Fax: (518) 473-4909

December 21, 2012

Christopher Todd, Superintendent
Oswego BOCES
179 County Route 64
Mexico, NY 13114

Dear Superintendent Todd:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

Attachment

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Annual Professional Performance Reviews: 2012-13

Created Monday, June 18, 2012

Updated Tuesday, December 18, 2012

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1. SCHOOL DISTRICT INFORMATION

1.1) School District's BEDS Number :

If this is not your BEDS Number, please enter the correct one below

469000000000

1.2) School District Name:

If this is not your school district, please enter the correct one below

OSWEGO BOCES

1.3) School Improvement Grant (SIG) Districts Only

SIG districts only: Indicate whether this APPR plan is for SIG schools only or for the entire district. Other districts and BOCES, please skip this question.

Not applicable

1.4) Award Classification

Please check if the district has applied for and/or has been awarded any of the following (if applicable):

(No response)

1.5) Assurances

Please check all of the boxes below:

1.5) Assurances Assure that the content of this form represents the district/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents	Checked
1.5) Assurances Assure that this APPR plan will be posted on the district or BOCES website by September 10, or within 10 days after approval, whichever is later	Checked
1.5) Assurances Assure that it is understood that this district/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval	Checked

1.6) Is this a first-time submission, a re-submission, or a submission of material changes to an approved APPR plan?

Re-submission to address deficiencies

1.7) Is this submission for an annual or multi-year plan?

If the plan is multi-year, please write the years that are included.

Annual (2012-13)

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Wednesday, July 04, 2012

Updated Tuesday, December 18, 2012

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	State-approved 3rd party assessment	STAR Early Literacy Enterprise
1	State-approved 3rd party assessment	STAR Early Literacy Enterprise
2	State-approved 3rd party assessment	STAR Early Literacy Enterprise

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in	The SLO's for K-3 ELA will utilize State approved 3rd party assessments. For grade 3, the STAR will be used as
---	--

<p>this subcomponent. If needed, you may upload a table or graphic at 2.11, below.</p>	<p>a pretest, and targets will be set for the 3rd grade state assessment. The same assessment will be used across all classrooms in the same grade level. The teacher will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The targets will be differentiated and will be based on scale score. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.</p>
<p>Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).</p>	<p>A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.</p>
<p>Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).</p>	<p>A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.</p>
<p>Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).</p>	<p>A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.</p>
<p>Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).</p>	<p>A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.</p>

2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment
K	State-approved 3rd party assessment	STAR Early Literacy Enterprise
1	State-approved 3rd party assessment	STAR Early Literacy Enterprise
2	State-approved 3rd party assessment	STAR Early Literacy Enterprise
	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.</p>	<p>The SLO's for K-3 Math will utilize State approved 3rd party assessments. For grade 3, the STAR will be used as a pretest, and targets will be set for the 3rd grade state assessment. The same assessment will be used across all classrooms in the same grade level. The teacher will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The targets will be differentiated and will be based on scale score. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all</p>
--	--

scale points from 0-20.

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).

A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).

A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.

Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).

A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.

Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).

A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Science	Assessment
6	Not applicable	As self-contained classrooms, teaching all subjects, teachers will be evaluated based on ELA and Math New York State assessment results.
7	District, regional or BOCES-developed assessment	Oswego-Herkimer BOCES developed Grade 7 Science Assessment

	Science	Assessment
8	State assessment	8th Grade State Science Assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

The SLO's for Grade 7 Science will utilize a regionally developed assessment. The SLO's for Grade 8 Science will utilize the NYS State Grade 8 Science Assessment. The teachers will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).

A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).

A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.

Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).

A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.

Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).

A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.5) Grades 6-8 Social Studies

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Social Studies	Assessment
6	Not applicable	As self-contained classrooms, teaching all subjects, teachers will be evaluated based on ELA and Math New York State assessment results.
7	District, regional or BOCES-developed assessment	Oswego-Herkimer BOCES Developed Grade 7 Social Studies Assessment
8	District, regional or BOCES-developed assessment	Oswego-Herkimer BOCES Developed Grade 8 Social Studies Assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

The SLO's for Grade 7 Grade 8 Social Studies will utilize a regionally developed assessment. The teachers will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.

Highly Effective (18 - 20 points) Results are well-above District goals for similar students.

A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.

Effective (9 - 17 points) Results meet District goals for similar students.

A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.

Developing (3 - 8 points) Results are below District goals for similar students.

A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.

A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.6) High School Social Studies Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

		Assessment
Global 1	School-/BOCES-wide group/team results based on State assessments	Global 2 Regents Assessment

	Social Studies Regents Courses	Assessment
Global 2	Regents assessment	Regents assessment
American History	Regents assessment	Regents assessment

For High School Social Studies Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	The SLO's for Global 1 2 will utilize the Global 2 Regents Assessment. The teachers will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.
Effective (9 - 17 points) Results meet District goals for similar students.	A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.
Developing (3 - 8 points) Results are below District goals for similar students.	A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.7) High School Science Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Science Regents Courses	Assessment
Living Environment	Regents Assessment	Regents assessment
Earth Science	Regents Assessment	Regents assessment
Chemistry	Not applicable	Not applicable
Physics	Not applicable	Not applicable

For High School Science Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	The SLO's for High School Science Regents courses in Living Environment and Earth Science will utilize the Regents Assessment for those courses. The teachers will set the growth targets based on the baseline/pre-assessment data of the students assigned to
---	---

the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.

Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.
Effective (9 - 17 points) Results meet District goals for similar students.	A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.
Developing (3 - 8 points) Results are below District goals for similar students.	A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.8) High School Math Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Math Regents Courses	Assessment
Algebra 1	Regents assessment	Regents assessment
Geometry	Not applicable	Not applicable
Algebra 2	Not applicable	Not applicable

For High School Math Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	The SLO's for High School Math Regents courses will utilize the Regents Assessment for those courses. The teachers will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.
Effective (9 - 17 points) Results meet District goals for similar students.	A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.
Developing (3 - 8 points) Results are below District goals for similar students.	A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	State approved 3rd party assessment	STAR Reading Enterprise
Grade 10 ELA	State approved 3rd party assessment	STAR Reading Enterprise
Grade 11 ELA	Regents assessment	Grade 11 Comprehensive English Regents

For High School English Language Arts: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	The SLO's for High School ELA in Grades 9 10 will utilize a State-approved 3rd party assessment. Grade 11 ELA Regents courses will utilize the Regents Assessment. The teachers will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.
Effective (9 - 17 points) Results meet District goals for similar students.	A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.
Developing (3 - 8 points) Results are below District goals for similar students.	A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

2.10) All Other Courses

Fill in, as applicable, for all other teachers in additional grades/subjects that have Student Learning Objectives. If you need additional space, duplicate this form and upload (below) as an attachment to your APPR plan. You may combine into one line any groups of teachers for whom the answers in the boxes are the same including, for example, "all other teachers not named above" .

Course(s) or Subject(s)	Option	Assessment
CTE English 12	State-approved 3rd party assessment	STAR Reading Enterprise
CTE Math 12	State-approved 3rd party assessment	STAR Math Enterprise
New Vision Economics/Participation in Government	District, Regional or BOCES-developed	Oswego-Herkimer BOCES Developed Economics Assessment Oswego-Herkimer BOCES Developed Participation in Government Assessment

K-12 Physical Education	District, Regional or BOCES-developed	Oswego-Herkimer BOCES Developed Physical Education Grade Specific Assessment
Foundations of Algebra	State-approved 3rd party assessment	STAR Math Enterprise
American Sign Language	State-approved 3rd party assessment	STAR Reading Enterprise
Multi-Occupational	State-approved 3rd party assessment	STAR Reading Enterprise and STAR Math Enterprise
All CTE Courses	District, Regional or BOCES-developed	Oswego County BOCES Developed Course Specific Assessment

For all other courses, as applicable: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	The SLO's for courses listed in 2.10 will utilize either a State approved 3rd party assessment or a regional or BOCES developed course specific assessment. The same assessment will be used across all classrooms in the same grade level/course. The teacher will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The targets will be differentiated and will be based on scale score. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 2.11. Teachers can achieve all scale points from 0-20.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	A teacher will be rated highly effective if 85-100% of his/her students meet the growth target. See scale at 2.11.
Effective (9 - 17 points) Results meet District goals for similar students.	A teacher will be rated effective if 65-84% of his/her students meet the growth target. See scale at 2.11.
Developing (3 - 8 points) Results are below District goals for similar students.	A teacher will be rated developing if 50-64% of his/her students meet the growth target. See scale at 2.11.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	A teacher will be rated ineffective if 0-49% of his/her students meet the growth target. See scale at 2.11.

If you need additional space, upload a copy of "Form 2.10: All Other Courses" as an attachment for review. Click here for a downloadable copy of Form 2.10. (MS Word)

(No response)

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

(No response)

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Created Wednesday, July 04, 2012

Updated Thursday, December 20, 2012

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	STAR Reading Enterprise
5	4) State-approved 3rd party assessments	STAR Reading Enterprise
6	4) State-approved 3rd party assessments	STAR Reading Enterprise
7	4) State-approved 3rd party assessments	STAR Reading Enterprise
8	4) State-approved 3rd party assessments	STAR Reading Enterprise

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	The Local Measure of Student Achievement or Growth for 4-8 ELA will be a State approved 3rd party assessments. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. This Median SGP will be converted to a scale score of 0-15. The scale is shown in 3.3. Teachers can achieve all scale points from 0-15. The same assessments will be used across all classrooms in the same grade level. Please note: due to small N size of classes at this level, most likely teachers will not receive a State-Provided measure of growth, therefore their SLO will be scored out of 20 and their local measure will be scored out of 20. The attachment includes a 15-point and a 20-point scale.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attached charts.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attached charts.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attached charts.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attached charts.

3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	STAR Math Enterprise
5	4) State-approved 3rd party assessments	STAR Math Enterprise
6	4) State-approved 3rd party assessments	STAR Math Enterprise
7	4) State-approved 3rd party assessments	STAR Math Enterprise
8	4) State-approved 3rd party assessments	STAR Math Enterprise

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.</p>	<p>The Local Measure of Student Achievement or Growth for 4-8 Math will be a State approved 3rd party assessments. <p>Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>See attached charts.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>See attached charts.</p>

3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5139/148478-rhJdBgDruP/LOCAL Measure 3.3 and 3.13.doc

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

- 7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
1	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
2	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
3	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise

For Grades K-3 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	The Local Measure of Student Achievement or Growth for K-3 ELA will be a State approved 3rd party assessments. STAR Early Literacy Enterprise Report of Median Student Growth Percentile will be used. This Median SGP will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated highly effective if the median student growth percentile is 61-99.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated effective if the median student growth percentile is 41-60.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated developing if the median student growth percentile is 21-40.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.5) Grades K-3 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
1	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
2	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise
3	4) State-approved 3rd party assessments	STAR Early Literacy Enterprise

For Grades K-3 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or	The Local Measure of Student Achievement or Growth for K-3 Math will be a State approved 3rd party assessments. STAR Early Literacy Enterprise Report of Median Student
---	---

graphic at 3.13, below.	Growth Percentile will be used. This Median SGP will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated highly effective if the median student growth percentile is 61-99.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated effective if the median student growth percentile is 41-60.
Developing (3 - 8 points) Results are below District -or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated developing if the median student growth percentile is 21-40.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.6) Grades 6-8 Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	6(ii) School wide measure computed locally	STAR Reading Enterprise
7	6(ii) School wide measure computed locally	STAR Reading Enterprise
8	6(ii) School wide measure computed locally	STAR Reading Enterprise

For Grades 6-8 Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	The Local Measure of Student Achievement or Growth for Grade 6-8 Science will be a State approved 3rd party assessments. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. The Median SGP for each grade level will be assigned to the teacher at that grade level and will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated highly effective if the median student growth percentile is 61-99.
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated effective if the median student growth percentile is 41-60.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated developing if the median student growth percentile is 21-40.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.7) Grades 6-8 Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	6(ii) School wide measure computed locally	STAR Reading Enterprise
7	6(ii) School wide measure computed locally	STAR Reading Enterprise
8	6(ii) School wide measure computed locally	STAR Reading Enterprise

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.

The Local Measure of Student Achievement or Growth for Grade 6-8 Social Studies will be a State approved 3rd party assessments. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. The Median SGP for each grade level will be assigned to the teacher at that grade level and will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.

Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

A teacher will be rated highly effective if the median student growth percentile is 61-99.

Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

A teacher will be rated effective if the median student growth percentile is 41-60.

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

A teacher will be rated developing if the median student growth percentile is 21-40.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.8) High School Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Global 1	6(ii) School wide measure computed locally	STAR Reading Enterprise
Global 2	6(ii) School wide measure computed locally	STAR Reading Enterprise
American History	6(ii) School wide measure computed locally	STAR Reading Enterprise

For High School Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	The Local Measure of Student Achievement or Growth for High School Social Studies will be a State approved 3rd party assessments. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. The Median SGP for each grade level will be assigned to the teacher at that grade level and will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated highly effective if the median student growth percentile is 61-99.
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated effective if the median student growth percentile is 41-60.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated developing if the median student growth percentile is 21-40.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.9) High School Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Living Environment	6(ii) School wide measure computed locally	STAR Reading Enterprise

Earth Science	6(ii) School wide measure computed locally	STAR Reading Enterprise
Chemistry	Not applicable	These assessments are not administered in our program.
Physics	Not applicable	These assessments are not administered in our program.

For High School Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	The Local Measure of Student Achievement or Growth for High School Science will be a State approved 3rd party assessments. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. The Median SGP for each grade level will be assigned to the teacher at that grade level and will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated highly effective if the median student growth percentile is 61-99.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated effective if the median student growth percentile is 41-60.
Effective (9 - 17points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated developing if the median student growth percentile is 21-40.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.10) High School Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Algebra 1	4) State-approved 3rd party assessments	STAR Math Enterprise
Geometry	Not applicable	These assessments are not administered in our program.

Algebra 2	Not applicable	These assessments are not administered in our program.
-----------	----------------	--

For High School Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	The Local Measure of Student Achievement or Growth for High School Math will be a State approved 3rd party assessments. STAR Math Enterprise Report of Median Student Growth Percentile will be used. The Median SGP for each grade level will be assigned to the teacher at that grade level and will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20. The same assessments will be used across all classrooms in the same grade level.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated highly effective if the median student growth percentile is 61-99.
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated effective if the median student growth percentile is 41-60.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated developing if the median student growth percentile is 21-40.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A teacher will be rated ineffective if the median student growth percentile is 1-20.

3.11) High School English Language Arts

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Grade 9 ELA	4) State-approved 3rd party assessments	STAR Reading Enterprise
Grade 10 ELA	4) State-approved 3rd party assessments	STAR Reading Enterprise
Grade 11 ELA	4) State-approved 3rd party assessments	STAR Reading Enterprise

For High School English Language Arts: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

For all additional courses, as applicable: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>The Local Measure of Student Achievement or Growth for courses listed in 3.12 will utilize either a State approved 3rd party assessment or a BOCES developed course specific assessment. The same assessment will be used across all classrooms in the same grade level/course. Where STAR Reading Enterprise will be utilized a Report of Median Student Growth Percentile will be used. The Median SGP for each grade level will be assigned to the teacher at that grade level and will be converted to a scale score of 0-20. The scale is shown in 3.13. For BOCES Developed Assessments, the teacher will set the growth targets based on the baseline/pre-assessment data of the students assigned to the teacher. The building administrator will approve the SLO. The percentage of students meeting the growth target will be converted to a scale score of 0-20. The scale is shown in 3.13. Teachers can achieve all scale points from 0-20.</p>
<p>Highly Effective (18 - 20 points) Results are well above District- or BOCES -adopted expectations for growth or achievement for grade/subject.</p>	<p>STAR: A teacher will be rated highly effective if the median student growth percentile is 81-100. BOCES Developed: A teacher will be rated highly effective if 81-100% of his/her students meets the growth target.</p>
<p>Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>STAR: A teacher will be rated effective if the median student growth percentile is 42-80. BOCES Developed: A teacher will be rated effective if 42-80% of his/her students meets the growth target.</p>
<p>Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>STAR: A teacher will be rated developing if the median student growth percentile is 21-41. BOCES Developed: A teacher will be rated developing if 21-41% of his/her students meets the growth target.</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>STAR: A teacher will be rated ineffective if the median student growth percentile is 1-20. BOCES Developed: A teacher will be rated developing if 1-20% of his/her students meets the growth target.</p>

If you need additional space, upload a copy of "Form 3.12: All Other Courses" as an attachment for review. Click here for a downloadable copy of Form 3.12. (MS Word)

(No response)

3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to,

and upload that file here.

assets/survey-uploads/5139/148478-y92vNseFa4/LOCAL Measure 3.3 and 3.13.doc

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

(No response)

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

Teachers with more than one locally selected measure will have their scores combined commensurate with the ratio of students tested.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

4. Other Measures of Effectiveness (Teachers)

Created Tuesday, August 07, 2012

Updated Friday, September 21, 2012

Page 1

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

NYSUT Teacher Practice Rubric

(No response)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	60
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	0

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

Standard 1 = 6 points
 Standard 2 = 6 points
 Standard 3 = 12 points
 Standard 4 = 12 points
 Standard 5 = 12 points
 Standard 6 = 6 points
 Standard 7 = 6 points
 Oswego County BOCES will be using MLP/OASYS to calculate a total score out of 60 based on the weighting of each standard.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5091/159996-eka9yMJ855/_Total Points HEDI Scale.docx

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	A score is calculated for each teaching standard. These scores are combined for a total score. A total score of 55-60 is highly effective.
Effective: Overall performance and results meet NYS Teaching Standards.	A score is calculated for each teaching standard. These scores are combined for a total score. A total score of 45-54 is effective.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	A score is calculated for each teaching standard. These scores are combined for a total score. A total score of 39-44 is developing.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	A score is calculated for each teaching standard. These scores are combined for a total score. A total score of 0-38 is ineffective.

Provide the ranges for the 60-point scoring bands.

Highly Effective	55-60
Effective	45-54
Developing	39-44
Ineffective	0-38

4.6) Observations of Probationary Teachers

Enter the minimum number of observations of each type, making sure that the number of observations "by building principal or other trained administrators" totals at least 2. If your APPR plan does not include a particular type of observation, enter 0 in that box.

By building principals or other trained administrators

4.6) Observations of Probationary Teachers Formal/Long	2
4.6) Observations of Probationary Teachers Informal/Short	1
4.6) Observations of Probationary Teachers Enter Total	3

5. Composite Scoring (Teachers)

Created Wednesday, July 04, 2012

Updated Friday, September 21, 2012

Page 1

Standards for Rating Categories

Growth or Comparable Measures

Locally-selected Measures of

growth or achievement

Other Measures of Effectiveness

(Teacher and Leader standards)

Highly

Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results exceed NYS Teaching Standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

5.1) The 2012-13 scoring ranges for educators for whom there is no approved Value-Added measure of student growth will be:

6. Additional Requirements - Teachers

Created Wednesday, June 20, 2012

Updated Friday, December 14, 2012

Page 1

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

assets/survey-uploads/5265/144214-Df0w3Xx5v6/OCB TIP Plan Form_2.pdf

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

1. APPR Subject to Appeal Procedure:

Any unit member aggrieved of an APPR rating of either "ineffective" or "developing" may challenge that APPR by use of the following procedure.

2. Grounds for an Appeal:

An appeal may be filed challenging the APPR based upon one or more of the following grounds:

- a. The substance/rating of the Annual Professional Performance Review;*
- b. The district's failure to adhere to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law §3012-c and applicable rules and regulations;*
- c. The district's failure to comply with applicable locally negotiated procedures;*
- d. The district's failure to issue and/or implement the terms of the Teacher Improvement Plan, where applicable, as required under Education Law §3012-c.*

3. Rules:

The appeals process will follow the Federal Rules for Civil Procedures that amongst other things, allows for full discovery rights on the part of the aggrieved teachers as well as imposing the burden of proving by substantial evidence, the merits of his or her appeal

4. Notification of the Appeal:

In order to be timely, the notification of the APPR appeal shall be filed by the teacher, in writing, within 10 school days after receiving the APPR to the District Superintendent. Within five school days of receiving the appeal, the District Superintendent will schedule a meeting with the teacher making the appeal. This meeting will be held within 10 school days of the filing of the appeal, unless extenuating circumstances prevent this from happening whereas it will be held within a reasonable time frame not to exceed 20 days.

5. Decisions on Appeal

Labor-Management Panel

Appeals shall be decided in a final and binding manner by a three member labor-management panel consisting of one representative designated by the association president, one member designated by the superintendent of schools, and a third member jointly selected by the association and school district. If the association and school district are unable to mutually select the third panel member within 5 school days after notification of the appeal is delivered to the superintendent, the third panel member shall be selected by a random drawing from a pre-established list of six (6) panelists. The association and school district shall appoint an equal number of members to serve on the list as panelists to be updated on an annual basis or as needed.

The Panel will be assembled upon notification of the appeal by the Superintendent. The Panel will meet within 10 school days of notification to review evidence unless extenuating circumstances prevent this from happening whereas it will be held within a reasonable time frame not to exceed 20 days. The Panel will submit a ruling in writing to the teacher making the appeal and the Superintendent with 5 days of meeting. The ruling will be final and binding.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

The District Superintendent will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation. The district will utilize BOCES Network Team evaluator training and lead evaluator training and certification in accordance with SED procedures and processes. Training for lead evaluators will be ongoing. Additionally, the training will include ongoing activities to ensure inter-rater reliability. Lead evaluator training will include training on:

- 1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable;*
- 2) Evidence-based observation techniques that are grounded in research;*
- 3) Application and use of the student growth percentile model and the value-added growth model;*
- 4) Application and use of the teacher or principal rubric(s), including training on the effective application of such rubrics to observe a teacher or principal's practice;*
- 5) Application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.;*
- 6) Application and use of any locally selected measures of student achievement used by the district evaluate its teachers or principals;*
- 7) Use of the Statewide Instructional Reporting System;*
- 8) The scoring methodology including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings; and*

9) *Specific considerations in evaluating teachers and principals of English language learners and students with disabilities.*

The District Superintendent will ensure that lead evaluators participate in annual training and are re-certified on an annual basis. The BOCES Network Team will be utilized to provide the training and recertification. Any individual who fails to achieve required training or certification or re-certification, as applicable, shall not conduct or complete evaluations.

6.5) Assurances -- Evaluators

Please check the boxes below:

-
- Checked
-

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

- Checked

6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

7. Growth on State Assessments or Comparable Measures (Principals)

Created Wednesday, July 04, 2012
Updated Friday, December 21, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-12
5-12
(No response)

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth Assure that the value-added growth score provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

School or Program Type	SLO with Assessment Option	Name of the Assessment
Career and Technical Education (Grades 10-12) This program does not have at least 30% of students taking a state assessment; therefore the CTE principal will not receive a value-added score.	District, regional, or BOCES-developed	Oswego BOCES Developed Course Specific Assessment
Special Education (Grades K-12) One of our Special Education principals covering K-12 does not have at least 30% of students taking a state assessment; therefore this Special Education principal will not receive a value-added score.	State-approved 3rd party assessment	STAR Reading Enterprise and STAR Early Literacy Enterprise
Special Education (Grades K-12) One of our Special Education principals covering K-12 does not have at least 30% of students taking a state assessment; therefore this Special Education principal will not receive a value-added score. However, some students do take the state assessment; therefore, the state assessments must also be used.	State assessment	New York State 3-8 ELA and Math assessments

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.

For the K-12 Special Education principal, the NYS grade 4-8 ELA and Math assessments, the NYS grade 3 ELA and Math assessments, and STAR Reading and STAR Math Enterprise will be used to measure student growth for State Growth for principals. The State will provide the HEDI results for the Grade 4-8 ELA and Math SLOs which will then be weighted proportionally with the 3rd grade ELA and Math SLO results, and the STAR Reading and Math SLO results (see HEDI below for Grade 3 and STAR).

Growth targets will be set based on the pretest of the

students in their respective grade levels (CTE and Special Education Programs). Students' pretest scores will be the baseline and will be compared to the final assessment score to determine growth based on percent of students reaching their target (CTE) or scale score on STAR assessments as well as performance to targets on New York State grade 3 ELA and Math assessments (Special Education). Oswego BOCES locally developed assessments will be the final assessment in CTE programs. STAR Reading Enterprise and New York State grade 3 Math and ELA assessments will be the final assessment for Special Education. The percentage of students meeting the growth target will be converted to a scale score of 0 to 20. The Principals will review their SLO targets for their program in collaboration with their supervisor or lead evaluator. Principals can achieve all scale points from 0 to 20. See attached chart.

Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).

A principal will be rated highly effective if 85-100% or greater of students meet the growth target. See scale at 7.3 attached.

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).

A principal will be rated effective if 65-84% or greater of students meet the growth target. See scale at 7.3 attached.

Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).

A principal will be rated developing if 50-64% or greater of students meet the growth target. See scale at 7.3 attached.

Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).

A principal will be rated ineffective if 0-49% or greater of students meet the growth target. See scale at 7.3 attached.

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5365/148484-lha0DogRNw/Principal SLO 20 points HEDI Bands dec.doc

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

No special adjustments or controls

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of

K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Wednesday, July 04, 2012
Updated Tuesday, December 18, 2012

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-12 Special Education	(d) measures used by district for teacher evaluation	STAR Early Literacy Enterprise, STAR Reading Enterprise, STAR Math Enterprise
5-12 Special Education	(d) measures used by district for teacher evaluation	STAR Reading Enterprise, STAR Math Enterprise

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	The Local Measures for the K-12 Special Education Principals receiving a Value-Added Measure will utilize a State approved 3rd party assessment. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. This Median SGP of all students whom the principals supervise will be converted to a scale score of 0-15. The scale is shown in 8.2 attached document. Where multiples SGPs are used, they will be combined commensurate with the ratio of students per assessment.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A principal will be rated highly effective if the median student growth percentile is 72-99.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	A principal will be rated effective if the median student growth percentile is 37-71.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement	A principal will be rated developing if the median student growth percentile is 21-36.

for grade/subject.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

A principal will be rated ineffective if the median student growth percentile is 1-20-.

If you need additional space, upload a copy of "Form 8.1: Locally Selected Measures for Principals with an Approved Value-Added Measure" as an attachment for review. Click here for a downloadable copy of Form 8.1. (MS Word)

(No response)

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5366/148477-qBFVOWF7fC/Fifteen points and 20 points chart.doc

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list: <!--

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

(c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

(d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations

(e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades

(f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades

(g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)

(h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

(i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-12 Special Education	(d) measures used by district for teacher evaluation	STAR Early Literacy Enterprise, STAR Reading Enterprise, STAR Math Enterprise
10-12 CTE	(d) measures used by district for teacher evaluation	STAR Reading Enterprise, STAR Math Enterprise and Oswego BOCES Developed CTE Course Specific Assessments

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.</p>	<p>The Local Measure for the K-12 Special Education principal not receiving a Value-Added Measure will utilize a State approved 3rd party assessment. STAR Reading Enterprise Report of Median Student Growth Percentile will be used. This Median SGP of all students whom the principal supervises will be converted to a scale score of 0-20. The scale is shown in 8.2 attached document. The Local Measure for the 10-12 CTE Principal not receiving a Value-Added Measure will utilize a 3rd party assessment and BOCES developed assessments. Growth targets will be based on the baseline/pre-assessment data of the students assigned to the teachers whom the principal supervises. The overall percentage of students meeting the growth target for teachers whom the principal supervises will be converted to a scale score of 0-20. The scale is shown in 8.2. Multiple assessments being used for a principal's SLO will be weighted based on the percentage of students taking each assessment.</p>
--	---

Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Special Education principal will be rated highly effective if the median student growth percentile is 61-99. See scale at 8.2. The CTE principal will be rated highly effective if 81-100% of students meet the growth target. See scale at 8.2.
Effective (9- 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Special Education principal will be rated effective if the median student growth percentile is 41-60. See scale at 8.2. The CTE principal will be rated highly effective if 42-80% of students meet the growth target. See scale at 8.2.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Special Education principal will be rated developing if the median student growth percentile is 21-40. See scale at 8.2. The CTE principal will be rated developing if 21-41% of students meet the growth target. See scale at 8.2.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The Special Education principal will be rated ineffective if the median student growth percentile is 1-20. See scale at 8.2. The CTE principal will be rated ineffective if 1-20% of students meet the growth target. See scale at 8.2.

If you need additional space, upload a copy of "Form 8.2: Locally Selected Measures for All Other Principals" as an attachment for review. Click here for a downloadable copy of Form 8.2. (MS Word)

(No response)

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5366/148477-T8MIGWUVm1/Fifteen points and 20 points chart.doc

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

(No response)

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

Principals with more than one locally selected measure will have their scores combined commensurate with the ratio of students tested.

8.5) Assurances

Please check all of the boxes below:

8.5) Assurances Assure that the application of locally developed controls will be rigorous, fair, and transparent	Check
8.5) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students, in accordance with any applicable civil rights laws.	Check
8.5) Assurances Assure that enrolled students are included in accordance with policies for student assignment to schools and may not be excluded.	Check
8.5) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Check
8.5) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction.	Check
8.5) Assurances Assure that it is possible for a principal to earn each point, including 0, for the locally selected measures subcomponent.	Check
8.5) Assurances Assure that locally-selected measures are rigorous and comparable across all principals in the same or similar programs or grade configurations across the district.	Check
8.5) Assurances If more than one type of locally-selected measure is used for different groups of principals in the same or similar grade configuration or program, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Check
8.5) Assurances Assure that all locally-selected measures for a principal are different than any measures used for the State assessment or other comparable measures subcomponent.	Check

9. Other Measures of Effectiveness (Principals)

Created Thursday, August 30, 2012

Updated Wednesday, December 19, 2012

Page 1

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

Multidimensional Principal Performance Rubric

(No response)

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

(No response)

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
---	----

Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents.	0
--	---

If the above points assignment is not for "all principals," fill out an additional copy of "Form 9.2: Points Within Other Measures" for each group of principals, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 9.2. (MS Word)

(No response)

9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

Note: When the State-approved survey list is posted, this form will be updated with dropdown menus of approved survey tools.

Principal Evaluation Tripod School Perception Survey for Teachers	(No response)
K12 Insight Student Survey (Grades 3-5) for Principal Evaluation in New York	(No response)
K12 Insight Student Survey (Grades 6-12) for Principal Evaluation in New York	(No response)
K12 Insight Parent Survey for Principal Evaluation in New York	(No response)
K12 Insight Teacher/Staff Survey for Principal Evaluation in New York	(No response)
District variance	(No response)

9.6) Assurances

Please check all of the boxes below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The district will use the Multidimensional Principal Performance Rubric and will weight the six domains as follows: Domain 1 - Shared Vision of Learning 8 points; Domain 2 - School Culture and Instructional Program 16 points; Domain 3 - Safe, Efficient, Effective Learning Environment 15 points; Domain 4 - Community 9 points; Domain 5 - Integrity, Fairness, Ethics 7 points; Domain 6 - Political, Social, Economic, Legal and Cultural Context 5 points. At the beginning of each year, the principal and the District Superintendent will determine what artifacts are appropriate evidence to supplement the onsite observations of the principal. The points will be assessed in the aggregate for each domain rather than reflect each specific element within the domains. Specifically the evaluator will review all available data and evidence as they reflect the elements in each of the six domains. A principal's overall performance can be rated at any score point from 0 to 60.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5143/170288-pMADJ4gk6R/out of 60 principals.doc

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	A highly effective rating is achieved by demonstrating exemplary performance in the following areas: creating a shared vision of learning; school culture and instructional program; safe, efficient, effective learning environment; community; integrity, fairness, ethics; and political, social, economic, legal and cultural context. The overall composite score for a rating of highly effective will range from 54 to 60 points.
Effective: Overall performance and results meet standards.	An effective rating is achieved by demonstrating strong performance in the following areas: creating a shared vision of learning; school culture and instructional program; safe, efficient, effective learning environment; community; integrity, fairness, ethics; and political, social, economic, legal and cultural context. The overall composite score for a rating of effective will range from 43 to 53 points.

Developing: Overall performance and results need improvement in order to meet standards.	A rating of developing is achieved by demonstrating a need for improvement in performance in the following areas: creating a shared vision of learning; school culture and instructional program; safe, efficient, effective learning environment; community; integrity, fairness, ethics; and political, social, economic, legal and cultural context. The overall composite score for a rating of developing will range from 31 to 42 points.
Ineffective: Overall performance and results do not meet standards.	An ineffective rating is achieved by poor performance in the following areas: creating a shared vision of learning; school culture and instructional program; safe, efficient, effective learning environment; community; integrity, fairness, ethics; and political, social, economic, legal and cultural context. The overall composite score for a rating of ineffective will range from 0 to 30 points.

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	54-60
Effective	43-53
Developing	31-42
Ineffective	0-30

9.8) School Visits

Enter the minimum number of school visits that will be done by each of the following evaluators, making sure that the number of visits "by supervisor" is at least 1 and the total number of visits is at least 2, for both probationary and tenured principals. If your APPR plan does not include visits by a trained administrator or independent evaluator, enter 0 in those boxes.

Probationary Principals

By supervisor	2
By trained administrator	0
By trained independent evaluator	0
Enter Total	2

Tenured Principals

By supervisor	2
By trained administrator	0
By trained independent evaluator	0
Enter Total	2

10. Composite Scoring (Principals)

Created Wednesday, July 04, 2012

Updated Thursday, September 27, 2012

Page 1

Standards for Rating Categories

Growth or Comparable Measures

Locally-selected Measures of growth or achievement

Other Measures of Effectiveness (Teacher and Leader standards)

Highly

Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES- adopted expectations for growth or achievement for grade/subject.

Overall performance and results exceed ISLLC leadership standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results meet ISLLC leadership standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet ISLLC leadership standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results do not meet ISLLC leadership standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

10.1) The 2012-13 scoring ranges for principals for whom there is no approved Value-Added measure of student growth will be:

2012-13 where there is no Value-Added measure

Growth or Comparable Measures

Locally-selected Measures of

11. Additional Requirements - Principals

Created Monday, September 17, 2012

Updated Friday, December 14, 2012

Page 1

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

[assets/survey-uploads/5276/177990-Df0w3Xx5v6/Principal Improvement Plan.pdf](assets/survey-uploads/5276/177990-Df0w3Xx5v6/Principal%20Improvement%20Plan.pdf)

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

CHALLENGES IN AN APPEAL:

Appeals are limited to those identified by Education Law §3012-c, as follows:

(1) The substance of the annual professional performance review;

(2) The board of cooperative educational services' adherence to the standards and

methodologies required for such reviews;

(3) The adherence to Commissioner's Regulations, as applicable to such reviews;

(4) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and

(5) board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan.

RATINGS THAT MAY BE APPEALED:

Appeals of annual professional performance reviews may be brought for ineffective, developing or any rating tied to compensation. An appeal may only be initiated once a principal receives the overall composite score and rating.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A principal may not file multiple appeals regarding the same performance review. The issuance of an improvement plan may prompt an appeal independent of the performance review. The implementation of an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived.

BURDEN OF PROOF

The burden shall be on the BOCES to establish by the preponderance of the evidence that the rating given to the appellant was justified or that an improvement plan was appropriately issued and/or implemented.

TIME FRAME FOR FILING APPEAL

All appeals shall be filed in writing. The act of mailing the appeal shall constitute filing.

An appeal of a performance review must be filed no later than fifteen (15) business days of the date when the principal receives their final and complete annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with fifteen (15) business days of issuance of such plan. An appeal of the implementation of an improvement plan shall be within fifteen (15) business days of the failure of the BOCES to implement any component of the plan. The Superintendent will issue a decision on the appeal within 5 business days. The decision will be final and binding.

The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. An extension of the time in which to appeal may be granted by the superintendent upon written request. In the event of extenuating circumstances, the process will occur in a timely and expeditious manner.

When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. Any additional documents or materials relevant to the appeal must be provided by the BOCES upon written request for same. The performance review and/or improvement plan being challenged must also be submitted with the appeal.

11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

The Board of Education will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation. The district utilized the Oswego BOCES Network Team evaluator/ lead evaluator training in accordance with SED procedures and processes. The training occurred during the 2011-2012 school year with the total training time commensurate with SED expectations. Additional training will be ongoing and will include multiple activities to ensure inter-rater reliability.

Lead evaluator training included training on:

1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable;

2) Evidence-based observation techniques that are grounded in research;

3) Application and use of the student growth percentile model and the value-added growth model;

4) Application and use of the teacher or principal rubric(s), including training on the effective application of such rubrics to observe a teacher or principal's practice;

5) Application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.;

6) Application and use of any locally selected measures of student achievement used by the district evaluate its teachers or principals;

7) Use of the Statewide Instructional Reporting System;

8) The scoring methodology including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings; and

9) Specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

Upon completion of the initial year-long training for evaluators/lead evaluators, administrators will be certified as lead evaluators. Evaluators/lead evaluators will also attend training for calibration purposes using either a NYSUT training or MLP Elevate, whichever becomes available first and can be accommodated by the evaluators schedule.

Administrators responsible for teacher/principal evaluation will continue training on an annual basis through participation in the annual follow-up training for evaluators/lead evaluators provided by the Oswego BOCES Network Team utilizing MLP Elevate for recalibration. This training will support the continued growth in understanding of the nine elements of performance review listed above. Administrators who complete the annual follow-up training will be recertified as lead evaluators.

The Board of Education designates the superintendent to ensure that lead evaluators participate in the initial year-long training for lead evaluators and then participate in ongoing training on an annual basis for purposes of continued growth in understanding of the teacher performance evaluation process.

11.5) Assurances -- Evaluators

Please check the boxes below:

-
- Checked
-

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

11.6) Assurances -- Principals

Please check all of the boxes below:

11.6) Assurances -- Principals Assure the entire APPR plan will be completed for each principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the building principal's performance is being measured.	Checked
11.6) Assurances -- Principals Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
11.6) Assurances -- Principals Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
11.6) Assurances -- Principals Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline	Checked
--	---------

prescribed by the Commissioner.

11.7) Assurances -- Data | Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them. Checked

11.7) Assurances -- Data | Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements. Checked

12. Joint Certification of APPR Plan

III. Outlined below are the activities and their respective timelines related to the Principal's responsibilities in working towards the achievement of the specific objectives and target goals for his/her improvement plan:

IV. District responsibilities and resources that will be provided in assisting the principal to improve his/her performance:

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

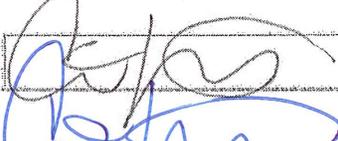

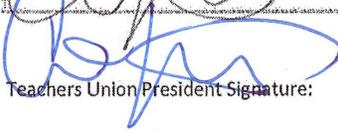

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
