November 1, 2012

Kathleen P. Farrell, Superintendent
Catskill Central School District
343 W. Main St.
Catskill, NY 12414

Dear Superintendent Farrell:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

c: James N. Baldwin

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Annual Professional Performance Reviews: 2012-13

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

1

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1. SCHOOL DISTRICT INFORMATION

1.1) School District's BEDS Number : 190401060000

If this is not your BEDS Number, please enter the correct one below

190401060000

1.2) School District Name: CATSKILL CSD

If this is not your school district, please enter the correct one below

CATSKILL CSD

1.3) School Improvement Grant (SIG) Districts Only

SIG districts only: Indicate whether this APPR plan is for SIG schools only or for the entire district. Other districts and BOCES, please skip this question.

Not applicable

1.4) Award Classification

Please check if the district has applied for and/or has been awarded any of the following (if applicable):

-
- Strengthening Teacher and Leader Effectiveness RFP (NYSED)
-

1.5) Assurances

Please check all of the boxes below:

1.5) Assurances Assure that the content of this form represents the district/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents	Checked
1.5) Assurances Assure that this APPR plan will be posted on the district or BOCES website by September 10, or within 10 days after approval, whichever is later	Checked
1.5) Assurances Assure that it is understood that this district/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval	Checked

1.6) Is this a first-time submission, a re-submission, or a submission of material changes to an approved APPR plan?

Re-submission to address deficiencies

1.7) Is this submission for an annual or multi-year plan?

If the plan is multi-year, please write the years that are included.

Annual (2012-13)

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	District Developed Kindergarten ELA Assessment
1	District, regional, or BOCES-developed assessment	District Developed First Grade ELA Assessment
2	District, regional, or BOCES-developed assessment	District Developed Second Grade ELA Assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this

For the 2012-13 school year, District developed assessments and the NYSTP Grade 3 ELA Assessment will be used to measure

subcomponent. If needed, you may upload a table or graphic at 2.11, below.	student growth for Grades K-3. For grade K-2 students District developed assessments will be administered during the month of September and again during the month of May or as per NYSTP calendar to measure growth of one level determined by the attached chart. Growth for students in grade 3 will be determined by the difference in scores on the District developed assessments and student scores on the NYSTP assessment. Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11) If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	28-50% of students in a teacher of records class will meet growth targets.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	0-27% of students in a teacher of records class will meet growth targets.

2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment
K	District, regional, or BOCES-developed assessment	District developed Kindergarten Mathematics Assessment
1	District, regional, or BOCES-developed assessment	Questar III BOCES developed First Grade Mathematics Assessment
2	District, regional, or BOCES-developed assessment	Questar III BOCES developed Second Grade Mathematics Assessment
	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For the 2012-13 school year, the Questar III BOCES Developed 3rd grade Math Assessment and the NYSTP Grade 3 Math Assessment will be used to measure student growth for Grades 3. For grade K the District developed assessment, and Grade 1-2 students, the Questar III BOCES Developed Math assessments will be administered during the month of September and again
---	--

during the month of May or as per NYSTP calendar to measure growth of one level determined by the attached chart. Growth for students in grade 3 will be determined by the difference in scores on the Questar III BOCES developed assessment and student scores on the NYSTP assessment. Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11)
 If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	28-50% of students in a teacher of records class will meet growth targets.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	0-27% of students in a teacher of records class will meet growth targets.

2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Science	Assessment
6	District, regional or BOCES-developed assessment	District Developed Grade 6 Science Assessment
7	District, regional or BOCES-developed assessment	District Developed Grade 7 Science Assessment

	Science	Assessment
8	State assessment	8th Grade State Science Assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For the 2012-13 school year, the District developed assessments and the NYSTP Grade 8 Science Assessment will be used to measure student growth for Grades 6-8 science. For grade 6-7 students the District developed assessments will be administered during the month of September and again during the month of May or as per NYSTP calendar to measure growth of one level determined by the attached chart. Growth for students in grade 8 will be determined by the difference in District developed pre-assessment scores and student scores on the NYSTP assessment. Each teacher of record shall develop an growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of
---	--

each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11)
 If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	28-50% of students in a teacher of records class will meet growth targets.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	0-27% of students in a teacher of records class will meet growth targets.

2.5) Grades 6-8 Social Studies

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Social Studies	Assessment
6	District, regional or BOCES-developed assessment	District Developed 6th grade Social Studies Assessment
7	District, regional or BOCES-developed assessment	District Developed 7th grade Social Studies Assessment
8	District, regional or BOCES-developed assessment	District Developed 8th grade Social Studies Assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For the 2012-13 school year, District developed assessments will be used to measure student growth for Grades 6-8 social studies. For grade 6-8 students the District developed assessments will be administered during the month of September and again during the month of May to measure growth of one level determined by the attached chart. Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11) If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet District goals for similar students.	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below District goals for similar students.	28-50% of students in a teacher of records class will meet growth targets.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.	0-27% of students in a teacher of records class will meet growth targets..
--	--

2.6) High School Social Studies Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

		Assessment
Global 1	District, regional, or BOCES-developed assessment	District Developed Global 1 Assessment

	Social Studies Regents Courses	Assessment
Global 2	Regents assessment	Regents assessment
American History	Regents assessment	Regents assessment

For High School Social Studies Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For the 2012-13 school year, the District developed Social Studies assessment and the NYSTP Global and American History Regents Exams will be used to measure growth for high school social studies. For Global 1 students District developed assessments will be administered during the month of September and again during the month of May to measure growth of one level determined by the attached chart. Growth for students Global 2 and American History will be determined by the difference in District developed pre-assessment scores and student scores on the NYS Regents exams. Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11) If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet District goals for similar students.	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below District goals for similar students.	28-50% of students in a teacher of records class will meet growth targets.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	0-27% of students in a teacher of records class will meet growth targets.

2.7) High School Science Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Science Regents Courses	Assessment
Living Environment	Regents Assessment	Regents assessment
Earth Science	Regents Assessment	Regents assessment
Chemistry	Regents Assessment	Regents assessment
Physics	Regents Assessment	Regents assessment

For High School Science Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For the 2012-13 school year, the District developed assessment and the NYS Regents Exams will be used to measure student growth for high school science. Students' District developed assessments will be administered during the month of September and the Regents exams per the NYSTP schedule to measure growth of one level determined by the attached chart. Growth for students will be determined by the difference in the District developed pre-assessment scores and student scores on the NYS Regents exams. Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11) If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet District goals for similar students.	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below District goals for similar students.	28-50% of students in a teacher of records class will meet growth targets.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	0-27% of students in a teacher of records class will growth targets.

2.8) High School Math Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Math Regents Courses	Assessment
Algebra 1	Regents assessment	Regents assessment
Geometry	Regents assessment	Regents assessment
Algebra 2	Regents assessment	Regents assessment

For High School Math Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For the 2012-13 school year, the District developed Math assessment and the NYS Regents Exams will be used to measure student growth for high school math. Students' District developed assessments will be administered during the month of September and the Regents exams per the NYSTP schedule to measure growth of one level determined by the attached chart. Growth for students will be determined by the difference in the District developed pre-assessment scores and student scores on the NYS Regents exams. Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11) If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	90-100% of students in a teacher of records class will meet growth targets.
Effective (9 - 17 points) Results meet District goals for similar students.	51-89% of students in a teacher of records class will meet growth targets.
Developing (3 - 8 points) Results are below District goals for similar students.	28-50% of students in a teacher of records class will meet growth targets.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	0-27% of students in a teacher of records class will meet growth targets.

2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	District, regional or BOCES-developed assessment	District Developed 9th grade ELA Assessment
Grade 10 ELA	District, regional or BOCES-developed assessment	District Developed 10th grade ELA Assessment
Grade 11 ELA	Regents assessment	NYSTP English Regents Exam

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

For the 2012-13 school year, the District developed assessment will be used to measure student growth. District developed assessments will be administered during the month of September and again during the month of May to measure growth of one level determined by the attached chart . Each teacher of record shall develop a growth Target for his/her class(es) for the purpose of the state comparable measure of student growth, subject to approval of each Teacher's building principal. This measure shall be based upon the growth of students on their class rosters, (see Tables uploaded in 2.11) If 70% of the students belonging to a teacher of record meet the established student growth Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20). ((see Tables uploaded in 2.11)

Highly Effective (18 - 20 points) Results are well-above District goals for similar students.

90-100% of students in a teacher of records class will meet growth targets.

Effective (9 - 17 points) Results meet District goals for similar students.

51-89% of students in a teacher of records class will meet growth targets.

Developing (3 - 8 points) Results are below District goals for similar students.

28-50% of students in a teacher of records class will meet growth targets.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.

0-27% of students in a teacher of records class will meet growth targets.

If you need additional space, upload a copy of "Form 2.10: All Other Courses" as an attachment for review. Click here for a downloadable copy of Form 2.10. (MS Word)

(No response)

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

(No response)

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

In setting targets for 3rd party assessments and locally developed measures, teachers in collaboration with the school principal, will consider student prior academic history, students with disabilities, and English language learners by reviewing student data and setting targets accordingly. The District's educational philosophy is based on providing all students equitable opportunities to maximize their learning by recognizing and factoring in the various strengths and needs of students based on their unique characteristics and backgrounds. Needs notwithstanding, the district's expectations are based on high standards and rigor for all students. The district has created criteria for the approval of the SLO that reflect these high standards for all students.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	Terra Nova - Common Core
5	4) State-approved 3rd party assessments	Terra Nova - Common Core
6	5) District, regional, or BOCES–developed assessments	Questar III BOCES developed 6th Grade ELA Assessment

7	5) District, regional, or BOCES–developed assessments	Questar III BOCES developed 7th Grade ELA Assessment
8	5) District, regional, or BOCES–developed assessments	Questar III BOCES developed 8th Grade ELA Assessment

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.</p>	<p>The Local 15 Points shall be a measure of student achievement as described hereinbelow. During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher’s building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Appendix 3 uploaded in 3.3. If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-15) is contained in Appendix in 3.3. For</p> <p>For the 2012-13 school year, the TerraNova3 and/or Questar III ELA assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix 3 annexed hereto shall be used for computing unit members’ local 15 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.</p>
<p>Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>87-100% of students in a teacher of record's class will show growth.</p>
<p>Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>51-86% of students in a teacher of record's class will show growth.</p>
<p>Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>28-50% of students in a teacher of record's class will show growth.</p>

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

0-27% of students in a teacher of record's class will show growth.

3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	Terra Nova 3
5	4) State-approved 3rd party assessments	Terra Nova 3
6	5) District, regional, or BOCES–developed assessments	Questar III BOCES developed 6th Grade Math Assessment
7	5) District, regional, or BOCES–developed assessments	Questar III BOCES developed 7th Grade Math Assessment
8	5) District, regional, or BOCES–developed assessments	Questar III BOCES developed 8th Grade Math Assessment

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.

The Local 15 Points shall be a measure of student achievement as described hereinbelow. During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Appendix 3 uploaded in 3.3. If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 13 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-15) is contained in Appendix 3 in 3.3.

For the 2012-13 school year, the TerraNova3 and/or Questar III Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix 3 annexed hereto shall be used for computing unit members' local 15 Point scores and computes growth based upon students showing maintenance of

the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.

Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

87-100% of students in a teacher of record's class will show growth.

Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

51-86% of students in a teacher of record's class will show growth.

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

28-50% of students in a teacher of record's class will show growth.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

0-27% of students in a teacher of record's class will show growth.

3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

<assets/survey-uploads/5139/165577-rhJdBgDruP/Appendix 3 - Local 15 Teachers and Principals.pdf>

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	Terra Nova 3
1	4) State-approved 3rd party assessments	Terra Nova 3
2	4) State-approved 3rd party assessments	Terra Nova 3
3	4) State-approved 3rd party assessments	Terra Nova 3

For Grades K-3 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.

The Local 20 Points shall be a measure of student achievement as described hereinbelow. During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table 1 uploaded in 3.3. If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Table 1 in 3.3. For the 2012-13 school year, the TerraNova3 and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.

Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

90-100% of students in a teacher of record's class will show growth.

Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

51-89% of students in a teacher of record's class will show growth.

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

28-50% of students in a teacher of record's class will show growth.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

0-27% of students in a teacher of record's class will show growth.

3.5) Grades K-3 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	Terra Nova 3
1	4) State-approved 3rd party assessments	Terra Nova 3
2	4) State-approved 3rd party assessments	Terra Nova 3
3	4) State-approved 3rd party assessments	Terra Nova 3

For Grades K-3 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher’s building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix “A-1”. If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix “A-1”.3. For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix “A-1” annexed hereto shall be used for computing unit members’ local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.</p>
<p>Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>90-100% of students in a teacher of record's class will show growth.</p>
<p>Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>51-89% of students in a teacher of record's class will show growth.</p>
<p>Developing (3 - 8 points) Results are below District -or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>28-50% of students in a teacher of record's class will show growth.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>0-27% of students in a teacher of record's class will show growth.</p>

3.6) Grades 6-8 Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	4) State-approved 3rd party assessments	Terra Nova 3
7	4) State-approved 3rd party assessments	Terra Nova 3
8	4) State-approved 3rd party assessments	Terra Nova 3

For Grades 6-8 Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix "A-1". If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix "A-1".3. For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.</p>
<p>Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>90-100% of students in a teacher of record's class will show growth.</p>
<p>Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>51-89% of students in a teacher of record's class will show growth.</p>
<p>Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>28-50% of students in a teacher of record's class will show growth.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>0-27% of students in a teacher of record's class will show growth.</p>

3.7) Grades 6-8 Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	4) State-approved 3rd party assessments	Terra Nova 3
7	4) State-approved 3rd party assessments	Terra Nova 3
8	4) State-approved 3rd party assessments	Terra Nova 3

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix "A-1". If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix "A-1".3. For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.</p>
<p>Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>90-100% of students in a teacher of record's class will show growth.</p>
<p>Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>51-89% of students in a teacher of record's class will show growth.</p>

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	28-50% of students in a teacher of record's class will show growth.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	0-27% of students in a teacher of record's class will show growth.

3.8) High School Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Global 1	4) State-approved 3rd party assessments	Terra Nova 3
Global 2	4) State-approved 3rd party assessments	Terra Nova 3
American History	4) State-approved 3rd party assessments	Terra Nova 3

For High School Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix "A-1". If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix "A-1".3. For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of
---	---

each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.

Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	90-100% of students in a teacher of record's class will show growth.
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	51-89% of students in a teacher of record's class will show growth.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	28-50% of students in a teacher of record's class will show growth.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	0-27% of students in a teacher of record's class will show growth.

3.9) High School Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Living Environment	4) State-approved 3rd party assessments	Terra Nova 3
Earth Science	4) State-approved 3rd party assessments	Terra Nova 3
Chemistry	4) State-approved 3rd party assessments	Terra Nova 3
Physics	4) State-approved 3rd party assessments	Terra Nova 3

For High School Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix "A-1". If 75% of the students belonging to a teacher of record meet the established
---	--

student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix "A-1".3. For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.

Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

90-100% of students in a teacher of record's class will show growth.

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

51-89% of students in a teacher of record's class will show growth.

Effective (9 - 17points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

28-50% of students in a teacher of record's class will show growth.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

0-27% of students in a teacher of record's class will show growth.

3.10) High School Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Algebra 1	4) State-approved 3rd party assessments	Terra Nova 3
Geometry	4) State-approved 3rd party assessments	Terra Nova 3
Algebra 2	4) State-approved 3rd party assessments	Terra Nova 3

For High School Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix "A-1". If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix "A-1".³ For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.</p>
<p>Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>90-100% of students in a teacher of record's class will show growth.</p>
<p>Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>51-89% of students in a teacher of record's class will show growth.</p>
<p>Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>28-50% of students in a teacher of record's class will show growth.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>0-27% of students in a teacher of record's class will show growth.</p>

3.11) High School English Language Arts

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

Locally-Selected Measure from List of Approved Measures	Assessment
---	------------

Grade 9 ELA	4) State-approved 3rd party assessments	Terra Nova 3
Grade 10 ELA	4) State-approved 3rd party assessments	Terra Nova 3
Grade 11 ELA	4) State-approved 3rd party assessments	Terra Nova 3

For High School English Language Arts: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>During the month of September 2012, and in no event later than October 15, 2012, based upon the learning content as developed by the District, in consultation with grade level and/or content area teams, each teacher of record shall develop an achievement Target for his/her class(es) for the purpose of the Local measure of student achievement, subject to approval of each Teacher's building principal. This measure shall be based upon the achievement of students on their class rosters, in accordance with the Table Set forth in Appendix "A-1". If 75% of the students belonging to a teacher of record meet the established student achievement Target, then 14 points shall be awarded to the Teacher, and a scale that articulates all points that may be earned (0-20) is contained in Appendix "A-1".3. For the 2012-13 school year, the TerraNova3 and/or Questar III ELA and Math assessments and/or other locally developed assessments shall be given no later than October 15, 2012 as the baseline assessment for the purposes of measuring student Growth. The second administration of the above-referenced assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The scoring methodology set forth in Appendix "A-1" annexed hereto shall be used for computing unit members' local 20 Point scores and computes growth based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level on the local assessment administered in the fall of each year measured against the same local assessment administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.</p>
<p>Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>90-100% of students in a teacher of record's class will show growth.</p>
<p>Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>51-89% of students in a teacher of record's class will show growth.</p>
<p>Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>28-50% of students in a teacher of record's class will show growth.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for</p>	<p>0-27% of students in a teacher of record's class will show growth.</p>

administered in the spring each year. For students that fall within the first Stanine, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of the TerraNova3.

Highly Effective (18 - 20 points) Results are well above District- or BOCES -adopted expectations for growth or achievement for grade/subject.

90-100% of students in a teacher of record's class will show growth.

Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

51-89% of students in a teacher of record's class will show growth.

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

28-50% of students in a teacher of record's class will show growth.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

0-27% of students in a teacher of record's class will show growth.

If you need additional space, upload a copy of "Form 3.12: All Other Courses" as an attachment for review. Click here for a downloadable copy of Form 3.12. (MS Word)

(No response)

3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5139/165577-y92vNseFa4/Appendix 3 - Local 20 Teachers and Principals_1.pdf

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

In setting targets for 3rd party assessments and locally developed measures, teachers in collaboration with the school principal, will consider student prior academic history, students with disabilities, and English language learners by reviewing student data and setting targets accordingly. The District's educational philosophy is based on providing all students equitable opportunities to maximize their learning by recognizing and factoring in the various strengths and needs of students based on their unique characteristics and backgrounds. Needs notwithstanding, the district's expectations are based on high standards and rigor for all students. The district has created criteria for the approval of the SLO that reflect these high standards for all students.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

For teachers with multiple locally selected measures, the HEDI score on the locally selected measure will be computed for each course based upon the performance of students assigned to the teacher of record in each such course, and the final HEDI rating for this subcomponent will be obtained by taking the weighted average of the locally selected measure based upon the percentage of students

who met the achievement target or show growth (depending upon the applicable locally selected measure as enumerated above) for each locally selected measure.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

4. Other Measures of Effectiveness (Teachers)

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

Danielson's Framework for Teaching (2011 Revised Edition)

Not Applicable

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	31
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	29

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The Danielson Framework for Teaching (2011 Revised Edition) will be used as the rubric for common branch classroom teachers who teach ELA or Mathematics in grades 4-8 and other teachers in grades 4-8 who teach ELA or Mathematics for the 2011-12 school year and the same rubric will be used for all classroom teachers as defined in Part 30-2.2(d) of the Regents Rules for the 2012-13 and the 2013-14 school years. The allocations for the Local 60 Points in the Final Summative Evaluation for those teachers subject to Section 3012-c and Part 30-2.4 and Part 30-2.5 of the Regents Rules for the 2011-12 and 2012-13 school years are also found in the attached table entitled "Danielson Rubric". In addition, the Local 60 Points will be computed for the purpose of the final Summative Evaluation based upon the following methodology found in the table entitled "Danielson Rubric".

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5091/165595-eka9yMJ855/CTA Excel Spreadsheet FINAL 8.22.12_1.pdf

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	Teachers performing at this level are master teachers and contribute to the community of learners both in and outside of the classroom. Their classrooms exhibit highly engaged students who demonstrate responsibility for their own education. These classrooms are models of self direction on the part of the students and appear to be effortless.
Effective: Overall performance and results meet NYS Teaching Standards.	Effective teachers clearly understand the concepts of the components of the rubric and are able to implement each of the domains well. They demonstrate knowledge of their content, their students, and the curriculum and have a wide range of strategies and activities to engage their students. There is evidence that they are continually striving to improve their practice.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	Developing teachers demonstrate limited understanding of the concepts of the components of the rubric and inconsistently implement each of the domains. These teachers are developing a firm grasp of their content, their students, and the curriculum. They have a limited range of strategies and activities to engage their students. These teacher may become effective with additional readings, discussions, classrooms visits, and experience with a master teacher (mentor).
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	Ineffective teachers lack an understanding of the concepts of the components of the rubrics and do not implement each of the domains. These teachers fail to demonstrate a knowledge of their content, their students, and the curriculum. Students appear disinterested and not engaged in the learning in the classroom. Assistance in fundamental pedagogical practices needs to be provided for these teachers to improve.

Provide the ranges for the 60-point scoring bands.

Highly Effective	59-60
Effective	55-58
Developing	46-54
Ineffective	0-45

4.6) Observations of Probationary Teachers

Enter the minimum number of observations of each type, making sure that the number of observations "by building principal or other trained administrators" totals at least 2. If your APPR plan does not include a particular type of observation, enter 0 in that box.

By building principals or other trained administrators

4.6) Observations of Probationary Teachers Formal/Long	2
4.6) Observations of Probationary Teachers Informal/Short	1
4.6) Observations of Probationary Teachers Enter Total	3

By trained in-school peer teachers or other trained reviewers

Formal/Long	0
Informal/Short	0

Independent evaluators

5. Composite Scoring (Teachers)

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

Standards for Rating Categories

Growth or Comparable Measures

Locally-selected Measures of growth or achievement

Other Measures of Effectiveness (Teacher and Leader standards)

Highly

Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results exceed NYS Teaching Standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

6. Additional Requirements - Teachers

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

<assets/survey-uploads/5265/165605-Df0w3Xx5v6/APPR TIP PLAN FORM.pdf>

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEALS PROCESS

I. General Appeals Process:

A. A tenured teacher who receives an ineffective composite APPR rating or developing composite rating, having also received a developing or ineffective on his/her Local 60 points allocation, or a probationary teacher who receives an ineffective rating on his/her composite APPR shall be entitled to appeal the annual APPR rating, based upon a paper submission to the Superintendent of Schools

or the Superintendent's administrative designee, who shall be trained in accordance with the requirements of the statute and regulations and also possess a district-wide administrative Certification; provided, however, in the event that the Superintendent or the Superintendent's administrative designee served as an evaluator or lead evaluator he/she shall not hear the appeal. While an appeal may not be commenced until the Teacher's receipt of his/her annual composite APPR rating, nothing herein shall prevent a teacher from informally discussing the Final Summative Evaluation or the Local 20 Points allocation with the Lead Evaluator who completed it prior to the issuance of the composite APPR rating.

B. The appeal must be brought in writing, specifying the area(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-c of the Education Law. Further, a teacher who is placed on a Teacher Improvement Plan ("TIP") shall have a corresponding right to appeal concerns regarding the TIP in accordance with the requirements set forth in Section 3012-c of the Education Law.

C. An appeal of an APPR evaluation or a TIP must be commenced within fourteen business days of the presentation of the final document to the teacher or else the right to appeal shall be deemed waived in all regards; provided, however, that in the case of a TIP appeal, there shall be a second fourteen business day period for a TIP appeal following the end date of the TIP and failure to appeal the TIP within fourteen business days following the end date thereof shall be deemed a waiver of the right to appeal the implementation of the TIP.

D. The Superintendent or the Superintendent's administrative designee shall respond to all appeals with a written answer granting the appeal and directing further administrative action, or denying the appeal with the specific reason for the appeal denial. The decision of the Superintendent or the Superintendent's administrative designee shall be made within fourteen business days of the receipt of the appeal. So long as the decision is made within the timeframe set forth in this paragraph, the decision of the Superintendent or the Superintendent's administrative designee shall be final and binding and shall not be subject to review for the purposes of this Appeal.

E. The provisions set forth above shall not be construed to alter or affect the rights of probationary teachers pursuant to §3031 of the New York State Education Law.

2. Optional Appeals Process for a tenured teacher who has received a second consecutive ineffective APPR composite rating:

A. Notwithstanding Paragraphs 1(A) through (D) above, in the event that a tenured teacher has received two consecutive ineffective APPR evaluation ratings that could lead to an expedited 3020-a pursuant to Section 3012-c, the appeal shall be made to one of the four agreed upon arbitrators set forth below selected on a rotating basis from the following list, based on order and reasonable timeframe of availability: Dennis Campagna, Jeffrey Selchick, Howard Edelman and Sheila Cole, who shall make a final and binding decision upon the appeal of the APPR composite evaluation and/or TIP on an expedited basis, within thirty-five (35) calendar days of the filing of the written appeal. The documentation to be furnished to the Arbitrator on behalf of the tenured teacher and by the District shall be exchanged between the tenured teacher and the administration on an immediate basis at the time of submission to the Arbitrator. In the event that either party has a question regarding the authenticity of such documentation, the same shall be presented in writing immediately to the arbitrator and copied to the other party for the arbitrator's review and consideration. The Arbitrator shall review the evidence underlying the observations of the teacher along with all other evidence submitted by the teacher and administration prior to rendering a decision. In the event that the district then proceeds to a probable cause finding under Section 3020-a of the Education law, and determines to conduct such a hearing, the arbitrator who ruled upon the appeal shall be jointly selected by the teacher and the district to be the Section 3020-a hearing officer.

Notwithstanding the aforementioned language, nothing herein shall be construed as limiting the right of the employee to challenge said evaluation in any proceeding brought pursuant to Education law §3020-a, so long as the identical issue wasn't resolved in the earlier appeal to the arbitrator or clearly should have been presented in the earlier appeal and was not. Notwithstanding the above, in the event that SED will not pay for the costs of the hearing, that expense shall be borne by the District and the proceedings shall be in the nature of a disciplinary arbitration and not a statutory hearing under Section 3020-a of the Education Law. The disciplinary arbitration procedure shall be consistent with the statutory procedure and penalty parameters as set for in Education Law Section 3020-a. During the pendency of a disciplinary arbitration the pay rights of the teacher shall be the same as those afforded to teachers who are subject to statutory proceedings under Section 3020-a of the Education Law.

B. In order to take advantage of the procedure outlined in paragraph 2(A) above, the tenured teacher must consent to the use of one of the above-named arbitrators should the District proceed to find probable cause under Section 3020-a of the Education Law. If the tenured teacher is unwilling to do so, the appeal shall be heard by the Superintendent or the Superintendent's administrative designee.

The Appeals Process set forth above shall be incorporated into the District's APPR Plan Document for the 2011-12 through 2015-16 school years, and its use shall sunset effective close of business on June 30, 2016, unless otherwise mutually agreed by the parties.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

To assure that the Catskill Central School District's lead evaluators are fully trained and highly qualified to evaluate teachers, the entire administrative team (including principals, assistant principal, directors and superintendent) attended the equivalent of ten (10) full-days of training which included the following sessions: "Productive Eval. Practices", "Training for Lead Evaluators of Principals", "CCLS K-12 ELA/Math for Administrations", "Evidence-based Observation Parts I and II", "Framework for Teaching", "Driven by Data- book study" and "Summer Institute-Questar"

sponsored by:

- Questar III BOCES*
- Leadership for Educational Achievement Foundation*
- Jim Collins- Magellan Foundation*
- Kim Marshall*
- District Attorney - Shaw, Perelson, May Lambert*

The trainings attended focused on:

- *NYS Teaching Standards, and their related elements and performance indicators and /or the Leadership (ISLLC) Standards and their related functions*
- *Evidence Based Observation grounded in research*
- *Application and use of the student growth percentile model and the value-added growth model*
- *Application and use of the State-approved teacher and/or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice*
- *Application and use of assessment tools that the district utilizes to evaluate teachers and/or building principals*
- *Application and use of State-approved locally selected measures of student achievement used by the district to evaluate teachers and/or principals*
- *Use of the Statewide Instructional Reporting System*
- *The scoring methodology used to evaluate a teacher and/or principal*
- *Considerations in evaluating teachers and principals of English language learners and students with disabilities*
- *Training in methodologies to assure inter-rater reliability*

In addition, David Sicko, Questar Consultant/Admin. Coach worked side by side with administrators to collect evidence based data, remove bias, conduct pre-observation conferences and post-observation conferences. There were discussion groups as well as classroom observation DVDs to increase expertise with evidence-based observations and inter-rater reliability. These sessions were the equivalent of ten (10) days of training.

The district has purchased Danielson Teachscape and will be completing the Danielson Teachscape Course:

Each part of the Proficiency System includes master-scored videos at all levels of performance.

- 1. Framework for Teaching—Observer Training*
- 2. Framework for Teaching—Scoring Practice*
- 3. Framework for Teaching—Proficiency Test*

Over 100 master-scored videos for training and assessment

With over 100 web-based master-scored videos, the Framework for Teaching Proficiency System focuses on the practical application of Charlotte Danielson's New Framework for Teaching Evaluation Instrument to observational evaluation. The Framework for Teaching Proficiency System develops the skills and expertise of observers so they can make better judgments of teaching practice. Framework for Teaching—Observer Training includes eleven online professional development modules that prepare observers to deliver accurate and reliable evaluations of classroom teaching. Observer Training modules are designed for flexible use and can be used for self-paced, self-guided learning or as part of facilitated learning groups. Training topics include:

- The research and rationale behind the New Framework for Teaching Evaluation Instrument*
- How to effectively conduct observations using the in-class observable domains of the New Framework for Teaching Evaluation Instrument*
- Bias-awareness training to minimize the effects of observer bias*

Scoring Practice

Framework for Teaching—Scoring Practice prepares observers for real-world classroom observations by allowing them to practice their observation skills using master-scored classroom videos. In Scoring Practice an observer:

- Views online videos of real classrooms*
- Scores the videos using the New Framework for Teaching Evaluation Instrument*
- Receives feedback and compares his or her scores with the master scores assigned by an expert Proficiency Test developed in partnership with Charlotte Danielson and ETS, the Framework for Teaching—Proficiency Test is a rigorous next-generation assessment that uses innovative video-based items to assess the ability of observers to accurately evaluate teaching practice using*

The process to certify and re-certify lead evaluators will include continued training, annually, through Questar III BOCES, as well as the Danielson Teachescape software professional development module as well as a component to ensure inter-rater reliability.

6.5) Assurances -- Evaluators

Please check the boxes below:

-
- Checked
-

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

- Checked

6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

PK-5
6-8
9-12
(No response)
(No response)
(No response)
(No response)

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

School or Program Type	SLO with Assessment Option	Name of the Assessment
Not Applicable		Not Applicable

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	Not Applicable
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	Not Applicable
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Not Applicable
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Not Applicable
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	Not Applicable

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

(No response)

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which

include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

(No response)

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Tuesday, August 21, 2012

Updated Wednesday, October 31, 2012

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
Pre-K to 5	(d) measures used by district for teacher evaluation	Terra Nova 3
6 to 8	(d) measures used by district for teacher evaluation	Questar III BOCES Developed ELA and Math Assessments for Grades 6-8
9 to 12	(e) 4, 5, and/or 6-year high school grad and/or dropout rates	4-Year Graduation Rate

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.</p>	<p>For the High School Principal, the parties agree to use the total percentage of students reported as high school graduate completers as published in the annual school report card as a measure of student achievement for the 2012-13 school year. Points (0-20) shall be allocated in accordance with Appendix 2 attached; provided, however in the event that the State issues a Value-Added growth score for high school principals for the 2012-13 school year, then the Points (0-15) shall be allocated in accordance with Appendix 1 attached.</p> <p>For the 2012-13 school year, the parties agree to use to measure student growth for the Middle School principal based upon the Questar III ELA and Math assessments, which shall be given no later than October 15, 2012 for the baseline assessment. The second administration of the Questar III ELA and Math assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. The Point allocations for the Questar III assessment are</p>
--	--

delineated in Appendices 1 and 2 attached. Appendix 2 accounts for the Local 20 measure of student growth and Appendix 1 delineates the Local 15 Point distribution which shall become effective upon the State's introduction of its value-added growth model for the Middle School Principal. Growth shall be measured based upon the percentage of students showing growth as measured by an increase in the scaled score between the fall and spring administrations.

For the Elementary School Principal for the 2012-13 the parties agree to use the TerraNova3 as a Growth Model based upon the results of the Students in the building on the ELA and Math Assessment, or the ELA and Math subcomponent of TerraNova3 Common Core assessments at each grade level, if available, will be used for Grades K-6, wherever available for these grade levels as the local 20/15 Assessment. Appendix 2 shall also be used to measure student growth for the Elementary School Principal, and Appendix 1 delineates the Local 15 Point distribution which shall become effective upon the State's introduction of its value-added growth model for the Elementary School Principal.

The first administration of the TerraNova3 assessments shall be given no later than October 15, 2012 to establish the baseline measure. The second administration of the TerraNova3 assessments for the 2012-13 school year shall be given after May 1, 2013, taking into consideration State testing schedules. Growth shall be measured based upon students showing maintenance of the same Stanine/level or movement to a greater Stanine/level; provided, however, for students that fall within the first Stanine and for Kindergarten students, growth will be considered to exist if the percentile achieved by the students who score within the first Stanine has increased beyond that which existed during the Fall semester administration of TerraNova3.

Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

MS/Elem. Principals- 87-100% will meet the target. Results are well-above District adopted expectations for achievement for the grade level.

HS Principal 85-100% will meet the target. Results are well-above District adopted expectations for achievement for the grade level.

Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

MS/Elem. Principals- 51-86% will meet the target. Results meet the District adopted expectations for achievement for the grade level.

HS Principal - 64-84% will meet the target. Results meet the District adopted expectations for achievement for the grade level.

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

MS/Elem. Principals- 28-50% will not meet the target. Results are below the District adopted expectations for achievement for the grade level

HS Principal - 51-63% will no meet the target. Results are below the District adopted expectations for achievement for the grade level.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

MS/Elem. Principals- 0-27% will not meet the target. Results are well-below the District adopted expectations for achievement for the grade level.

HS Principal - 0-50% will not meet the target. Results are well-below District adopted expectations for achievement for the grade level.

If you need additional space, upload a copy of "Form 8.1: Locally Selected Measures for Principals with an Approved Value-Added Measure" as an attachment for review. Click here for a downloadable copy of Form 8.1. (MS Word)

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

(No response)

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list: <!--

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)*
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)*
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8*
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations*
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades*
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades*
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)*
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th*

grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

(i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
Not Applicable		Not Applicable

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	Not Applicable
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable
Effective (9- 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable

If you need additional space, upload a copy of "Form 8.2: Locally Selected Measures for All Other Principals" as an attachment for review. Click here for a downloadable copy of Form 8.2. (MS Word)

(No response)

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

In setting targets for 3rd party assessments and locally developed measures, teachers in collaboration with the school principal, will consider student prior academic history, students with disabilities, and English language learners by reviewing student data and setting targets accordingly. The District's educational philosophy is based on providing all students equitable opportunities to maximize their learning by recognizing and factoring in the various strengths and needs of students based on their unique characteristics and backgrounds. Needs notwithstanding, the district's expectations are based on high standards and rigor for all students. The district has created criteria for the approval of the SLO that reflect these high standards for all students.

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

(No response)

8.5) Assurances

Please check all of the boxes below:

8.5) Assurances Assure that the application of locally developed controls will be rigorous, fair, and transparent	Check
8.5) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students, in accordance with any applicable civil rights laws.	Check
8.5) Assurances Assure that enrolled students are included in accordance with policies for student assignment to schools and may not be excluded.	Check
8.5) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Check
8.5) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction.	Check
8.5) Assurances Assure that it is possible for a principal to earn each point, including 0, for the locally selected measures subcomponent.	Check
8.5) Assurances Assure that locally-selected measures are rigorous and comparable across all principals in the same or similar programs or grade configurations across the district.	Check
8.5) Assurances If more than one type of locally-selected measure is used for different groups of principals in the same or similar grade configuration or program, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Check
8.5) Assurances Assure that all locally-selected measures for a principal are different than any measures used for the State assessment or other comparable measures subcomponent.	Check

9. Other Measures of Effectiveness (Principals)

Created Monday, September 10, 2012
Updated Wednesday, October 31, 2012

Page 1

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

Marshall's Principal Evaluation Rubric

(No response)

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

(No response)

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
---	----

Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents.	0
--	---

If the above points assignment is not for "all principals," fill out an additional copy of "Form 9.2: Points Within Other Measures" for each group of principals, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 9.2. (MS Word)

(No response)

9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	Checked
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	Checked

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

Note: When the State-approved survey list is posted, this form will be updated with dropdown menus of approved survey tools.

(No response)

(No response)

(No response)

9.6) Assurances

Please check all of the boxes below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

Allocation to be used for the final summative evaluation for the 2012-13 school years among the following six Domains contained within the agreed-upon principal practice rubric:

Domain "A": Diagnosis and Planning – 10 Points, with 1 Point allocated to each sub-domain

Domain "B": Priority Management and Communication – 10 Points, with 1 Point allocated to each sub-domain

Domain "C": Curriculum and Data – 10 Points, with 1 Point allocated to each sub-domain

Domain "D": Supervision, Evaluation and Professional Development – 10 Points, with 1 Point allocated to each sub-domain

Domain "E": Discipline and Family Involvement – 10 Points, with 1 Point allocated to each sub-domain

Domain "F": Management and External Relations – 10 Points, with 1 Point allocated to each sub-domain

The Local 60 Points will be computed for the purpose of the Final Summative Evaluation based upon the following methodology within the sub-domains "a" through "j" in each of the six above-noted Domains:

1. A "Highly Effective" rating shall receive 100% of the total point value for the sub-domain.

2. An "Effective" rating shall receive 95% of the total point value for the sub-domain.

3. A "Developing" rating (which coincides with "Improvement Necessary" on the Marshall Rubric) shall receive 80% of the total point value for that sub-domain.

4. An "Ineffective" rating (which coincides with "Does Not Meet Standards" on the Marshall Rubric) shall receive no points.

The HEDI band ranges set forth below and the point computation methodology set forth above are Subject to reexamination after its implementation of HEDI Band Ranges and Points allocation after their implementation for the 2012-13 school year in the event that the State makes changes to its composite scoring bands or local point ranges.

If a raw score number contains a decimal of .5 or greater, it will be rounded up to the nearest whole number, and if a raw score number contains a decimal of less than .5 it will be rounded down to the nearest whole number to obtain the unit member's Local 60 Point score.

This methodology ensures that all points 0-60, are obtainable on the Local 60 measure, in accordance with the provisions of Education Law Section 3012-c. The relative weights attributed to the sub-domain values for the receipt of the respective ratings as set forth above and the HEDI Bands set forth below were locally negotiated in order to enhance the likelihood that a Principal who receives an "effective" on the Local 20, the State 20 and the Local 60 would receive a composite effectiveness rating within the regulated "effective" range (of 75-90).

The Local 60 Points that are subject to HEDI bands are determined to fall within the following ranges for the 2012-13 and 2013-14 school years:

Rating Point Range

Highly Effective 59-60

Effective 55-58
 Developing 46-54
 Ineffective 0-45

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

(No response)

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	A "Highly Effective" rating shall receive 100% of the total point value for the sub-domain.
Effective: Overall performance and results meet standards.	An "Effective" rating shall receive 95% of the total point value for the sub-domain.
Developing: Overall performance and results need improvement in order to meet standards.	A "Developing" rating (which coincides with "Improvement Necessary" on the Marshall Rubric) shall receive 80% of the total point value for that sub-domain.
Ineffective: Overall performance and results do not meet standards.	An "Ineffective" rating (which coincides with "Does Not Meet Standards" on the Marshall Rubric) shall receive no points.

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	59-60
Effective	55-58
Developing	46-54
Ineffective	0-45

9.8) School Visits

Enter the minimum number of school visits that will be done by each of the following evaluators, making sure that the number of visits "by supervisor" is at least 1 and the total number of visits is at least 2, for both probationary and tenured principals. If your APPR plan does not include visits by a trained administrator or independent evaluator, enter 0 in those boxes.

Probationary Principals

By supervisor	4
By trained administrator	0
By trained independent evaluator	0
Enter Total	4

Tenured Principals

By supervisor	3
By trained administrator	0
By trained independent evaluator	0
Enter Total	3

10. Composite Scoring (Principals)

Updated Wednesday, October 31, 2012

Page 1

Standards for Rating Categories

Growth or Comparable Measures

Locally-selected Measures of growth or achievement

Other Measures of Effectiveness (Teacher and Leader standards)

Highly

Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES- adopted expectations for growth or achievement for grade/subject.

Overall performance and results exceed ISLLC leadership standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results meet ISLLC leadership standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet ISLLC leadership standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results do not meet ISLLC leadership standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

10.1) The 2012-13 scoring ranges for principals for whom there is no approved Value-Added measure of student growth will be:

11. Additional Requirements - Principals

Created Monday, September 17, 2012
Updated Wednesday, October 31, 2012

Page 1

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

assets/survey-uploads/5276/178234-Df0w3Xx5v6/PIP Form_1.pdf

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

- (1) the substance of the annual professional performance review

- (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEALS PROCESS:

WHEREAS, the parties have mutually agreed to the following timely and expeditious appeals process, to be incorporated into the District's APPR Plan Document for principals covered by Education Law §3012-c and Part 30-2 Regents Rules for the 2012-13 and 2013-14 school years, said appeals process sunseting, becoming null and void in all regards, effective after its implementation for the 2013-14 school year:

1. Appeals Process:

The parties understand that pursuant to Education Law Section 3012-c, the Appeals Process must be timely and expeditious. Consequently, the parties have agreed to the Appeals Process set forth below.

A. Any principal who receives an "ineffective" rating on his/her annual composite APPR or a tenured principal who receives a "developing" composite APPR rating, having also received a rating at or below "developing" on the Local 60 Points, shall be entitled to appeal his/her annual APPR rating.

B. The first step of the Appeals process shall be an informal in-person conference between the Superintendent and the Principal, and the same shall take place within ten (10) business days of the building principal's receipt of his/her APPR Composite Rating. At this meeting, the Principal and the Superintendent shall discuss the contents of the APPR, and the Superintendent shall orally indicate at the end of the meeting whether or not adjustments will be made to the APPR Composite Score.

C. In the event that the Principal is dissatisfied with the outcome of the meeting with the Superintendent, within ten (10) business days of informal conference, he/she may submit a formal written appeal based upon a paper submission to the Superintendent, who shall be trained in accordance with the requirements of the statute and regulations.

D. The appeal must be brought in writing, specifying the area(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-c of the Education Law. Further, a principal who is placed on a Principal Improvement Plan ("PIP") shall have a corresponding right to appeal concerns regarding the PIP in accordance with the requirements set forth in Section 3012-c of the Education Law.

E. An appeal of a composite APPR evaluation or a PIP must be commenced within ten (10) business days of the presentation of the final document to the principal or else the right to appeal shall be deemed waived in all regards. In the case of a PIP appeal, there shall be a second ten (10) business day period for a PIP appeal following the end date of the PIP, and in the event that an appeal is not timely filed by the tenth (10th) business day following the end date of the PIP, the right to such an appeal shall be deemed waived in all regards.

F. The Superintendent shall respond to the appeal with a written answer granting the appeal and directing further administrative action, or a written answer denying the appeal. The Superintendent shall review the evidence underlying the observations of the principal along with all other evidence submitted by the principal prior to rendering a decision. Such decision shall be made within ten (10) business days of the receipt of the appeal. This period shall be tolled for any days during said ten (10) business day period that the Superintendent's administrative designee is on a planned vacation. So long as the decision is made within the timeframe set forth in this paragraph, the decision of the Superintendent's administrative designee shall be final and binding in all regards and shall not be subject to review at arbitration, before any administrative agency or in any court of law.

11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

To assure that the Catskill Central School District's lead evaluators are fully trained and highly qualified to evaluate teachers, the entire administrative team (including principals, assistant principal, directors and superintendent) attended the equivalent of ten (10) full days of training which included the following sessions: "Productive Eval. Practices", "Training for Lead Evaluators of Principals", "CCLS K-12 ELA/Math for Administrations", "Evidence-based Observation Parts I and II", "Framework for Teaching", "Driven by Data- book study" and "Summer Institute-Questar"

sponsored by:

- Questar III BOCES*
- Leadership for Educational Achievement Foundation*
- Jim Collins- Magellan Foundation*
- Kim Marshall*
- District Attorney - Shaw, Perelson, May Lambert*

The trainings attended focused on:

**NYS Teaching Standards, and their related elements and performance indicators and /or the Leadership (ISLLC) Standards and their related functions*

**Evidence Based Observation grounded in research*

**Application and use of the student growth percentile model and the value-added growth model*

**Application and use of the State-approved teacher and/or principal rubric(s) selected by the district for use in evaluations, including*

training on the effective application of such rubrics to observe a teacher or principal's practice

*Application and use of assessment tools that the district utilizes to evaluate teachers and/or building principals

*Application and use of State-approved locally selected measures of student achievement used by the district to evaluate teachers and/or principals

*Use of the Statewide Instructional Reporting System

*The scoring methodology used to evaluate a teacher and/or principal

*Considerations in evaluating teachers and principals of English language learners and students with disabilities

*Training in methodologies to assure inter-rater reliability

In addition, David Sicko, Questar Consultant/Admin. Coach worked side by side with administrators to collect evidence based data, remove bias, conduct pre-observation conferences and postobservation conferences. There were discussion groups as well as classroom observation DVDs to increase expertise with evidence-based observations and inter-rater reliability. These sessions were the equivalent of ten (10) days of training.

The district has purchased Danielson Teachscape and will completing the The Danielson Teachscape Course:

Each part of the Proficiency System includes master-scored videos at all levels of performance.

1. Framework for Teaching—Observer Training

2. Framework for Teaching—Scoring Practice

3. Framework for Teaching—Proficiency Test

Over 100 master-scored videos for training and assessment

With over 100 web-based master-scored videos, the Framework for Teaching Proficiency System focuses on the practical application of Charlotte Danielson's New Framework for Teaching Evaluation Instrument to observational evaluation. The Framework for Teaching Proficiency System develops the skills and expertise of observers so they can make better judgments of teaching practice.

Framework for Teaching—Observer Training includes eleven online professional development modules that prepare observers to deliver accurate and reliable evaluations of classroom teaching. Observer Training modules are designed for flexible use and can be used for self-paced, self-guided learning or as part of facilitated learning groups. Training topics include:

•The research and rationale behind the New Framework for Teaching Evaluation Instrument

•How to effectively conduct observations using the in-class observable domains of the New Framework for Teaching Evaluation Instrument

•Bias-awareness training to minimize the effects of observer bias
Scoring Practice

Framework for Teaching—Scoring Practice prepares observers for real-world classroom observations by allowing them to practice their observation skills using master-scored classroom videos. In Scoring Practice an observer:

•Views online videos of real classrooms

•Scores the videos using the New Framework for Teaching Evaluation Instrument

•Receives feedback and compares his or her scores with the master scores assigned by an expert Proficiency Test developed in partnership with Charlotte Danielson and ETS, the Framework for Teaching—Proficiency Test is a rigorous next-generation assessment that uses innovative video-based items to assess the ability of observers to accurately evaluate teaching practice using Charlotte Danielson's New Framework for Teaching Evaluation Instrument.

The process to certify and re-certify lead evaluators will include continued training, annually, through Questar III BOCES, as well as the Danielson Teachscape software professional development module as well as a component to ensure inter-rater reliability.

11.5) Assurances -- Evaluators

Please check the boxes below:

-
- Checked
-

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

• Checked

11.6) Assurances -- Principals

Please check all of the boxes below:

11.6) Assurances -- Principals Assure the entire APPR plan will be completed for each principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the building principal's performance is being measured.	Checked
11.6) Assurances -- Principals Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
11.6) Assurances -- Principals Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked

11.6) Assurances -- Principals Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline prescribed by the Commissioner.	Checked
11.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
11.7) Assurances -- Data Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

12. Joint Certification of APPR Plan

Created Monday, August 27, 2012

Updated Wednesday, October 31, 2012

Page 1

12.1) Upload the Joint Certification of the APPR Plan

Please obtain the required signatures, create a PDF file, and upload your joint certification of the APPR Plan using this form: APPR District Certification Form

[assets/survey-uploads/5581/168494-3Uqgn5g9Iu/District Certification Form 10_26_12.pdf](assets/survey-uploads/5581/168494-3Uqgn5g9Iu/District%20Certification%20Form%2010_26_12.pdf)

File types supported for uploads

PDF (preferred)

Microsoft Office (.doc, .ppt, .xls)

Microsoft Office 2007: Supported but not recommended (.docx, .pptx, .xlsx)

Open Office (.odt, .ott)

Images (.jpg, .gif)

Other Formats (.html, .xhtml, .txt, .rtf, .latex)

Please note that .docx, .pptx, and .xlsx formats are not entirely supported.

Please save your file types as .doc, .ppt or .xls respectively before uploading.

75-86		13		
87-92	14			
93-100	15			

APPENDIX 3
Local 20 Measure of Student Achievement
Elementary, Middle, and High School Principals and Teachers
(2012-2013 School Year)

The table below reflects growth based upon students showing growth (maintenance of the same Stanine or advancement to a higher Stanine on the TerraNova3/Terra Nova Common Core or the percentage of students in the class who meet the achievement Target set by the teacher, subject to the approval of the building principal.

The attendance of students shall be taken into consideration when computing the Local 20 Points by applying the following formula:

1. The number of days that students are in attendance between the day of administration of the pre and post assessments who maintained or advanced their Stanine shall be aggregated.
2. The number of days that all students are in attendance between the day of administration of the pre and post assessments shall be aggregated.
3. The results of Step 1 shall be divided by the results of Step 2. If the ratio is less than .9 but greater than .8, one point shall be added to the teacher's local 20 score. If the ratio is .8 or less, then 2 points shall be added to the teacher's local 20 score.

% of students in a teacher's class who meet or exceed the achievement Target for the class (if an SLO is used) or % of students showing growth between the administration of the baseline and end of year assessments	Highly Effective	Effective	Developing	Ineffective

APPENDIX 2
Local 20 Measure of Student Growth
For Elementary and Middle School Principals
(2012-13 School Year Using Data from TerraNova or Questar III ELA and Math Assessments)

The table below reflects growth based upon students showing maintenance of the same Stanine or advancement to a higher Stanine (if the TerraNova is administered for growth purposes) or the percentage of students in the building who show growth based upon the Questar III ELA and MATH assessments. The attendance of students shall be taken into consideration when computing the Local 20/15 Points by applying the following formula:

1. The number of days that students are in attendance between the day of administration of the pre and post assessments who show growth shall be aggregated.
2. The number of days that all students are in attendance between the day of administration of the pre and post assessments shall be aggregated.
3. The results of Step 1 shall be divided by the results of Step 2. If the ratio is less than .9 but greater than .8, one point shall be added to the principal's local 20 or 15 score. If the ratio is .8 or less, then 2 points shall be added to the teacher's local 20 or 15 score.

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
