Cyndi Dedominick, Superintendent
Lansingburgh Central School District
576 5th Avenue
Troy, NY 12182

Dear Superintendent Dedominick:

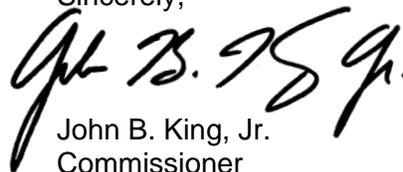

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Annual Professional Performance Reviews: 2012-13

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Monday, November 19, 2012

Updated Friday, December 21, 2012

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	Questar III Developed Grade K ELA Assessment

2	District, regional, or BOCES-developed assessment	Questar III Developed Grade 2 ELA Assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

The development of the SLO's will be overseen by the building principal of each building - Pre-k - 2, 3-5, 6-8 and 9-12. The District will use multiple measures, historical achievement, and pre-assessment data to establish baseline data and to establish the individual/group SLO's. Each SLO will be aligned with the Common Core, State, or National Standards, as well as any school or district priorities. As per NYS Education regulations, teacher scores will be based upon the degree to which their goals were attained. The pre-assessment will be administered at the beginning of the interval time defined in the SLO. The SLO will assess the most important learning for the semester/year. Class wide growth targets will be set by the teacher using the baseline data indicated above. The post-assessment will be administered during the time interval selected. Administrators will assign points in accordance with the District HEDI criteria.

Highly Effective (18-20 points) Results are well-above state average for similar students (or District goals if no state test) 90%-100% of the students achieve or exceed the target determined in the SLO.

Effective (9-17 points) Results meet the state average for similar students (or District goals if no state test). 51% - 89% of the students achieve or exceed the target determined by the SLO.

Developing (3-8 points) Results are below state average for similar students (or District goals if no state test). 36%-50% of the students achieve or exceed the target determined in the SLO.

Ineffective (0-2 points) Results are well-below the state average (or District goals if no state test). 0% -35% of the students achieve or exceed the target determined in the SLO.

See attached Lansingburgh approved HEDI Chart.

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).

For High School Math Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

The development of the SLO's will be overseen by the building principal of each building - Pre-k - 2, 3-5, 6-8 and 9-12. The District will use multiple measures, historical achievement, and pre-assessment data to establish baseline data and to establish the individual/group SLO's. Each SLO will be aligned with the Common Core, State, or National Standards, as well as any school or district priorities. As per NYS Education regulations, teacher scores will be based upon the degree to which their goals were attained. The pre-assessment will be administered at the beginning of the interval time defined in the SLO. The SLO will assess the most important learning for the semester/year. Class wide growth targets will be set by the teacher using the baseline data indicated above. The post-assessment will be administered during the time interval selected. Administrators will assign points in accordance with the District HEDI criteria.

Highly Effective (18-20 points) Results are well-above state average for similar students (or District goals if no state test) 90%-100% of the students achieve or exceed the target determined in the SLO.

Effective (9-17 points) Results meet the state average for similar students (or District goals if no state test). 51% - 89% of the students achieve or exceed the target determined by the SLO.

Developing (3-8 points) Results are below state average for similar students (or District goals if no state test). 36%-50% of the students achieve or exceed the target determined in the SLO.

Ineffective (0-2 points) Results are well-below the state average (or District goals if no state test). 0% -35% of the students achieve or exceed the target determined in the SLO.

See attached Lansingburgh approved HEDI Chart.

Highly Effective (18 - 20 points) Results are well-above District goals for similar students.

Results are well-above District or BOCES adopted expectations for growth or achievement of student learning standards for grade/subject. (See attached chart)

Effective (9 - 17 points) Results meet District goals for similar students.	Results meet District or BOCES adopted expectations for growth or achievement of student learning standards for grade/subject. (See attached chart)
Developing (3 - 8 points) Results are below District goals for similar students.	Results are below District or BOCES adopted expectations for growth or achievement of student learning standards for grade/subject. (See attached chart)
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	Results are well-below District or BOCES adopted expectations for growth or achievement of student learning standards for grade/subject. (See attached chart)

2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	District, regional or BOCES-developed assessment	Lansingburgh CSD developed 9th Grade ELA Benchmark Assessment
Grade 10 ELA	District, regional or BOCES-developed assessment	Lansingburgh CSD developed 10th Grade ELA Benchmark Assessment

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

N/A

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked

2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	5) District, regional, or BOCES–developed assessments	Questar III developed Grade 4 Summative ELA Assessment

7	5) District, regional, or BOCES–developed assessments	Questar III developed Grade 7 ELA Summative Assessment
8	5) District, regional, or BOCES–developed assessments	Questar III developed Grade 8 ELA Summative Assessment

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State

determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

Teachers with more than one locally selected measure will have their scores combined commensurate with the ratio of students tested or the number of assessments administered to the same population.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	40
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	20

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The Lansingburgh CSD APPR Committee worked to define a comprehensive and effective process for assigning points, and determining HEDI ratings using the teacher practice rubric. Charlotte Danielson's "A Framework for Teaching" (2007) will be utilized by the district as the teacher practice rubric. The classroom observations, and overall teaching performance, will be evaluated based on evidence of the following four domains:

- Domain One - Planning and Preparation*
- Domain Two - The Classroom Environment*
- Domain Three - Instruction*
- Domain Four - Professional Responsibilities*

The annual professional performance review for a teacher consists of at least two observations for tenured teachers and at least three for non-tenured teachers. The total possible points from observations will be 60 (10 points from domains 1-3 per observation and 10 points from domain 4, which will be calculated at the end of the year). An average will be calculated for each domain 1-3 based on the number of observations conducted through the year. The average will be placed in numeric form on the APPR determining the HEDI score. True numeric scores will be used, the averages will not be rounded. Domain 4 will be evaluated at the end of the school year following the Danielson Rubric for domains 4a through 4f. The evidence binder will be worth up to 20 points in addition to the observation. Teachers will be able to earn up to 4 points per category, in up to 5 categories to fulfill the 20 points. The categories of evidence will be: Use of assessment data to drive instruction; participation in learning communities; reflecting on their own teaching for implementing future lessons; maintaining accurate records; participation and/or service to school and/or district projects; enhancement of content knowledge and pedagogical skills; use of technology to enhance instruction; communication/engagement of families in the instructional program; and utilization of multiple resources to advocate for students' well-being and/or academic performance. Points will be distributed following a rubric: Extensive evidence (8 or more examples) = 4 points; Sufficient Evidence (6-7 examples) = 3 points; Modest evidence (4-5 examples) = 2 points; Insufficient evidence (2-3 examples) = 1 point; Less than 2 examples = 0 points.

Domains 1-3 are each worth a maximum of 10 points. Within each domain are the sub-domains which are each worth 4 points. So for example in Domain 1 there are 6 sub-domains for a total possible point value of 24 points. If a teacher earns 18 of the 24 that equals 75% of the possible 10 points for Domain 1 or 7.5 points. If a teacher receives all ratings of ineffective they will receive a score of zero.

Domain 1: 6 sub-domains (a-f) for a total of 24 maximum points

Domain 2: 5 sub-domains (a-e) for a total of 20 maximum points

Domain 3: 5 sub-domains (a-e) for a total of 20 maximum points

Domain 4: 6 sub-domains (a-f) for a total of 24 maximum points

We understand the composite score must be reported in whole numbers.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	Teachers who receive a score of 59-60 will be deemed highly effective, indicating their overall performance exceeds the NYS Teaching Standards.
Effective: Overall performance and results meet NYS Teaching Standards.	Teachers who receive a 57-58 will be deemed effective, indicating that their overall performance meets the NYS Teaching Standards.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	Teachers who receive a 50-56 will be deemed developing, indicating that their overall performance does not yet meet the NYS Teaching Standards, and improvement is needed.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	Teachers who receive a score of 0-49 will be deemed ineffective, indicating that their overall performance is furthest from meeting the NYS Teaching Standards.

6. Additional Requirements - Teachers

Created Monday, November 19, 2012
Updated Thursday, December 20, 2012

Page 1

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

<assets/survey-uploads/5265/240514-Df0w3Xx5v6/tip plan.pdf>

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

All appeals must be submitted in writing within 10 school days after the appeal is made. Only tenured teachers receiving an overall rating of "Developing" or "Ineffective" on their observations or end of year evaluation may appeal. Non-tenured teachers may not appeal.

A teacher must submit the appeal in writing within 10 school days from the post-observation conference or ten school days from the

receipt of the end of year final evaluation, whichever is later. The teacher's failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be considered abandoned.

When filing an appeal the teacher must submit a detailed written description of the specific areas of disagreement over his/her performance review, or the issuance and/or implementation of the terms of his/her improvement plan and any additional documents or materials relevant to the appeal. The performance review or improvement plan being challenged must also be included with the appeal. Any information not submitted at that time will not be considered.

The appeals panel, comprised of 2 members of the Lansingburgh Teachers' Association and 2 members of the Lansingburgh Administrators' Association (selected by their union presidents) shall meet within 10 days of the appeal being filed and shall issue a decision regarding the appeal within 3 school days after the appeal meeting, and shall make final and binding determinations regarding the appeal based on the totality of information that was presented at the appeal meeting. The panel's final determination shall not be subject to the grievance procedure or challengeable in any other forum.

In the event the appeals panel is unable to issue a decision within 3 school days, the appeal will go to the Superintendent. The Superintendent will have 5 school days to issue a final and binding determination. If the decision is not made within 5 school days, the process will begin with a new panel of 4 chosen from the pool of eligible members.

In no case will an appeal be longer than 150 school days.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

To assure that the Lansingburgh CSD lead evaluators are fully trained and highly qualified to evaluate teachers, the entire administrative team including principals, Assistant Superintendent, and Superintendent attended the following training sessions offered by the Questar III BOCES as part of the Race to the Top Initiative:

"APPR - Evidence Based Observation and Rating Using Approved SED Training Rubrics" Training (Part I and Part II) - Two full days of training

"Danielson Framework for Teaching - Rubric Specific Training" - Two full days

"Principal Lead Evaluator Training" - Two full days

To ensure inter-rater reliability, the lead evaluators will observe various teachers as a team, working across all four school buildings, with follow-up meetings to ensure that all evaluators are applying the rubric and assigning scores fairly and consistently.

The process to certify and re-certify lead evaluators will include continued annual training through Questar III BOCES.

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

7. Growth on State Assessments or Comparable Measures (Principals)

Created Monday, November 19, 2012

Updated Friday, December 21, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

Rensselaer Park Elementary (Gr. 3-5)
Knickerbacker Middle School (Gr. 6-8)
Lansingburgh High School (Gr. 9-12)

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

School or Program Type	SLO with Assessment Option	Name of the Assessment
Turnpike Elementary School (Pre-K - Gr. 2)	District, regional, or BOCES-developed	Lansingburgh CSD developed assessments Gr. Pre-K - Gr. 2 in math and ELA

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	The development of the SLO's will be overseen by the building principal and the district administrative staff for - Pre-k - 2. The District will use multiple measures, historical achievement, and pre-assessment data to establish baseline data and to establish the individual/group SLO's. Each SLO will be aligned with the Common Core, State, or National Standards, as well as any school or district priorities. As per NYS Education regulations, teacher scores will be based upon the degree to which their goals were attained. The pre-assessment will be administered at the beginning of the interval time defined in the SLO. The SLO will assess the most important learning for the semester/year. Classwide growth targets will be set by the teacher based on the baseline data collected. The post-assessment will be administered during the time interval selected. Administrators will assign points in accordance with the District HEDI criteria. Highly Effective (18-20 points) Results are well-above state average for similar students (or District goals if no state test) 90%-100% of the students achieve or exceed the target determined in the SLO. Effective (9-17 points) Results meet the state average for similar students (or District goals if no state test). 51% - 89% of the students achieve or exceed the target determined by the SLO. Developing (3-8 points) Results are below state average for similar students (or District goals if no state test). 36%-

	50% of the students achieve or exceed the target determined in the SLO. Ineffective (0-2 points) Results are well-below the state average (or District goals if no state test). 0% -35% of the students achieve or exceed the target determined in the SLO. See attached Lansingburgh approved HEDI Chart.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	Results are well-above District or BOCES adopted expectations for growth or achievement of student learning standards for grade or subject.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Results meet District or BOCES adopted expectations for growth or achievement of student learning standards for grade or subject.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Results are below District or BOCES adopted expectations for growth or achievement of student learning standards for grade or subject.
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	Results are well-below District or BOCES adopted expectations for growth or achievement of student learning standards for grade or subject.

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

For 2012-13, the locally developed controls used to set the goals for Comparable Growth Measures will include student prior academic history, students with disabilities, English language learners, and the poverty level of students in the classroom. Staff will be provided with the necessary demographic information, and to the extent possible, pre-assessment data and other student performance data that aligns with the content being taught. Based on that information, teachers will set a goal of achievement within a range of 50% to 80% growth. The rationale for including these factors is to provide guidance in setting goals across the building that are attainable for both teachers and students. From year to year any classroom teacher's composition of students can vary dramatically, requiring the ability of the teacher and the principal to set realistic, yet high, expectations for students and comparable goals for teachers based on these factors.

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Monday, November 19, 2012

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	For Grades 3-5 and 6-8 HEDI points will be awarded to a principal based on a percentage of students schoolwide scoring a 65 or better on listed assessments. For Grades 9-12 HEDI points will be awarded to a principal based on the percentage of graduates in 6 years
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Elementary and Middle School results are well-above District or BOCES adopted expectations for growth or achievement of student learning standards for grade/subject. 80% or more students meet identified targets. High School Principal will need to have a percentage of 6 year HS graduates greater of equal to 80%. 15 points = 90-100% 14 points = 80-89%

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade

configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

(h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

(i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
Pre-k - Grade 2	(d) measures used by district for teacher evaluation	Questar III developed grade level specific assessments in ELA Math

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

N/A

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

For principals with multiple measures the scores will be combined commensurate with the ratio of students tested, or the number of assessments administered to the same population.

8.5) Assurances

Please check all of the boxes below:

8.5) Assurances Assure that the application of locally developed controls will be rigorous, fair, and transparent	Check
8.5) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students, in accordance with any applicable civil rights laws.	Check
8.5) Assurances Assure that enrolled students are included in accordance with policies for student assignment to schools and may not be excluded.	Check
8.5) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Check
8.5) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction.	Check
8.5) Assurances Assure that it is possible for a principal to earn each point, including 0, for the locally selected measures subcomponent.	Check
8.5) Assurances Assure that locally-selected measures are rigorous and comparable across all principals in the same or similar programs or grade configurations across the district.	Check
8.5) Assurances If more than one type of locally-selected measure is used for different groups of principals in the same or similar grade configuration or program, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Check
8.5) Assurances Assure that all locally-selected measures for a principal are different than any measures used for the State assessment or other comparable measures subcomponent.	Check

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

60 points out of the composite score are based upon the 60 point summative year-end evaluation based on the Kim Marshall rubric. The Superintendent of Schools will perform a minimum of 2 principal observation/meetings with tenured principals on an annual basis and a minimum of 3 for non-tenured principals.

The Superintendent of Schools will provide the principal with a copy of the observation meeting form and will evaluate and score principals in a holistic manner covering the entire rubric.

As part of the observation process, principals are also required to submit artifacts pertaining to any element of the rubric for consideration. Evidence will be collected throughout the year to substantiate an administrator's work product.

Each domain set forth within this paragraph is premised upon the Principal Evaluation Rubrics by Kim Marshall. The observations of principals shall consist of six domains and ten elements per domain:

Each element has a MAXIMUM point value as follows:

(NOTE: It is possible for a principal to achieve a score of 0 due to scoring ranges within each domain)

Ineffective = .25; Developing = .50; Effective = .75; Highly Effective = 1.0

Domain One: Diagnosis and Planning (A maximum of 10 points as follows)

Ineffective = 0-2.5 points; Developing = 2.75 - 5 points; Effective = 5.25 - 7.5 points; Highly Effective = 7.75 - 10 points

Domain Two - Priority Management and Communication (A maximum of 10 points as follows)

Ineffective = 0-2.5 points; Developing = 2.75 - 5 points; Effective = 5.25 - 7.5 points; Highly Effective = 7.75 - 10 points

Domain Three: Curriculum and Data (A maximum of 10 points as follows)

Ineffective = 0-2.5 points; Developing = 2.75 - 5 points; Effective = 5.25 - 7.5 points; Highly Effective = 7.75 - 10 points

Domain Four: Supervision, Evaluation and Professional Development (A maximum of 10 points as follows)

Ineffective = 0-2.5 points; Developing = 2.75 - 5 points; Effective = 5.25 - 7.5 points; Highly Effective = 7.75 - 10 points

Domain Five: Discipline and Parent Involvement (A maximum of 10 points as follows)

Ineffective = 0-2.5 points; Developing = 2.75 - 5 points; Effective = 5.25 - 7.5 points; Highly Effective = 7.75 - 10 points

Domain Six: Management and External Relations (A maximum of 10 points as follows)

Ineffective = 0-2.5 points; Developing = 2.75 - 5 points; Effective = 5.25 - 7.5 points; Highly Effective = 7.75 - 10 points

Scores will be rounded to the nearest whole number using general rounding rules.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	Principals who receive a total score of 55 to 60 will be deemed highly effective, indicating their overall performance exceeds the NYS Teaching Standards. Point Values: 55 to 60 Marshall Principal Evaluation Rubric
Effective: Overall performance and results meet standards.	Principals who receive a total score of 40 to 54 will be deemed effective, indicating that their overall performance meets the NYS Teaching Standards. Point values: 40 to 54 Marshall Principal Evaluation Rubric
Developing: Overall performance and results need improvement in order to meet standards.	Principals who receive a total score of 20 to 39 will be deemed developing, indicating that their overall performance needs improvement to meet the NYS Teaching Standards. Point values: 20 to 39 Marshall Principal Evaluation Rubric
Ineffective: Overall performance and results do not meet standards.	Principals who receive a total score of 0 to 19 will be deemed ineffective, indicating that their overall performance is well-below what is required to meet NYS Teaching Standards. Point values: 0 to 19 Marshall Principala Evaluation Rubric

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	55 to 60
Effective	40 to 54
Developing	20 to 39
Ineffective	0 to 19

Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results meet ISLLC leadership standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet ISLLC leadership standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results do not meet ISLLC leadership standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

Page 1

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

<assets/survey-uploads/5276/240539-Df0w3Xx5v6/PIP Plan.pdf>

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeals of "Ineffective" and "Developing" Ratings only;

A. Probationary Administrators may submit a written rebuttal that will be attached to the APPR in the member's personnel file. Probationary administrators may not appeal the APPR.

B. Tenured Administrators may submit written rebuttals for determination of "Effective" if desired, but may not appeal such ratings.

Tenured administrators may only appeal the substance and rating, adherence to the standards and methodologies required for such review, adherence to the Commissioner of Education's regulations, issuance and/or implementation of the terms of an improvement plan in connection with "Ineffective" and "Developing" determinations. An administrator may not file multiple appeals regarding the same performance review or PIP. All grounds for an appeal must be raised specifically within one appeal. Any grounds not raised at the time the appeal is filed will be deemed waived.

Time Frame for Filing an Appeal:

Stage 1: The principal will appeal to the Superintendent in writing within 10 business days of receipt of the APPR. Within 5 business days of the submission of appeal the principal and the superintendent will have a meeting to discuss the appeal and the superintendent will respond in writing to the principal within 10 business days of the meeting.

Stage 2: The appeal must be resubmitted in writing to the Superintendent. A panel will be established, consisting of a minimum of two retired District-Level Administrators, mutually agreed upon by the Administrators Association and Superintendent. The appeal must be filed within ten business days of issuance of the stage I appeal decision, and shall set forth the basis of appeal. The failure to file an appeal within the time frame shall be deemed a waiver of the rights to appeal, and the appeal shall be deemed abandoned. When filing an appeal, the administrator must submit a detailed written description of the specific areas of disagreement over his or her performance review and any additional documents or materials relevant to the appeal. The performance review being challenged must be submitted with the appeal. If the panel members agree, in addition to considering the written records when making its decision, the panel may request additional written information, which may include questions addressed to the principal and/or the superintendent, in order to render its decision. Both the principal and the Superintendent will be notified of the panel's information requests. In the event the panel's request for information delays the process, such delay shall not be unreasonable. Other than additional information requested by the panel, any information not submitted at the time the appeal is filed shall not be considered.

Decision:

A written decision on the merits of the appeal by the Review Committee shall be rendered no later than thirty (30) calendar days from the date upon which the principal filed his or her appeal. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal. Such decision will be final. The decision shall set forth the reasons and factual basis for each determination of each of the specific issues raised in the principal's appeal. A copy of the decision will be provided to the principal and evaluator. The principal may rebut the appeal in writing but may not appeal the substance of the decision. However, failure of the District or Association to abide by the above agreed upon process is subject to the grievance procedure. If at any stage of the appeals process, where the rating is being appealed, a decision is made in favor of the principal, the decision must include a recalculation of the score consistent with the decision. This appeals process is the exclusive remedy for resolving disputes regarding an individual's APPR rating.

The district ensures that the appeals process will be timely and expeditious in compliance with Education Law 3012-c.

11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

- (a) The "lead evaluator" is the administrator who is primarily responsible for a principal's evaluation under Chapter 103. The term "evaluator" shall include any administrator who conducts an observation or evaluation of a principal.*
- (b) All evaluators shall successfully complete a training course that meets the minimum requirements prescribed in Chapter 103 and Section 30-2.9 of the regulations thereunder. Such training shall include application and use of the rubric(s) selected by the District for use in evaluations.*
- (c) Once an evaluator has successfully completed training course meeting the minimum requirements prescribed in the law and regulations, he/she shall be deemed to be certified by the District as a lead evaluator.*
- (d) Evaluators were certified through training consisting of 2 days of workshops provided by NYSCOSS, at least 4 days of workshops provided by Questar III BOCES, and half day Superintendent's Meetings at Questar III. All required elements were included. During these trainings, evaluators reviewed the elements and then apply them to our specific District plan. A sample record of such trainings is attached. Inter rater reliability will be developed by viewing videos and examining evidence and applying the rubric.*
- (e) Recertification will occur based on continued training through Questar III BOCES, NYSCOSS and in district. These trainings will review elements as necessary, but will primarily focus on sharing and application practice.*

A. Calculating Composite Scores for FFT

0-60 points are earned in the following ways:

Observations 0-40 points using the scoring calculation listed below in Scoring Calculation for Frameworks for Teaching Rubric

Evidence Binder 0-20 points using the scoring calculation listed below in Evidence Binder

Scoring Calculation for Frameworks for Teaching Rubric-

Ineffective = 1

Developing = 2

Effective = 3 (averaged score of 3-3.5 is effective for observation purposes)

Highly Effective =4 (averaged score of 3.6 – 4 is highly effective for observation purposes)

***Each Domain is worth a total of 10 points maximum**

Enhancing Professional Practice: A Framework For Teaching

	Overall rating

Domain 2: Classroom Environment	/10
Domain 3: Instruction	/10
Domain 4: Professional Responsibilities	/10
4a. Reflecting on teaching _____	
4b. Maintaining accurate records _____	
4c. Communicating with families _____	
4d. Participating in a Professional Community _____	
4e. Growing and Developing Professionally _____	
4f. Showing Professionalism _____	
Total	/40

Domain 1: (example)

Includes 6 sub-domains (a-f); each domain you can earn up to 4 points for a total of 24 points for Domain 1.

Domain 1a = 3 points (effective)

Domain 1b = 4 points (highly effective)

Domain 1c = 3 points (effective)

Domain 1d = 2 points (developing)

Domain 1e = 3 points (effective)

Domain 1f = 3 points (effective)

18 total points/ 24 possible points = 75%

Since each Domain is worth a total of 10 points, multiply by 10 and converts to a total of 7.5 points earned for

Domain 1:

Includes 6 sub-domains (a-f) for a total of 24 maximum points

Domain 2:

Includes 5 sub-domains (a-e) for a total of 20 maximum points

Domain 3:

Includes 5 sub-domains (a-e) for a total of 20 maximum points

Domain 4:

Includes 6 sub-domains (a-f) for a total of 24 maximum points

Evidence Binder = 20 points Points will be distributed according to the following rubric:

Extensive evidence (8 or more examples) - 4 points

Sufficient evidence(6 -7 examples) – 3 points

Modest evidence (4 – 5 examples) – 2 points

Insufficient evidence(2 -3 examples) – 1 point

Less than 2 examples - 0 points

The teacher will earn 4 points per category, up to 5 categories, to fulfill the 20 points required.

The categories are evidence of :

<u>Use of assessment data to drive instruction</u>	
<u>Participation in learning communities</u>	
<u>Reflecting on my teaching for implementing future lessons</u>	
<u>Maintaining accurate records</u>	
<u>Participation and/or service to school and/or district projects</u>	
<u>Enhancement of content knowledge and pedagogical skills</u>	
<u>Use of technology to enhance instruction</u>	
<u>Communications/engagement of families in the instructional program</u>	
<u>Utilization of multiple resources to advocate for students' well-being and/or academic performance</u>	

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
