Revised-Expedited Assessment Material Change

Timothy Farrell, Superintendent
Minerva Central School District
P.O. Box 39
1466 County Route 29
Olmstedville, NY 12857

Dear Superintendent Farrell:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) Expedited Assessment Material Change submission meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Elizabeth R. Berlin
Acting Commissioner

NOTES:

Only the material changes included in your Expedited Assessment Material Change request were reviewed. The remaining sections of your district's/BOCES' plan, as approved by the Commissioner on February 26, 2014, remain in effect. Therefore, it is the responsibility of the district/BOCES to ensure that the change(s) approved will not have any impact on the implementation of any other part of its approved plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

EXPEDITED MATERIAL CHANGE FORM

Directions:

The following certification form is for use by school districts/BOCES that request to make a material change to their approved Annual Professional Performance Review (APPR) plan that relates solely to the elimination of unnecessary student assessments as described in Section 30-2.3(a)(2) of the Rules of the Board of Regents. For more information please see <http://www.regents.nysed.gov/meetings/2014/February2014/214p12heal.pdf>.

Districts/BOCES that wish to submit material changes to their approved APPR plan for use in the current school year must complete and submit this form to EducatorEval (educatoreval@mail.nysed.gov) ***no later than March 1***. Please note that the Department will not accept late submissions of this form. **Please type “Expedited Assessment Material Change” in the subject line of your email to ensure an expedited review of your material change request.**

The superintendent, district superintendent, or chancellor of each school district/BOCES must provide a written explanation of the changes to their approved APPR plan in addition to the required certification below---that no other material changes have been made to other portions of the APPR plan. In the form below, please identify the relevant Task(s) (2, 3, 7, and/or 8), as listed in the APPR Portal, that will be impacted by your requested material change. In each sub-task, please also indicate if changes were made to the selected assessment, HEDI process, and/or assignment of points.

The Department shall complete the review of properly and completely submitted material changes ***within 10 business days of submission***. In order to be considered properly and completely submitted, the submission must include this form with all appropriate signatures and dates and a corresponding submission in the APPR Portal (as described above) that meets the requirements of Education Law §3012-c and Subpart 30-2 of the Board of Regents. If a plan is reviewed and rejected by the Department because it was not properly and completely submitted or for any other reason, the 10 business day requirement for an expedited review does not apply until a new, properly and completely submitted material change is submitted for approval.

Please note that the Department will only review the Task(s) and sub-task(s) indicated in this certification form and no other portion of the APPR plan will be reviewed by the Department for compliance with Education Law §3012-c. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-c. The Department recommends that school districts/BOCES consult with their local counsel before submitting this certification form and any changes to their currently approved plan in the APPR Portal.

The district or BOCES and its collective bargaining agent(s), where applicable, also assure that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents. The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that the district's or BOCES' complete APPR plan will be fully implemented by the school district or BOCES; that there are no collective bargaining agreements, memoranda of understanding, or any other agreements in any form that prevent, conflict or interfere with full implementation of the district's or BOCES APPR plan, including any approved material changes; and that no material changes will be made to the plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-2 of the Rules of the Board of Regents.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Tuesday, April 30, 2013

Updated Monday, November 17, 2014

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have State-provided measures, some may teach other courses where there is no State-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See Guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grade 8 Science, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), required if one exists

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or
District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, required if one exists

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

The teacher in collaboration with the principal will establish individual student growth targets using historical baseline data. For teachers in grades K-2 ELA, a school-wide measure will be used. The school-wide measure will be based on the percentage of students meeting or exceeding individual growth targets on the listed assessments. For grade 3 ELA the teacher will receive a HEDI score based on the teachers' class roster. Based on the overall percentage of students who meet or exceed their individual growth target a corresponding 0-20 HEDI score will be determined using the uploaded conversion chart in attachment 2.11. The district will administer the NYS Integrated Algebra Regents in January 2015 for students completing a course aligned to Integrated Algebra. For all other students, the NYS Common Core Algebra Regents will be used. So long as allowed by SED, these students will also have the option of taking the Integrated Algebra Regents. The district will administer the NYS Comprehensive English Regents in January and June 2015. Thereafter, students in Common Core courses will take the Common Core ELA Regents Assessment. So long as allowed by SED, these students will also take the Comprehensive ELA Regents Assessment. In any event where a student takes both versions of a Regents Assessment, the higher of the two scores will be used.

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used assigning points to a teacher’s score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: student prior academic history, students with disabilities, English language learners, and students in poverty.

At this time the District does not have any adjustments, controls or special considerations, beyond those previously described for the general process of assigning HEDI categories for measures of student growth, that will be used for setting targets for growth measures.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

3. Local Measures (Teachers)

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment. Additionally, please provide a brief explanation in the HEDI general description box of why you have listed the grade/course as "Not Applicable" (e.g., district/BOCES does not offer this grade/subject; common branch teacher).

Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for different groups of teachers within a grade/subject if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: "[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment." For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: "GVEP-Developed Grade 7 Social Studies Assessment."

NOTE: If your district/BOCES is using the same assessment for both the State growth and other comparable measures subcomponent and the locally-selected measures subcomponent, be sure that a different measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in

the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

Minerva students in NYS Common Core Algebra or Geometry will take both the NYS Integrated Algebra Regents/2005 Learning Standards Geometry Regents and NYS Common Core Algebra or Geometry Regents. Teachers will use the higher of the two assessment scores.

3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/12149/575906-y92vNseFa4/100 to 1-4 with 20 point HEDI REVISED 2.11.14-02112014104008.pdf

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

At this time the District does not have any adjustments, controls, or other special considerations that will be used for setting targets for local measures.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

In any event where a teacher will have multiple locally selected measures, each achievement score will be weighted proportionally based on student enrollment in each class/course. The achievement scores will be combined for one overall score. Any score resulting in a decimal will be rounded to the nearest whole number using standard rounding conventions. If rounding up would result in the teacher moving from one HEDI rating category to a higher rating category, the number must be rounded down.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked
3.16) Assurances Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum in required annual instructional hours for the grade.	Checked
3.16) Assurances Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.	Checked

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered by the points assignment indicated immediately below (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	40
--	----

One or more observation(s) by trained independent evaluators	
--	--

Observations by trained in-school peer teachers	
---	--

Feedback from students using State-approved survey tool	
---	--

Feedback from parents/caregivers using State-approved survey tool	
---	--

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, label accordingly, and combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

Teachers will be assigned a performance rating of 1-4 for each element included in Domains 1-4 of Danielson's Framework for Teaching (2011 Revised Edition). Teacher performance in Domain's 1 and 3 will be the focus of the first observation and teacher performance in Domain 2 will be the focus of the second observation. For all observations for each component of the rubric that is observed evidence will be collected. Teacher performance in Domain 4 will be determined by evaluating evidence collected through a Teacher Evidence Binder. A final average rubric score will be determined by factoring the average rubric score for the classroom

observations twice (66.66%) and the evidence binder once (33.33%). These scores will be added together to arrive at an overall average rubric score between 1 and 4. Once a final average rubric score is determined it will be converted to the 0-60 point scale using the attached conversion table. Any calculations that result in decimals will be rounded to the nearest whole number using standard rounding conventions. If rounding up would result in the teacher moving from one HEDI rating category to a higher rating category, the number must be rounded down. The rubric scores listed in the conversion chart are the minimum scores needed to receive the corresponding HEDI point values.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/12179/575907-eka9yMJ855/Appendix I conversion chart_1.xlsx

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	A teacher will receive a highly effective rating if they earn an average rubric score of more than 3.4.
Effective: Overall performance and results meet NYS Teaching Standards.	A teacher will receive an effective rating if they earn an average rubric score of between 2.5 and 3.4.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	A teacher will receive a developing rating if they earn an average rubric score of between 1.5 and 2.4.

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeals of Annual Professional Performance Reviews

1. APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS

This appeals procedure will apply to tenured teachers who have received a composite score of ineffective or developing. Probationary and part-time teachers may submit a rebuttal statement which will be attached to the APPR.

2. WHAT MAY BE CHALLENGED IN AN APPEAL

Appeal procedures in connection with an ineffective or developing rating will limit the scope of appeals under Education Law §3012-c to the following subjects:

- (1) The substance of the annual professional performance review
- (2) The school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-c;
- (3) The adherence to the Commissioner's regulations, as applicable to such reviews;
- (4) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
- (5) The school district's issuance and/or implementation of the terms of the teacher improvement plan in connection with an ineffective or development rating under Education Law §3012-c.

3. PROHIBITION AGAINST MORE THAN ONE APPEAL

A teacher may not file multiple appeals regarding the same performance review OR Teacher Improvement Plan. All grounds for appeal must be raised with specificity within one appeal.

4. BURDEN OF PROOF

In the appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

5. TIME FRAME FOR FILING APPEAL

- a. All appeals, whether based on performance rating or Teacher Improvement Plan, must be submitted to the evaluator, who issued the performance review or Teacher Improvement Plan, in writing no later than 15 calendar days from the date when the teacher receives his/her Annual Professional Performance Review rating or 15 calendar days from the issuance of the Teacher Improvement Plan.
- b. All APPR's sent to teachers over the summer will be hand delivered and/or sent by return-receipt certified mail to the teacher's home address. The failure to file an appeal within these time frames shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned unless extended by mutual agreement, but in no case will it be extended beyond 30 calendar days.
- c. When filing an appeal, the teacher must submit to the evaluator:
 - (1) A detailed written description of the specific area(s) of his/her performance review which may include the terms of his/her teacher improvement plan that is being challenged; and
 - (2) Any additional documents or materials relevant to the appeal; and
 - (3) The performance review and the teacher improvement plan being challenged.

6. TIME FRAME FOR EVALUATOR RESPONSE

- a. Within 15 calendar days of receipt of an appeal, the evaluator who issued the performance review must submit a detailed written response to the appeal.
- b. The evaluator's response must include:
 - (1) A detailed written response to the appeal addressing the specific area(s) being challenged; and
 - (2) Any and all additional documents or written materials specific to the point(s) being challenged that support the evaluator's response and are relevant to the resolution of the appeal; and
 - (3) Any modifications to the Teacher Improvement Plan.
- c. The teacher initiating the appeal shall receive a copy of the response filed by the evaluator, and any and all additional information submitted with the response.

7. PANEL APPEAL

- a. If the teacher is not satisfied with the response from the evaluator and the matter has not been resolved to his/her satisfaction, within 15 calendar days of receipt of the decision of the evaluator, the teacher may request an appeal to a three-person panel as described herein.
- b. The parties agree to formulate a three-person panel to hear the appeal. All members of the panel shall be trained evaluators. The Appeals Panel will consist of:
 - (1) The Superintendent (or his/her designee)
 - (2) The MCSTA President (or his/her designee)
 - (3) The Principal (or his/her designee)
- c. The decision/deliberations of the appeals panel shall be based on a written record which is comprised of:

- (1) The teacher’s appeal papers and any documentary evidence accompanying the appeal
- (2) The evaluator’s response to the appeal and any documentary evidence accompanying the response

8. DECISION

- a. A written decision from the Appeals Panel based on the merits of the appeal shall be rendered no later than 45 calendar days from the date upon which the teacher filed his/her appeal. The decision may be to deny the appeal, to sustain the appeal and grant remedy sought, or to sustain the appeal and modify the remedy.
- b. The determination of the appeal by the Appeals Panel pursuant to the above process is final and binding and not subject to any further appeal through the grievance process except as otherwise authorized by law.
- c. Nothing in this appeals procedure will restrict the right of the district or the obligation of the teacher to proceed in accordance with otherwise standard practice, e.g., implementation of an improvement plan, while an appeal is pending. Further, nothing herein shall be construed to alter or diminish the authority of the governing body of the school district to grant or deny tenure to or terminate probationary teachers during the pendency of an appeal for statutorily and constitutionally permissible reasons other than the teacher’s performance that is the subject of the appeal.

6.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

Minerva Central School District will comply with all requirements for the training, certification, and re-certification of all evaluators. This commitment includes both the initial trainings of all evaluators on the nine elements included in Section 30-2.9 of the Rules of the Board of Regents and the ongoing training and support essential to maintain the required inter-rater reliability. Training for all evaluators is being conducted by the WSWHE BOCES Network Team. Certification and re-certification of lead evaluators will be completed through the WSWHE BOCES Network Team and shall comply with all applicable laws and regulations. The “lead evaluator” is the administrator who is primarily responsible for a teacher’s APPR composite rating. The term “evaluator” shall include any administrator who conducts an observation or evaluation of a teacher. The District will work to ensure that lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis. All evaluators will participate in a minimum of one day of training annually, and as necessary, due to changes in the law, regulations, teacher practice rubrics, or applicable collective bargaining agreements. Inter-rater reliability training will be conducted by the WSWHE BOCES Network Team. Evaluator training will occur regionally through the WSWHE BOCES network training team and use of any other appropriate training venues which comply with the requirements of Section 30-2.9. The superintendent, upon receipt of proper documentation, will annually certify to the Board of Education, the level of training (evaluator or lead evaluator) for each evaluator.

7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, April 30, 2013

Updated Monday, November 17, 2014

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth or value-added measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.).

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district must select the type of assessment that will be used with the SLO from the options below.

If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs will begin first with the SGP/VA results.

Additional SLOs will then be set based on grades/subjects with State assessments, where applicable.

If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options: State-approved 3rd party or district/regional/BOCES-developed assessments that are rigorous and comparable across classrooms.

State assessments, required if one exists

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the grade configuration of the school or program the SLO applies to. Then, using the drop-down boxes below, please select the type of assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.” For State-approved 3rd party assessments, please include the name of the assessment exactly as it appears in RED on the State-approved list. For State assessments or Regents examinations, please indicate as such in the assessment name.

Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see:

<http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

Please also note that, for students using 3d party assessments in this Task, the 2nd drop-down option applies to grades 3 and above and the 4th drop-down option applies to grades K-2.

If applicable, please also include a description of the process for combining the State-provided growth score with the SLO(s) for this Task.

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a principal's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: prior student achievement results, students with disabilities, English language learners, and students in poverty.

At this time, the District will not use any adjustments, controls or other special considerations that will be used in setting targets for Comparable Growth Measures.

7.5) Principals with More Than One Growth Measure

If educators have more than one State-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked

7.6) Assurances -- Comparable Growth Measures Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade. 7.6) Assurances -- Comparable Growth Measures | Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.

8. Local Measures (Principals)

Created Tuesday, April 30, 2013

Updated Monday, November 17, 2014

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for different groups of principals within the same or similar programs or grade configurations if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

Also note: if your district/BOCES is using the same assessment for both the State growth or other comparable measures subcomponent and the locally-selected measures subcomponents, be sure that a different measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

Also note: no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth or value-added measure (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a measure of growth or achievement from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.1 should be the same as those listed in Task 7.1.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the process for assigning HEDI categories. An average student score will first be calculated for each of the five Regents assessments. Each of these average scores will be weighted equally (20%) and combined to form a final average 0-100 regents score. The final average 0-100 Regents score will be converted to a 1-4 score using the 100 point to 1-4 point conversion chart uploaded in 8.1. This 1-4 score will be converted to a 0-15 (for value added) or 0-20 HEDI score using the uploaded conversion charts. Any calculations that result in</p>

decimals will be rounded to the nearest whole number. If rounding up would result in the principal moving from one HEDI rating category to a higher rating category, the number must be rounded down. Students in Common Core courses will take both the NYS Comprehensive and Common Core English Regents and the NYS Integrated and Common Core Algebra Regents. The principal will use the higher of the two assessment scores for each subject.

9.6) Assurances

Please check all of the boxes below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The principal will be assigned a performance rating of 1-4 for each element included in Marshall's Principal Evaluation Rubric. When applicable, multiple ratings for the same element received over the course of multiple observations will be averaged, resulting in a final rating for that element. Final element ratings will be averaged to produce a 0-60 total principal practice score using the attached conversion table. Any principal practice score resulting in a decimal will be rounded to a whole number using standard rounding conventions. If rounding up would result in the principal moving from one HEDI rating category to a higher rating, the number must be rounded down.

The rubric scores listed in the conversion chart are the minimum scores needed to receive the corresponding HEDI point values.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/12205/575912-pMADJ4gk6R/Principal 0-60 Conversion Chart_1.xlsx

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	The principal will receive a highly effective rating if they earn an average rubric score of 3.5 or higher.
Effective: Overall performance and results meet standards.	The principal will receive an effective rating if they earn an average rubric score between 2.5 and 3.4.

Developing: Overall performance and results need improvement in order to meet standards.	The principal will receive a developing rating if they earn an average rubric score between 1.5 and 2.4.
Ineffective: Overall performance and results do not meet standards.	The principal will receive an ineffective rating if they earn an average rubric score between 1 and 1.4.

Please provide the locally-negotiated 60 point scoring bands.

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district or BOCES. All PIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a principal's improvement in those areas.

For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

assets/survey-uploads/5276/182700-Df0w3Xx5v6/Principal PIP.docx

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Probationary principals may not appeal the APPR. A probationary principal who earns a composite rating of ineffective or developing may submit a written rebuttal that will be attached to the APPR in the principal's personnel file.

A tenured principal who earns a composite rating of ineffective or developing may appeal his/her Annual Professional Performance Review (APPR) and the school district's issuance and/or implementation of a Principal Improvement Plan (PIP) in accordance with the procedures and conditions set forth in this section. Such procedures and conditions constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a principal's APPR and/or PIP.

Tenured principals may only appeal the substance of the review, the District's adherence to the standards and methodologies required for such review, adherence to the Commissioner's Regulations, and/or the issuance and/or implementation of the terms of a PIP, in connection with "ineffective" and "Developing" determinations.

A principal may not file multiple appeals regarding the same performance review. All grounds for appealing a particular performance review must be raised within the same appeal. Any grounds not raised in the initial appeal shall be deemed waived.

The appeal must be submitted in writing to the Superintendent within fifteen (15) calendar days of the issuance of the APPR or implementation of the PIP and shall set forth the basis of the appeal. Upon receipt of the appeal, the superintendent will have ten (10) days to convene an Appeal Hearing, which will be facilitated by a single Hearing Officer. The Hearing Officer will be a superintendent from a neighboring school district and shall be chosen by mutual agreement between the superintendent and the principal. If consensus can't be reached, the superintendent will select the Hearing Officer. The Hearing Officer can uphold or deny the appeal. A written determination will be rendered by the Hearing Officer within fifteen (15) school days from the end of the Appeal Hearing. The determination pursuant to the above process is final and binding. Only the failure of the district or principal to abide by the above agreed upon process is subject to the grievance procedure.

The burden of proof to establish a rational basis for the appeal rests with the principal.

11.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

Minerva Central School District will comply with all requirements for the training, certification, and re-certification of all evaluators. This commitment includes both the initial trainings of all evaluators on the nine elements included in Section 30-2.9 of the Rules of the Board of Regents and the ongoing training and support essential to maintain the required inter-rater reliability. Training for all evaluators is being conducted by the WSWHE BOCES Network Team. Certification and re-certification of lead evaluators will be completed through the WSWHE BOCES Network Team and shall comply with all applicable laws and regulations.

The "lead evaluator" is the administrator who is primarily responsible for a principal's APPR composite rating. The term "evaluator" shall include any administrator who conducts an observation or evaluation of a principal.

The District will work to ensure that lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis. All evaluators will participate in a minimum of one day of training annually, and as necessary, due to changes in the law, regulations, principal practice rubrics, or applicable collective bargaining agreements. Inter-rater reliability training will be conducted by the WSWHE BOCES Network Team. Evaluator training will occur regionally through the WSWHE BOCES network training team and use of any other appropriate training venues which comply with the requirements of Section 30-2.9.

Principal Improvement Plan Guideline:

1. For any Principal whose performance, based on overall composite effectiveness score, is evaluated as developing or ineffective based upon the evidence clearly documented in the Annual Professional Performance Review (APPR), a Principal Improvement Plan (PIP) will be developed between the Superintendent and the Principal. The PIP shall be provided as soon as practicable, but in no case later than ten days after the first day of the ensuing school year. The PIP shall be developed in consultation with the Principal.
2. The parties understand and agree that the sole and exclusive purpose of the PIP is the improvement of leadership practice and that the issuance of a PIP is not a disciplinary action. The PIP shall address areas identified as in need of improvement. Supportive interventions may include but are not limited to observation, assignment of a peer mentor, and in-service courses relevant to areas of weakness. A peer mentor, if assigned, will maintain a confidential relationship with the Principal involved in the PIP. The District will support, to the extent practicable, the costs associated with the implementation of the PIP. If agreed upon, a third person or persons may become part of a PIP.
3. The PIP will become the Principal's plan for that school year. The Superintendent and Principal shall establish a schedule of meetings to periodically monitor progress in the areas in need of improvement.
4. A Principal who believes that the terms of the PIP are arbitrary, unreasonable, inappropriate or defective, or that the District has failed to meet its obligation to properly implement the terms of a PIP, may seek relief through the APPR appeals process.
