 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Within the STAR system, each student is assigned a Student Growth Percentile score. The process used by STAR to derive these growth percentile scores is almost identical to the process used by the State Education Department to derive its growth scores for students on the State ELA and Math Assessments. Each individual student's growth from pre-test to post-test is compared against the performance of all students (state-wide and nationally) who scored at the same level on the pre-test. Relative to other similar students, each student's level of growth earns a growth score, and all of a teacher's students' growth scores are considered to determine the median growth of that teacher's students. Median growth at the 61-99 percentile would earn a teacher the designation "Highly Effective." Median growth of 41-60 percentile would earn the teacher the designation "Effective". Median Growth of 21-40 percentile would equate to "Developing". Median growth of 1-20 percentile would be "Ineffective".
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Median SGP score for the teacher's students on the STAR Assessment is 61-99 percentile.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Median SGP score for the teacher's students on the STAR Assessment is 41-60 percentile.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Median SGP score for the teacher's students on the STAR Assessment is 21-40 percentile.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Median SGP score for the teacher's students on the STAR Assessment is 1-20 percentile.

### 3.5) Grades K-3 Math

Developing (3 - 8 points) Results are below District -or BOCES-adopted expectations for growth or achievement for grade/subject.	The Median SGP score for the teacher's students on the STAR Assessment is 21-40 percentile.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Median SGP score for the teacher's students on the STAR Assessment is 1-20 percentile.

### 3.6) Grades 6-8 Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Locally-Selected Measure from List of Approved Measures	Assessment
---	------------

6	5) District, regional, or BOCES–developed assessments	Canton Central School District-developed Grade 6 Science assessment
7	5) District, regional, or BOCES–developed assessments	Canton Central School District-developed Grade 7 Science assessment
8	5) District, regional, or BOCES–developed assessments	Canton Central School District-developed Grade 8 Science assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Each student score will be assigned to level 1 through level 4, and the teacher's average student score will be computed on a 4-point scale. Student achievement scores of 80-100 percent will be rated a 4. Scores of 65-79 will be rated a 3. Scores of 55-64 will be a 2. Scores of 0-54 will be a 1. Teachers with average class scores of 3.5 to 4 will be Highly Effective. Teachers with average class scores of 2.5 to 3.4 will be Effective. Teachers with average class scores of 1.5 to 2.4 will be Developing. Teachers with average class scores of 1 to 1.4 will be Ineffective. Each teacher's score on the 4-point scale will be converted to the 20 point scale using the chart attached at 3.13 below.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Highly Effective: Teacher's average student score on the 4-point scale is between 3.5 and 4. (Please see attached conversion chart.)
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Effective: Teacher's average student score on the 4-point scale is between 2.5 and 3.4. (Please see attached conversion chart.)
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Developing: Teacher's average student score on the 4-point scale is between 1.5 and 2.4. (Please see attached conversion chart.)
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Ineffective: Teacher's average student score on the 4-point scale is between 1.0 and 1.4. (Please see attached conversion chart.)

### 3.7) Grades 6-8 Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	5) District, regional, or BOCES–developed assessments	Canton Central School District-developed Grade 6 Social Studies assessment
7	5) District, regional, or BOCES–developed assessments	Canton Central School District-developed Grade 7 Social Studies assessment
8	5) District, regional, or BOCES–developed assessments	Canton Central School District-developed Grade 8 Social Studies assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Each student score will be assigned to level 1 through level 4, and the teacher's average student score will be computed on a 4-point scale. Student achievement scores of 80-100 percent will be rated a 4. Scores of 65-79 will be rated a 3. Scores of 55-64 will be a 2. Scores of 0-54 will be a 1. Teachers with average class scores of 3.5 to 4 will be Highly Effective. Teachers with average class scores of 2.5 to 3.4 will be Effective. Teachers with average class scores of 1.5 to 2.4 will be Developing. Teachers with average class scores of 1 to 1.4 will be Ineffective. Each teacher's score on the 4-point scale will be converted to the 20 point scale using the chart attached at 3.13 below.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Highly Effective: Teacher's average student score on the 4-point scale is between 3.5 and 4. (Please see attached conversion chart.)
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Effective: Teacher's average student score on the 4-point scale is between 2.5 and 3.4. (Please see attached conversion chart.)
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Developing: Teacher's average student score on the 4-point scale is between 1.5 and 2.4. (Please see attached conversion chart.)
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Ineffective: Teacher's average student score on the 4-point scale is between 1.0 and 1.4. (Please see attached conversion chart.)

### 3.8) High School Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

Each teacher's score on the 4-point scale will be converted to the 20 point scale using the chart attached at 3.13 below.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Highly Effective: Teacher's average student score on the 4-point scale is between 3.5 and 4. (Please see attached conversion chart.)
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Effective: Teacher's average student score on the 4-point scale is between 2.5 and 3.4. (Please see attached conversion chart.)
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Developing: Teacher's average student score on the 4-point scale is between 1.5 and 2.4. (Please see attached conversion chart.)
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Ineffective: Teacher's average student score on the 4-point scale is between 1.0 and 1.4. (Please see attached conversion chart.)

### 3.9) High School Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Living Environment	3) Teacher specific achievement or growth score computed locally	NYS Living Environment Regents examination
Earth Science	3) Teacher specific achievement or growth score computed locally	NYS Earth Science Regents examination
Chemistry	3) Teacher specific achievement or growth score computed locally	NYS Chemistry Regents examination
Physics	3) Teacher specific achievement or growth score computed locally	NYS Physics Regents examination

For High School Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Highly Effective: Teacher's average student score on the 4-point scale is between 3.5 and 4. (Please see attached conversion chart.)
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Effective: Teacher's average student score on the 4-point scale is between 2.5 and 3.4. (Please see attached conversion chart.)
Effective (9 - 17points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Developing: Teacher's average student score on the 4-point scale is between 1.5 and 2.4. (Please see attached conversion chart.)
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Ineffective: Teacher's average student score on the 4-point scale is between 1.0 and 1.4. (Please see attached conversion chart.)

### 3.10) High School Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Algebra 1	3) Teacher specific achievement or growth score computed locally	NYS Algebra 1 Regents examination
Geometry	3) Teacher specific achievement or growth score computed locally	NYS Geometry Regents examination
Algebra 2	3) Teacher specific achievement or growth score computed locally	NYS Algebra II/Trig Regents examination

For High School Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a

teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Each student score will be assigned to level 1 through level 4, and the teacher's average student score will be computed on a 4-point scale. Student achievement scores of 80-100 percent will be rated a 4. Scores of 65-79 will be rated a 3. Scores of 55-64 will be a 2. Scores of 0-54 will be a 1. Teachers with average class scores of 3.5 to 4 will be Highly Effective. Teachers with average class scores of 2.5 to 3.4 will be Effective. Teachers with average class scores of 1.5 to 2.4 will be Developing. Teachers with average class scores of 1 to 1.4 will be Ineffective. Each teacher's score on the 4-point scale will be converted to the 20 point scale using the chart attached at 3.13 below.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Highly Effective: Teacher's average student score on the 4-point scale is between 3.5 and 4. (Please see attached conversion chart.)
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Effective: Teacher's average student score on the 4-point scale is between 2.5 and 3.4. (Please see attached conversion chart.)

### 3.11) High School English Language Arts

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Grade 9 ELA	5) District, regional, or BOCES-developed assessments	Canton Central School District-developed Grade 9 ELA assessment
Grade 10 ELA	5) District, regional, or BOCES-developed assessments	Canton Central School District-developed Grade 10 ELA assessment
Grade 11 ELA	3) Teacher specific achievement or growth score computed locally	NYS ELA Regents examination

For High School English Language Arts: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

### 3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

*assets/survey-uploads/5139/181079-y92vNseFa4/Section 3.13 HEDI Scoring Tables including sections 3.4-3.12.doc*

### 3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

*(No response)*

### 3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

*If teachers have more than one local measure of student achievement, the measures will each earn a score from 0-20 points, or 0-15 points if value-added measures were used. These scores will then be averaged together, weighted proportionately based on the number of students in each local achievement measure.*

### 3.16) Assurances

Please check all of the boxes below:

3.16) Assurances   Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances   Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances   Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances   Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances   If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances   Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

#### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

*Danielson's Framework for Teaching (2011 Revised Edition)*

*(No response)*

#### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

*(No response)*

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	42
One or more observation(s) by trained independent evaluators	(No response)
Observations by trained in-school peer teachers	(No response)
Feedback from students using State-approved survey tool	(No response)
Feedback from parents/caregivers using State-approved survey tool	(No response)
Structured reviews of lesson plans, student portfolios and other teacher artifacts	18

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

### 4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)

### 4.4) Assurances

Please check all of the boxes below:

4.4) Assurances   Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances   Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

### 4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*Using Danielson's Framework for Teaching (2011 Revised Edition), evaluators will assign scores for each of the rubric's four domains based upon evidence gathered during classroom observations, pre-observation conferences, post-observation conferences and presented in documents submitted by the teacher and evaluator. All 60 points for the "Other Measures of Effectiveness (Teachers)" component will be based upon the rubric. A manual scoring system will be used that weights elements observed in the classroom (Danielson Rubric Domains 2 and 3) at 70% and elements that require a combination of teacher and evaluator documentation (Danielson Rubric Domains 1 and 4) at 30%. Rated elements will receive scores of 1 - 4. After all evidence is submitted, an overall score will be computed for each teacher on the scale of 1 - 4. This score will be applied in the attached conversion chart, which converts scores on the 4 point scale to scores on the 60 point scale.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*assets/survey-uploads/5091/181271-eka9yMJ855/Section 4.5 Scoring Table.doc*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	The teacher's average for scores assigned on the 4 point Danielson rubric must be 3.5 or greater.
Effective: Overall performance and results meet NYS Teaching Standards.	The teacher's average for scores assigned on the 4 point Danielson rubric must be 2.5 to 3.4.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	The teacher's average for scores assigned on the 4 point Danielson rubric must be 1.5-2.4.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	The teacher's average for scores assigned on the 4 point Danielson rubric must be 1.0 to 1.4.

### 6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans   Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans   Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

### 6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Teachers' appeals are limited to ineffective composite ratings for first-year teachers, to ineffective or developing ratings for all other teachers, and to those improvement plans that are generated as the result of an ineffective or developing composite rating. All grounds for appeal must be raised with specificity within a single appeal and the burden of demonstrating a right to the relief requested is with the teacher. There are four levels of appeal which must be processed within a maximum of 50 school days: evaluator (filing within 10 school days and response within 10 school days); superintendent (filing within 5 school days, superintendent hearing within 5 school*

days, and determination within 5 school days); bi-partisan panel (filing within 5 school days, review and recommendation within 5 school days); and then a return to the superintendent for final, binding, determination (within 5 school days of receipt of panel's recommendation. This appeals procedure constitutes the exclusive means for initiating, reviewing, and resolving these appeals.

## 6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*All District evaluators have participated in (and will continue to participate in) the teacher evaluator training series that has been offered through the St. Lawrence-Lewis BOCES Race to the Top (RttT) Network Team. Network Team Institute participants have turn-keyed all of the essential elements from the SED Network Team Institute to the region and have conducted 8 training modules (for a total of 7 days of training during the 2011-2012 school year). Each of the 9 required training elements provided by SED at the Network Team Institute has been turn-keyed to evaluators in the region with fidelity, and all district evaluators have participated fully in this series.*

*As further trainings are offered by SED throughout the 2012-2013 year, further regional sessions will be offered by the St. Lawrence-Lewis RttT Network Team and district teacher evaluators will attend them. Ongoing training opportunities through the St. Lawrence-Lewis BOCES RttT Network Team will enable evaluators to refresh their learning, and new administrators will receive the full training series.*

*Each year, certified evaluators will attend St. Lawrence-Lewis BOCES-sponsored sessions in order to become re-certified. These sessions will focus upon continuing calibration of evaluators, ensuring inter-rater agreement and inter-rater reliability. All evaluators will participate in these yearly sessions to become re-calibrated.*

*All District teacher evaluators have also participated in in-depth instruction in the use of the Danielson Framework for Teaching, focused on inter-rater agreement and inter-rater reliability.*

*Based upon their participation in these activities, District teacher evaluators have been certified by the Superintendent and Board of Education as lead evaluators and evaluators.*

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

## 6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers   Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers   Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers   Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers   Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers   Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers   Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

## 6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data   Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner. # 7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, October 02, 2012  
Updated Thursday, December 06, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

5-8
9-12

### 7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment
Pre-Kindergarten-Grade 4	State assessment	New York State Grades 3 and 4 ELA and Mathematics assessments

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	The HEDI rating score for the Canton Central School elementary principal will be based upon a proportionally-weighted combination of the state-provided growth score resulting from the Grade 4 ELA and Mathematics state assessments and a locally-determined Student Learning Objective (SLO) growth score resulting from student performance on the Grade 3 ELA and Mathematics state assessments. With regard to the Grade 3 SLO, the principal and his/her supervisor will jointly examine baseline data and pre-test results and establish individual targets for all Grade 3 students in both ELA and Mathematics. The percentage of students covered by the SLO who meet or exceed their pre-determined targets will be used to determine the principal's growth score on the SLO component in accordance with the attached scoring table (Table 7.3 "Scoring Table for Principal's SLO Growth Score Component".) As reflected in the scoring table, SLO component scoring will be based upon a 20-point scale using 80% as the middle of the "Effective" band, i.e., if 80% of the students meet or exceed their individual targets, the principal will receive 13 points out of 20 for the SLO component. Once the principal's growth score on the SLO component has been determined, it will be averaged with the principal's state-provided growth score on the Grade 4 assessments on a proportional basis (relative to the total
--	--

number of student scores involved) to arrive at a final HEDI score. For example, a principal receiving both a state-provided growth score of 13 based on 941 student scores on the Grade 4 ELA and Math assessments and a locally-determined SLO growth score of 16 based on 850 student scores on the Grade 3 ELA and Math assessments would receive a final HEDI score of 14 out of a possible 20 points based on the following calculation:

- State-Provided Growth Score on Grade 4 assessments: 13
- Number of student scores for Grade 4 assessments: 941
- Total number of student scores for all assessments: 1791
- Percentage of Total scores comprised by Grade 4 scores: 52.5% (94/1791)
- Pro-rated State Provided Growth Score: 6.8 (Multiply "a" by "d")
- Locally-determined SLO Growth Score on Grade 3 assessments: 16
- Number of student scores for Grade 3 assessments: 850
- Total number of student scores for all assessments: 1791
- Percentage of total scores comprised by Grade 3 assessments: 47.5% (850/1791)
- Pro-rated Locally-determined SLO Growth Score: 7.6 (Multiply "f" by "i")
- Pro-rated State Provided Growth Score (line e): 6.8
- Pro-rated Locally-determined SLO Growth Score (line j): 7.6
- Final HEDI score(Add "k" + "l"): 14.4=14

Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).

(For the SLO component) Highly Effective: 91-100% of the principal's students met or exceeded their individual growth targets.

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).

(For the SLO component) Effective: 70-90% of the principal's students met or exceeded their individual growth targets.

Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).

(For the SLO component) Developing: 50-69% of the principal's students exceeded their individual growth targets.

Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).

(For the SLO component) Ineffective: 0-49% of the principal's students met or exceeded their individual growth targets.

## 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

### 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

### 7.6) Assurances -- Comparable Growth Measures

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

**In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.**

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

*The options in the drop-down menus below are abbreviated from the following list:*

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

(c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
Grades 5-8	(d) measures used by district for teacher evaluation	Grades 5-8 STAR Reading Enterprise
Grades 9-12	(d) measures used by district for teacher evaluation	All Regents examinations

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

<p>Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.</p>	<p>Grades 5-8 Principal: STAR Reading Enterprise provides a Student Growth Percentile (SGP) score of each student taking the assessment. The process used to derive these SGPs is similar to that used by the State Education Department to determine student growth scores on the state's ELA and Math assessments. Each student's growth from pre-test to post-test is compared with the performance of all similar students state-wide and nationally who scored at the same level on the pre-test. The mean of all students' SGPs in the principal's school will be used to determine the principal's HEDI rating and score as follows:          Highly Effective: 61-99%          Effective: 41-60%          Developing: 21-40%          Ineffective: 1-20%</p>
	<p>Grades 9-12 Principal: Each student score will be assigned to level 1 through level 4, and the principal's</p>

average student score will be computed on a 4-point scale. Student achievement scores of 80-100 percent will be rated a 4. Scores of 65-79 will be rated a 3. Scores of 55-64 will be a 2. Scores of 0-54 will be a 1. Principals with average total student population scores of 3.5 to 4 will be Highly Effective. Principals with average total student population scores of 2.5 to 3.4 will be Effective. Principals with average total student population scores of 1.5 to 2.4 will be Developing. Principals with average total student population scores of 1 to 1.4 will be Ineffective. Each principal's score on the 4-point scale will be converted to the 20 point scale using the attached chart.

Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Grades 5-8 Principal Highly Effective: The principal's mean STAR Student Growth Percentile score falls in the 61-99 percentile range.

Grades 9-12 Principal Highly Effective: The principal's total student population average score on the 4-point scale is between 3.5 and 4.0. (Please see attached conversion chart.)

Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Grades 5-8 Principal Effective: The principal's mean STAR Student Growth Percentile score in the the 41-60 percentile range.

Grades 9-12 Principal Effective: The principal's total student population average score on the 4-point scale is between 2.5 and 3.4. (Please see attached conversion chart.)

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Grades 5-8 Principal Developing: The principal's mean STAR Student Growth Percentile score falls in the 21-40 percentile range.

Grades 9-12 Principal Developing: The principal's total student population average score on the 4-point scale is between 1.5 and 2.4. (Please see attached conversion chart.)

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Grades 5-8 Principal Ineffective: Grades 9-12 Principal Ineffective: Principal's mean average for all/his her students taking local assessments ranges from 0-54.

Grades 9-12 Principal Ineffective: The principal's total student population average score on the 4-point scale is between 1.0 and 1.4. (Please see attached conversion chart.)

### 9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

*Multidimensional Principal Performance Rubric*

### 9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

*Yes*

If you checked "no" above, fill in the group of principals covered:

### 9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals   Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals   Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

### 9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable)   Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable)   Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

### 9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

## 9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*All 60 points for the "Others Measures of Effectiveness (Principals)" component will be based upon the principal's performance as assessed by the evaluator using the Multidimensional Principal Performance Rubric. The evaluator will assign numerical scores ranging from 1 to 4 for each of the Rubric's six domains and the included "Goal Setting and Attainment" rubric based upon evidence gathered during building visits and upon other documentary evidence provided by the principal and derived from other sources including, but not limited to, state report cards and appropriate state- and locally-generated reports. The average of these seven equally weighted sub-components of the Rubric on a 4-point scale will be converted to scores on a 60 point scale using the attached scoring chart.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*assets/survey-uploads/5143/181332-pMADJ4gk6R/Section 9.7 Scoring Table.doc*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	Highly Effective: The principal's average rating on the 4 point rubric must be 3.5 or greater.
Effective: Overall performance and results meet standards.	Effective: The principal's average rating on the 4 point rubric must be 2.5 to 3.4.
Developing: Overall performance and results need improvement in order to meet standards.	Developing: The principal's average rating on the 4 point rubric must be 1.5 to 2.4.
Ineffective: Overall performance and results do not meet standards.	Ineffective: The principal's average rating on the 4 point rubric must be 1.0 to 1.4.

Please provide the locally-negotiated 60 point scoring bands.

### 11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans   Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans   Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

### 11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Appeals are limited to ineffective composite ratings for first-year principals, to ineffective or developing ratings for all other principals, and to those improvement plans that are generated as the result of an ineffective or developing composite rating. All grounds for appeal must be raised with specificity within a single appeal and the burden of demonstrating a right to the relief requested is with the principal. There are three levels of appeal which must be processed within a maximum of 70 calendar days: evaluator (filing within 15 calendar days and response within 15 calendar days); bi-partisan panel (filing within 10 calendar days, review and recommendation within 10 calendar days); and district superintendent of the St. Lawrence-Lewis BOCES for final determination (filing within 10 calendar days of panel's recommendation and binding determination by district superintendent within*

### 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The superintendent of schools participated in the St. Lawrence-Lewis BOCES Race to the Top (RttT) Network Team training series on principal evaluation, and will serve as Canton Central School District's single evaluator of its three building principals. The SLL BOCES training series, incorporating all required training elements, involved 5 sessions during the 2011-2012 year. Network Team representatives attended all SED Network Team Institute sessions relating to principal evaluation, and all New York State Council of School Superintendent (NYSCOSS)-sponsored sessions on principal evaluation. These trainers turn-keyed the content from these sessions to all principal evaluators in the St. Lawrence-Lewis BOCES region during the 5 sessions of the 2011-2012 year. Based upon his participation in these activities, the superintendent has been certified by the Board of Education as lead principal evaluator. As further training is provided by SED and NYSCOSS, it will be attended by St. Lawrence-Lewis BOCES RttT Network Team representatives and turn-keyed back to all principal evaluators in the region. The CCSD superintendent will continue to participate in this ongoing training as part of an annual recertification process to ensure that he/she remains appropriately calibrated so as to achieve and maintain inter-rater agreement and reliability.*

### 11.5) Assurances -- Evaluators

Please check the boxes below:

- 
- Checked
- 

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

## 11.6) Assurances -- Principals

Please check all of the boxes below:

11.6) Assurances -- Principals   Assure the entire APPR plan will be completed for each principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the building principal's performance is being measured.	Checked
11.6) Assurances -- Principals   Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals   Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
11.6) Assurances -- Principals   Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
11.6) Assurances -- Principals   Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals   Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

## 11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data   Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline prescribed by the Commissioner.	Checked
11.7) Assurances -- Data   Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
11.7) Assurances -- Data   Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked
