Charles Leichner, Superintendent
Forestville Central School District
4 Academy Street
Forestville, NY 14062

Dear Superintendent Leichner:

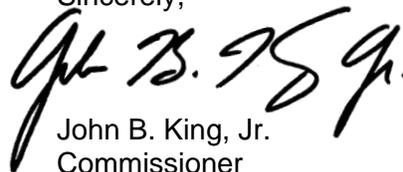

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Wednesday, May 09, 2012

Updated Thursday, December 20, 2012

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	School-or BOCES-wide, group or team results based on State assessments	4-6 NYS ELA Assessment
1	School-or BOCES-wide, group or team results based on State assessments	4-6 NYS ELA Assessment
2	School-or BOCES-wide, group or team results based on State assessments	4-6 NYS ELA Assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	See attached in 2.11
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	See attached in 2.11
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	See attached in 2.11

2	School-or BOCES-wide, group or team results based on State assessments	4-6 NYS Math Assessment

	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	See attached in 2.11

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5364/127499-TXEttx9bQW/HEDI SLO's Building Metrics Re-submission 12-20-2012.docx

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

Forestville CSD is not using locally developed controls

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Created Tuesday, September 11, 2012
Updated Thursday, December 20, 2012

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed

assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

For Locally Selected Measures, the District shall utilize a structured goal setting process developed by the state. The Locally Selected Measures component can measure achievement and/or growth.

Adjustment for Attendance on Locally-selected Measures

Student attendance is a significant factor in ensuring that students are provided with appropriate instruction so they can benefit from such and demonstrate learning. Given that the District has established an 85% threshold for student attendance, for students whose attendance does not meet the 85% threshold, their individual target achievement scores would be adjusted downward by 10 %. Given that this may be a significant factor in any teacher's classroom or any principal's school, adjustments would be made to add a maximum of 2 points to a teacher's or principal's HEDI score.

In order to mitigate problematic incentives for teachers or principals, the District has an established process for early identification of attendance issues with students, designed to encourage parents to send their children to school regularly and encourage students to attend school. These interventions and processes consist of the following: regular (monthly) school level meetings to identify students experiencing issues with attendance, attendance letters, classroom and school newsletters, social worker, counselor or school resource officer involvement (as necessary) and conferences with parents and students regarding attendance.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	36
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	24

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

See attached

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	Evidence of teacher practice falls well above expectations as defined by the rubric.
Effective: Overall performance and results meet NYS Teaching Standards.	Evidence of teacher practice meet expectations as defined by the rubric.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	Evidence of teacher practice falls below expectations as defined by the rubric.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	Evidence of teacher practice falls well below expectations as defined by the rubric.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

assets/survey-uploads/5265/176456-Df0w3Xx5v6/Teacher TIP Plan.docx

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeal Procedures

A. Purpose

The purpose of the internal APPR appeal process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. The appeal procedure shall provide for the timely and expeditious resolution of the appeal.

B. Right to Appeal

Any probationary or tenured teacher shall have the right to appeal any Annual Professional Performance Review in which the teacher was rated as ineffective or developing.

In accordance with Education Law §3012-c (5), an APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law §3020-a proceeding, or any locally negotiated procedure, until the appeal process is concluded.

C. Basis of Appeal

Appeals may be based on the following:

- 1) the substance of the Annual Professional Performance Review*
- 2) the school district's failure to adhere to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Section 3012-c of the Education Law and applicable rules and regulations.*
- 3) the school district's failure to comply with either the applicable regulations of the Commissioner of Education, or locally negotiated procedures as applicable to such reviews;*
- 4) the school district's failure to issue and/or implement the terms of the Teacher Improvement Plans, where applicable, as required under Section 3012-c of the Education Law*
- 5) the school district's failure to comply with any locally negotiated procedures pertaining to Annual Professional Performance Reviews and Teacher Improvement Plans.*

D. Content of the Appeal

All appeals shall be resolved based on the written record, although the building administrator shall reserve the right to meet with the teacher prior to rendering a final decision. When filing an appeal, the teacher shall submit a detailed written description of the basis for the appeal, along with any and all additional documents or written materials that support the appeal. A copy of the performance review and/or improvement plan(s) being challenged shall be submitted with the appeal. All preparation for an appeal shall be the responsibility of the person filing the appeal.

E. Stages of Appeal

Stage 1- Building Principal Review of Appeal - The Building Principal must be the principal responsible for the teacher's evaluation if practicable.

Stage 2- Appeals Committee Review of Appeal - If the teacher is not satisfied with the results of the appeal to the Building Administrator they may file an appeal with the Appeals Committee.

This committee shall be comprised of:

- two(2) teachers and selected by the Association*
- one (1) building principal that was not responsible for the evaluations of the teacher filing the appeal*

Stage 3- Superintendent of Schools Review of Appeal -If the teacher is not satisfied with the results of the appeal to the Appeals Committee they may file an appeal with the Superintendent of Schools.

F. Timeframe for Appeals

- 1. Appeals must be submitted in writing to the building principal no later than fifteen (15) days from the date when the teacher receives the Annual Professional Performance Review final score.*
- 2. A written decision on the merits of the appeal shall be rendered by the Building Administrator no later than ten (10) days from the date when the appeal was filed.*
- 3. If the teacher is not satisfied with the results of the appeal to the Building Principal they may file an appeal with the Appeals Committee within (10) days of receiving the decision of the Building Principal. The appeal must be filed with the President of the Association and Superintendent of Schools.*
- 4. A written decision on the merits of the appeal shall be rendered by the Appeals Committee no later than ten (10) days from the date when the Appeals Committee convened to discuss the appeal.*
- 5. If the teacher is not satisfied with the results of the appeal to the Appeals Committee they may file an appeal with the Superintendent of Schools within (10) days of receiving the decision of the Appeals Committee.*
- 6. A written decision on the merits of the appeal shall be rendered by the Superintendent of Schools no later than ten (10) days from the date when the appeal was filed.*

G. Additional Appeals Information

1. Decision on the appeal shall be based on the written record. The Building Principal/Appeals Committee/Superintendent shall reserve the right to meet with the teacher prior to rendering a final decision, but is not required to do so. The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal.

2. If the appeal is denied, the rating remains the same. If the appeal is sustained, the Building Principal/Appeals Committee/Superintendent shall change or nullify the rating.

3. The following circumstances would automatically nullify a rating:

- a. an observation conducted by an administrator prior to completing certification requirements for APPR
- b. an observation conducted by an administrator prior to passing the reliability check for using the observation rubric for the current school year
- c. failure to provide the minimal number of observations stipulated in the APPR
- d. failure to provide a Teacher Improvement Plan as specified in the APPR
- e. failure to implement substantial portions of a Teacher Improvement Plan, or significant delay (defined as one month or more) in implementing substantial portions of a Teacher Improvement Plan, so as to significantly interfere with its potential for success.

4. Cases of mathematical error would automatically result in a change of rating.

5. A copy of the decision shall be provided to the teacher and the school district administrator(s) who issued the performance review and/or was responsible for issuance and/or implementation of any teacher improvement plan that was the subject of the appeal

6. In the case of a successful appeal, the Building Principal/ Appeals Committee/ Superintendent shall set aside that rating on the basis of the Appeal.

7. The determination of the Superintendent of Schools shall not be grievable, arbitrable, nor reviewable in any other forum, other than defenses and/or challenges provided under law. Notwithstanding the above, the Association shall be able to grieve the District's failure to abide by the negotiated Appeals Procedures with respect to timelines in Section F (Timeframe for Appeals) and sections 3, and 4 of this Section.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

Training of Evaluators

The District will ensure that all Lead Evaluators/Evaluators are properly trained and certified to complete an individual's performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will replicate the recommended SED model certification process.

This training will include the following Requirements for Lead Evaluators/Evaluators:

- Evidence-based observation
- Application and use of Student Growth Percentile and Value Added Growth Model data
- Application and use of the State-approved teacher rubrics
- Application and use of any assessment tools used to evaluate teachers
- Application and use of State-approved locally selected measures of student achievement
- Use of Statewide instructional Reporting System
- Scoring methodology used to evaluate teachers
- Specific consideration in evaluating teachers of English language learners and students with disabilities.

All evaluators must be appropriately trained before conducting an evaluation, but only lead evaluators need to be certified to conduct evaluations. The Forestville Central School District will train the Superintendent of Schools and each Building Principal as a lead evaluator. Lead evaluators must also be periodically recertified to ensure inter-rater reliability.

The APPR regulation authorizes a certified school administrator to conduct observations or school visits as part of the APPR prior to completion of evaluator training, so long as he or she becomes properly certified to conduct evaluations prior to the completion of the evaluation.

Any individual who fails to achieve required training or certification or re-certification, by the District shall not conduct or complete an evaluation.

Starting in the 2012-2013 school year and thereafter, all lead evaluators and principals shall be appropriately trained and certified by October 1st of each school year or thirty (30) days after appointment.

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

7. Growth on State Assessments or Comparable Measures (Principals)

Created Friday, September 21, 2012

Updated Tuesday, October 02, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-6
7-12
(No response)

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

School or Program Type	SLO with Assessment Option	Name of the Assessment

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	(No response)
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	NA - Principal has State Provided Score
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	NA - Principal has State Provided Score
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	NA - Principal has State Provided Score
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	NA - Principal has State Provided Score

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

(No response)

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which

include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

(No response)

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Friday, September 21, 2012
Updated Thursday, December 20, 2012

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

7-12	(d) measures used by district for teacher evaluation	5 Required NYS Regents Exams

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	See attached

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list: <!--

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

(c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

(d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations

(e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades

(f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades

(g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)

(h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

(i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	See attached
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attached

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

Only one measure is being used

8.5) Assurances

Please check all of the boxes below:

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

(No response)

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents.	0

If the above points assignment is not for "all principals," fill out an additional copy of "Form 9.2: Points Within Other Measures" for each group of principals, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 9.2. (MS Word)

9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

<assets/survey-uploads/5276/186654-Df0w3Xx5v6/PIP.docx>

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

- (1) the substance of the annual professional performance review
- (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeal Process

Section 3012-c of the Education Law establishes a comprehensive annual evaluation system for building principals, as well as the issuance and implementation of improvement plans for principals whose performance is assessed as either developing or ineffective

To the extent that a principal wishes to challenge a performance review and/or improvement plan under the new evaluation system, the law requires the establishment of an appeals procedure, the specifics of which are to be locally negotiated pursuant to article XIV of

the Civil Service Law.

Forestville Central School will utilize a two-step appeal process for the principal. The first step of the appeal process will be a meeting with the superintendent to review the data used in the evaluation as well as data that the principal chooses to present. In the event that this review of data does not satisfy the principal the second step may be initiated. The second and final step of the principal's appeal process will be a meeting with the superintendent as well as an additional administrator in order to facilitate a resolution.

Our district assures that the appeals process will be timely and expeditious in compliance with education law 3012c.

11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

Training of Evaluators

The District will ensure that all Lead Evaluators/Evaluators are properly trained and certified to complete an individual's performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will replicate the recommended SED model certification process.

This training will include the following Requirements for Lead Evaluators/Evaluators:

- Evidence-based observation*
- Application and use of Student Growth Percentile and Value Added Growth Model data*
- Application and use of the State-approved principal rubrics*
- Application and use of any assessment tools used to evaluate principals*
- Application and use of State-approved locally selected measures of student achievement*
- Use of Statewide instructional Reporting System*
- Scoring methodology used to evaluate teachers*
- Specific consideration in evaluating teachers of English language learners and students with disabilities.*

All evaluators must be appropriately trained before conducting an evaluation, but only lead evaluators need to be certified to conduct evaluations. The Forestville Central School District will train the Superintendent of Schools and each Building Principal as a lead evaluator. Lead evaluators must also be periodically recertified to ensure inter-rater reliability.

The APPR regulation authorizes a certified school administrator to conduct observations or school visits as part of the APPR prior to completion of evaluator training, so long as he or she becomes properly certified to conduct evaluations prior to the completion of the evaluation.

Any individual who fails to achieve required training or certification or re-certification, by the District shall not conduct or complete an evaluation.

Starting in the 2012-2013 school year and thereafter, all lead evaluators and principals shall be appropriately trained and certified by October 1st of each school year or thirty (30) days after appointment.

The District will work to ensure that lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis and receive updated training on any changes in the law, regulations or applicable collective bargaining agreements.

11.5) Assurances -- Evaluators

Please check the boxes below:

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

11.6) Assurances -- Principals Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked

11.6) Assurances -- Principals Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
11.6) Assurances -- Principals Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline prescribed by the Commissioner.	Checked
11.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
11.7) Assurances -- Data Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

Appendix D: HEDI Scale – Forestville CSD 2012-2013

The following general HEDI descriptions will be used for all grades and subjects across the district. It will be used for the Student Learning Objectives (SLOs) and Local Measures of Achievement, based on the 20/20/60 model described in the Commissioner's Regulations.

HEDI Rating	Description
HIGHLY EFFECTIVE	The teacher made above average gains in student academic growth beyond the expectations (targets) set by the district at the beginning of the academic year.
EFFECTIVE	The teacher made acceptable and appropriate gains in student academic growth aligned to the expectations (targets) set by the district at the beginning of the academic year.
DEVELOPING	The teacher made gains in student academic growth but it did not meet the expectations (targets) set by the district at the beginning of the academic year.
INEFFECTIVE	The teacher did not any or little gains in student academic growth, and failed to meet expectations (targets) set by the district at the beginning of the academic year.

HEDI Chart #1

State Comparable Growth Subcomponent - Teachers of 3rd grade, 6-8 Social Studies & Science, NYS Regents courses, ELA 9 & 10, and Global 1 will be writing individual SLO's using the following process. Points will be assigned using the chart below.

HIGHLY EFFECTIVE		EFFECTIVE		DEVELOPING		INEFFECTIVE	
81 - 100%		61 - 80%		26-60%		0-25%	

Process for Setting Targets:

- Forestville CSD has adopted generic growth expectations for all grades and subjects with the bar set at **80%** for the percent of students who must meet their SLO targets in order for the teacher to receive the maximum number of points within the Effective range.
- Teachers will receive a point total from 0 to 20 points according to the percentage of their students who meet or exceed their SLO target score (see HEDI chart above).
- Teachers of 3rd grade, 6-8 SS and Science and teachers of Regents courses will collect baseline data in the fall of 2012 using a pre-assessment. Teachers will write individual SLO's based on their individual class results on the pre-assessment. The pre-assessment is district-developed, based on the New York State Learning Standards and parallel to the summative assessment identified in the APPR plan/Review Room that will be used to measure growth.
- The district has established a process whereby each teacher will develop a chart that has each student listed along with the pre-assessment score. Teachers are also allowed to use baseline information such as the previous year's benchmark and historical data to develop a rationale to set individual targets for students.
- Teacher's will submit their SLO's to the building principal for approval

Continued on next page

- Teachers will use their post-assessment as identified in APPR plan/Review room as evidence to measure each student's attainment of target.
- Teachers with more than one growth measure will have their SLO's weighted proportionately based on the number of students included in all SLO's. This will provide for one overall 20 point growth component score. See example below.

	SLO 1	SLO 2
Step 1: Assess results of each SLO separately	16/20 points	11/20 points
Step 2: Weight each SLO proportionately	Covers 60/110 students or 55% of overall students	Covers 50/110 students or 45% of overall students
Step 3: Calculate proportional points for each SLO	16 points x 55% = 9 points	11 points x 45% = 5 points
Overall Growth Score = 14 points

HEDI Chart #5:

State Comparable Growth Subcomponent – The following scale is for teachers who fall under a building SLO that uses the district’s state assessment results as evidence and was written by the district using previous school year state assessment data as baseline to establish targets for the current school year.

Middle School teachers - 6-12 teachers of LOTE, Physical Education, Health, Art, Technology, Music, Computer, FACS, Special Education.

Elementary teachers - K-2 teachers, K-5 teachers of Physical Education, Music, Computer, Art, Special Education and Title one Reading and Math

The Superintendent has approved targets for students based on state assessment results as evidenced by students’ SGPs the percent of students meeting the target will translate into points according to the chart below.

*Teachers whose results are found in more than 1 ratings score will use the Highest HEDI Score toward their rating.

** Percentage bases on students' scores that have been adjusted for student attendance according the formula found in the Forestville APPR Plan.

***Rounding will not occur with student scores and students who have been identified (IEP, 504, etc.) by the district will have "grade level" defined as a predetermined amount of grade level growth as determined by the District and teacher in the fall of each school year using the same process as described with teachers setting student targets for SLO.

For Teachers using multiple measures (Math and ELA) scores will be weighted equally HEDI SCORE 1(ELA) + HEDI SCORE 2 (MATH) divided by 2 = HEDI score for Local Measure of Achievement subcomponent.

Process for Setting Targets and Assigning Points:

- Forestville CSD has adopted generic growth expectations for all grades and subjects with the bar set at **80%** for the percent of students who must meet their achievement targets in order for the teacher to receive the maximum number of points within the Effective range.
- Teachers will receive a point total from 0 to 20 points according to the percentage of their students who meet or exceed their target score (see chart).
- The district has established a process whereby each teacher will develop a chart that has each student listed along with achievement target.
- Teachers will use their assessment as identified in APPR plan/Review room (and Chart B) as evidence to measure each student's attainment of target

*Teachers whose results are found in more than 1 ratings score will use the Highest HEDI Score toward their rating.

** Percentage bases on students' scores that have been adjusted for student attendance according the formula found in the Forestville APPR Plan.

***Rounding will not occur with student scores and students who have been identified (IEP, 504, etc.) by the district will have "grade level" defined as a predetermined amount of grade level growth as determined by the District and teacher in the fall of each school year using the same process as described with teachers setting student targets for SLO.

For Teachers using multiple measures (Math and ELA) scores will be weighted equally HEDI SCORE 1(ELA) + HEDI SCORE 2 (MATH) divided by 2 = HEDI score for Local Measure of Achievement subcomponent.

Process for Setting Targets and Assigning Points:

- Forestville CSD has adopted generic growth expectations for all grades and subjects with the bar set at **80%** for the percent of students who must meet their achievement targets in order for the teacher to receive the maximum number of points within the Effective range.
- Teachers will receive a point total from 0 to 20 points according to the percentage of their students who meet or exceed their target score (see chart).
- The district has established a process whereby each teacher will develop a chart that has each student listed along with achievement target.
- Teachers will use their assessment as identified in APPR plan/Review room (and Chart B) as evidence to measure each student's attainment of target

The above chart will be used for the secondary principal's measure of achievement. The numbers (0-339) represent the number of regents exams passed during the 2012-2013 school year. This target was approved by the superintendent.

Forestville Principal Practice Rubric (MPPR) Scoring Tool

Step 1: Score each indicator of MPPR rubric on the following scale

Ineffective	0
Developing	7
Effective	9
Highly Effective	10

Domain	Number of Indicators	Maximum Possible Rubric Points
1	4	40
2	10	100
3	5	50
4	3	30
5	6	60
6	3	30

Step 2: Total all points = Possible points = 310

Step 3: Percentage Determination

Total score / Maximum possible score = (i.e. if principal scores 279/310 = .9 or 90%)

Step 4: HEDI score Determination

Percent of total points x 60 = Score out of 60pts (i.e. 90% of 60 = 54 pts)

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
