Richard Nathan, Superintendent
Lindenhurst Union Free School District
McKenna Administration Building
350 Daniel Street
Lindenhurst, NY 11757

Dear Superintendent Nathan:

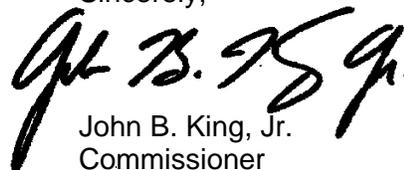

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Monday, May 07, 2012

Updated Monday, December 10, 2012

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	Lindenhurst-developed grade K ELA assessment
1	District, regional, or BOCES-developed assessment	Lindenhurst-developed grade 1 ELA assessment
2	District, regional, or BOCES-developed assessment	Lindenhurst-developed grade 2 ELA assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Growth targets will be set collaboratively by the teacher(s) and the appropriate administrator (department coordinator or principal) after they review relevant student baseline data. All targets will be reviewed by the Assistant Superintendent for Instruction and the Superintendent before final approval for relevance to instructional objectives, fairness, balance with other targets and the time/effort necessary to produce results. HEDI points will be awarded based on the percent of students meeting or exceeding individual growth targets. See 2.11
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Evidence indicates exceptional student learning gain across SLOs, including special populations. Expectations described in SLOs are well above District expectations.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Evidence indicates significant student learning gain across SLOs, including special populations. Expectations described in SLOs meet District expectations.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Expectations described in SLOs are nearly met. The teacher demonstrated a positive impact on student learning, but the overall results are below District expectations.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Evidence indicates little or no student learning gain across SLOs. Expectations described in SLOs are not met. Results are well-below District expectations.

2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5364/125943-TXEttx9bQW/2.11 HEDI CHART.xlsx

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

We are not using any controls.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable

growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers. The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	5) District, regional, or BOCES–developed assessments	Lindenhurst-developed grade 4 writing assessment
5	5) District, regional, or BOCES–developed assessments	Lindenhurst-developed grade 5 writing assessment
6	5) District, regional, or BOCES–developed assessments	Lindenhurst-developed grade 6 writing assessment
7	5) District, regional, or BOCES–developed assessments	Lindenhurst-developed grade 7 writing assessment
8	5) District, regional, or BOCES–developed assessments	Lindenhurst-developed grade 8 writing assessment

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	For grades 4 and 5, HEDI points are awarded to teachers based on the percent of students showing one year's growth between a pre-test and a summative writing assessment. See table 3.3. For grades 6-8, students were given a pretest to establish baselines. Using baseline data, teachers will set individual growth targets approved by the superintendent. HEDI points will be awarded based on the percent of students meeting or exceeding their individual growth targets. See table 3.3
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates exceptional student learning gain. Achievement far exceeds district expectations.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates significant student learning. Achievement meets district expectations.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates the teacher demonstrated a positive impact on student learning but achievement is slightly below district expectations.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates little or no gain in student learning. Results are significantly below district expectations.

3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment

7	6(ii) School wide measure computed locally	Lindhurst-developed grade 7 writing assessment
8	6(ii) School wide measure computed locally	Lindhurst-developed grade 8 writing assessment

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers. The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	6(ii) School-wide measure computed locally	Lindenhurst-developed grade k writing assessment
1	6(ii) School-wide measure computed locally	Lindenhurst-developed grade 1 writing assessment
2	6(ii) School-wide measure computed locally	Lindenhurst-developed grade 2 writing assessment
3	6(ii) School-wide measure computed locally	Lindenhurst-developed grade 3 writing assessment

For Grades K-3 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	For grades K-3, HEDI points are awarded to teachers based on the percent of students showing one year's growth between a pre-test and a summative writing assessment schoolwide. See table 3.13
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates exceptional student learning gain. Achievement far exceeds district expectations.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates significant student learning. Achievement meets district expectations.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates the teacher demonstrated a positive impact on student learning but achievement is slightly below district expectations.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates little or no gain in student learning. Results are significantly below district expectations.

3.5) Grades K-3 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	6(ii) School-wide measure computed locally	Lindenhurst-developed grade k writing assessment
1	6(ii) School-wide measure computed locally	Lindenhurst-developed grade 1 writing assessment
2	6(ii) School-wide measure computed locally	Lindenhurst-developed grade 2 writing assessment
3	6(ii) School-wide measure computed locally	Lindenhurst-developed grade 3 writing assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

No controls were used.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

For teachers teaching multiple courses or multiple courses to the same group of students, student performance will be weighted proportionally both for number of students and duration of course.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked

3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

Danielson's Framework for Teaching (2011 Revised Edition)

(No response)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	40
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	20

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

- 60% based on Charlotte Danielson’s Framework for Teaching (2011 Revised Edition). The 60 points to be distributed as below:
 - o Domain I – 12 points
 - o Domain II – 10 Points
 - o Domain III – 30 points
 - o Domain IV – 8 points

Evidence for Domains II and III will be gathered through the formal observation process and additional “walkthroughs”. Evidence for Domains I and IV will be gathered through review of teacher artifacts using a portfolio or evidence binder process and a review of student work.

Scores for each domain will be added together to result in the teacher's HEDI score. Components will be scored based on the totality of the evidence collected throughout the year and across multiple observations. We understand that scores must be reported in whole numbers.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

6. Additional Requirements - Teachers

Created Tuesday, May 08, 2012

Updated Wednesday, December 05, 2012

Page 1

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

[assets/survey-uploads/5265/126201-Df0w3Xx5v6/Lindenhurst_TIP_2012_Revised_1.doc](#)

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

1. An overall performance rating of "ineffective" on the annual evaluation is the only rating subject to appeal. Teachers who are rated developing, effective, or highly effective may elect to submit a written response to their overall rating, which shall be appended to their APPR evaluation and filed in the teacher's personnel file.

2. Within 20 school days of the receipt of a teacher's annual evaluation, the teacher may request, in writing, a review by the

Superintendent of Schools.

3. The request for appeal shall articulate in detail the basis of the appeal to the Superintendent of Schools. The evaluated teacher may only challenge the substance, rating and/or adherence to the parties' annual professional performance review plan adopted pursuant to 8 NYCRR 30-2 and Education Law 3012-c.

4. Within 10 school days of the receipt of the appeal, the Superintendent of Schools shall render an initial determination, in writing, respecting the appeal. Thereafter, the affected teacher may elect a review of the appeal papers by one outside expert who will be chosen from a panel of three persons selected by the District and the Teachers' Association of Lindenhurst. This shall be done within 5 days of the receipt of the Superintendent's initial determination.

5. The make up of the panel shall be identified in a separate written document between the parties. Its composition shall be reviewed annually beginning in July 1, 2013. The panelists shall be employed in rotating order; if a panelist is unavailable, the next listed panelist will be chosen. The cost of the expert review shall be borne by the District.

6. The expert may recommend a modification of the TIP or a modification of the rating, along with his/her rationale for the same. This expert review shall be completed within 10 school days of the delivery of the written request to the panel member; delivery will be by certified mail. No hearing shall be held and the review shall be based solely upon the original written appeal, the Superintendent's initial determination, the supporting papers submitted by the teacher and/or a response to the appeal by the teacher's evaluator. The panelist's written review recommendation shall be transmitted to the Superintendent and appellant upon completion. The Superintendent shall then consider the written review recommendation of the panelist and shall issue a written decision within 10 school days thereof. The determination of the Superintendent of Schools shall be final and shall not be grievable, shall not be subject to arbitration, or reviewable in any other forum. However, the teacher will be able to use all information in defense of a 3020-a proceeding. The failure of either party to abide by the above agreed upon process, shall be subject to the grievance procedure.

7. The teacher shall be entitled to representation and all rights provided by law and the collective bargaining agreement.

8. Any evaluation that results in an ineffective rating, shall require the district to provide to the teacher the evaluative ratings issued to the evaluator for the previous three years (if applicable) and proof of training completed pertaining to the agreed upon rubric.

9. An evaluation which is the subject of an appeal shall not be sought to be offered into evidence in any proceeding conduct pursuant to section 3020-a of the Education law, or any locally negotiated alternative disciplinary procedure, unless the appeals process is concluded.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

The District will certify lead evaluators as qualified to conduct teacher evaluations under 3012-c and Commissioner's Regulation 30-[30-2.9(a)]. The District will provide training to evaluators and lead evaluators in the Teachscape Framework for Teacher Proficiency System, including observer training and practice scoring. The district will provided training in the Teachscape Framework for Teaching Effectiveness Series. Upon completion of the 15 hour on-line course teachers are eligible for one in-service credit.

However, classroom observations required by this APPR plan may be conducted immediately and prior to such training, provided that the administrator performing such classroom evaluations are properly credentialed school administrators.

Lead evaluators and evaluators will maintain inter-rater reliability over time through Teachscape or a comparable provider's ongoing professional development.

Such lead evaluators shall be recertified periodically in accordance with law and regulation. Nothing herein shall require collaboration or negotiation with respect to any measure or item that is not negotiable pursuant to Education Law 3012-c, Subpart 30-2 of the Rules of the Board of Regents and/or Section 100.2(o).

6.5) Assurances -- Evaluators

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, May 08, 2012

Updated Thursday, December 06, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

k-5
6-8
9-12

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

School or Program Type	SLO with Assessment Option	Name of the Assessment
HS grades 9-12	State assessment	All Regents exams

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	Growth targets will be set collaboratively by the principals(s) and the Assistant Superintendent after they review relevant student baseline data. All targets will be reviewed by the Superintendent before final approval for relevance to instructional objectives, fairness, balance with other targets and the time/effort necessary to produce results. HEDI points will be awarded based on the percent of students meeting or exceeding individual growth targets. See table 7.3
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	.Evidence indicates exceptional student learning gain across SLO's, including special populations. Expectations described in SLO's are well above District expectations.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Evidence indicates significant student learning gain across SLO's, including special populations. Expectations described in SLO's meet District expectations.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Expectations in SLO's are nearly met. The staff demonstrated a positive impact on student learning, but the overall results are below district expectations.
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	Evidence indicates little or no student learning gain across SLO's. Expectations described in SLO's are not met. Results are well below below District expectations.

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

Not applicable

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Tuesday, May 08, 2012

Updated Monday, August 19, 2013

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades

(f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades

(g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)

(h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
9-12	(d) measures used by district for teacher evaluation	Lindenhurst-developed grade specific writing assessment
6-8	(d) measures used by district for teacher evaluation	Lindenhurst-developed grade specific writing assessment
k-5	(d) measures used by district for teacher evaluation	Lindenhurst-developed grade specific writing assessment

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	For grades K-5, HEDI points are awarded to principals based on the percent of students showing one year's growth between a pre-test and a summative writing assessment. See table 8.1 (15 points). For grades 6-12, students were given a pretest to establish baselines. Using baseline data, principals will set individual growth targets approved by the superintendent. HEDI points will be awarded based on the percent of students meeting or exceeding their individual growth targets. See table 8.1 (15 points)
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates exceptional student learning gain. Achievement far exceed district expectations.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates significant student learning. Achievement meets district expectations.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates achievement is slightly below district expectations.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Evidence indicates little or no gain in student learning. Results are significantly below district expectations.

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

(c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

(d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations

(e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades

(f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades

(g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)

(h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

(i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State

Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
9-12	(d) measures used by district for teacher evaluation	Lindhurst-developed grade specific writing assessment

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	For grades 9-12, students were given a pretest to establish baselines. Using baseline data, principals will set individual growth targets approved by the superintendent. HEDI points will be awarded based on the percent of students meeting or exceeding their individual growth targets. See table 8.2 (20 points).
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates exceptional student learning gain. Achievement far exceed district expectations.
Effective (9- 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates significant student learning. Achievement meets district expectations.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates achievement is slightly below district expectations.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Evidence indicates little or no gain in student learning. Results are significantly below district expectations.

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

No controls were used.

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

For principals with multiple measures, the measures will be weighted proportionally based on the number of students and the duration of courses

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

See attached document - Principals' Performance Evaluation (below). Domain scores will be added together to result in a principal's HEDI score. Components will be scored based on the totality of the evidence collected throughout the year and across multiple school visits. We understand that composite scores must be reported in whole numbers.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

[assets/survey-uploads/5276/126317-Df0w3Xx5v6/apprPrincipal Improvement Plan.docx](#)

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

A. Any principal who receives an ineffective rating for the first time on their annual total composite APPR shall be entitled to appeal their annual total composite rating based upon a paper submission to the Evaluator; who shall be trained in accordance with the requirements of the statute and regulations and also possesses either an SDA or SDL Certification. The appeal must be brought in writing to the Evaluator, specifying the areas(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-c of the Education Law. An appeal of an APPR evaluation must be commenced within ten (10) schools days of the presentation of the final document to the principal. (extended by an additional period of up to ten (10) calendar days if he or she is going to be on a

planned vacation.) Within five (5) days the Evaluator shall respond to the appeal with a written answer denying or approving the appeal. This must include an explanation and rationale behind that decision.

B. In the event that the ineffective rating is upheld by the initial evaluator, the principal shall be allowed to appeal to the Superintendent of Schools, who shall be trained in accordance with the requirements of the statute and regulations and also possesses either an SDA or SDL Certification. The appeal must be brought in writing to the Superintendent, specifying the areas(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-c of the Education Law. An appeal of an APPR evaluation must be commenced within ten (10) school days of receipt of the denial from the initial Evaluator. The Superintendent shall review the evidence underlying the observations of the principal along with all other evidence submitted by the principal prior to rendering a decision. Such decision shall be made within five (5) school days. The Superintendent shall respond to the appeal with a written answer denying or approving the appeal, This must include an explanation and a rationale behind that decision.

Second Ineffective Rating

C. Any principal who receives an ineffective rating for the second consecutive time on their annual total composite APPR, shall be entitled to appeal their annual total composite rating based upon a paper submission to the Evaluator; who shall be trained in accordance with the requirements of the statute and regulations and also possesses either an SDA or SDL Certification. The appeal must be brought in writing to the Evaluator, specifying the areas(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-c of the Education Law. An appeal of an APPR evaluation must be commenced within ten (10) school days of the presentation of the final document/score to the principal. Within five (5) days the Evaluator shall respond to the appeal with a written answer denying or approving the appeal. This must include an explanation and a rationale behind that decision.

D. In the event that the ineffective rating is upheld by the initial Evaluator, the principal shall be allowed to appeal to a Review Panel, consisting of three members, [Superintendent's designee (who shall not have evaluated/observed the appealing principal), Administrative designee, and a mutually agreed upon retired school administrator (RSA)]. This must be done within 5 days from the receipt of the denial by the initial Evaluator. The Review panel will consider the appeal of the principal who receives a second "ineffective" rating. In the event the parties are unable to agree on the RSA, the parties shall request a list of nine (9) retired school administrators willing and qualified to conduct the review. The list may be provided by SCOPE or any other mutually agreed upon organization that may possess such a list. If the parties cannot mutually agree upon an outside expert from the list, each party shall be afforded four (4) strike outs, with the remaining name being the individual selected. The review panel must be selected within 5 days of the request for a review panel. The review shall consist of reviewing the preliminary decision, the evidence underlying the observations/evaluations of the principal, and all other evidence submitted by the principal and/or the district. The evidence and arguments shall be presented in writing to the Review Panel for review within fifteen (15) business days of the panel's creation. The panel shall have the authority to request further information and/or clarification to be produced by either party in writing. Upon completion of the review, the Review Panel shall render a comprehensive written advisory opinion within ten (10) business days. The advisory opinion may recommend upholding, reversing, or modifying the preliminary determination as well as providing recommendations, including but not limited to adjustments to the principal's corrective actions.

E. Upon receipt of the advisory decision, the Superintendent shall, within five (5) school days, review said advisory opinion and in his/her sole discretion either adopt, reject, in whole, or in part, the advisory opinion. The decision of the Superintendent upon review of the advisory opinion shall be final and binding and shall not be subject to further review or appeals as a grievance, arbitration or other proceeding in any forum. Notwithstanding, nothing herein shall be construed as limiting the right of the employee to challenge the determination or any evaluation, including the second consecutive ineffective annual composite APPR evaluation, in any proceeding brought pursuant to Education Law Section 3020-a.

F. Effective June 30, 2014, the above appeals process shall sunset becoming null and void. The parties agree to begin renegotiations for a successor appeals process no later than February 15, 2014. In the event that a successor appeals plan is not reached, the above appeals process shall remain in effect. Nothing herein shall preclude the District from bringing a 3020-a proceeding not brought pursuant to the Ed Law 3012-c expedited procedures against the principal during successor negotiations of an appeals process.

11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

The District will certify lead evaluators as qualified to conduct teacher evaluations under 3012-c and Commissioner's Regulation 30-[30-2.9(a)]. The District will provide training to evaluators and lead evaluators in the Teachscape Framework for Teacher

Proficiency System, including observer training and practice scoring. The district will provide 22 hours of on-line training in the Teachscape Framework for Teaching Effectiveness Series. However, classroom observations required by this APPR plan may be conducted immediately and prior to such training, provided that the administrator performing such classroom evaluations are properly credentialed school administrators. Lead evaluators and evaluators will maintain inter-rater reliability over time through Teachscape or comparable ongoing professional development.

Lead evaluators will be recertified periodically in accordance with law and regulation. Nothing herein shall require collaboration or negotiation with respect to any measure or item that is not negotiable pursuant to Education Law 3012-c, Subpart 30-2 of the Rules of the Board of Regents and/or Section 100.2(o)

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
