Scott J. Osborne, Superintendent  
Elizabethtown-Lewis Central School District  
158 Court Street  
Elizabethtown, NY 12932

Dear Superintendent Osborne:

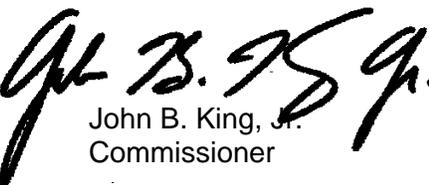

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.  
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

### Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	Elizabethtown-Lewis Central School District-developed Kindergarten ELA assessment
1	District, regional, or BOCES-developed assessment	Elizabethtown-Lewis Central School District-developed Grade 1 ELA assessment
2	District, regional, or BOCES-developed assessment	Elizabethtown-Lewis Central School District-developed Grade 2 ELA assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.

## 2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Science	Assessment
6	Not applicable	Common Branch
7	District, regional or BOCES-developed assessment	Elizabethtown-Lewis Central School District-developed Grade 7 science assessment

	Science	Assessment
8	State assessment	8th Grade State Science Assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Targets will be set collaboratively by the teacher(s) and the Superintendent/Principal after they review relevant student baseline data. The identified targets for this course are based on an individual student model. All targets will be reviewed by the Superintendent/Principal before final approval for relevance to instructional objectives, fairness, balance with other targets, and the time/effort necessary to produce results.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	See attached 2.11 chart for all courses.

## 2.5) Grades 6-8 Social Studies

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Social Studies	Assessment
6	Not applicable	Common Branch
7	District, regional or BOCES-developed assessment	Elizabethtown-Lewis Central School District-developed Grade 7 social studies assessment
8	District, regional or BOCES-developed assessment	Elizabethtown-Lewis Central School District-developed Grade 8 social studies assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Targets will be set collaboratively by the teacher(s) and the Superintendent/Principal after they review relevant student baseline data. The identified targets for this course are based on an individual student model. All targets will be reviewed by the Superintendent/Principal before final approval for relevance to instructional objectives, fairness, balance with other targets, and the time/effort necessary to produce results.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	See attached 2.11 chart for all courses.
Effective (9 - 17 points) Results meet District goals for similar students.	See attached 2.11 chart for all courses.
Developing (3 - 8 points) Results are below District goals for similar students.	See attached 2.11 chart for all courses.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	See attached 2.11 chart for all courses.

## 2.6) High School Social Studies Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

## 2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	District, regional or BOCES-developed assessment	Elizabethtown-Lewis CSD District-developed Grade 9 ELA assessment

Grade 10 ELA	District, regional or BOCES-developed assessment	Elizabethtown-Lewis CSD District-developed English 10 assessment
Grade 11 ELA	Regents assessment	New York State Comprehensive English Regents Examination

For High School English Language Arts: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below. ## 2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

*assets/survey-uploads/5364/205885-TXEttx9bQW/HEDI Growth ELCS 2012-2013\_4.pdf*

## 2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*No local controls.*

## 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

## 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances   Assure that district will develop SLOs according to the rules established by SED (see: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> ).	Checked
2.14) Assurances   Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances   Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked

2.14) Assurances | Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.

### 3. Local Measures (Teachers)

Created Wednesday, October 24, 2012

Updated Friday, January 04, 2013

---

#### Page 1

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)
  
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
  
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
  
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
  
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
  
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

### 3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam
5	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam

6	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam
7	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam
8	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	All teachers will receive one score. See table and explanation in 3.3.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are exceptional and exceed the expectation.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are at the average range and meet the expectations for proficiency for the district.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores do not meet the expectations of the district and demonstrate opportunities for improvements.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are not acceptable and significantly reflect a need for immediate improvement.

### 3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam
5	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam
6	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam

7	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam
8	6(ii) School wide measure computed locally	NYS 4th Grade Science; NYS 7th Grade Mathematics; NYS Global Studies Regents Exam; NYS Comprehensive English Regents Exam

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are exceptional and exceed the expectation.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are at the average range and meet the expectations for proficiency for the district.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores do not meet the expectations of the district and demonstrate opportunities for improvements.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are not acceptable and significantly reflect a need for immediate improvement.

### 3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

For all additional courses, as applicable: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	All teachers will receive one score. See table and explanation in 3.13.
Highly Effective (18 - 20 points) Results are well above District- or BOCES -adopted expectations for growth or achievement for grade/subject.	Combined test scores are exceptional and exceed the expectation.
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are at the average range and meet the expectations for proficiency for the district.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores do not meet the expectations of the district and demonstrate opportunities for improvements.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Combined test scores are not acceptable and significantly reflect a need for immediate improvement.

### 3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

### 3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

*None.*

### 3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

### 3.16) Assurances

Please check all of the boxes below:

3.16) Assurances   Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances   Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances   Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances   Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances   If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances   Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

*NYSUT Teacher Practice Rubric (2012 Edition)*

### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

*(No response)*

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	60
One or more observation(s) by trained independent evaluators	(No response)
Observations by trained in-school peer teachers	(No response)
Feedback from students using State-approved survey tool	(No response)
Feedback from parents/caregivers using State-approved survey tool	(No response)
Structured reviews of lesson plans, student portfolios and other teacher artifacts	(No response)

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word )

### 4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

### 4.4) Assurances

Please check all of the boxes below:

4.4) Assurances   Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances   Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

### 4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*Teachers' performance will be assessed using multiple measures grounded in the New York State Teaching Standards. The NYSUT Teacher Rubric will be used to assess teacher's professional practice. 60 points will be obtained through observations.*

*Evidence for evaluations will be determined through two (2) formal observations and one (1) unannounced observation for non-tenured teachers and all part-time teachers during their first three years with the district. All tenured teachers and part-time teachers with more than three years experience in the district will receive a minimum of one (1) formal observation and one (1) unannounced observation. All observations will be conducted by the Superintendent/Principal. This person will be a Board approved and fully certified evaluator.*

The teacher will assume shared responsibility with the administrator for gathering and presenting evidence to the evaluator. The goal is to create an accurate portrayal of the teacher's effectiveness and professional performance. Evidence gathered throughout the formal and unannounced observations will be used as part of the summative evaluation. Evidence for each teacher will be systematically organized using the NYSUT teacher evaluation system.

The scoring process will be:

1. For each rubric element observed within each standard there will be a score of 1 to 4 determined
2. For all observed elements scored within each standard, a standard score of 1 to 4 will be determined
3. An subtotal rubric score will then be determined based on the individual standard scores
4. The subtotal rubric score will be divided by the # of standards evaluated
5. An average rubric score will be calculated based on the final scores for each observation to give a total score of Professional Practice 1 - 4 rating
6. A HEDI rating will be assigned based on the total average rubric scores for all observations using the conversion chart.
7. Normal rounding rules will be applied for the Final APPR HEDI score. At no time will the final APPR component score not be a whole number.
8. In no instance will rounding rules (above) result in a teacher scoring out of their assigned HEDI range.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	3.5-4.0=Highly Effective or 59-60 on the composite score
Effective: Overall performance and results meet NYS Teaching Standards.	2.5-3.4=Effective or 57-58 on the composite score
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	1.5-2.4=Developing or 50-56 on the composite score
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	1.0-1.4=Ineffective or 0-49 on the composite score

#### 6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans   Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans   Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

#### 6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

#### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*To the extent that a teacher wishes to issue an appeal, the following appeals procedure is established:*

*1. Appeals will be limited to the following situations:*

*a. A teacher completing the first year of a three-year probationary*

appointment may appeal only an ineffective APPR composite rating;  
b. Any other teacher may appeal only an ineffective or a developing APPR composite rating;  
c. Any teacher may appeal an improvement plan if and only if the plan was generated as the result of an ineffective or developing composite rating, in accordance with Section II, e, below.

2. The scope of any appeal will be limited to the following subjects:  
a. The substance of the individual's annual professional performance review;  
b. The District's adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-c;  
c. The adherence to the Commissioner's regulations, as applicable to such reviews;  
d. Compliance with any applicable locally negotiated procedures regarding annual professional performance reviews or improvement plans, as limited by Section I, above; or,  
e. The District's issuance and/or implementation of the terms of the teacher improvement plan under Education Law 3012-c in connection with an ineffective or developing rating.

3. A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

4. The following timelines will be strictly adhered to unless extended by mutual agreement. Failure of the petitioner to meet a timeline will nullify the appeal; failure of the respondent to meet a time line will allow movement of the appeal to the next level. Any extension of appeals time lines will be timely and expeditious.

#### *Level 1 - Evaluator*

a. (Informal) Following a qualifying event, as defined in Sections I and II, above, the teacher shall be encouraged and shall be entitled to schedule a follow up meeting to informally discuss with the evaluator any and all related issues.  
b. (Formal) Any appeal must be submitted to the evaluator in writing no later than ten (10) school days or thirty (30) calendar days from the date when the teacher receives his/her annual professional performance review. APPR's mailed to a teacher during the summer recess will be sent via certified mail. If a teacher is challenging the issuance or implementation of a teacher improvement plan, the appeal must be submitted in writing within ten (10) school days of issuance or of the time when the teacher knew or should have known of an alleged implementation breach of such plan.  
c. When filing an appeal, the teacher must submit a detailed written description of the specific grounds for the appeal as well as the performance review and/or improvement plan being challenged. Along with the appeal, all supporting documentation must be submitted, or specifically noted if pending. Any grounds for appeal or any supporting documentation/information not submitted or noted at the time the appeal is filed shall not be considered.  
d. Within ten (10) school days of receipt of an appeal, the evaluator responsible for the issue(s) being appealed must submit a detailed written response to the appeal. Along with the response, all supporting documentation must be submitted, or specifically noted if pending, as well as any additional documents or materials relevant to the response. Any supporting documentation or information not submitted or noted at the time the response is issued shall not be considered in the deliberations related to the resolution of the appeal. The teacher initiating the appeal, and the Teacher's Association President, shall receive copies of the response and any and all additional information submitted with the response. The decision of the evaluator is final and binding unless the teacher initiating the appeal wishes to appeal the decision to Level 2.

#### *Level 2 - Superintendent or designee*

- a. Within five (5) school days of receipt of the Level 1 recommendation for resolution, the Superintendent of Schools or designee will give due consideration to the evaluator's recommendation and will issue a final and binding decision, in writing, to the appellant, to the Teachers' Association, and to the evaluator. Whether the appeal is denied, sustained, or modified, such decision will set forth the reasons and factual basis for each determination on each of the specific grounds raised in the appeal. If the appeal is sustained, the Superintendent or designee may set aside or modify a rating or improvement plan or order a new evaluation or improvement plan if procedures have been violated. The decision of the Superintendent or designee is final and binding unless the teacher initiating the appeal wishes to appeal the decision to Level 3.
- b. The Superintendent's designee cannot be the original evaluator.

#### *Level 3 -Panel*

- a. Within five (5) school days or fifteen (15) calendar days of receipt of the Level 2 determination, if a teacher is not satisfied with such determination, the Association must submit the appeal to a panel comprised of one (1) teacher representative, one (1) administration representative, and one panel member mutually agreed upon by the District and the Association. The panel will be provided the entire appeals record.
  - b. All members of the panel will be trained as evaluators. The panel will not include the original evaluator or the teacher whose evaluation is before the panel. All costs from a third panel member arising out of an appeal will be split equally between the District and the Association.
  - c. Within five (5) school days of receipt of the Association's appeal, the panel will jointly conduct a paper review and deliberation of the matter, and will issue a written resolution to the Teachers' Association President and the Superintendent of Schools or designee. The decision may be to deny the appeal, to sustain the appeal and grant the remedy sought, or to sustain the appeal and modify the remedy; further, reasoning for the recommendation, as well as dissenting opinions, if any, will be included with the recommendation. This panel's decision will be final and binding for all appeals.
5. The entire appeals record will be part of the teacher's APPR.
6. This appeals procedure constitutes the exclusive means for initiating, reviewing, and resolving any and all appeals within the scope of Sections I and II above. A teacher may not resort to any other contractual grievance procedure for the resolution of these appeals, except as otherwise authorized by law.

*All appeals will be done in a manner that is timely and expeditious, consistent with Education Law 3012-c(5)(a).*

## 6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The CEWW BOCES District Superintendent will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation. The district will utilize CEWW BOCES Network Team evaluator training and lead evaluator training and certification in accordance with SED procedures and processes. Lead evaluator training will include training on:*

- (1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable;*
- (2) Evidence-based observation techniques that are grounded in research;*
- (3) Application and use of the student growth percentile model and the value-added growth model;*
- (4) Application and use of the teacher rubric, including training on the effective application of such rubrics to observe a teacher's practice;*

(5) Application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.;

(6) Application and use of any locally selected measures of student achievement used by the district evaluate its teachers;

(7) Use of the Statewide Instructional Reporting System;

(8) The scoring methodology including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their subcomponent ratings; and

(9) Specific considerations in evaluating teachers of English language learners and students with disabilities.

The District Superintendent will ensure that lead evaluators participate in annual training and are re-certified on an annual basis. The BOCES Network Team will be utilized to provide the training and recertification. Any individual who fails to achieve required training or certification or re-certification, as applicable, shall not conduct or complete evaluations. All CEWW BOCES administrators have been participating in ongoing inter-rater reliability training as provided by the CEWW BOCES network team and schedules are already in place for continued training throughout the 2012-13 school year.

6.7) Assurances -- Data   Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data   Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data   Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

# 7. Growth on State Assessments or Comparable Measures (Principals)

Created Monday, December 10, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-12

### 7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	(No response)
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	N/A
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	N/A
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	N/A
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	N/A

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

## 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which

include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*No special considerations*

## 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

## 7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> .	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

## Page 1

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

**In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.**

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

*The options in the drop-down menus below are abbreviated from the following list:*

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-12	(d) measures used by district for teacher evaluation	NYS Grades 3-8 assessments in ELA and Math and NYS Regents Examinations (Integrated Algebra; Earth Science; English; Global History Geography 10; US History and Government)

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	(No response)
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded attachment below.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded attachment below.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded attachment below.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded attachment below.

### 9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

*Multidimensional Principal Performance Rubric*

*(No response)*

### 9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

*Yes*

If you checked "no" above, fill in the group of principals covered:

*(No response)*

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60

### 9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals   Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals   Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

### 9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable)   Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable)   Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

### 9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

*(No response)*

Note: When the State-approved survey list is posted, this form will be updated with dropdown menus of approved survey tools.

## 9.6) Assurances

Please check all of the boxes below:

9.6) Assurances   Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances   Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances   Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

## 9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*The Principal performance will be assessed using multiple measures grounded in the Multidimensional Principal Performance Rubric (MPPR). As the district only has one administrator who serves as both the Superintendent of Schools as well as the Principal of the small K-12 school district, evidence for evaluation portion of the Principal component will be determined through two school visits by another trained administrator/independent evaluator from a neighboring school district.*

*Other measures included in the evaluation include: created materials (portfolio/resume), and or other resources provided by the Principal. The goal is to create an accurate portrayal of the Principal's effectiveness and professional performance. The Principal will receive a final average score on the 1-4 rubric rating scale. This score is then converted to a HEDI rating. The rating categories are:*

*1.0-1.4 -Ineffective*

*1.5-2.4-Developing*

*2.5-3.4-Effective*

*3.5-4.0- Highly Effective*

*The rubric score will then be converted to a 60-point composite score. The process for conversion includes the following: each domain will receive a score from a 1-4. At the conclusion of the observation a subtotal will be created and then divided by the number of standards evaluated. At the conclusion, we will add the scores together and divide by 2 to determine the professional rating. This averaged rating from 1-4 will then be converted to a sub-component score ranging from 0-60 and a HEDI score rating ranging from Ineffective to Highly Effective for this portion of the 60 points.*

*In order to be consistent with the Commissioner's ranges for the overall composite score, these decimals must be converted to whole numbers when computing the overall composite score. In no instance will decimal rounding rules result in a principal scoring out of their assigned HEDI range.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

<assets/survey-uploads/5143/272765-pMADJ4gk6R/SubComponent to Rubric Conversion Chart.pdf>

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	3.5-4.0: Highly Effective or 59-60 on the composite score.
Effective: Overall performance and results meet standards.	2.5-3.4: Effective or 57-58 on the composite score.
Developing: Overall performance and results need improvement in order to meet standards.	1.5-2.4: Developing or 50-56 on the composite score.
Ineffective: Overall performance and results do not meet standards.	1.0-1.4: Ineffective or 0-49 on the composite score.

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	59-60
Effective	57-58
Developing	50-56
Ineffective	0-49

## 9.8) School Visits

Enter the minimum number of school visits that will be done by each of the following evaluators, making sure that the number of visits "by supervisor" is at least 1 and the total number of visits is at least 2, for both probationary and tenured principals. If your APPR plan does not include visits by a trained administrator or independent evaluator, enter 0 in those boxes.

### 11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans   Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans   Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

### 11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

- (1) the substance of the annual professional performance review
  
- (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c
  
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Any appeal will be handled in a timely and expeditious manner as per Education Law section 3012-c(5)(a).*

*Since the Elizabethtown-Lewis Central School District only has one administrator that serves as the Superintendent of Schools as well as building Principal, any appeal of the Principal shall be forwarded the Local District Superintendent of the regional BOCES within ten (10) days of receipt of the overall evaluation. The District Superintendent or his designee will review the appeal and a decision will be*

rendered within ten (10) days of the appeal regarding the merits and/or potential remedies to the appeal.

## 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The CEWW BOCES District Superintendent will ensure that all evaluators have been trained and that all lead evaluators (Directors of Special Education and CTE) have been trained and certified in accordance with regulation. The District will utilize the CEWW BOCES Network Team evaluator training and lead evaluator training and certification in accordance with SED procedures and processes. Lead evaluator training will include training on:*

- (1) The New York State Teaching Standards, the ISLLC Learning Standards, and their related elements and performance indicators and their related functions, as applicable;*
- (2) Evidence-based observation techniques that are grounded in research;*
- (3) Application and use of the student growth percentile model and the value-added growth model;*
- (4) Application and use of the teacher or principal rubric(s), including training on the effective application of such rubrics to observe a teacher or principal's practice;*
- (5) Application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.;*
- (6) Application and use of any locally selected measures of student achievement used by the district evaluate its teachers or principals;*
- (7) Use of the Statewide Instructional Reporting System;*
- (8) The scoring methodology including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings; and*
- (9) Specific considerations in evaluating teachers and principals of English language learners and students with disabilities.*

*The CEWW BOCES District Superintendent will ensure that lead evaluators participate in annual training and are re-certified on an annual basis. The BOCES Network Team will be utilized to provide the training and recertification. Any individual who fails to achieve required training or certification or re-certification, as applicable, shall not conduct or complete evaluations. The network team has established an ongoing professional development group with all of the Superintendents in the region and CEWW BOCES Directors this will help ensure inter-rater reliability across districts.*

# NOTE FOR ALL HEDI CHARTS IN ATTACHMENT 2.11

The Elizabethtown-Lewis Central School District has developed all of the following charts with the understanding that all HEDI points will be equally distributed within the scoring ranges of each course. All teachers will have the ability to earn any point value between 0 and 20.

The teacher, in collaboration with the Superintendent/Principal, will establish individual student growth targets using pre-assessment baseline data. Based on the overall percentage of students who meet or exceed their individual growth target a corresponding 0-20 HEDI score will be determined.

**ELIZABETHTOWN-LEWIS CSD**  
**APPR PLAN 2012-2013**  
**SCORING FOR 'LOCAL SCORE' 20 POINTS**

Elizabethtown-Lewis CSD will utilize a '**building score**' concept applied to the entire teaching staff as the basis for the 'local assessment' portion of a teacher's APPR scoring.

The ELCS 'building score' is based on a combination of the NYS Grade 4 Science Assessment; NYS Grade 7 Mathematics Assessment; NYS Grade 10 Global Studies Regents Examination; and the NYS Comprehensive English examination.

**STEP 1: GRADE 4 SCIENCE ASSESSMENT**

ELCS will use the **mean average scale score results** from the NYS Grade 4 Elementary-Level Science Assessment as compared to the mean average scale score of the State average (for all students taking the test). Any deviation (differential) of our mean average scale score from the state's mean average scale score (plus or minus) will be provided a score value.

EXAMPLE:

On the 2013 NYS Grade 4 Science Assessment, the state-wide Average Scale Score is 667.

On the 2013 NYS Grade 4 Science Assessment, the ELCS Average Scale Score is 670.

$670-667=3$ , for a differential of 3.

On the chart below, a value of 3 represents a score of 15.

20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
$\geq+8$	+7	+6	+5	+4	+3	+2	+1	0	-1	-2	-	-	-	-	-	-	-	-	-	$\leq-$
											3	4	5	6	7	8	9	10	11	12

**STEP 2: GRADE 7 MATHEMATICS ASSESSMENT**

ELCS will use the **mean average scale score results** from the NYS Grade 7 Mathematics Assessment as compared to the mean average scale score of the State average (for all students taking the test). Any deviation (differential) of our mean average scale score from the state's mean average scale score (plus or minus) will be provided a score value.

On the 2013 NYS Grade 7 Math Assessment, the state-wide Average Scale Score is 683.

On the 2013 NYS Grade 7 Math Assessment, the ELCS Average Scale Score is 678.

$683-678=5$ , for a differential of minus 5.

On the chart below, a value of -5 represents a HEDI score of 7.

20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
$\geq+8$	+7	+6	+5	+4	+3	+2	+1	0	-1	-2	-	-	-	-	-	-	-	-	-	$\leq-$
											3	4	5	6	7	8	9	10	11	12

### STEP 3: 10<sup>TH</sup> GRADE GLOBAL STUDIES & ENGLISH

ELCS will use the **Passing Percentages** from the NYS Regents Examination in Global Studies and Comprehensive English. A score of 65% or higher constitutes passing.

High School scores are outlined in the chart below:

20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
100-98	97-95	94-90	89-85	84-80	79-75	74-70	69-65	64-60	59-55	54-50	49-45	44-40	39-35	34-30	29-25	24-20	19-15	14-10	9-5	4-0

EXAMPLE:

On the 2013 Global Studies Regents, ELCS has a passing percentage of 89%, earning 17 points on the chart above (yellow).

On the 2013 Comprehensive English examination, ELCS has a passing percentage of 84%, earning 16 points on the chart above (orange).

### STEP 4: DETERMINING THE TOTAL ELCS BUILDING SCORE

Combine the score points earned from each assessment in the combination, and then divide that number by the number of tests in the combo (4).

Test	Local Points Earned
Grade 4 Science	15
Grade 7 Math	7
Grade 10 Global	17
Grade 11 English	16
AVERAGE	$55 / 4 = 13.75$

The total Building-Wide Score for all teachers would be **14**.

### CONVERSION CHART BASED ON 15-POINT LOCAL SCORE (if state growth scores used)

# ELIZABETHTOWN-LEWIS CSD APPR PLAN 2012-2013

## PRINCIPAL SCORING FOR 'LOCAL SCORE' 20 POINTS

Elizabethtown-Lewis CSD will utilize a '**building-wide score**' applied to the Principal as the basis for the 'local assessment' portion of Principal APPR scoring.

The ELCS 'building-wide score' is based on a combination of the NYS 3-8 ELA Assessment results and the NYS 3-8 Mathematics Assessment results, as well as the "percentage passing rate" results from the five (5) required NYS Regents Examinations: English, Integrated Algebra, Global Studies, US History, and Earth Science.

There will be a three-step process outlined below.

### STEP 1: DETERMINING LOCAL 20 POINTS IN ELEMENTARY GRADES

ELCS will use the **mean average scale score results** from the NYS 3-8 ELA Assessment as compared to the mean average scale score of the State average (for all students taking the test). Any deviation (differential) of our mean average scale score from the state's mean average scale score (plus or minus) will be provided a score value.

The same formula approach as above will be used for the NYS 3-8 Mathematics Assessment for the math portion of the score.

These two averages will then be **combined and averaged** to determine a preliminary HEDI elementary score, which will comprise one half of the overall local HEDI score.

#### EXAMPLE:

On the 2013 NYS 3-8 ELA Assessment, the state-wide Average Scale Score is 664.

On the 2013 NYS 3-8 ELA Assessment, the ELCS Average Scale Score is 673.

$667-663=4$ , for a differential of +7.

On the chart below, a value of +7 represents a score of 20.

20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
>=+7	+6	+5	+4	+3	+2	+1	0	-1	-2	-3	-4	-5	-6	-7	-8	-9	-10	-11	-12	<=
																				-
																				13

On the 2013 NYS 3-8 Math Assessment, the state-wide Average Scale Score is 681.

On the 2013 NYS 3-8 Math Assessment, the ELCS Average Scale Score is 683.

$683-681= 2$ , for a differential of +2

On the chart below, a value of +2 represents a HEDI score of 15.

20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
>=+7	+6	+5	+4	+3	+2	+1	0	-1	-2	-3	-4	-5	-6	-7	-8	-9	-10	-11	-12	<=

																				13

Now average ELA (20) and Math (15) :  $(20+15)/2=18$ . **The Elementary Building-Wide Score is 18.** Go to next step.

## STEP 2: DETERMINING LOCAL 20 POINTS IN SECONDARY GRADES

ELCS will use the **Passing Percentages** from the five (5) NYS Regents Examinations required for graduation in New York State. The passing grade for a Regents examination is 65%. High School scores are outlined in the chart below:

20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
100-95	94-90	89-85	84-83	82-79	78-76	75-72	71-70	69-66	65-61	60-56	55-51	50-46	45-41	40-36	35-31	30-26	25-21	20-16	15-11	10-0

The ELCS overall proficiency passing rate for the Regents Exams in the chart below will be averaged together and a preliminary HEDI score will be assigned for the High School Component.

EXAMPLE: 2013 percentages of students passing the Five Required Regents Exam, where passing is 65%:

Comprehensive English	94
United States History	91
Global Studies	82
Earth Science	98
Integrated Algebra	95
<b>Combined Average</b>	<b>92%</b>

Using the above chart for conversion, an average of 92% would earn 19 points, therefore, the **High School Building-Wide Score would be 19.**

## STEP 3: DETERMINING THE TOTAL ELCS BUILDING SCORE

Average the preliminary elementary HEDI score and the preliminary High School HEDI score.

Elementary 18 + Secondary 19 = 37

$37/2 = 18.5 = 19$ .

\*\*Normal rounding rules apply. At no time will the final HEDI score not be a whole number.

**Total Local Schoolwide Measure for Principal: 19**

## CONVERSION CHART BASED ON 15-POINT LOCAL SCORE (if state growth scores used)

15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
<=4	3	2	1	0	-1	-2	-3	-4	-5	-6	-7	-8	-9	-10	<=-11

## HIGH SCHOOL SCORES DETERMINED AS BELOW:

15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
100	98	91	85	78	71	69	64	59	53	49	44	39	34	29	24
%-99	%-92	%-86	%-79	%-72	%-70	%-65	%-60	%-54	%-50	%-45	%-40	%-35	%-30	%-25	%-0

(Teacher Improvement Plans will be developed in collaboration with the assigned evaluator, the teacher who is being given the plan, and a representative from the Association (at the discretion of the teacher).

**DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form**

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

**The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:**

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
