

THE STATE EDUCATION DEPARTMENT / THE UNIVERSITY OF THE STATE OF NEW YORK / ALBANY, NY 12234

COMMISSIONER OF EDUCATION
PRESIDENT OF THE UNIVERSITY OF THE STATE OF NEW YORK

September 17, 2012

William K. Lloyd, Superintendent
Uniondale Union Free School District
933 Goodrich Street
Uniondale, NY 11553

Dear Superintendent Lloyd:

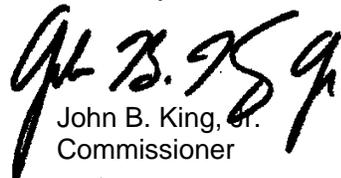

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the certification and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval.

Pursuant to Education Law §3012-c and Subpart 30-2, the Department will continue to work with districts to help ensure compliance with the statute and the regulations. We will be analyzing data supplied by districts, BOCES, and/or schools and may ask for a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results. Please be advised that, if any provisions of your APPR plan violate the statute or the regulations, the Department reserves the right to require your district to correct and/or resolve such violations.

The Department looks forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Sr.
Commissioner

c: Thomas Rogers

NOTE: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Wednesday, May 23, 2012

Updated Tuesday, September 04, 2012

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

No controls.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances | Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures. Checked

2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below. 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	40
One or more observation(s) by trained independent evaluators	(No response)
Observations by trained in-school peer teachers	(No response)
Feedback from students using State-approved survey tool	(No response)
Feedback from parents/caregivers using State-approved survey tool	(No response)

4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

The 60 points will be based on a broad assessment of teacher effectiveness based on the teacher practice rubric and other measures of effectiveness completed by the teacher's supervisor. The assessment will incorporate multiple observations and teacher artifacts. Observations and the artifacts both will be rated using a 1-4 rubric scale. The average observation score will be doubled. This number will be added to the average artifact score and then divided by 3 to reach an overall 1-4 point rubric rating. The scores will then be converted to a HEDI 60-point system using the attached chart.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

TEACHER APPEAL PROCEDURES

Section 3012-c of the Education Law establishes a comprehensive annual evaluation system for classroom teachers, as well as the issuance and implementation of improvement plans for teachers whose performance is assessed as either developing or ineffective.

To the extent that a teacher wishes to challenge a performance review and/or improvement plan under the new evaluation system, the law requires the establishment of an appeals procedure.

This appeal procedure is proposed to address a teacher's due process rights while ensuring that appeals are resolved in an expeditious manner.

APPEALS OF ALL HEDI RATINGS

Appeals of annual professional performance reviews will include all HEDI ratings. (Additional procedures may be adopted later if compensation decisions are linked to rating categories.)

WHAT MAY BE CHALLENGED IN AN APPEAL

Appeal procedures will limit the scope of appeals under Education Law §3012C of the following subjects:

- (1) the school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-c;*
- (2) the adherence to the Commissioner's regulations as applicable to such reviews;*
- (3) compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and*
- (4) the school district's issuance and/or implementation of the terms of a teacher improvement plan under Education Law §3012-c;*

PROHIBITION AGAINST MORE THAN ONE APPEAL

A teacher may not file multiple appeals regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF

In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

TIMEFRAME FOR FILING APPEAL

All appeals must be submitted in writing not later than 10 calendar days of the date when the teacher receives his/her annual professional performance review. If a teacher is challenging the issuance of a teacher improvement plan, an appeal must be filed within 10 calendar days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right of appeal and the appeal shall be deemed abandoned.

When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

DECISION-MAKER ON APPEAL

A decision shall be rendered by advisory arbitration pursuant to the collective bargaining agreement.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 10 calendar days from the date upon which the teacher filed his or her appeal. The appeal shall be based on a written record, comprised of the teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the school district response to the appeal and additional documentary evidence submitted with such papers. Such decision shall be final.

The decision shall set for the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained, the review may set aside a rating if it has been affected by substantial error or defect, modify a rating if it is affected by substantial error or defect, or order a new evaluation if procedures have been violated. A copy of the decision shall be provided to the teacher and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

EXCLUSIVITY OF SECTION 3012-C APPEAL PROCEDURE

The 3012-c appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher performance review and/or improvement plan. A teacher may not resort to any other contractual grievance of judicial procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

Uniondale School District is participating in BOCES training. Turnkey trainers attend all required BOCES/NYS APPR evaluator training. Once these evaluators are certified, they turnkey all other district evaluators who earn their certification as a lead evaluator. Additional needed training is scheduled in Common Core Standards, teacher evaluation rubric, principal evaluation rubric, SLO implementation, and all other requirements in section 30-2.9 of the rules of the Board of Regents as identified by the NYS Commissioner.

Initial training takes place over six days. Re-certification takes place over two days. Re-certification training will occur each summer during mandatory administrative meetings.

Inter-rater reliability will be ensured by consistent training, periodic joint observation visits and post-observation conferences, as well as district-wide analysis of all observation and evaluation feedback and scores.

7. Growth on State Assessments or Comparable Measures (Principals)

Created Thursday, May 24, 2012

Updated Friday, August 31, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html .	Checked
7.6) Assurances -- Comparable Growth Measures Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Thursday, June 07, 2012

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-5	(d) measures used by district for teacher evaluation	Scantron Performance Series ELA and Math Grades 3-5

9-12	(d) measures used by district for teacher evaluation	NYS Regents Exams: Living Environment, Chemistry, Earth Science, Physics, English

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	The Superintendent certifies in the district's APPR plan that the process uses the narrative descriptions for the rating categories to effectively differentiate educators' performance in each of the subcomponents and the overall rating categories to improve student learning and instruction.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	92-100% of students achieved their growth targets in grades 3-8 ELA and Math as set by Scantron Performance Series; 92-100% of students scored a 65 or better on the Regents Examinations in grades 9-12.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	60-91% of students achieved their growth targets in grades 3-8 ELA and Math as set by Scantron Performance Series; 60-91% of students scored a 65 or better on the Regents Examinations in grades 9-12.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for	20-59% of students achieved their growth targets in grades 3-8 ELA and Math as set by Scantron Performance Series; 20-59%

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	0-19% of students achieved their growth targets in grades 3-8 ELA and Math as set by Scantron Performance Series; 0-19% of students scored a 65 or better on the Regents Examinations in grades 9-12.

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

Checked
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	Checked

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

PRINCIPAL APPEAL PROCEDURES

Section 3012-c of the Education Law establishes a comprehensive annual evaluation system for Principals, as well as the issuance and implementation of improvement plans for Principals whose performance is assessed as either developing or ineffective.

To the extent that a Principal wishes to challenge a performance review and/or improvement plan under the new evaluation system, the law requires the establishment of an appeals procedure.

This appeal procedure is proposed to address a Principal's due process rights while ensuring that appeals are resolved in an expeditious manner.

APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS ONLY

Appeals of annual professional performance reviews will be limited to those that rate a Principal as ineffective or developing only. (Additional procedures may be adopted later if compensation decisions are linked to rating categories.)

WHAT MAY BE CHALLENGED IN AN APPEAL

Appeal procedures will limit the scope of appeals under Education Law §3012C of the following subjects:

- (1) the school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-c;*
- (2) the adherence to the Commissioner's regulations as applicable to such reviews;*
- (3) compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and*
- (4) the school district's issuance and/or implementation of the terms of a Principal improvement plan under Education Law §3012-c;*

A Principal may not file multiple appeals regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A Principal may not file multiple appeals regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF

In an appeal, the Principal has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

TIMEFRAME FOR FILING APPEAL

All appeals must be submitted in writing not later than 10 calendar days of the date when the Principal receives his/her annual professional performance review. If a Principal is challenging the issuance of a principal improvement plan, an appeal must be filed within 10 calendar days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right of appeal and the appeal shall be deemed abandoned.

When filing an appeal, the Principal must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

DECISION-MAKER ON APPEAL

A decision shall be rendered by advisory arbitration pursuant to the collective bargaining agreement.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 10 calendar days from the date upon which the Principal filed his or her appeal. The appeal shall be based on a written record, comprised of the Principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district response to the appeal and additional documentary evidence submitted with such papers. Such decision shall be final.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the Principal's appeal. 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

Uniondale School District is participating in BOCES training. Turnkey trainers attend all required BOCES/NYS APPR evaluator training. Once these evaluators are certified, they turnkey all other district evaluators who earn their certification as a lead evaluator. Additional needed training is scheduled in Common Core Standards, teacher evaluation rubric, principal evaluation rubric, SLO implementation, and all other requirements in section 30-2.9 of the rules of the Board of Regents as identified by the NYS Commissioner.

Initial training takes place over six days. Re-certification takes place over two days. Re-certification training will occur each summer during the mandatory administrative meetings.

Inter-rater reliability will be ensured by consistent training, periodic joint observation visits and post-observation conferences, and district-wide analysis of all observation and evaluation feedback and scores.

TEACHER IMPROVEMENT PLAN (TIP)

Teachers whose performances are evaluated as **Ineffective or Developing** shall require the development of a Teacher Improvement Plan. The administration, in consultation with the teacher, shall develop this plan. The plan must be implemented within 10 school days of the initial return date of the next year following the **Ineffective or Developing** evaluation report.

The teacher shall be given two school days to review the TIP. If desired, the teacher may request that the district administrators reconvene with the teacher and union representative(s) before signing the document. Union representative(s) can accompany the teacher to all meetings related to the TIP.

The plan shall include identified domains and components in need of improvement: goals to address identified areas, activities/resources to support improvement, improvement assessment tools, and a timeline. The plan may include, but is not limited to, any of the following activities for the teacher (which shall be provided by the District):

- ✓ Identification of resources to help the educator including but not limited to mentors, BOCES, higher education, workshops, personal counselors, medical referrals, etc. (up to 15 additional hours for these activities will be conducted outside of the contractual day)
- ✓ Modeling experiences in which the teacher will have the opportunity to:
 - ❖ Visit and observe the classrooms of teachers who have expertise in the targeted needs
 - ❖ Observe demonstrations in the teacher's own classroom by teachers and/or administrators who have expertise in the areas of targeted needs
 - ❖ Participate in co-teaching assignments with teachers who have expertise in the areas of targeted needs

The teacher shall participate in activities for his/her improvement provided by the District during school hours. The teacher and principal shall meet three times a year to discuss the impact of the improvement activities on the teacher's professional performance. The principal will review and assess the effectiveness of the intervention and the level of improvement. Based on that assessment, the TIP may be adjusted appropriately and meetings between the teacher and principal will continue on a regular basis during the second trimester. The teacher will receive an End-of-Year Evaluation (APPR) by the contractual deadline.

The principal will provide the teacher with a mid-year evaluation, no later than January 30th, which will include, but not be limited to, written direction and guidance regarding areas of concern. If the teacher is rated *highly effective* in the mid-year evaluation, the Teacher Improvement Plan shall remain in effect for the remainder of the school year with modifications. Each meeting will result in written documentation from the principal to the teacher, no later than two (2) days after the meeting, detailing what was discussed and the guidance and suggestions offered, if any. The principal must provide the teacher with his/her end of the year evaluation no later than June 30th. The culmination of the TIP will be communicated in writing to the teacher. If at the end of the year the TIP goals are met or the teacher is rated effective the TIP will terminate. Both parties will sign the TIP at the end of the school year. If the teacher is rated as *developing or ineffective* for any school year in which a TIP was in effect and the teacher is to be retained, a new plan will be developed by the principal and the teacher according to these guidelines for the subsequent school year.

A TIP shall be developed in consultation with the teacher and union representation shall be afforded at the teacher’s request. A TIP is not a disciplinary action. At the end of a mutually agreed upon timeline, the teacher, administrator and mentor (if one has been assigned), and a union representative (if requested by the teacher) shall meet to assess the effectiveness of the TIP in assisting the teacher to achieve the goals set forth in the TIP. Based on the outcome of this assessment, the TIP shall be modified accordingly.

PRINCIPAL IMPROVEMENT PLAN (PIP)

Principals whose performances are evaluated as **Ineffective or Developing** shall require the development of a Principal Improvement Plan. Central office administration, in consultation with the principal, shall develop this plan. The plan must be implemented within 10 school days of the initial return date of the next year following the **Ineffective or Developing** evaluation report. An initial conference shall be held at the beginning of the school year where the PIP is discussed.

The principal shall be given two school days to review, sign and date the PIP. If desired, the principal may request that the central office administrator(s) reconvene with the principal and union representative(s) before signing the document. Union representative(s) can accompany the principal to all meetings related to the PIP.

The plan, which will be in effect for the school year, shall include identified domains and components in need of improvement, goals to address identified areas, activities/resources to support improvement, improvement assessment tools, and a timeline. The plan may include, but is not limited to, any of the following:

- ✓ Identification of resources to help the educator including but not limited to mentors, BOCES, higher education, workshops, personal counselors, medical referrals, etc.
- ✓ Modeling experiences in which the principal will have the opportunity to:
 - ❖ Visit and observe the buildings of principals who have expertise in the targeted areas of need
 - ❖ Participate in co-leadership assignments with administrators who have expertise in the targeted areas of need

The principal and supervisor(s) shall meet three times a year to discuss the impact of the improvement activities on the principal's professional performance. The supervisors will review and assess the effectiveness of the intervention and the level of improvement. Based on that assessment, the PIP may be adjusted appropriately and meetings between the supervisor and principal will continue on a regular basis during the second trimester. The principal will receive an End-of-Year Evaluation (APPR) by the contractual deadline.

The supervisor will provide the principal with a mid-year evaluation, no later than January 30th, which will include, but not be limited to, written direction and guidance regarding areas of concern. Each meeting will result in written documentation from the Superintendent to the principal, no later than two (2) days after the meeting, detailing what was discussed and the guidance and suggestions offered, if any. The Superintendent must provide the principal with his/her end of the year evaluation no later than June 30th. The culmination of the PIP will be communicated in writing to the principal. If at the end of the year the PIP goals are met or the administrator is rated effective the PIP will terminate. Both parties will sign the PIP at the end of the school year. If the principal is rated as *developing or ineffective* for any school year in which a PIP was in effect and the principal is to be retained, a new plan will be developed by the principal and the Superintendent according to these guidelines for the subsequent school year.
