James J. Austin, Superintendent  
Lyncourt Union Free School District  
2707 Court St.  
Syracuse, NY 13208

Dear Superintendent Austin:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.  
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

Created Thursday, June 14, 2012

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*no controls*

## 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

## 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked

### 3. Local Measures (Teachers)

Created Tuesday, June 26, 2012

Updated Thursday, October 04, 2012

---

#### Page 1

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)
  
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
  
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
  
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
  
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
  
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

### 3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	A scoring mechanism that scales assessment scores on the locally selected assessments to performance levels that are calculated the same for all 4-8 math teachers will be used. If a value-added model is not approved by the Board of Regents, a 20 point conversion model as described below will be used.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The locally selected assessments will be scored as follows: Assessment Scores Performance Level 0-54 1 55-64 2 65-84 3 85-100 4 Calculation $((\# \text{ of students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$ divided by # students tested Total score of 14-15 is highly effective
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The locally selected assessments will be scored as follows: Assessment Scores Performance Level 0-54 1 55-64 2 65-84 3 85-100 4 Calculation $((\# \text{ of students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$ divided by # students tested Total score of 8-13 is effective
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The locally selected assessments will be scored as follows: Assessment Scores Performance Level 0-54 1 55-64 2 65-84 3 85-100 4 Calculation $((\# \text{ of students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$ divided by # students tested Total score of 3-7 is developing

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The locally selected assessments will be scored as follows:  
Assessment Scores Performance Level  
0-54 1  
55-64 2  
65-84 3  
85-100 4  
Calculation  
 $((\# \text{ of students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$   
divided by # students tested  
Total score of 0-2 is ineffective

### 3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

## LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

#### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

#### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

#### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

##### *Appeals*

*The following procedure is the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher's performance review and/or improvement plan.*

*A teacher who receives an effectiveness composite score rating of “ineffective” or “developing” may appeal his or her performance review. Ratings of “highly effective” or “effective” cannot be appealed.*

*The scope of appeals under Education law 3012-c shall be limited to the following subjects:*

- 1. The school district’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-c;*
- 2. The adherence to the Commissioner’s regulations, as applicable to such review;*
- 3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and*
- 4. The school district’s issuance and/or implementation of the terms of the teacher improvement plan under Education law 3012-c.*

*A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appealing a particular performance review must be raised within the same appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.*

*All appeals must be submitted in writing no later than fifteen (15) calendar days of the date when the teacher or principal receives his/her annual professional performance review. If a teacher or principal is challenging the issuance of an improvement plan, appeals must be filed within fifteen (15) days of the issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.*

*A teacher wishing to initiate an appeal must submit, in writing, to the Superintendent a detailed description of the precise point(s) of disagreement over his or her performance review, along with any and all additional documents or written materials that he or she believes are relevant to the resolution of the appeal. Any such additional information not submitted at the time the appeal is filed shall not be considered in the deliberations related to the resolution of the appeal.*

*Under this appeals process the teacher bears the burden of proving by substantial evidence the merits of his or her appeal.*

*After receiving an appeal, the Superintendent, working with the Lyncourt Teachers Association President will convene a three person review panel comprised of the Superintendent or other district lead evaluator, the LTA President or designee, and one other person mutually agreed upon by the Superintendent and LTA President within fifteen (15) calendar days of the receipt of the appeal. Any district lead evaluator sitting on the review panel must be a neutral administrator and shall not have been involved in the evaluation process of the teacher filing the appeal.*

*The panel shall issue a written decision on the merits of the appeal no later than thirty (30) calendar days from the date when the teacher filed his or her appeal. The decision of the panel shall be final and an appeal shall be deemed completed upon the issuance of that decision. The decision of the panel shall not be subject to any further appeal. All information presented and discussed through the appeals process is to remain confidential among the review panel and the teacher involved with the appeal.*

*The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher’s appeal. If the appeal is sustained, the review panel may set aside a rating if it has been affected by substantial error or defect, modify a rating if it is affected by substantial error or defect or order a new evaluation if procedures have been violated. A copy of the decision shall be provided to the teacher and the evaluator(s) or the person(s) responsible for either issuing or implementing the terms of an improvement plan, if that person is different.*

## **6.4) Training and Certification of Lead Evaluators and Evaluators**

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The Board of Education will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation. The district will utilize the OCM BOCES Network Team evaluator/lead evaluator training in accordance with SED procedures and processes. The training will occur on a monthly basis throughout the school year with the total training time commensurate with SED expectations. Lead evaluator training will include:*

- 1. NYS Teaching Standards, and their related elements and performance indicators or ISLLC standards and their related functions;*
- 2. Evidence-based observation techniques grounded in research;*
- 3. Application and use of the student growth percentile model and the value-added growth model;*
- 4. Application and use of approved teacher or principal practice rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher’s or principal’s practice;*
- 5. Application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.;*

6. Application and use of any State-approved locally-selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals;

7. Use of the Statewide Instructional Reporting System;

8. Scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner

9. Specific considerations in evaluating teachers and principals of English language learners and students with disabilities. Upon completion of the initial year-long training for evaluators/lead evaluators, administrators will be certified as lead evaluators. Administrators responsible for teacher evaluation will continue training on an annual basis through participation in the annual follow-up training for evaluators/lead evaluators provided by the OCM BOCES Network Team. This training will support the continued growth in understanding of the nine elements of performance review listed above. Administrators who complete the annual follow-up training will be re-certified as lead evaluators. The Board of Education designates the superintendent to ensure that lead evaluators participate in the initial year-long training for lead evaluators and then participate in ongoing training on an annual basis for purposes of continued growth in understanding of the teacher performance evaluation process. The OCM BOCES Network Team will be utilized to provide the initial training as well as the ongoing annual training. The initial training for evaluators/lead evaluators and the annual training, thereafter, for purposes of continued growth, will maintain inter-rater reliability of evaluators over time.

# 7. Growth on State Assessments or Comparable Measures (Principals)

Created Thursday, May 17, 2012

Updated Monday, October 01, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

Pre K-8
(No response)

### 7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth   Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	not applicable..my one principal will receive the growth or value added score from the state.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	not applicable..my one principal will receive the growth or value added score from the state.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	not applicable..my one principal will receive the growth or value added score from the state.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	not applicable..my one principal will receive the growth or value added score from the state.
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	not applicable..my one principal will receive the growth or value added score from the state.

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

#### 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*(No response)*

## 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

## 7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

**In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.**

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

*The options in the drop-down menus below are abbreviated from the following list:*

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-8	(d) measures used by district for teacher evaluation	AIMS WEB/K-8

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	A scoring mechanism that scales assessment scores on the locally selected assessments to performance levels that are calculated the same for all K-8 students will be used. If a value added model is not approved by the Board of Regents, a 20 point conversion model as described below will be used. (see 8.2)
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The locally selected assessments will be scored as follows: Assessment Scores Performance Level 0-54 1 55-64 2 65-84 3 85-100 4 Calculation ((#students scoring 2,3,4)+(# students scoring 3,4)) X 7.5 divided by # students in building tested Total score of 14-15 is highly effective
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The locally selected assessments will be scored as follows: Assessment Scores Performance Level 0-54 1 55-64 2 65-84 3

85-100 4  
Calculation  
 $((\# \text{students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$   
divided by # students in building tested  
Total score of 8-13 is effective

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The locally selected assessments will be scored as follows:  
Assessment Scores Performance Level  
0-54 1  
55-64 2  
65-84 3  
85-100 4  
Calculation  
 $((\# \text{students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$   
divided by # students in building tested  
Total score of 3-7 is developing

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The locally selected assessments will be scored as follows:  
Assessment Scores Performance Level  
0-54 1  
55-64 2  
65-84 3  
85-100 4  
Calculation  
 $((\# \text{students scoring } 2,3,4) + (\# \text{ students scoring } 3,4)) \times 7.5$   
divided by # students in building tested  
Total score of 0-2 is ineffective

If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.***

- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades
- (i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

**Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.**

### 9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

### 9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0. Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review. Is the following points assignment for all principals?

*Yes*

If you checked "no" above, fill in the group of principals covered:

11.1) Assurances -- Improvement Plans   Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans   Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Appeals of annual professional performance reviews shall be limited to those that rate a principal as ineffective or developing only.*

*What may be challenged in an appeal: The scope of appeals under Education law 3012-c shall be limited to the following subjects:*

*1. The school district's adherence to the standards and methodologies required for*

such reviews, pursuant to Education Law 3012-c;

2. The adherence to the Commissioner's regulations, as applicable to such review;
3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
4. The school district's issuance and/or implementation of the terms of the teacher or principal improvement plan under Education law 3012-c.

*Prohibition against more than one appeal: A principal may not file multiple appeals regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed null and void.*

*Burden of proof: In an appeal, the principal has the burden of demonstrating a clear and legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.*

*Timeframe for filing an appeal: All appeals must be submitted in writing no later than seven (7) calendar days of the date when the principal receives his/her annual professional performance review. If a principal is challenging the issuance of an improvement plan, appeals must be filed within seven (7) days of the issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.*

*Appeal process: When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.*

*After receiving a principal appeal, a neutral administrator, selected through consultation with the BOCES District Superintendent, may be appointed to the Review Team at the request of either the evaluator or principal. The role of the review team will be to evaluate facts and evidence submitted by the principal. The presence of the appellant and the evaluator(s) are requested on the day of the Review Team meeting. If the person making the appeal chooses not to be present, the appeal moves directly to the decision of the superintendent.*

*Results of the Review Team fact-finding are submitted to the superintendent or superintendent's designee within twenty-four (24) hours. The superintendent or designee has seven (7) calendar days to provide the teacher or principal with his/her decision.*

*Decision-maker on appeal: A decision shall be rendered by the superintendent of schools or the superintendent's designee within (7) calendar days except that an appeal may not be decided by the same individual who was responsible for making the final rating decision. In such case, the board of education shall appoint another person to decide the appeal.*

*Decision: A written decision based on the merits of the appeal shall be rendered by the superintendent or his/her designee no later than seven (7) days after the Review Team submits its findings. The appeal shall be based on the written record, submitted to the Review Team, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district's response to the appeal and additional documentary evidence submitted with such papers to the Review Team. Such decision shall be final and binding and shall not be subject to further appeal under the collective bargaining agreement or in any administrative or judicial forum.*

*The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. A copy of the decision shall be provided to the principal and the evaluator or person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.*

## 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The Board of Education will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation. The district will utilize the OCM BOCES Network Team evaluator/lead evaluator training in accordance with SED procedures and processes. The training will occur on a monthly basis throughout the school year with the total training time commensurate with SED expectations. Lead evaluator training will include:*

- 1. NYS Teaching Standards, and their related elements and performance indicators or ISLLC standards and their related functions;*
- 2. Evidence-based observation techniques grounded in research;*
