Laura Dutton, Superintendent  
Poland Central School District  
74 Cold Brook Street  
Poland, NY 13431

Dear Superintendent Dutton:

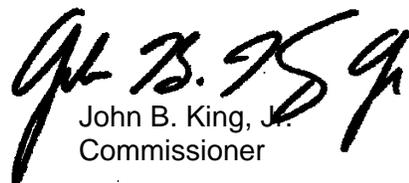

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.  
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

### Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

Created Saturday, September 15, 2012

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	State-approved 3rd party assessment	Stanford Achievement Test (10th edition)

2	State-approved 3rd party assessment	Stanford Achievement Test (10th edition)

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in	Based on the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set a

All HEDI criteria for SLOs must be based on the district expectations as determined by the scoring band chart attached and described below.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	The work of the teacher results in student academic growth that exceeds the classwide growth target; 91-100 percent of students meet the classwide growth target for the SLO.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	The work of the teacher does not result in academic student growth that meets the classwide growth target; 77-90 percent of students meet the classwide growth target for the SLO.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	The work of the teacher does not result in academic student growth that meets the class-wide growth target; 65-76 percent of students meet the classwide growth target for the SLO.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	The work of the teacher results in student academic growth that is well below the classwide growth target for the SLO; 0-64 percent of students meet the classwide growth target for the SLO.

### 2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

All HEDI criteria for SLOs must be based on the district expectations as determined by the scoring band chart attached and described below.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	The work of the teacher results in student academic growth that exceeds the classwide growth target; 91-100 percent of students meet the classwide growth target for the SLO.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	The work of the teacher does not result in academic student growth that meets the classwide growth target;

77-90 percent of students meet the classwide growth target for the SLO.

Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).

The work of the teacher does not result in academic student growth that meets the class-wide growth target; 65-76 percent of students meet the classwide growth target for the SLO.

Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).

The work of the teacher results in student academic growth that is well below the classwide growth target for the SLO; 0-64 percent of students meet the classwide growth target for the SLO.

## 2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

For all other courses, as applicable: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Based on the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set a class-wide growth target for each SLO. All SLOs must have lead evaluator approval. All HEDI criteria for SLOs must be based on the district expectations as determined by the scoring band chart attached and described below. For those courses using a school-wide measure: Economics class score will be based on the locally-developed economic assessment, Computer Applications, Junior Seminar, Freshman Seminar, and General English the score will be based on the 11th graders performance on the English Regents, for General Math it will be based on the Algebra 1 class's performance on the Algebra 1 Regents, for General Social Studies it will be based on the US History Class's performance on the US History Regents, the General Science will be based on the Chemistry Class's performance on the Chemistry Regents.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	The work of the teacher results in student academic growth that exceeds the classwide growth target; 91-100 percent of students meet the classwide growth target for the SLO.
Effective (9 - 17 points) Results meet District goals for similar students.	The work of the teacher does not result in academic student growth that meets the classwide growth target; 77-90 percent of students meet the classwide growth target for the SLO.
Developing (3 - 8 points) Results are below District goals for similar students.	The work of the teacher does not result in academic student growth that meets the class-wide growth target; 65-76 percent of students meet the classwide growth target for the SLO.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	The work of the teacher results in student academic growth that is well below the classwide growth target for the SLO; 0-64 percent of students meet the classwide growthtarget for the SLO.

If you need additional space, upload a copy of "Form 2.10: All Other Courses" as an attachment for review. Click here for a downloadable copy of Form 2.10. (MS Word)

## 2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5364/177446-TXEttx9bQW/POLAND Section 2.3\_2.doc

## 2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

NONE

## 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

## 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances   Assure that district will develop SLOs according to the rules established by SED (see: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> ).	Checked
2.14) Assurances   Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked

2.14) Assurances   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances   Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

### 3. Local Measures (Teachers)

#### Page 1

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
  
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
  
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
  
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
  
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
  
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

### 3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English
5	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English

6	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English
7	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English
8	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	*Using the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set the class-wide achievement target at the building level. All achievement targets must have lead evaluator approval. All HEDI criteria for must be based on the district expectations as determined by the scoring band chart attached and described below. We will be using a school-wide measure based on the respective class's performance on the Regents assessments listed.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher results in student academic growth that exceeds the school-wide achievement target; 91-100 percent of students meet the achievement target for the building.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher does not result in academic student growth that meets the school-wide achievement target; 75-90 percent of students meet the achievement target for the building.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher does not result in academic student growth that meets the school-wide achievement target; 65-74 percent of students meet the school-wide achievement target for the building.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher results in student academic growth that is well below the school-wide achievement target for the SLO; 0-64 percent of students meet the school-wide achievement target for building.

### 3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

## LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

### 3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher results in student academic growth that exceeds the school-wide achievement target; 91-100 percent of students meet the achievement target for the building.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher does not result in academic student growth that meets the school-wide achievement target; 77-90 percent of students meet the achievement

target for the building.

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The work of the teacher does not result in academic student growth that meets the school determined achievement target; 65-76 percent of students meet the school determined achievement target.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The work of the teacher results in student academic growth that is well below the school-wide achievement target for the SLO; 0-64 percent of students meet the school-wide achievement target for building.

### 3.5) Grades K-3 Math

All achievement targets must have lead evaluator approval. All HEDI criteria for must be based on the district expectations as determined by the scoring band chart attached and described below. We will be using a school-wide measure based on the respective class's performance on the Regents assessments listed.

Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The work of the teacher results in student academic growth that exceeds the school-wide achievement target; 91-100 percent of students meet the achievement target for the building.

Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The work of the teacher does not result in academic student growth that meets the school-wide achievement target; 77-90 percent of students meet the achievement target for the building.

Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher does not result in academic student growth that meets the school determined achievement target; 65-76 percent of students meet the school determined achievement target.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the teacher results in student academic growth that is well below the school-wide achievement target for the SLO; 0-64 percent of students meet the school-wide achievement target for building.

### 3.9) High School Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Living Environment	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English, Math, Science, U.S. History, and Global Regents

Physics	6(ii) School wide measure computed locally	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English

For High School Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Using the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set the target a class-wide achievement target at the building level. All achievement targets must have lead evaluator approval. All HEDI criteria for must be based on the district expectations as determined by the scoring band chart attached and described below. ### 3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

*assets/survey-uploads/5139/177453-y92vNseFa4/HEDI SCORING BAND FOR TEACHERS 1.13.doc*

### 3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

*NONE*

### 3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

*Single district goal identified does not require explanation of process.*

### 3.16) Assurances

Please check all of the boxes below:

3.16) Assurances   Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
--	---------

3.16) Assurances   Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances   Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances   Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances   If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances   Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

## 4. Other Measures of Effectiveness (Teachers)

### Page 1

#### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

*NYSUT Teacher Practice Rubric*

*Not Applicable*

#### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

*(No response)*

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	60
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	0

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word )

*(No response)*

### 4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

*(No response)*

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

### 4.4) Assurances

Please check all of the boxes below:

4.4) Assurances   Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances   Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

### 4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*Within the NYSUT Rubric there are 97 possible response indicators across Elements I.1 to VII.4.*

*Every Ineffective box that is scored is valued at 1 point  
 Every Developing box that is scored is valued at 2 points  
 Every Effective box that is scored is valued at 3 points  
 Every Highly Effective box that is scored is valued at 4 points*

*-A total will be obtained with simple addition. If no rating is received within a box, the total possible response indicators across Elements I.1 to VII.4 will be adjusted. ALL OBSERVABLE INDICATORS WILL BE RATED.*

-Simple division will be used to calculate a score for the observation.

For example, if every component is scored and the teacher receives a sum of 290, the conversion chart math of 290/97 will be done. This would be rounded to 3.0.

-Now, using the conversion chart, the teacher would receive the corresponding number for 3.0. or a 57.5. We understand the final score must be a whole number.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

assets/survey-uploads/5091/177142-eka9yMJ855/NYSUT RUBRIC CONVERSION SCALE FOR POLAND CSD 2012.doc

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	The work of the teacher results in achievement of the NYS Teaching Standards that falls within the district determined Highly Effective achievement target range, 59-60.
Effective: Overall performance and results meet NYS Teaching Standards.	The work of the teacher results in achievement of the NYS Teaching Standards that falls within the district determined Effective achievement target range, 57-58.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	The work of the teacher results in achievement of the NYS Teaching Standards that falls within the district determined Developing achievement target range, 41-56.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	The work of the teacher results in achievement of the NYS Teaching Standards that falls within the district determined Ineffective achievement target range, 0-40.

Provide the ranges for the 60-point scoring bands.

### 6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans   Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans   Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

### 6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*All appeals must be submitted in writing no later than fifteen (15) calendar days of the date when the teacher receives his or her annual professional performance review. If a teacher is challenging the issuance of a teacher improvement plan, appeals must be filed with fifteen (15) calendar days of issuance of such plan.*

*Within fifteen (15) calendar days of receipt of an appeal, the District principal who issued the performance review or were or are*

responsible for either the issuance and/or implementation of the terms of the teacher's improvement plan must submit a detailed written response to the appeal.

Within five (5) school days of receipt of the evaluator's response, if a teacher is not satisfied with such response the teacher may submit an appeal to the superintendent of schools.

A written decision on the merits of the appeal shall be rendered no later than fifteen (15) calendar days from the date upon which the teacher filed his or her appeal to the superintendent of schools.

Appeals shall go no longer than 50 calendar days.

## 6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

Lead evaluators are trained by the Assistant Superintendent of the Herkimer-Fulton-Hamilton-Otsego BOCES, who is also the HFHO BOCES Network Team Leader. In partnership with other members of the Staff/Curriculum Development Network (SCDN) across the state, the Network Team Leader turnkeys and augments the training provided by NYSED at the Network Team Institutes on all nine elements mandated by 3012c over the 2012-2013 school year. All lead evaluators will certify and re-certify using the process modeled by NYSED and approved by the Poland CSD Board of Education. The Superintendent will be responsible for ensuring inter-rater reliability and will monitor the observation cycles of all lead evaluators for consistency and alignment to the NYS Teaching Standards on an annual basis.

## 6.5) Assurances -- Evaluators

Please check the boxes below:

- 

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES

to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

## 6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers   Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers   Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers   Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers   Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers   Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers   Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

## 6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data   Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data   Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data   Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

# 7. Growth on State Assessments or Comparable Measures (Principals)

Created Saturday, September 15, 2012

Updated Tuesday, December 18, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

PK-12
(No response)

### 7.2) Assurances -- State-Provided Measures of Student Growth

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment
N/A		N/A

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	(No response)
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	NA
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	NA
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	NA
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	NA

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

## 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives

associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*(No response)*

## 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

## 7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> .	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

# 8. Local Measures (Principals)

Created Saturday, September 15, 2012

## Page 1

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

**In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.**

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

*The options in the drop-down menus below are abbreviated from the following list:*

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
PK-12	(d) measures used by district for teacher evaluation	Living Environment, Integrated Algebra, Global History and Geography, US History and Government, Comprehensive English

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	Using the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set the class-wide achievement target at the building level. All achievement targets must have lead evaluator approval. All HEDI criteria for must be based on the district expectations as determined by the scoring band chart attached and described below. We will be using a school-wide measure based on the respective class's performance on the Regents assessments listed above.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the principal results in student academic growth that exceeds the school determined achievement target; 91-100 percent of students meet the school determined achievement target.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	The work of the principal does not result in academic student growth that meets the school determined growth target; 75-90 percent of students meet the school determined growth target for the achievement target.

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The work of the teacher does not result in academic student growth that meets the school determined growth target; 65-74 percent of students meet the school determined growth target for the achievement target.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The work of the teacher results in student academic growth that is well below the school determined growth target for the achievement target; 0-64 percent of students meet the school determined growth target for the achievement target.

### 9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

*Multidimensional Principal Performance Rubric*

### 9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

*Yes*

If you checked "no" above, fill in the group of principals covered:

*(No response)*

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
---	----

Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents.	0

### 9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals   Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals   Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

### 9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable)   Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable)   Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

### 9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

9.6) Assurances   Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

## 9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*See attached document.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*assets/survey-uploads/5143/177475-pMADJ4gk6R/MULTI-D RUBRIC CONVERSION SCALE FOR POLAND CSD 2012\_1.doc*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	The work of the principal results in achievement of the ISLLC Standards falls within the district determined Highly Effective achievement target range, 59-60.
Effective: Overall performance and results meet standards.	The work of the principal results in achievement of the ISLLC Standards falls within the district determined Effective achievement target range, 57-58.
Developing: Overall performance and results need improvement in order to meet standards.	The work of the principal results in achievement of the ISLLC Standards falls within meets the district determined Developing achievement target range, 41-56.
Ineffective: Overall performance and results do not meet standards.	The work of the principal results in achievement of the ISLLC Standards falls within the district determined Ineffective achievement target range, 0-40.

Please provide the locally-negotiated 60 point scoring bands.

### 11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans   Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans   Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

### 11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*All appeals must be submitted in writing to the evaluator no later than fifteen (15) school days of the date when the principal receives his or her annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with fifteen (15) school days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.*

*Within ten (10) school days of receipt of an appeal, the superintendent who issued the performance review or were or are responsible*

for either the issuance and/or implementation of the terms of the principal's improvement plan must submit a detailed written response to the appeal.

An administrator may appeal the superintendent's final decision to the BOCES District Superintendent no later than 10 calendar days from the receipt of the superintendent's written response. The BOCES District Superintendent will render a decision in writing no later than 15 days from the date the administrator filed the appeal. The BOCES District Superintendent's decision will be final.

The appeals shall go no longer than 50 days.

## 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

Lead evaluators are trained by the Assistant Superintendent of the Herkimer-Fulton-Hamilton-Otsego BOCES, who is also the HFHO BOCES Network Team Leader. The training includes imbeds understanding of the ISLLC (2008) Leadership Standards identified as

*STANDARD 1: Shared Vision of Learning: An education leader promotes the success of every student by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by all stakeholders.*

*STANDARD 2: School Culture and Instructional Program: An education leader promotes the success of every student by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.*

*STANDARD 3: Safe, Efficient, Effective Learning Environment: An education leader promotes the success of every student by ensuring management of the organization, operation, and resources for a safe, efficient, and effective learning environment.*

*STANDARD 4: Community: An education leader promotes the success of every student by collaborating with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources.*

*STANDARD 5: Integrity, Fairness, Ethics: An education leader promotes the success of every student by acting with integrity, fairness, and in an ethical manner.*

*STANDARD 6: Political, Social, Economic, Legal and Cultural Context An education leader ensures the success of all students by influencing interrelated systems of political, economic, legal and cultural contexts affecting education to advocate for their teachers' and students' needs.*

In partnership with other members of the Staff/Curriculum Development Network (SCDN) across the state, the Network Team Leader turn-keys and augments the training provided by NYSED at the Network Team Institutes on all nine elements mandated by 3012c over the course of the 2012-2013 school year.

All lead evaluators will certify and re-certify using the process modeled by NYSED and approved by the Poland CSD Board of Education. The Superintendent will work closely with the HFHO BOCES Network Team Leader to ensuring inter-rater reliability and monitor for consistency and alignment to the NYS Teaching Standards on an annual basis.

## 11.5) Assurances -- Evaluators

Please check the boxes below:

- 
- Checked
- 

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

## 11.6) Assurances -- Principals

Please check all of the boxes below:

11.6) Assurances -- Principals   Assure the entire APPR plan will be completed for each principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the building principal's performance is being measured.	Checked
11.6) Assurances -- Principals   Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals   Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
11.6) Assurances -- Principals   Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked

11.6) Assurances -- Principals   Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals   Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

### 11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data   Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline prescribed by the Commissioner.	Checked
11.7) Assurances -- Data   Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
11.7) Assurances -- Data   Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

## EXPLANATION TO ACCOMPANY NYSUT RUBRIC SCORE TO SUB-COMPONENT CONVERSION CHART

Within the NYSUT Rubric there are 97 possible response indicators across Elements I.1 to VII.4.

Every Ineffective box that is scored is valued at 1 point  
 Every Developing box that is scored is valued at 2 points  
 Every Effective box that is scored is valued at 3 points  
 Every Highly Effective box that is scored is valued at 4 points

-A total will be obtained with simple addition. If no rating is received within a box, the total possible response indicators across Elements I.1 to VII .4 will be adjusted.

-Simple division will be used to calculate a score for the observation.

For example, if every component is scored and the teacher receives a sum of 291, the conversion chart math of  $290/97$  will be done. This equals 2.9896907... This would be rounded to 3.0.

-Now, using the conversion chart, the teacher would receive the corresponding number for 3.0. or a 57.5.

Two observations will be completed. You will receive general feedback from your evaluator in a post-conference setting.

For the observations to be merged/averaged see the *EXAMPLE* below. Observation 1 may have been unannounced and may have occurred early in the school year:

Assessment of Teacher Effectiveness Standard	Observation 1	Observation 2
I Knowledge of Students and Student Learning	3 pts earned in 1 indicator	28 pts earned in 10 indicators
II Knowledge of Content and Instructional Planning	40 pts earned in 18 indicators	44 pts earned in 18 indicators
III Instructional Practices	45 pts earned in 17 indicators	51 pts earned in 17 indicators
IV Learning Environment	36 pts earned in 12 indicators	38 pts earned in 12 indicators
V Assessment and Student Learning	39 pts earned in 13 indicators	39 pts earned in 13 indicators
VI Professional Responsibilities and Collaboration	45 pts earned in 18 indicators	46 pts earned in 18 indicators
VII Professional Growth	0 pts earned in 0 indicators	25 pts earned in 9 indicators
Subtotal of Observation and evidence column	$208/79=$ 2.632	$271/97=$ 2.793
Average the final scores	$(2.6 + 2.8) / 2 = 2.7$	
Total Score of Professional Practice Rating	57.2

For all other courses, as applicable: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to

teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11.</p>	<p>Based on the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set a class-wide growth target for each SLO. All SLOs must have lead evaluator approval. All HEDI criteria for SLOs must be based on the district expectations as determined by the scoring band chart attached and described below. For those courses using a school-wide measure: Economics class score will be based on the locally-developed economic assessment, Computer Applications, Junior Seminar, Freshman Seminar, and General English the score will be based on the 11th graders performance on the English Regents, for General Math it will be based on the Algebra 1 class's performance on the Algebra 1 Regents, for General Social Studies it will be based on the US History Class's performance on the US History Regents, the General Science will be based on the Chemistry Class's performance on the Chemistry Regents.</p>
<p>Highly Effective (18 - 20 points) Results are well-above District goals for similar students.</p>	<p>The work of the teacher results in student academic growth that exceeds the class-wide growth target; 91-100 percent of students meet the class-wide growth target for the SLO.</p>

For all additional courses, as applicable: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>Using the baseline data and subsequent goals for student growth, the teacher and lead evaluator will set a class-wide achievement target at the building level. All achievement targets must have lead evaluator approval. All HEDI criteria for must be based on the district expectations as determined by the scoring band chart attached and described below. We will be using a school-wide measure based on the respective class's performance on the Regents assessments listed.</p>
<p>Highly Effective (14 - 15 points) Results are well above District- or BOCES -adopted expectations for growth or achievement for grade/subject.</p>	<p>The work of the teacher results in student academic growth that exceeds the school-wide achievement target; 91-100 percent of students meet the achievement target for the building.</p>
<p>Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>The work of the teacher does not result in academic student growth that meets the school-wide achievement target; 77-90 percent of students meet the achievement target for the building.</p>

## MULTI-DIMENSIONAL RUBRIC CONVERSION SCALE FOR POLAND CSD 2012-2013

HEDI Level	Overall Rubric Average Score	Point Distribution for Composite
Ineffective	1.0-1.4	0-40
Developing	1.5-2.4	41-56
Effective	2.5-3.4	57-58
Highly Effective	3.5-4.0	59-60

Every observable indicator in each of the 6 domains will be scored on a 1-4 scale as indicated in the attachment. They will then be averaged together to get a total rubric score. This will be done for each observation, and the resulting rubric scores will be averaged together, then converted to the 0-60 scale provided in the attachment. We understand that the final composite score must be a whole number.

### **Principal Improvement Plan Process**

Upon rating a principal as ineffective or developing, an improvement plan designed to rectify perceived or demonstrated deficiencies must be developed and commenced no later than ten (10) school days after the start of a school year. The superintendent or designee, in conjunction with the principal, must develop an improvement plan that contains:

1. A clear delineation of the deficiencies that resulted in the ineffective or developing assessment.
2. Specific improvement goal/outcome statements.
3. Specific improvement action steps/activities.
4. A reasonable timeline for achieving improvement.
5. Required and accessible resources to achieve goal.
6. A formative evaluation process documenting meetings strategically scheduled throughout the year to assess progress. These meetings shall occur at least three times during the year: the first between October 15 and October 31, the second between December 1 and December 15 and the third between March 1 and March 15. A written summary of feedback on progress shall be given within 5 business days of each meeting.
7. A clear manner in which improvement efforts will be assessed, including evidence demonstrating improvement.
8. A formal, final written summative assessment delineating progress made with an opportunity for comments by the principal.

## **APPEAL PROCESS**

### **Poland Central School District Principal APPR Appeal Process**

#### **CHALLENGES IN AN APPEAL:**

Appeals are limited to those identified by Education Law §3012-c, as follows:

- (1) The substance of the annual professional performance review;
- (2) The school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews;
- (3) The adherence to Commissioner's Regulations, as applicable to such reviews;
- (4) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
- (5) The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan.

#### **RATINGS THAT MAY BE APPEALED:**

Appeals of annual professional performance reviews may be brought for ineffective or developing. An appeal may only be initiated once a principal receives the overall composite score and rating.

#### **PROHIBITION AGAINST MORE THAN ONE APPEAL:**

A principal may not file multiple appeals regarding the same performance review. The issuance of an improvement plan may prompt an appeal independent of the performance review. The implementation of an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived.

#### **BURDEN OF PROOF:**

The burden shall be on the district to establish by the preponderance of the evidence that the rating given to the appellant was justified or that an improvement plan was appropriately issued and/or implemented.

#### **TIME FRAME FOR FILING APPEAL:**

All appeals shall be filed in writing. The act of mailing the appeal shall constitute filing.

### **LEVEL 1 Appeal**

A Level 1 Appeal is submitted to the superintendent who issued the performance review or was or is responsible for either the issuance and/or implementation of the terms of the principal's improvement plan.

All appeals must be submitted in writing no later than fifteen (15) school days of the date when the principal receives his or her annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with fifteen (15) school days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. Any additional documents or materials relevant to the appeal must be submitted to the district upon written request for same. The performance review and/or improvement plan being challenged must also be submitted with the appeal.

Within ten (10) school days of receipt of an appeal, the superintendent who issued the performance review or were or are responsible for either the issuance and/or implementation of the terms of the principal's improvement plan must submit a detailed written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the superintendent's response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the superintendent, and any and all additional information submitted with the response, at the same time the superintendent files his/her response.

### **LEVEL 2 Appeal (Final)**

Within ten (10) school days of receipt of the Level 1 response, if a principal is not satisfied with such response the principal may submit an appeal to the BOCES District Superintendent. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the superintendent's response to the appeal and additional documentary evidence submitted with such papers. The principal may submit additional supportive evidence about the challenges with the appeal.

A written decision on the merits of the appeal shall be rendered from the BOCES District Superintendent no later than fifteen (15) school days from the date upon which the principal filed his or her appeal. Such decision shall be final.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. The reviewer must either, affirm, set aside or modify a district's rating or improvement plan. A copy of the decision shall be provided to the principal and the district representative.

**EXCLUSIVITY OF SECTION 3012-C APPEAL PROCEDURE:**

This appeal procedure shall constitute the means for initiating, reviewing and resolving challenges to a principal performance review or improvement plan. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.

**OTHER:**

In addition to any further limitations agreed to within the APPR agreement, an evaluation shall not be placed in a principal's personnel file until either the expiration of the fifteen (15) school day period in which to file a notice of appeal without action being taken by the principal or the conclusion of the appeal process described herein, whichever is later.

A principal who takes advantage of the appeals process described herein does not waive his/her right to submit a written rebuttal to the final evaluation. A principal who elects to submit a written rebuttal to his/her evaluation prior to the expiration of the fifteen (15) school days in which to file a notice of appeal does not waive her/his right to file an appeal.

## Teacher Improvement Plan

**Teacher Name**

**Date**

It has been determined that (Teacher) is a **Teacher in Need of Improvement**. This determination was based on the NYS Teaching Standards as per the HFHO BOCES Annual Professional Performance Review approved by the BOE on (Date).

An improvement plan defines specific standards-based goals that a teacher must make progress toward attaining within a specific period of time, and shall include the identification of areas that need improvement, a timeline for achieving improvement, the manner in which improvement will be assessed, and, where appropriate, differentiated activities to support improvement in these areas. The plan should clearly describe the professional learning activities that the educator must complete. These activities should be connected directly to the areas needing improvement. The artifacts that the teacher or teacher must produce that can serve as benchmarks of improvement and as evidence for the final stage of the improvement plan should be described, and could include items such as lessons plans and supporting materials, including student work.

The supervisor should clearly state in the plan the additional support and assistance that the educator will receive. The teacher should meet with his or her supervisor to review the plan, alongside any artifacts and evidence from evaluations, in order to determine if adequate improvement has been made in the required areas outlined within the plan for the teacher. Any teacher improvement plan based upon the prior year's evaluation shall be in place no later than ten school days from the opening of classes in the school year following the performance year.

(Teacher's) performance has been deemed (Developing, Ineffective) in the NYS Standard(s) \_\_\_\_\_, specifically in the elements \_\_\_\_\_.

It is expected that (Teacher) advance to a minimum level of EFFECTIVE in these identified areas over the 2013-2014 school year. In order to help facilitate this growth, (Teacher) will be afforded additional resources and opportunities to attend professional development activities relevant to the identified teaching gaps, particularly in the area(s) of \_\_\_\_\_.

(Teacher's) improvement plan will require a minimum of three (3) formal pre-conference observations, post-conference cycles before June 30, 2014. A mid-year conference will take place to discuss progress and any revised time-lines. In addition, (Teacher) is to (list any other requirements, i.e. turn in weekly lesson plans for the following week to an administrator). (Resources such as lesson plan templates, websites, books) will be provided. The summative evaluation will reflect the pre-determined acceptable measured growth identified in the action plan.

One of the following recommendations will be made upon the review of (Teacher's) Summative Evaluation:

- (Teacher) has met a composite score of 75, per 3012C, thus the concern is resolved.
- (Teacher) has not met a composite score of 75, per 3012C, thus (Teacher) remains in this "Assistance Phase" with revised goals and new time lines.
- (Teacher) has not met a composite score of 75, per 3012C, for two consecutive years, thus the concern is not resolved and (Teacher) may be moved toward a 3020-a process.

**DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form**

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

**The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:**

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
