Revised

Robert J. Hughes, Superintendent
Tully Central School District
20 State St.
Tully, NY 13159

Dear Superintendent Hughes:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Elizabeth R. Berlin
Acting Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Annual Professional Performance Reviews

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR Plan approved by the Department. The Department also reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1. SCHOOL DISTRICT INFORMATION

1.1) School District's BEDS Number : 421902040000

If this is not your BEDS Number, please enter the correct one below

421902040000

1.2) School District Name: TULLY CSD

If this is not your school district, please enter the correct one below

TULLY CSD

1.3) Assurances

Please check all of the boxes below:

1.3) Assurances Assure that the content of this form represents the district/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents	Checked
1.3) Assurances Assure that this APPR plan will be posted on the district or BOCES website by September 10, or within 10 days after approval, whichever is later	Checked
1.3) Assurances Assure that it is understood that this district/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval	Checked

1.4) Submission Status

For districts, BOCES, or charter schools that did not have an approved APPR plan in the previous school year, is this a first-time submission, a re-submission, or a submission of material changes to an approved APPR plan? For districts, BOCES, or charter schools that did have an approved APPR plan for the previous school year, this must be listed as a submission of material changes to the approved APPR plan.

Submission of material changes to an approved APPR plan

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Tuesday, April 30, 2013

Updated Tuesday, December 16, 2014

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have State-provided measures, some may teach other courses where there is no State-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See Guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grade 8 Science, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), required if one exists

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or
District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, required if one exists

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable. Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

	ELA	Assessment

2	School-or BOCES-wide, group or team results based on State assessments	School wide score based upon 4-6 NYS ELA and math Assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for measuring student growth on the assessments listed for this Task.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	See uploaded APPR Supplement 2.11.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	See uploaded APPR Supplement 2.11.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	See uploaded APPR Supplement 2.11.

Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	See uploaded APPR Supplement 2.11.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	See uploaded APPR Supplement 2.11.

2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable. Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	District, regional or BOCES-developed assessment	District District developed 9th grade English final exam
Grade 10 ELA	District, regional or BOCES-developed assessment	District developed 10th grade English final exam
Grade 11 ELA	Regents assessment	Grade 11 ELA Regents Exam - Common Core

For High School English Language Arts: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for measuring student growth on the assessments listed for this Task.

NOTE: For Grade 11 ELA, please specify whether your district will be offering the Comprehensive English Regents in addition to the Common Core English Regents, or just the latter, how the HEDI process will be adjusted accordingly.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	See uploaded APPR Supplement 2.11.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.	See uploaded APPR Supplement 2.11.

2.10) All Other Courses

Fill in, as applicable, for all other teachers in additional grades/subjects that have Student Learning Objectives. If you need additional space, duplicate this form and upload (below) as an attachment to your APPR plan. You may combine into one line any groups of teachers for whom the answers in the boxes are the same including, for example, "all other teachers not named above". Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

Please also note that, for students using 3d party assessments in this Task, the 2nd drop-down option applies to grades 3 and above and the 5th drop-down option applies to grades K-2.

Course(s) or Subject(s)	Option	Assessment
All other K-6 Teachers	School/BOCES-wide/group/team results based on State	Grades 4-6 NYSED ELA and math assessments
All other 7-8 Teachers	School/BOCES-wide/group/team results based on State	Grades 7-8 NYSED ELA and math assessments

All other 9-12 Teachers	District, Regional or BOCES-developed	District developed course specific final exam
4-6 teachers not receiving a State Growth score,	State Assessment	4-6 NYS ELA and math assessments

For all other courses, as applicable: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for measuring student growth on the assessments listed for this Task.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	See uploaded APPR Supplement 2.11.

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/12186/1459269-TXEttx9bQW/APPR Supplement 2.11_2.pdf

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: student prior academic history, students with disabilities, English language learners, and students in poverty.

No controls.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher

with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://www.engageny.org/resource/student-learning-objectives-guidance-document).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked
2.14) Assurances Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
2.14) Assurances Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.	Checked

3. Local Measures (Teachers)

Created Tuesday, April 30, 2013

Updated Tuesday, December 16, 2014

Page 1

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment. Additionally, please provide a brief explanation in the HEDI general description box of why you have listed the grade/course as "Not Applicable" (e.g., district/BOCES does not offer this grade/subject; common branch teacher).

Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for different groups of teachers within a grade/subject if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: "[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment." For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: "GVEP-Developed Grade 7 Social Studies Assessment."

NOTE: If your district/BOCES is using the same assessment for both the State growth and other comparable measures subcomponent and the locally-selected measures subcomponent, be sure that a different measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in

the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	3) Teacher specific achievement or growth score computed locally	Grade 4 NYS ELA Assessment
5	5) District, regional, or BOCES–developed assessments	District developed 5th Grade ELA mid-yerm assessment
6	5) District, regional, or BOCES–developed assessments	District developed 6th Grade ELA mid-term assessment
7	5) District, regional, or BOCES–developed assessments	District developed 7th Grade ELA mid-term assessment
8	5) District, regional, or BOCES–developed assessments	District developed 8th Grade ELA mid-term assessment

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: When completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	See uploaded APPR Supplement 3.3.
--	-----------------------------------

Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 3.3.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 3.3.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 3.3.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 3.3.

3.2) Grades 4-8 Math

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 3.3.

3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms
- 7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment. Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

3.9) High School Science

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Living Environment	5) District, regional, or BOCES–developed assessments	District developed living environment mid-term assessment
Earth Science	3) Teacher specific achievement or growth score computed locally	Earth Science Regents Exam
Chemistry	5) District, regional, or BOCES–developed assessments	District developed chemistry mid-term assessment
Physics	5) District, regional, or BOCES–developed assessments	District developed physics mid-term assessment

For High School Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

3.10) High School Math

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Algebra 1	5) District, regional, or BOCES–developed assessments	District developed algebra 1 mid-term assessment
Geometry	5) District, regional, or BOCES–developed assessments	District developed geometry mid-term assessment
Algebra 2	5) District, regional, or BOCES–developed assessments	District developed algebra 2 mid-term assessment

For High School Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

NOTE: As applicable, for Algebra 1 and Geometry, please specify whether your district will be offering the 2005 Learning Standards version of the assessment in addition to the Common Core version, or just the latter, and how the HEDI process will be adjusted accordingly.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	See uploaded APPR Supplement 3.13.

3.11) High School English Language Arts

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Grade 9 ELA	5) District, regional, or BOCES–developed assessments	District developed grade 9 ELA final exam
Grade 10 ELA	5) District, regional, or BOCES–developed assessments	District developed grade 10 ELA final exam
Grade 11 ELA	3) Teacher specific achievement or growth score computed locally	ELA 11 Common Core Regents Exam

For High School English Language Arts: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

NOTE: As applicable, please specify whether your district will be offering the Comprehensive English Regents in addition to the Common Core English Regents, or just the latter, and how the HEDI process will be adjusted accordingly.

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Not applicable.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

Teachers with more than one locally selected measure will have their scores combined commensurate with the ratio of students tested or the number of assessments administered to the same population.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked

4. Other Measures of Effectiveness (Teachers)

Created Tuesday, April 30, 2013

Page 1

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list. (Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.1) Teacher Practice Rubric Rubric	NYSUT Teacher Practice Rubric
---------------------------------------	-------------------------------

Second Rubric, if applicable	(No response)
------------------------------	---------------

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0. This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review. Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered by the points assignment indicated immediately below (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	60
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	0

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, label accordingly, and combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The use of our rubric tool will result in a one to one point relationship with the 0-60 point range for other measures of effectiveness. The determination of the HEDI ratings will be made according to the Other Measures or Effectiveness (60 points) column of Table A in APPR Supplement 4.5.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Highly
Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results exceed NYS Teaching Standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

The Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

Page 1

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. All TIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a teacher's improvement in those areas. For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Time frame for filing an appeal:

All appeals must be submitted in writing no later than ten (10) work days of the date when the principal or teacher receives his/her annual professional performance review. If a principal or teacher is challenging the issuance of an improvement plan, appeals must be filed within ten (10) work days of the issuance of such plan. The failure to file an appeal within these time frames shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

Who May Appeal:

Teachers receiving a rating of developing or ineffective.

What may be challenged in an appeal:

The scope of appeals under Education law 3012-c shall be limited to the following subjects:

1. The school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-c;
2. The adherence to the Commissioner's regulations, as applicable to such review;
3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
4. The school district's issuance and/or implementation of the terms of the principal or teacher improvement plan under Education law 3012-c.

Appeal process:

When filing an appeal, the principal or teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

After receiving a principal or teacher appeal, the superintendent will convene a Review Team comprised of two (2) members of the Tully Teachers' Association (to be selected by the teacher bargaining unit) and two (2) members of the Administrator Bargaining Unit (to be selected by the administrator bargaining unit) within ten (10) work days of the receipt of the appeal. No principal or teacher involved in the appeal may serve as a member of their own Review Team. The role of the Review Team will be to evaluate facts and evidence submitted by the principal or teacher and to make a decision on the appeal. In such instances where the Review Team is unable to reach a decision on an appeal due to a tied vote, the Superintendent of Schools (or the School Business Administrator in the absence of the Superintendent of Schools) will cast the tie breaking vote.

The presence of the appellee and the evaluator(s) are requested on the day of the Review Team meeting. If the person making the appeal chooses not to be present, the appeal moves directly to decision making by the Review Team on the basis of the written appeal submission. No other documentation or information may be used in the decision making process.

A written decision based on the merits of the appeal shall be rendered by the Review Team no later than ten (10) work days after the Review Team meeting. The appeal shall be based on the written record, submitted to the Review Team, comprised of the principal or teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the evaluator's response to the appeal and additional documentary evidence submitted with such papers to the Review Team. Such decision shall be final and binding and shall not be subject to further appeal under the collective bargaining agreement or in any administrative or judicial forum.

Assurance:

The appeals process will be timely and expeditious, in accordance with 3012c.

6.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

The lead evaluator training for all persons in this role shall be administered by the Onondaga Madison Cortland BOCES through staff trained for this process by the state. Through that process the initial training covers two days in the summer and six half days during the school year. The training covers topics including process, rubrics, inter-rater reliability, appeal processes and evaluation of classroom situations via video. At the conclusion of this training each trainee is then certified by the OCM BOCES.

This certification process will be repeated annually to provide a re-certification of all lead evaluators and evaluators.

Training will be based upon the nine (9) elements outlined in the Commissioner's Regulations 30-2.9

6.5) Assurances -- Evaluators

Please check the boxes below:

• Checked

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, April 30, 2013

Updated Monday, November 10, 2014

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth or value-added measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.).

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-6
7-12

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

7.2) Assurances -- State-Provided Measures of Student Growth Assure that the value-added growth score(s) provided by NYSED will be used, where applicable	Checked
7.2) Assurances -- State-Provided Measures of Student Growth Assure that the State-provided growth measure will be used if a value-added measure has not been approved	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district must select the type of assessment that will be used with the SLO from the options below.

If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs will begin first with the SGP/VA results. Additional SLOs will then be set based on grades/subjects with State assessments, where applicable. If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options: State-approved 3rd party or district/regional/BOCES-developed assessments that are rigorous and comparable across classrooms.

State assessments, required if one exists
 District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms
 List of State-approved 3rd party assessments

First, list the grade configuration of the school or program the SLO applies to. Then, using the drop-down boxes below, please select the type of assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.” For State-approved 3rd party assessments, please include the name of the assessment exactly as it appears in RED on the State-approved list. For State assessments or Regents examinations, please indicate as such in the assessment name.

Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

Please also note that, for students using 3d party assessments in this Task, the 2nd drop-down option applies to grades 3 and above and the 4th drop-down option applies to grades K-2.

School or Program Type	SLO with Assessment Option	Name of the Assessment
------------------------	----------------------------	------------------------

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance. Please describe the process your district is using to measure student growth on the assessments listed for this Task. If applicable, please also include a description of the process for combining the State-provided growth score with the SLO(s) for this Task.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	We have no principals that require SLOs for the Comparable Growth Measures subcomponent.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	We have no principals that require SLOs for the Comparable Growth Measures subcomponent.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	We have no principals that require SLOs for the Comparable Growth Measures subcomponent.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	We have no principals that require SLOs for the Comparable Growth Measures subcomponent.

Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).

We have no principals that require SLOs for the Comparable Growth Measures subcomponent.

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

(No response)

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a principal's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: prior student achievement results, students with disabilities, English language learners, and students in poverty.

(No response)

7.5) Principals with More Than One Growth Measure

If educators have more than one State-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://www.engageny.org/resource/student-learning-objectives-guidance-document .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

7.6) Assurances -- Comparable Growth Measures Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
---	---------

7.6) Assurances -- Comparable Growth Measures Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment. 8. Local Measures (Principals)

Created Tuesday, April 30, 2013

Updated Monday, November 10, 2014

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for different groups of principals within the same or similar programs or grade configurations if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

Also note: if your district/BOCES is using the same assessment for both the State growth or other comparable measures subcomponent and the locally-selected measures subcomponents, be sure that a different measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

Also note: no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth or value-added measure (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a measure of growth or achievement from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.1 should be the same as those listed in Task 7.1.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration/Program	Locally-Selected Measure from List of Approved Measures	Assessment
K-6	(d) measures used by district for teacher evaluation	All assessment listed in the 8.1 upload.
7-12	(h) students' progress toward graduation	Credit Accumulation by the end of 10th grade

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	See uploaded APPR Supplement 8.1.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 8.1.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 8.1.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 8.1.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See uploaded APPR Supplement 8.1.

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations/programs used in your district or BOCES in which the district/BOCES expects that fewer than 30% of students will receive a State-provided growth score (e.g., K-2, K-3, CTE). Then for each grade configuration, select a measure from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.2 should be the same as those listed in Task 7.3.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

Also note: no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades
- (i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a principal's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

No controls.

8.4) Principals with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures where applicable for principals, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score.

(No response)

8.5) Assurances

Please check all of the boxes below:

8.5) Assurances	Assure that the application of locally developed controls will be rigorous, fair, and transparent	Check
8.5) Assurances	Assure that use of locally developed controls will not have a disparate impact on underrepresented students, in accordance with any applicable civil rights laws.	Check
8.5) Assurances	Assure that enrolled students are included in accordance with policies for student assignment to schools and may not be excluded.	Check
8.5) Assurances	Assure that procedures for ensuring data accuracy and integrity are being utilized.	Check
8.5) Assurances	Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction.	Check
8.5) Assurances	Assure that it is possible for a principal to earn each point, including 0, for the locally selected measures subcomponent.	Check
8.5) Assurances	Assure that locally-selected measures are rigorous and comparable across all principals in the same or similar programs or grade configurations across the district.	Check
8.5) Assurances	If more than one type of locally-selected measure is used for different groups of principals in the same or similar grade configuration or program, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Check
8.5) Assurances	Assure that all locally-selected measures for a principal are different than any measures used for the State assessment or other comparable measures subcomponent.	Check
8.5) Assurances	Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Check
8.5) Assurances	Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.	Check

9. Other Measures of Effectiveness (Principals)

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.1) Principal Practice Rubric Rubric	Multidimensional Principal Performance Rubric

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the point assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following point assignment for all principals?

Yes

If you checked "no" above, fill in the group of principals covered:

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
---	----

Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents. 0

If the above points assignment is not for "all principals," fill out an additional copy of "Form 9.2: Points Within Other Measures" for each group of principals, label accordingly, combine them into a single file, and upload as an attachment for review. [Click here for a](#)

9.3) Assurances -- Goals

Please check the boxes below if assigning any points to "ambitious and measurable goals":

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable) Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

Note: When the State-approved survey list is updated, this list will be updated within the drop-down menu of approved survey tools.

9.6) Assurances

Please check all of the boxes below:

9.6) Assurances Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The use of our rubric tool will result in a one to one point relationship with the 0-60 point range for other measures of effectiveness. The determination of the HEDI ratings will be made according to the Other Measures or Effectiveness (60 points) column of Table A in APPR Supplement 9.7.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results meet ISLLC leadership standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet ISLLC leadership standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results do not meet ISLLC leadership standards.

The Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

Page 1

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district or BOCES. All PIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a principal's improvement in those areas.

For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

assets/survey-uploads/12168/1459278-Df0w3Xx5v6/APPR Supplement 11.2_1.pdf

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Time frame for filing an appeal:

All appeals must be submitted in writing no later than ten (10) work days of the date when the principal or teacher receives his/her annual professional performance review. If a principal or teacher is challenging the issuance of an improvement plan, appeals must be filed within ten (10) work days of the issuance of such plan. The failure to file an appeal within these time frames shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

Who May Appeal:

Principals receiving a rating of developing or ineffective.

What may be challenged in an appeal:

The scope of appeals under Education law 3012-c shall be limited to the following subjects:

1. The school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-c;
2. The adherence to the Commissioner's regulations, as applicable to such review;
3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
4. The school district's issuance and/or implementation of the terms of the principal or teacher improvement plan under Education law 3012-c.

Appeal process:

When filing an appeal, the principal or teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

After receiving a principal or teacher appeal, the superintendent will convene a Review Team comprised of two (2) members of the Tully Teachers' Association (to be selected by the teacher bargaining unit) and two (2) members of the Administrator Bargaining Unit (to be selected by the administrator bargaining unit) within ten (10) work days of the receipt of the appeal. No principal or teacher involved in the appeal may serve as a member of their own Review Team. The role of the Review Team will be to evaluate facts and evidence submitted by the principal or teacher and to make a decision on the appeal. In such instances where the Review Team is unable to reach a decision on an appeal due to a tied vote, the Superintendent of Schools (or the School Business Administrator in the absence of the Superintendent of Schools) will cast the tie breaking vote.

The presence of the appellant and the evaluator(s) are requested on the day of the Review Team meeting. If the person making the appeal chooses not to be present, the appeal moves directly to decision making by the Review Team on the basis of the written appeal submission. No other documentation or information may be used in the decision making process.

A written decision based on the merits of the appeal shall be rendered by the Review Team no later than ten (10) work days after the Review Team meeting. The appeal shall be based on the written record, submitted to the Review Team, comprised of the principal or teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the evaluator's response to the appeal and additional documentary evidence submitted with such papers to the Review Team. Such decision shall be final and binding and shall not be subject to further appeal under the collective bargaining agreement or in any administrative or judicial forum.

The appeals process will be timely and expeditious in compliance with education law 3012c.

11.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of each training.

The lead evaluator training for all persons in this role shall be administered by the Onondaga Madison Cortland BOCES through staff trained for this process by the state. Through that process the initial training covers two days in the summer and six half days during the school year. The training covers topics including process, rubrics, inter-rater reliability, appeal processes and evaluation of classroom situations via video. AT the conclusion of this training each trainee is then certified by the OCM BOCES.

This certification process will be repeated annually to provide a re-certification of all lead evaluators and evaluators.

Training will be based upon the nine (9) elements outlined in the Commissioner's Regulations 30-2.9.

11.5) Assurances -- Evaluators

Please check the boxes below:

APPR Supplement 2.11

Items 2.2 through 2.10

Elementary School Teachers (K-6)

All teachers in the Tully Elementary School who are issued a growth score by NYSED will use the score provided.

Teachers in grades 3 will set targets relative to student performance on the grade 3 NYS ELA and math assessments. Targets will be set using a variety of baseline data. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

Teachers in grades 4-6, who do not receive a State Growth Score, will set targets relative to student performance on the appropriate grades 4-6 NYS ELA and math assessments. Targets will be set using a variety of baseline data. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

Teachers in grade 6 social studies or grade 6 science will set targets relative to student performance on district developed grade 6 social studies or grade 6 science final exams. Targets will be set using a variety of baseline data. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

Teachers in grade 3, teachers in grades 4-6 who do not receive State Growth Scores, and teachers in grade 6 social studies or grade 6 science will work with principals collaboratively to develop SLO targets based upon student growth relative to baseline data. These targets are class-wide growth targets.

All other teachers (K-6) in the Tully Elementary School shall use the building growth score provided by NYSED. (Including all of the other K-6 teachers listed in section 2.10).

Junior-Senior High School Teachers (7-12)

All teachers in the Tully Junior-Senior High School who are issued a growth score by NYSED will use the score provided.

Teachers in grades 8 science will set targets relative to student performance on the grade 8 NYS science assessment. Targets will be set using a variety of baseline data. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

Teachers in grade 8 science will work with principals collaboratively to develop SLO targets based upon student growth relative to baseline data. These targets are class-wide growth targets. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

All other teachers with a majority of students at the junior high level (grades 7-8), shall use the building growth score provided by NYSED. (Including all of the other 7-8 teachers listed in section 2.10).

Teacher in courses ending in a Regents Exam will set targets relative to student performance on the applicable Regents Exam. Targets will be set using a variety of baseline data. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target. Teachers courses ending in a Regents Exam will work with principals collaboratively to develop SLO targets based upon student growth relative to baseline data. These targets are class-wide growth targets. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

All other teachers, with a majority of students at the high school level (grades 9-12), will set targets relative to student performance on the applicable district developed final exam. Targets will be set using a variety of baseline data. Teachers with a majority of students at the high school level (grades 9-12), will work with principals collaboratively to develop SLO targets based upon student growth relative to baseline data. These targets are class-wide growth targets. Points will be awarded using Table A, and will be based upon the percentage of students who achieve the SLO target.

Items 3.1 and 3.2

Table A below represents the scoring mechanism to be used in the local achievement levels where there is a value added measure in place. Table B below represents the scoring mechanism to be used in the local achievement levels where there is no approved value added measure in place. For each of the assessments administered in the locally developed assessment tool, the formula below will be applied. The result of that formula will be applied through the LAT Score Calculation Form (Table C or Table D as appropriate to Value Added Status) to the appropriate locally-selected measures of growth or achievement in the Table E. The LAT Calculation Forms are interactive Adobe Acrobat forms that use standard rounding in their built-in program calculations (ie. <5 rounded down and ≥ 5 rounded up). This same process will be utilized with courses using State Assessments.

APPR Supplement 4.5

Item 4.5

Sixty percent (or 60 out of the total 100 point composite score) of the composite effectiveness score in the APPR process is based on other measures of teacher effectiveness consistent with standards prescribed by the Commissioner in regulation. Based on its inclusion of the SED-approved list of rubrics, the *NYSUT 2012 Rubric* is the basis of this rubric tool for the evaluation of teachers.

Each indicator carries an evaluation rating with an accompanying point value as shown below:

- Ineffective-1 point
- Developing-2.35 points
- Effective-3.25 points
- Highly Effective-4 points

The terms used in these evaluation ratings are consistent with the expectations of Education Law 3012-c.

In the measurement of the *NYSUT 2012 Rubric*, an average of the total accumulated points, based upon all evidence and observations during the academic year, is compared to the Conversion Scale shown below in Table A.

Procedure for calculating the Locally Selected Measures for Achievement for the Junior-Senior High School Principal

The Junior-Senior High School principal shall receive a score in the Locally Selected Measures for Achievement area by a measurement of students’ progress toward graduation in school using credit accumulation by the end of 10th grade.

This calculation shall be the number of students successfully reaching the minimum level of 13 credits accumulated by the end of their 10th grade year divided by the total number of students in that graduating class at the end of the 10th grade year for that cohort then multiplied by 100 to reach a percentage of success calculation.

(Continued)

The resulting calculation will be rounded down for a number that is $<.5$ and rounded up for any number that is $\geq .5$ according to standard rules for rounding.

That final number shall be compared to the top level numbers in Table F below to determine their final score for this area. That score shall fall into the ranges **for Locally-selected Measures of growth or achievement** shown in Table E above to determine their HEDI score. The appropriate value added or no value added charts will be used when a value added designation has been issued.

APPR Supplement 9.7

Item 9.7

9.7) Process for Assigning Points and Determining HEDI Ratings

Multiple Measures of Effectiveness

Sixty percent (or 60 out of the total 100 point composite score) of the composite effectiveness score in the APPR process is based on other measures of principal effectiveness consistent with standards prescribed by the Commissioner in regulation. Based on its inclusion of the SED-approved list of rubrics, the *Multidimensional Principal Performance Rubric* published by LCI, Ltd. is the basis of this rubric tool for the evaluation of principals.

Each indicator carries an evaluation rating with an accompany point value as shown below:

- Ineffective-1 point
- Developing-2.35 points
- Effective-3.25 points
- Highly Effective-4 points

The terms used in these evaluation ratings are consistent with the expectations of Education Law 3012-c.

In the measurement of the *Multiple Measures of Effectiveness*, an average of the total accumulated points, based upon all evidence and observations during the academic year, is compared to the Conversion Scale shown below in Table A.

Table A

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that this APPR Plan is the district's or BOCES' complete APPR Plan and that such plan will be fully implemented by the school district or BOCES; that there are no collective bargaining agreements, memoranda of understanding or any other agreements in any form that prevent, conflict or interfere with full implementation of the APPR Plan; and that no material changes will be made to the Plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-2 of the Rules of the Board of Regents.

The school district and its collective bargaining agent(s), where applicable, also acknowledge that if approval of this APPR Plan is rejected or rescinded for any reason, any State aid increases received as a result of the Commissioner's approval of this APPR Plan will be returned or forfeited to the State pursuant to Chapter 57 of the Laws of 2012 and/or 2013, as applicable.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR Plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR Plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) or Principal Improvement Plan (PIP), in accordance with all applicable statutes and regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with all applicable statutes and regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the statute and regulations and that they provide for the timely and expeditious resolution of an appeal

- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)
- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the statute, regulations and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- Assure that any third party assessment that is administered for use to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.

For APPR plans submitted to the Commissioner on or after March 2, 2014 for use in the 2014-15 school year and thereafter the school district or BOCES also makes the following specific assurance with respect to their APPR plan:

Pursuant to Section 30-2.3(a)(4) of the Rules of the Board of Regents, the Superintendent, District Superintendent or Chancellor attests that for the 2014-15 school year and thereafter the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum in required annual instructional hours for the grade; and the amount of time devoted to test preparation using traditional standardized assessments under standardized testing conditions for each classroom or program within a grade level does not exceed, in the aggregate, two percent of the minimum required annual instructional hours for the grade. Time devoted to teacher administered classroom quizzes or exams, portfolio reviews, performance assessments, formative assessments, and diagnostic assessments is not included in this calculation. Additionally, these calculations do not supersede the requirements of a section of the 504 plan of a qualified student with a disability or federal law relating to English language learners or the individualized education program (IEP) of a student with a disability.
