Revised-Expedited Assessment Material Change

Timothy C. Hayes, Superintendent
Geneseo Central School District
4050 Avon Road
Geneseo, NY 14454

Dear Superintendent Hayes:

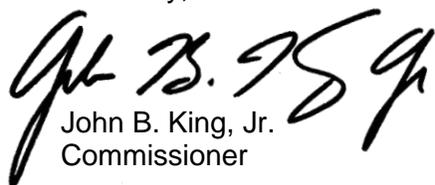

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) Expedited Assessment Material Change submission meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

NOTES:

Only the material changes included in your Expedited Assessment Material Change request were reviewed. The remaining sections of your district's/BOCES' plan, as approved by the Commissioner on January 4, 2013, remain in effect. Therefore, it is the responsibility of the district/BOCES to ensure that the change(s) approved will not have any impact on the implementation of any other part of its approved plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Expedited Material Change Form

Directions:

The following certification form is for use by school districts or BOCES that request to make a material change to their approved Annual Professional Performance Review (APPR) plan that relates solely to the elimination of unnecessary student assessments as described in Section 30-2.3(a)(2) of the Rules of the Board of Regents, effective February 11, 2014. For more information please see <http://www.regents.nysed.gov/meetings/2014/February2014/214p12heal.pdf>.

For districts/BOCES that wish to submit material changes to their approved APPR plan for use in the 2013-14 school year, this form must be completed and submitted to EducatorEval (educatoreval@mail.nysed.gov) ***no later than March 1, 2014***. Please note that the Department will not accept late submissions of this form. For districts/BOCES that wish to submit material changes to their approved APPR plan for use in the 2014-2015 school year and thereafter, this form must be completed and submitted to EducatorEval (educatoreval@mail.nysed.gov) ***on March 2, 2014 or later***. **Please type "Expedited Assessment Material Change" in the subject line of your email to ensure an expedited review of your material change request.**

The superintendent, district superintendent or chancellor of each school district or BOCES must provide an explanation of the changes to their approved APPR plan in addition to the required certification below—that no other material changes have been made to other portions of the APPR plan. In the form below, please identify the relevant Task(s) (2, 3, 7, and/or 8), as listed in the APPR Portal, that will be impacted by your requested material change. In each sub-task, please also indicate if the change was made to the selected assessment and/or the HEDI process and assignment of points.

Please note that the Department will only review the Task(s) and sub-task(s) indicated in this certification form and no other portion of the APPR plan will be reviewed by the Department for compliance with Education Law §3012-c. Therefore, it is the responsibility of the district or BOCES to assure that the changes requested will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-c. The Department recommends that school districts and BOCES consult with their local counsel before submitting this certification form and any changes to their currently approved plan in the APPR portal.

Please check the applicable boxes below to indicate which portions of the APPR plan have been changed that relate to the elimination of unnecessary assessments on students.

Statement of Assurances

By signing this document, the superintendent, district superintendent or chancellor, the president of the board of education and the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this expedited material change and the previously approved APPR plan and/or approved material changes constitute the district's or BOCES' Annual Professional Performance Review (APPR) plan, that collective bargaining negotiations have been completed on any requested material changes that affect provisions of the currently approved APPR plan that are subject to collective bargaining, and that such APPR plan complies with all of the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. The district or BOCES and its collective bargaining agent(s), where applicable, also assure that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents. The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that the district's or BOCES' complete APPR plan will be fully implemented by the school district or BOCES; that there are no collective bargaining agreements, memoranda of understanding or any other agreements in any form that prevent, conflict or interfere with full implementation of the district's or BOCES APPR plan, including any approved material changes; and that no material changes will be made to the plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-2 of the Rules of the Board of Regents.

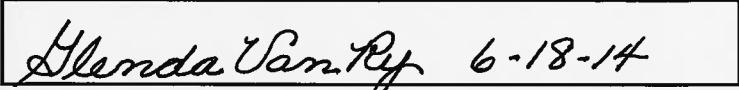

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific assurances with respect to their APPR plan:

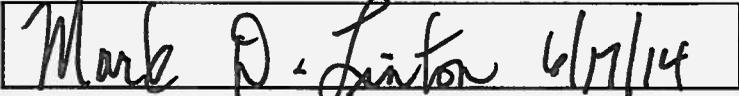

- Assure that the material changes indicated in this form are in compliance with Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.
- Assure that collective bargaining negotiations have been completed on any requested material changes that affect provisions of the currently approved APPR plan that are subject to collective bargaining,
- Assure that the district or BOCES' request for an expedited review of their APPR plan is only for material changes related to the elimination of unnecessary assessments on students in one or more of the following Task(s): Task 2 (State Growth or Other Comparable Measures subcomponent); Task 3 (Locally-selected Measures subcomponent); Task 7 (State Growth or Other Comparable Measures subcomponent); Task 8 (Locally-selected Measures subcomponent) and that no other Tasks of the district or BOCES' approved APPR plan have been changed.
- Assure that any expedited review approved by the Commissioner shall constitute part of the school district's or BOCES' currently approved APPR plan.
- Assure that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.
- Assure that the district's or BOCES' entire approved APPR plan, including any approved material change, has been posted on the district or BOCES website within 10 days after it is approved by the Commissioner.
- Assure that the district's or BOCES' request for an expedited material change will not prevent, conflict, or interfere with any existing collective bargaining agreement and/or full implementation of the APPR plan currently approved by the Department in any way or the described timeframes for submission of data in Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents. This includes, but is not limited to, that results will be provided and completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured.

- Assure that the district or BOCES understands that the Department will only review, in an expedited fashion, the material changes described on this assurance form and that no other portion of the APPR plan will be reviewed as part of this material change request, by the Department for compliance with Education Law §3012-c.
- Assure that the district or BOCES will continue to fully implement the currently approved APPR plan and will not have collective bargaining agreements, memoranda of understanding or any other agreements in any form that prevent that would prevent, conflict, or interfere with full implementation of the APPR plan.
- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing.
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations.
- Assure that the district or BOCES understands that the use of an expedited material change does not preclude the Department from conducting annual monitoring regarding the implementation of the requested change or of its entire approved APPR plan pursuant to the regulations.
- Assure that any material change to the APPR plan relating to assessment use will align with the applicable HEDI description(s) and uploaded document(s) for the given Task.

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR Plan approved by the Department. The Department also reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Tuesday, April 30, 2013

Updated Thursday, May 08, 2014

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), required if one exists

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or
District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, required if one exists

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	Geneseo Central School District ELA Assessment for Kindergarten

2	District, regional, or BOCES-developed assessment	Geneseo Central School District ELA Assessment for Second Grade

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for measuring student growth on the assessments listed for this Task.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Using data results from district developed pre-assessments, growth targets will be established by teachers of record for individual students. Based on the percentage of students who achieve their growth target goals, teachers will be assigned a score of 0-20 and will be identified as highly effective, effective, developing or ineffective according to the Geneseo Central School District HEDI scoring rubric.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Teachers will be rated as highly effective when 88-100% of their students achieve their growth target scores.

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Teachers will be rated as effective when 75-87% of their students achieve their growth target scores.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Teachers will be rated as developing when 65-74% of their students achieve their growth target scores.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Teachers will be rated as ineffective when 64% or less of their students achieve their growth target scores.

2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: student prior academic history, students with disabilities, English language learners, and students in poverty.

(No response)

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://www.engageny.org/resource/student-learning-objectives-guidance-document).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Created Tuesday, April 30, 2013

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment. Additionally, please provide a brief explanation in the HEDI general description box of why you have listed the grade/course as "Not Applicable" (e.g., district/BOCES does not offer this grade/subject; common branch teacher).

Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for different groups of teachers within a grade/subject if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: "[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment." For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: "GVEP-Developed Grade 7 Social Studies Assessment."

NOTE: If your district/BOCES is using the same assessment for both the State growth and other comparable measures subcomponent and the locally-selected measures subcomponent, be sure that a different measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in

the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 3-5
5	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 3-5
6	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 6-8
7	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 6-8
8	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 6-8

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: When completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.

3.2) Grades 4-8 Math

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 3-5
5	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 3-5
6	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 6-8
7	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 6-8
8	6(ii) School wide measure computed locally	State ELA and Math Assessment for Grades 6-8

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Please refer to the Section 3.3 upload for specifics regarding the assignment of HEDI ratings.

3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms
- 7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	6(ii) School-wide measure computed locally	State ELA and Math Assessment for Grades 3-5

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

(No response)

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

Local measures are based on building scores. Each teacher is assigned to the elementary, middle or high school. Therefore, no multiple selected measures will be utilized.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances | Assure the application of locally-developed controls will be rigorous, fair, and transparent.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list. (Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.1) Teacher Practice Rubric Rubric	Danielson's Framework for Teaching
---------------------------------------	------------------------------------

Second Rubric, if applicable	(No response)
------------------------------	---------------

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0. This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review. Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered by the points assignment indicated immediately below (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	39
One or more observation(s) by trained independent evaluators	
Observations by trained in-school peer teachers	
Feedback from students using State-approved survey tool	
Feedback from parents/caregivers using State-approved survey tool	
Structured reviews of lesson plans, student portfolios and other teacher artifacts	21

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, label accordingly, and combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The "Framework for Teaching" was selected as the basis for our Annual Professional Performance Review process because it is researched-based and provides a clearly defined framework to help teachers improve their instruction. More specifically, the framework:

1. Enhances professional practice by seeking to identify principles of effective practice and classroom organization. Such principles maximize student learning and promote student engagement.
2. Provides a common vocabulary for discussions regarding professional excellence in teaching.
3. Provides clear expectations, via the rubrics, about what constitutes proficient and distinguished teaching and serves as a guide for teachers striving to attain mastery teaching status.
4. The Framework for Teaching, with its 4 domains and 22 specific components, is designed to:
 - Provide every unit member, via the rubrics, valuable feedback to guide their planning for effective professional practice.

- Provide evaluators, via Domains 2 and 3, clear guidelines to assess the components of effective practice that are directly observable in the instructional setting.
- Provide unit members and evaluators, via Domain 1, Protocol for Pre-Observation Conference, and Protocol for Post-Observation Conference as vehicles for meaningful discussion on instructional/professional skills not directly observable in the classroom.
- Provides unit members and evaluators, via Domain 4, a vehicle for identifying Professional Responsibilities that are aligned with the Summative Review component of unit member observations.

PROFESSIONAL COMPETENCY DOMAINS

From Charlotte Danielson's

Enhancing Professional Practice: A Framework for Teaching

DOMAIN 1: Planning and Preparation (how a teacher designs instruction)

- 1a. Demonstrating Knowledge of Content and Pedagogy
- 1b. Demonstrating Knowledge of Students
- 1c. Selecting Instructional Goals
- 1d. Demonstrating Knowledge of Resources
- 1e. Designing Coherent Instruction
- 1f. Assessing Student Learning

DOMAIN 2: The Classroom Environment (the interactions that occur in the classroom)

- 2a. Creating an Environment of Respect and Rapport
- 2b. Establishing a Culture for Learning
- 2c. Managing Classroom Procedures
- 2d. Managing Student Behavior
- 2e. Organizing Physical Space

DOMAIN 3: Instruction (the heart of teaching---the actual engagement of students in content)

- 3a. Communicating Clearly and Accurately
- 3b. Using Questioning and Discussion Techniques
- 3c. Engaging Students in Learning
- 3d. Providing Feedback to Students
- 3e. Demonstrating Flexibility and Responsiveness

DOMAIN 4: Professional Responsibilities (the roles outside of those in the classroom)

- 4a. Reflecting on Teaching
- 4b. Maintaining Accurate Records
- 4c. Communicating with Families
- 4d. Contributing to the School and District
- 4e. Growing and Developing Professionally
- 4f. Showing Professionalism

Points for Domains 1, 2, and 3 are assigned during the observation process. Every classroom observation is scored utilizing the Teacher Observation Form. The Teacher Observation Form uses a 39 point scale. Every observation is rated utilizing the 39 point scale. Depending on the type of observation (Formal (announced) or unannounced) the 39 point score is converted to a score out of 26 points for Formal (announced) observations or a score out of 13 points for unannounced observations. For untenured teachers, the three formal observations are averaged to determine the score for formal (long) observations. Tenured teachers have a single formal observation which determines the formal observation score. Unannounced observations are assigned a value of 13 points. Every teacher has one informal observation. The total score for all observations equals 39 points. [The Teacher Observation Form and the conversion chart for formal (announced) and unannounced observations are contained in the attached Teacher Observation and Summative Processes and Documents - 60 points [resubmit] document.]

Points for Domain 4, Professional Responsibilities, are assigned during the summative review meeting between the evaluator and teacher. The Summative Review Form for Teachers is utilized to rate Professional Responsibilities for each teacher. Professional Responsibilities are assigned a value of 21 points. Artifacts which demonstrate competency in the elements of professional responsibility are reviewed by the evaluator during the summative conference.

The observation score out of 39 points and the professional responsibilities score out of 21 points are added together to determine the overall score out of 60 points for each teacher in the area of "other measures." The total score out of 60 points is utilized to determine the HEDI rating for a teacher in this subcomponent.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

<p>Highly Effective: Overall performance and results exceed NYS Teaching Standards.</p>	<p>Individuals at this level are master educators and make a contribution to the field, both in and outside their school. Their work space operates at a qualitatively different level, consisting of a community of learners, with students highly motivated and engaged and assuming considerable responsibility for their own learning.</p> <p>The Distinguished level is the level that all teachers should strive to attain; however, circumstances may create obstacles for consistent performance at this high level.</p>
<p>Effective: Overall performance and results meet NYS Teaching Standards.</p>	<p>The individual clearly understands the concepts underlying the component and implements it well. Most experienced, capable individuals will regard themselves and be regarded by others as performing at this level.</p> <p>“Teachers performing at the Proficient level have mastered the work of teaching while working to improve their practice.”</p>
<p>Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.</p>	<p>The individual appears to understand the concepts underlying the component and attempts to implement its elements. But implementation is sporadic, intermittent, or otherwise not entirely successful. Additional reading, discussion, visiting work spaces of other individuals, and experience (particularly supported by a mentor) will enable the individual to become more proficient in this area.</p> <p>For supervision or evaluation, this level is minimally competent-improvement is likely with experience, and little or no actual harm is done to students. A component area observed or described as “Basic” does not meet District Standards and intervention is likely.</p>
<p>Ineffective: Overall performance and results do not meet NYS Teaching Standards.</p>	<p>The individual does not yet appear to understand the concepts underlying the component. Working on the fundamental practices associated with the elements will enable the individual to grow and develop in this area.</p> <p>A component area observed or described as “Unsatisfactory” does not meet District Standards. This level may represent teaching, “that is below the licensing standard of ‘do no harm’”, and it is likely that the District will intervene.</p>

Highly
Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results exceed NYS Teaching Standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

The Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

6. Additional Requirements - Teachers

Created Tuesday, April 30, 2013

Updated Thursday, May 08, 2014

Page 1

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. All TIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a teacher's improvement in those areas. For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

assets/survey-uploads/5265/215605-Df0w3Xx5v6/TEACHER IMPROVEMENT PLAN 2012.pdf

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS ONLY

Appeals of annual professional performance reviews should be limited to those who receive composite ratings of ineffective or developing only.

WHAT MAY BE CHALLENGED IN AN APPEAL

Appeal procedures are limited to the following subjects:

- (1) The substance of the annual professional performance review;
- (2) The school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-c;
- (2) The adherence to the Commissioner's regulations, as applicable to such reviews;
- (3) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
- (4) The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the teacher or principal improvement plan under Education Law §3012-c.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF

The appealing party has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

TIMEFRAME FOR FILING APPEAL

All appeals must be submitted in writing no later than 15 calendar days of the date when the teacher receives his or her composite APPR rating. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

TIMEFRAME FOR DISTRICT RESPONSE

Within 15 calendar days of receipt of an appeal, the school district staff member(s) who issued the performance review or are responsible for either the issuance and/or implementation of the terms of the teacher's or principal's improvement plan must submit a detailed written response to the appeal.

The response must include any and all additional documents or written materials specific to the point(s) of disagreement in the response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal.

The teacher initiating the appeal shall receive a copy of the response and any and all additional information submitted with the response as soon as practicable but in no case later than one day after the response is filed.

DECISION-MAKER ON APPEAL

A decision shall be rendered by the superintendent of schools. The superintendent may seek counsel on an appeal from the Genesee Valley Education Partnership District Superintendent. In all cases, final decisions shall be determined by the Genesee Central School District Superintendent of Schools.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the date upon which the teacher filed his or her appeal. The appeal shall be based on a written record, comprised of the teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the response to the appeal and additional documentary evidence submitted with such response papers. Such decision shall be final.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained, the reviewer may set aside a rating if it has been affected by substantial error or defect, modify a rating if it is affected by substantial error or defect or order a new evaluation if procedures have been violated. A copy of the decision shall be provided to the teacher and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

EXCLUSIVITY OF SECTION 3012-C APPEAL PROCEDURE

The 3012-c appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and

appeals related to a teacher performance review and/or improvement plan. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law.

6.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

Evaluators will be trained in the nine elements defined by New York State teaching standards by attending training offered by the Genesee Valley Educational Partnership, Monroe 1 or Monroe 2 BOCES. All training consists of 10 sessions that are included in 6 to 10 days of training. In addition, evaluators will work collaboratively in weekly administrative team meetings to review and analyze lessons, evidence-based post-observation documents and evidence of professional responsibilities according to the Danielson model. Professional summer work will include evaluator review and training to insure inter-rater reliability and commonality of practice. Lead evaluators and evaluators will utilize authentic evidence gathered during actual teacher observations, review video of lessons and best practice, and will discuss and review the elements of Danielson as they reflect on the New York State teaching standards.

All documentation of training and development activities will be kept on file in the District Office. Upon completion of training, the superintendent will recommend to the Board of Education individuals who are able to conduct evaluations.

Recertification will occur yearly after individuals have participated in the ongoing professional development activities and the summer training.

6.5) Assurances -- Evaluators

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked

6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, April 30, 2013

Updated Thursday, May 08, 2014

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth or value-added measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.).

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-5
6-12

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth Assure that the value-added growth score(s) provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth Assure that the State-provided growth measure will be used if a value-added measure has not been approved	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district must select the type of assessment that will be used with the SLO from the options below.

If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs will begin first with the SGP/VA results.

Additional SLOs will then be set based on grades/subjects with State assessments, where applicable.

If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options: State-approved 3rd party or district/regional/BOCES-developed assessments that are rigorous and comparable across classrooms.

State assessments, required if one exists

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the grade configuration of the school or program the SLO applies to. Then, using the drop-down boxes below, please select the type of assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.” For State-approved 3rd party assessments, please include the name of the assessment exactly as it appears in RED on the State-approved list. For State assessments or Regents examinations, please indicate as such in the assessment name.

School or Program Type	SLO with Assessment Option	Name of the Assessment
------------------------	----------------------------	------------------------

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance. Please describe the process your district is using to measure student growth on the assessments listed for this Task. If applicable, please also include a description of the process for combining the State-provided growth score with the SLO(s) for this Task.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	No Principals will have comparable growth measures.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	No Principals will have comparable growth measures.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	No Principals will have comparable growth measures.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	No Principals will have comparable growth measures.
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	No Principals will have comparable growth measures.

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a principal's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: prior student achievement results, students with disabilities, English language learners, and students in poverty.

No special considerations are needed.

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://www.engageny.org/resource/student-learning-objectives-guidance-document .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Tuesday, April 30, 2013

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for different groups of principals within the same or similar programs or grade configurations if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

Also note: if your district/BOCES is using the same assessment for both the State growth or other comparable measures subcomponent and the locally-selected measures subcomponents, be sure that a different measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth or value-added measure (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a measure of growth or achievement from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.1 should be the same as those listed in Task 7.1.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration/Program	Locally-Selected Measure from List of Approved Measures	Assessment
K-5	(d) measures used by district for teacher evaluation	New York State Assessments in English Language Arts and Math for grades 3-5.
6-12	(d) measures used by district for teacher evaluation	New York State Assessments in English Language Arts and Math for grades 6-8 and the Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts.

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	<p>Please refer to the upload at 8.1 for specifics regarding the assignment of HEDI categories for the Elementary Principal and the Middle School component of the Middle School/High School Principal.</p> <p>The high school component of the Middle School/High School Principal will be determined by a comparison of 2013 student performance to the prior three years average performance of Geneseo High School students on the New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts. The average combined score for the five Regents Exams is 85.9. The overall subcomponent rating for the middle school/high school principal will be an average of the two HEDI scores.</p>
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	<p>Please refer to the upload at 8.1 for specifics regarding the assignment of HEDI categories for the Elementary Principal and the Middle School component of the Middle School/High School Principal.</p> <p>The high school component of the Middle School/High School</p>

Principal will be rated as highly effective if the 2013 average score for the 2013 New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts is 86.2 or higher.

Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Please refer to the upload at 8.1 for specifics regarding the assignment of HEDI categories for the Elementary Principal and the Middle School component of the Middle School/High School Principal.

The high school component of the Middle School/High School Principal will be rated as effective if the 2013 average score for the 2013 New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts is 85.3 to 86.1.

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Please refer to the upload at 8.1 for specifics regarding the assignment of HEDI categories for the Elementary Principal and the Middle School component of the Middle School/High School Principal.

The high school component of the Middle School/High School Principal will be rated as developing if the 2013 average score for the 2013 New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts is 84.7 to 85.2.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Please refer to the upload at 8.1 for specifics regarding the assignment of HEDI categories for the Elementary Principal and the Middle School component of the Middle School/High School Principal.

The high school component of the Middle School/High School Principal will be rated as ineffective if the 2013 average score for the 2013 New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts is 84.6 or lower.

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations/programs used in your district or BOCES in which the district/BOCES expects that fewer than 30% of students will receive a State-provided growth score (e.g., K-2, K-3, CTE). Then for each grade configuration, select a measure from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.2 should be the same as those listed in Task 7.3.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you

are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades
- (i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

No locally developed controls will be utilized.

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

For the Middle School/High School Principal, the HEDI score for the middle school assessments and the HEDI score for the Regents Exams will be averaged to determine an overall score.

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the point assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following point assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

9.3) Assurances -- Goals

Please check the boxes below if assigning any points to "ambitious and measurable goals":

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

Each principal will receive an "Other Measures of Effectiveness Score" out of 60 possible points based on The LCI Multidimensional Principal Performance Rubric. The Superintendent will make a minimum of two visits to the principal's school and will collect evidence on the rubric domains throughout the year. Each of the six domains carries a ten point value. The total score for each of the domains is added to determine the overall score out of 60 possible points for the Other Measures subcomponent.

Using the rubric, the superintendent will circle the descriptor for each item that best matches the principal's performance. Using a holistic approach, a HEDI rating and point value shall then be determined for each domain (out of 10 possible points) and then added together to achieve an overall score (out of 60 possible points) based on the rubric. Points will be assigned as indicated below.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district or BOCES. All PIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a principal's improvement in those areas.

For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS ONLY

Appeals of annual professional performance reviews should be limited to those who receive composite ratings of ineffective or developing only.

WHAT MAY BE CHALLENGED IN AN APPEAL

Appeal procedures are limited to the following subjects:

- (1) The substance of the annual professional performance review;
- (2) The school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-c;
- (2) The adherence to the Commissioner's regulations, as applicable to such reviews;
- (3) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
- (4) The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal or principal improvement plan under Education Law §3012-c.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF

The appealing party has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

TIMEFRAME FOR FILING APPEAL

All appeals must be submitted in writing no later than 15 calendar days of the date when the principal receives his or her composite APPR rating. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

TIMEFRAME FOR DISTRICT RESPONSE

Within 15 calendar days of receipt of an appeal, the school district staff member(s) who issued the performance review or are responsible for either the issuance and/or implementation of the terms of the principal's or principal's improvement plan must submit a detailed written response to the appeal.

The response must include any and all additional documents or written materials specific to the point(s) of disagreement in the response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal.

The principal initiating the appeal shall receive a copy of the response and any and all additional information submitted with the response as soon as practicable but in no case later than one day after the response is filed.

DECISION-MAKER ON APPEAL

A decision shall be rendered by the Genesee Valley Education Partnership District Superintendent.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the date upon which the principal filed his or her appeal. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the response to the appeal and additional documentary evidence submitted with such response papers. Such decision shall be final.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained, the reviewer may set aside a rating if it has been affected by substantial error or defect, modify a rating if it is affected by substantial error or defect or order a new evaluation if procedures have been violated. A copy of the decision shall be provided to the principal and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

EXCLUSIVITY OF SECTION 3012-C APPEAL PROCEDURE

The 3012-c appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a principal performance review and/or improvement plan. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement

11.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

The District will ensure that all lead evaluators/evaluators are properly trained and certified to complete an individual's APPR. Evaluator training will be conducted by certified Genesee Valley BOCES Network Team personnel. Evaluator training will occur regionally and will replicate the recommended State Education Department ("SED") model certification process incorporating the Regulations that were enacted to implement Education Law §3012-c. Evaluators will attend this BOCES training throughout the year at a duration as offered by Genesee Valley BOCES. This training will include the following Requirements for Lead Evaluators/Evaluators:

- New York State Teaching Standards and ISSLC Standards;
 - Evidence-based observation;
 - Application and use of Student Growth Percentile and Value Added Growth Model data;
 - Application and use of the State-approved teacher or principal practice rubrics;
 - Application and use of any assessment tools used to evaluate teachers and principals;
 - Application and use of State-approved locally selected measures of student achievement;
 - Use of Statewide Instructional Reporting System;
 - Scoring methodology used to evaluate teachers and principals; and
 - Specific considerations in evaluating teachers and principals of English language learners ("ELLS") and students with disabilities.
- The District will work with the Genesee Valley BOCES Network Team to ensure that lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis.

11.5) Assurances -- Evaluators

Please check the boxes below:

-

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall

rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

11.6) Assurances -- Principals

Please check all of the boxes below:

11.6) Assurances -- Principals Assure the entire APPR plan will be completed for each principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the building principal's performance is being measured.	Checked
11.6) Assurances -- Principals Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
11.6) Assurances -- Principals Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
11.6) Assurances -- Principals Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline prescribed by the Commissioner.	Checked
11.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked

All SLOs MUST include the following basic components:

Population	<i>These are the students assigned to the course section(s) in this SLO - all students who are assigned to the course section(s) must be included in the SLO. (Full class rosters of all students must be provided for all included course sections.)</i>
Learning Content	<i>What is being taught over the instructional period covered? Common Core/National/State standards? Will this goal apply to all standards applicable to a course or just to specific priority standards?</i>
Interval of Instructional Time	<i>What is the instructional period covered (if not a year, rationale for semester/quarter/etc)?</i>
Evidence	<i>What specific assessment(s) will be used to measure this goal? The assessment must align to the learning content of the course.</i>

Baseline	<i>What is the starting level of students' knowledge of the learning content at the beginning of the instructional period?</i>																				
Target(s)	<i>What is the expected outcome (target) of students' level of knowledge of the learning content at the end of the instructional period?</i>																				
HEDI Scoring	<i>How will evaluators determine what range of student performance "meets" the goal (effective) versus "well-below" (ineffective), "below" (developing), and "well-above" (highly effective)?</i>

Grades 4-5 Local Achievement Measure for Teachers of ELA and Math

The measure for local achievement for all Geneseo Elementary English Language Arts and Mathematics School Teachers (grades 4-5 teachers) shall be calculated as follows:

Step 1: Calculate the average, building-wide scaled score for 3-5 ELA and Math State assessments.

Step 2: Determine the numerator of the fraction by subtracting the minimum scaled score value from the building-wide average scaled score value.

Step 3: Determine the denominator of the fraction by subtracting the minimum scaled score value from the maximum scaled score value

Step 4: Divide the numerator by the denominator to obtain a quotient.

Step 5: Multiply the quotient by 100 to arrive at a percentage value.

Step 6: Convert this percentage value to a HEDI point value using the provided conversion chart.

Note: The percentages indicated are the minimum required to obtain the corresponding HEDI points.

How will evaluators determine what range of student performance “meets” the goal (effective) versus “well-below” (ineffective), “below” (developing), and “well-above” (highly effective)?

For all additional courses, as applicable: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	
Highly Effective (14 - 15 points) Results are well above District- or BOCES - adopted expectations for growth or achievement for grade/subject.	
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Charlotte Danielson's *Enhancing Professional Practice: A Framework for Teaching* (2nd ed. Alexandria, VA. Association for Supervision and Curriculum Development, 2007) is the resource used to guide conversations about teaching and learning. "The Framework" is the supporting document that is used for determining expectations for observations and professional responsibilities.

TEACHER IMPROVEMENT PLAN (TIP)

Purpose-Procedures-Points to Consider

For those staff members who are , and whose Overall Composite/Cumulative Evaluation is rated *as below district standards (Unsatisfactory/Ineffective or Basic/Developing)*, a Teacher Improvement Plan (TIP) shall be developed by the district in consultation with the Staff Member (Commissioner’s Regulation 100.2 - Subdivision (0) #4). *References to the Annual Professional Performance Review (APPR) may be found under Observation/Evaluation headings in Geneseo Faculty Association Contract.*

Purposes:

1. To demonstrate the commitment of the Geneseo Central School District to the ongoing growth and development of all Staff.
2. To improve the performance of staff members who have been identified by their administrator(s) as needing assistance in meeting acceptable criteria for the Geneseo APPR.
3. To implement a process that is positive and that should assist in professional growth for the staff.

Procedures:

1. When an Administrator’s *informal observation, formal observation* and/or summative evaluation of any Staff Member indicates an area of on-going concern with their performance, the Administrator(s) will inform the Superintendent of the need to provide a Teacher Improvement Plan (TIP). The Superintendent will notify the Geneseo Faculty Association of the concern.
2. This recommendation to the Superintendent for the Teacher Improvement Plan must be supplemented by copies of the APPR Formal Observation(s), *notes or descriptions of information gleaned from informal observations*, the APPR Personnel Improvement Plan, *and the Administrative Checklist*.
3. The Superintendent will review these documents. If the Administrator’s recommendation for a Teacher Improvement Plan is approved by the Superintendent, an individual improvement plan will be developed with the Staff Member and the Administrator. This written plan will focus on specific areas identified. Data collection or assistance will be designed by the Administrator with the input of the individual staff member.
4. The Administrator will review the plan with the Superintendent.
5. Strict confidentiality will be maintained throughout the duration of the plan.

Points to Consider:

1. Timelines regarding the formal observation process for should occur according to building-level and district procedures. These are separate from the NTIP.
2. Timelines regarding the GFA Contract with the Geneseo Central School District must be adhered to in addition to timelines created during the development of the NTIP.
3. Strategies to be included on the Teacher Improvement Plan (TIP) may be varied in accordance with the specific area(s) in need of improvement. The list below is not all-inclusive of possible improvement plan strategies, but may serve as a guide for developing the NTIP.
4. The duration of the NTIP should be relatively brief. Clear starting and ending dates should be established during the planning phase.

Possible Strategies for Improvement

Additional Formal Observations	Verbal discussion with unit member
Submission of lesson plans	Required professional readings
Informal classroom observations	Required attendance at workshops or conferences
Administrative memos	Additional consultation with mentor
Unit Member Consultant (Peer Tutoring)	Conversation With GFA Representative(s)
Planning sessions with a colleague	Classroom visitations and reflection

Local Achievement Measure for Elementary (Grades K-5)

Principal:

The measure for local achievement for the Principal of Geneseo Central Elementary School shall be calculated as follows:

Step 1: Calculate the average, building-wide scaled score for 3-5 ELA and Math State assessments.

Step 2: Determine the numerator of the fraction by subtracting the minimum scaled score value from the building-wide average scaled score value.

Step 3: Determine the denominator of the fraction by subtracting the minimum scaled score value from the maximum scaled score value

Step 4: Divide the numerator by the denominator to obtain a quotient.

Step 5: Multiply the quotient by 100 to arrive at a percentage value.

Step 6: Convert this percentage value to a HEDI point value using the provided conversion chart.

Note: The percentages indicated are the minimum required to obtain the corresponding HEDI points.

How will evaluators determine what range of student performance “meets” the goal (effective) versus “well-below” (ineffective), “below” (developing), and “well-above” (highly effective)?

HEDI Scoring

HIGHLY EFFECTIVE		EFFECTIVE						DEVELOPING					INEFFECTIVE		
15	14	13	<u>12</u>	11	10	9	8	7	6	5	4	3	2	1	0

Rationale

The elementary principal plays a critical role in the establishment of numeracy and literacy skills for all students. The 3-5 New York State Assessments provide a meaningful measure of the overall achievement for students in the Geneseo Central Elementary School.

9-12 Local Achievement Measure for MS/HS Principal

Target(s)

For the middle school/high school principal at Geneseo Central will use a combined score that includes a comparison of 2013 student performance to the prior three years average performance of Geneseo Middle School students on the New York State grades 6 through 8 Math and English Language Arts Assessments and the prior three years average performance of Geneseo High School students on the New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts.

The average combined score for the five Regents Exams is 85.9. The three year performance scores were utilized to determine the HEDI rubric being utilized to score this subcomponent. Principal performance will be based on the performance of Geneseo High School students on the 2013 New York State Regents Exams in Global Studies, American History, Living Environment, Integrated Algebra and English Language Arts. The overall subcomponent rating for the middle school/high school principal will be an average of the two HEDI scores. The 2013 average score will be compared to the prior three year average to determine the score for this subcomponent.

Rationale

The MS/HS Principal plays a vital role in students successfully achieving the graduation requirements. The five Regents Exams being utilized to determine the Local Achievement Measure are the most frequently utilized by students to graduate from Geneseo High School with a Regents Diploma.

GENESEO CENTRAL SCHOOL DISTRICT PRINCIPAL IMPROVEMENT PLAN (PIP)

Background: Section 30-2.10 of the Commissioner's regulations requires that any Principal rated as Developing or Ineffective through an APPR conducted under Section 3012-c of the Education Law shall receive a Principal Improvement Plan (PIP). PIPs shall be developed by the Principal's supervisor but only after discussion with the affected Principal. Union representation shall be afforded upon the Principal's request. A PIP is not a disciplinary action. The issuance and/or implementation of the terms of a PIP shall not be grievable under the collective bargaining agreement between the District and the Principals' Association, but shall instead be subject to the APRP Appeals procedure. Insufficient Principal implementation of this PIP may affect subsequent evaluations, including the scoring of Standard VI of the Principal evaluation rubric.

Principal Name: _____ Tenure Area(s): _____
 Status: 1st Year Probationary 2nd Year Probationary 3rd Year Probationary Tenured Other
 Evaluator Name: _____ Evaluator Position: _____
 Final Evaluation Date: _____ for the _____ school year, resulting in a HEDI rating of _____.

Directions for PIP Development: The Principal completes the following chart after discussion with the affected Principal and union representative, if any. Use additional pages if needed. Implementation of this plan will commence by _____¹.

Area(s) Needing Improvement	Timeline for Achieving Improvement	Principal Responsibilities (if any) and Timeframes:	Supervisor Contributions (if any) and Timeframes:	The Manner(s) by which Improvement will be Assessed

Directions for PIP Follow up: The supervisor, Principal and Union Representative (upon the Principal's request) will hold a PIP-Update meeting on _____ to discuss the status of implementing this PIP, the degree of improvement in the identified "Area(s) Needing Improvement," and updating this PIP if appropriate.

 Principal's Signature, Dated: _____

 Supervisor's Signature, Dated: _____

 Principals' Assoc. Pres., Dated: _____

¹ Implementation of the PIP must commence within 10 school days after class begins for the next school year.

UPDATED PRINCIPAL IMPROVEMENT PLAN (PIP)

Background: This Updated PIP is a modification of a PIP dated _____ and is based on a PIP-Update meeting held on _____. Updated PIPs are considered PIPS. Accordingly, Updated PIPs shall be developed by the Principal's supervisor but only after discussion with the affected Principal. Union representation shall be afforded upon the Principal's request. An Updated PIP is not a disciplinary action. The issuance and/or implementation of the terms of an Updated PIP shall not be grievable under the collective bargaining agreement between the District and the Principals' Association, but shall instead be subject to the APRP Appeals procedure. Insufficient Principal implementation of this Updated PIP may affect subsequent evaluations, including the scoring of Standard VI of the Principal evaluation rubric.

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

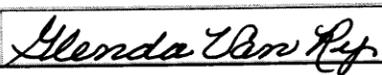

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
