Timothy J. Rehm, Superintendent  
Cornwall Central School District  
10 Dragon Dr.  
New Windsor, NY 12553

Dear Superintendent Rehm:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

  
John B. King, Jr.  
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

## 2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

*assets/survey-uploads/5364/127545-TXEttx9bQW/HEDI scoring bands for State and Local 15-20 points.pdf*

## 2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*There are no locally developed adjustments or controls at this time.*

## 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

## 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked

2.14) Assurances   Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked

2.14) Assurances   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances   Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

### 3. Local Measures (Teachers)

Created Wednesday, May 09, 2012

Updated Thursday, October 18, 2012

---

#### Page 1

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

### 3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

### 3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

*Scores will be assigned with a ratio of students on the teacher's case load. For example, if a teacher has 72% of her SLO students in one course and the remaining 28% of the SLO students in another course, points will be assigned with this same percentage ratio.*

### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

*NYSTCE Framework for the Observation of Effective Teaching*

*NYSUT Teacher Practice Rubric*

### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

*(No response)*

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	40
One or more observation(s) by trained independent evaluators	(No response)
Observations by trained in-school peer teachers	(No response)
Feedback from students using State-approved survey tool	(No response)
Feedback from parents/caregivers using State-approved survey tool	(No response)
Structured reviews of lesson plans, student portfolios and other teacher artifacts	20

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

### 4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

### 4.4) Assurances

Please check all of the boxes below:

4.4) Assurances   Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances   Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

### 4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*HEDI scores will be assigned based on the the uploaded conversion 60 point HEDI chart. The average score for each domain will be averaged together to develop an average overall rubric score which will convert to a 60 point scale proportionally. This will result is a score range of 0-60 for each teacher. The composite score will be reported in whole numbers.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	Outcomes exceed those of the established expectations of an effective educator.
Effective: Overall performance and results meet NYS Teaching Standards.	Outcomes reflect a rigorous and high level of achievement.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	Outcomes reflect a level of achievement below those that are expected.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	Outcomes reflect a level of achievement that is significantly below those that are expected.

#### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Teacher appeals will be of a completed evaluation will be handled according to the locally negotiated agreement between the Cornwall Central School District and the Cornwall Central Teachers' Association.*

*APPR Appeals - The parties agree to the following appeals process for APPR.*

A. Only tenured teachers who receive a rating of “ineffective” and “developing” on their Annual Professional Performance Review (“APPR”) may appeal their APPR through the procedure herein. Ratings of “effective” and “highly effective” may not be appealed. A teacher may file only one appeal from a single APPR, however there may be more than one ground cited for the appeal. Those eligible for an appeal shall simply be referred to as “teacher” below. Probationary teachers may only submit a written response to any APPR which shall be filed with the APPR. “APPR” and “evaluation” are used interchangeably herein. “Business days” as used herein shall be defined as those days other than weekends and declared holidays, that the District’s Central Office is open.

B. Within two (2) business days of the receipt of a teacher’s APPR, the teacher may request in writing an additional meeting with his/her evaluating administrator to have a conversation regarding his/her evaluation. The purpose of such meeting is to explore whether the evaluating administrator wishes to consider any changes in the evaluation based upon new information provided by the teacher. The evaluating administrator shall advise the teacher in writing whether there will be any change in the evaluation either at the meeting or within two (2) business days of the meeting.

C. A teacher has fourteen (14) calendar days from receipt of his or her rating to submit a written appeal setting forth any and all objections to the APPR. A teacher who receives their rating after the close of school and before the opening of the next school year shall have a period of twenty-one (21) days from receipt of his or her rating to submit a written appeal. An appeal of an APPR must be based only upon one or more of the following grounds:

a. the substance of the annual professional performance review;

b. the school district’s adherence to the standards and methodologies required for such reviews pursuant to Section 3012-c of the Education Law;

c. the school district’s adherence to the regulations of the commissioner and compliance with any applicable locally negotiated procedures; and,

d. the school district’s failure to issue and/or implement the terms of a Teacher Improvement Plan, where required under Education Law Section 3012-c.

The written appeal document must clearly identify the grounds for appeal, and shall explain, in detail, why and how the APPR should be modified. The burden of proving a violation shall be on the teacher.

D. The teacher will initiate his/her appeal in writing by submitting a letter of appeal and a copy of the APPR to the Superintendent of Schools. It is recommended that the teacher filing the appeal also notify the CCTA President of the appeal.

E. The Superintendent or his or her designee will inform the evaluating administrator and the CCTA President that the teacher has initiated the appeals process. The Superintendent will provide a copy of the appeal and the evaluation to the evaluating administrator, CCTA President, and Appeals Committee (“Committee”, see below) within three (3) calendar days of receipt of the appeal from the evaluated teacher. The evaluating administrator may, at his/her option, provide a written response to the appeal. If a written response is prepared, it must be submitted to the Superintendent, appealing teacher, CCTA President, and to the Committee (see below) for its consideration within three (3) calendar days of his/her receipt of the written appeal.

F. Appeals shall be referred for consideration to an APPR Appeal Committee (“Committee”), made up of two tenured administrators from within the District appointed by the Superintendent of Schools and two tenured teachers from within the District appointed by the President of the CCTA. Neither the teacher appealing his/her APPR nor the evaluating administrator may serve on the Committee. The Committee shall determine its own rules and operating procedures, which may be altered as the committee may deem necessary to hear any appeal.

G. The Committee will convene within ten (10) calendar days of receipt of the written appeal, APPR evaluation, and evaluating administrator’s response (if any). Taken together such documents comprise the record on appeal.

H. All Committee deliberations will be conducted in confidentially and privately.

i. The Committee will evaluate the merits of the appeal based solely on review of submitted written documentation, unless it determines otherwise.

ii. If the Committee agrees on a determination on whether the appeal should be denied or granted, a single written determination shall be prepared and issued. This determination shall be provided to the appealing teacher, evaluating administrator, CCTA president, and the Superintendent of Schools within five (5) calendar days.

iii. If the Committee cannot reach a determination, the matter shall be referred to the Superintendent. The Superintendent will review all statements and the record on appeal and will make the final determination within 5 business days which shall be provided to the appealing teacher, evaluating administrator and CCTA president.

iv. A copy of the written determination and record on appeal shall be placed in the teacher’s personnel file.

I. The determination (by either the Committee or Superintendent) shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher’s appeal. If the appeal is sustained in whole or in part, the Committee or the Superintendent may modify a rating or, order the rating vacated.

J. The determination of the appeal pursuant to the above process is final and binding. It is not subject to any further appeal pursuant to the contractual grievance procedure, or to any administrative or judicial tribunal.

## 6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*Lead Evaluators of Teachers will be certified by completing training in the competencies listed below. This training will occur throughout the school year in a series of workshops focused on each or a combination of multiple competencies. Re-certification will occur each year after a review of each of the competencies. This review will focus on changes from a previous year and on calibrating evaluators in the collection of evidence. This will ensure inter-rater reliability.*

*NYS Teaching Standards*

*Evidence Based Observation*

*Application of the CCSD Teacher Evaluation Rubric*

*Application of Student Growth Model and Value Added Model*

# 7. Growth on State Assessments or Comparable Measures (Principals)

Created Wednesday, May 09, 2012  
Updated Wednesday, October 17, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

5-8
9-12
(No response)

### 7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment
9-12	State assessment	Grade and Course Specific State Assessments
K-4	State assessment	NYS Grade 3 ELA/Math Assessments

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	If a State growth score is not provided by SED, Student Learning Objectives will be utilized to determine principal scores for this portion of the APPR. Pre-tests will be administered to students to establish a baseline. Growth targets will then be set based on an analysis of the baseline data for each course. HEDI points will be allocated to the principal based on the percentage of students that meet the established growth targets according to the uploaded HEDI chart.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	Outcomes exceed those of the established expectations of an effective educator.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Outcomes reflect a rigorous and high level of growth.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Outcomes reflect a level of achievement below those that are expected.
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	Outcomes reflect a level of achievement that is significantly below those that are expected.

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

## 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*none at this time*

## 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

## 7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> .	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

# 8. Local Measures (Principals)

## Page 1

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

**In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.**

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

9-12	(g) % achieving specific level on Regents or alternatives	NYS Regents Exams in English, Science, Social Studies, Math and Foreign Language

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	Pre-tests will be administered to students to establish a baseline. Consultations between the Superintendent and each principal will result in class/course achievement targets based on an analysis of the baseline data for course(s) or grade(s). HEDI points will be allocated to each principal based on the percentage of students that meet the established achievement targets according to the uploaded HEDI chart.

### 8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*APPR Appeals - The parties agree to the following appeals process for APPR:*

*A. Only tenured principals who receive a rating of "ineffective" and "developing" on their Annual Professional Performance Review ("APPR") composite score may appeal their APPR through the procedure herein. Ratings of "effective" and "highly effective" may not be appealed unless in the future these categories are connected to additional compensation.*

*B. A principal may file only one appeal from a single APPR, however there may be more than one ground for cited for the appeal. Those eligible for an appeal shall simply be referred to as "principal" below.*

*C. Probationary principals may only submit a written response to any APPR which shall be filed with the APPR.*

*D. "APPR" and "evaluation" are used interchangeably herein.*

*E. "Business days" as used herein shall be defined as those days other than weekends and declared holidays, that the District's Central Office is open.*

*F. A principal has fifteen (15) calendar days from receipt of his or her rating to submit a written appeal setting forth any and all objections to the APPR.*

*G. An appeal of an APPR must be based only upon one or more of the following grounds:*

*i. the substance of the annual professional performance review;*

*ii. the school district's adherence to the standards and methodologies required for such reviews pursuant to Section 3012-c of the Education Law;*

*iii. the school district's adherence to the regulations of the commissioner and compliance with any applicable locally negotiated procedures;*

*H. The written appeal document prepared by the principal must clearly identify the grounds for appeal, and shall explain, in detail, why and how the APPR should be modified. The burden of proving a violation shall be on the principal.*

*I. The principal will initiate his/her appeal in writing by submitting a letter of appeal and a copy of the APPR evaluation to the Superintendent of Schools. It is recommended that the principal filing the appeal also notify the CAA President of the appeal.*

*J. The Superintendent will inform the evaluating CAA President that the principal has initiated the appeals process. The Superintendent will provide a copy of the appeal and the evaluation to the appealing administrator, CAA President, and Appeals Committee ("Committee", see below) within ten (10) calendar days of receipt of the appeal from the evaluated principal. The superintendent may, at his/her option, provide a written response to the appeal. If a written response is prepared, it must be submitted to the appealing principal, CAA President, and to the Committee (see below) for its consideration within ten (10) calendar days of his/her receipt of the written appeal.*

*K. Appeals shall be referred for consideration to an APPR Appeal Committee ("Committee"), made up of three individuals; one chosen by CAA, one chosen by the District and one mutually agreed to by the two individuals chosen the respective parties. All members of the Committee must be or have been a certified school administrator. Neither the principals appealing his/her APPR nor the superintendent may serve on the Committee. The Committee shall determine its own rules and operating procedures, which may be altered as the Committee may deem necessary to hear any appeal.*

*L. The Committee will convene within ten (10) calendar days of receipt of the written appeal, APPR evaluation, and superintendent's response (if any). Taken together such documents comprise the record on appeal.*

*M. All Committee deliberations will be conducted in confidentially and privately.*

*i. The Committee will evaluate the merits of the appeal based solely on review of submitted written documentation, unless it determines otherwise.*

*ii. When a majority of the Committee agrees on a determination on whether the appeal should be denied or granted, a single written determination shall be prepared and issued. This determination shall be provided to the appealing principal, Superintendent, and CAA president within five (5) calendar days.*

*iii. A copy of the written determination and record on appeal shall be placed in the principal's personnel file.*

*N. The determination by the Committee shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained in whole or in part, the Committee may modify a rating.*

*O. The determination of the appeal pursuant to the above process is final and binding. It is not subject to any further appeal pursuant to the contractual grievance procedure, or to any administrative or judicial tribunal.*

## 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*Lead Evaluators of Principals will be certified by completing training in the competencies listed below. This training will occur throughout the school year in a series of workshops focused on each or a combination of multiple competencies. Re-certification will occur each year after a review of each of the competencies. This review will focus on changes from previous year and on calibrating evaluators in the collection of evidence. This will ensure inter-rater reliability.*

*Training Components:*

*ISLLC Standards*

*Evidence Based Evaluation*

*Application of the CCSD Principal Evaluation Rubric*

*Application of Student Growth Model and Value Added Model*
