Revised-Expedited Assessment Material Change

Jason Andrews, Superintendent
Windsor Central School District
1191 NY Route 79
Windsor, NY 13865

Dear Superintendent Andrews:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) Expedited Assessment Material Change submission meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

NOTES:

Only the material changes included in your Expedited Assessment Material Change request were reviewed. The remaining sections of your district's/BOCES' plan, as approved by the Commissioner on March 11, 2014, remain in effect. Therefore, it is the responsibility of the district/BOCES to ensure that the change(s) approved will not have any impact on the implementation of any other part of its approved plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Statement of Assurances

By signing this document, the superintendent, district superintendent, or chancellor, the president of the board of education and the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this expedited material change and the previously approved APPR plan and/or approved material changes constitute the district's or BOCES' complete Annual Professional Performance Review (APPR) plan, that collective bargaining negotiations have been completed on any requested material changes that affect provisions of the currently approved APPR plan that are subject to collective bargaining, and that such APPR plan complies with all of the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. The district or BOCES and its collective bargaining agent(s), where applicable, also assure that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents. The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that the district's or BOCES' complete APPR plan will be fully implemented by the school district or BOCES; that there are no collective bargaining agreements, memoranda of understanding, or any other agreements in any form that prevent, conflict or interfere with full implementation of the district's or BOCES' APPR plan, including any approved material changes; and that no material changes will be made to the plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific assurances with respect to their APPR plan:

- Assure that the material changes indicated in this form are in compliance with Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.
- Assure that collective bargaining negotiations have been completed on any requested material changes that affect provisions of the currently approved APPR plan that are subject to collective bargaining.
- Assure that the district's or BOCES' request for an expedited review of their APPR plan is only for material changes related to the elimination of unnecessary assessments in the Tasks identified by the district or BOCES in this form and that no other Tasks of the district's or BOCES' approved APPR plan have been changed.
- Assure that any material changes approved by the Commissioner as part of this expedited review shall constitute part of the school district's or BOCES' currently approved APPR plan.
- Assure that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.
- Assure that the district's or BOCES' entire approved APPR plan, including any approved material change, will be posted on the district or BOCES website within 10 days after it is approved by the Commissioner.
- Assure that the district's or BOCES' request for an expedited material change will not prevent, conflict, or interfere with any existing collective bargaining agreement and/or full implementation of the APPR plan currently approved by the Department in any way or the described timeframes for submission of data in Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents. This includes, but is not limited to, that results will be provided and completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's or building principal's performance is being measured.

- Assure that the district or BOCES understands that the Department will only review, in an expedited fashion, the material changes described on this assurance form and that no other portion of the APPR plan will be reviewed as part of this material change request, by the Department for compliance with Education Law §3012-c and understands that the Commissioner reserves the right to revoke his/her approval of these material changes at any time if the Department determines that additional changes were made to the plan, other than those identified by the district or BOCES in this form.
- Assure that the district or BOCES will continue to fully implement the currently approved APPR plan and will not have collective bargaining agreements, memoranda of understanding, or any other agreements in any form that prevent that would prevent, conflict, or interfere with full implementation of the APPR plan.
- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing.
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations.
- Assure that the district or BOCES understands that the use of an expedited material change does not preclude the Department from conducting annual monitoring regarding the implementation of the requested change or of its entire approved APPR plan pursuant to the regulations.
- Assure that any material change to the APPR plan relating to assessment use will align with the applicable HEDI description(s) and uploaded document(s) for the given Task.

EXPEDITED MATERIAL CHANGE FORM

Directions:

The following certification form is for use by school districts/BOCES that request to make a material change to their approved Annual Professional Performance Review (APPR) plan that relates solely to the elimination of unnecessary student assessments as described in Section 30-2.3(a)(2) of the Rules of the Board of Regents. For more information please see <http://www.regents.nysed.gov/meetings/2014/February2014/214p12heal.pdf>.

Districts/BOCES that wish to submit material changes to their approved APPR plan for use in the current school year must complete and submit this form to EducatorEval (educatoreval@mail.nysed.gov) *no later than March 1*. Please note that the Department will not accept late submissions of this form. **Please type “Expedited Assessment Material Change” in the subject line of your email to ensure an expedited review of your material change request.**

The superintendent, district superintendent, or chancellor of each school district/BOCES must provide a written explanation of the changes to their approved APPR plan in addition to the required certification below---that no other material changes have been made to other portions of the APPR plan. In the form below, please identify the relevant Task(s) (2, 3, 7, and/or 8), as listed in the APPR Portal, that will be impacted by your requested material change. In each sub-task, please also indicate if changes were made to the selected assessment, HEDI process, and/or assignment of points.

The Department shall complete the review of properly and completely submitted material changes **within 10 business days of submission**. In order to be considered properly and completely submitted, the submission must include this form with all appropriate signatures and dates and a corresponding submission in the APPR Portal (as described above) that meets the requirements of Education Law §3012-c and Subpart 30-2 of the Board of Regents. If a plan is reviewed and rejected by the Department because it was not properly and completely submitted or for any other reason, the 10 business day requirement for an expedited review does not apply until a new, properly and completely submitted material change is submitted for approval.

Please note that the Department will only review the Task(s) and sub-task(s) indicated in this certification form and no other portion of the APPR plan will be reviewed by the Department for compliance with Education Law §3012-c. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-c. The Department recommends that school districts/BOCES consult with their local counsel before submitting this certification form and any changes to their currently approved plan in the APPR Portal.

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have State-provided measures, some may teach other courses where there is no State-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See Guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
Assure that the State-provided growth measure will be used if a value-added measure has not been approved.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grade 8 Science, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

- State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

- District-determined assessments from list of State-approved 3rd party assessments; or
- District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

- State assessments, *required if one exists*
- List of State-approved 3rd party assessments
- District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms
- School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: "[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment." For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: "GVEP-Developed Grade 7 Social Studies Assessment."

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable. Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Teacher score will be determined by calculating the % of students who meet or exceed their individual student growth target. The target is set for each individual student by the teacher in conjunction with the building principal, based on historical data. The % of students who meet their growth target over these two points in time will then be converted to a HEDI category as outlined in the attached table. Please see attached.

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: student prior academic history, students with disabilities, English language learners, and students in poverty.

There are no controls in place for setting individual student targets for Comparable Growth Measures.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked

Assure that district will develop SLOs according to the rules established by SED (see: http://www.engageny.org/resource/student-learning-objectives-guidance-document).	Checked
Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked
Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.	Checked

3. Local Measures (Teachers)

Created: 04/30/2013

Last updated: 08/18/2015

For guidance on the Locally Selected Measures subcomponent, see NYSED APPR Guidance sections E, F, and I. NYSED APPR Guidance is posted on www.EngageNY.org at <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations/>.

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers.

Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment. Additionally, please provide a brief explanation in the HEDI general description box of why you have listed the grade/course as "Not Applicable" (e.g., district/BOCES does not offer this grade/subject; common branch teacher).

Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: "[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment." For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: "GVEP-Developed Grade 7 Social Studies Assessment."

NOTE: If your district/BOCES is using the same assessment for both the State growth and other comparable measures subcomponent and the locally-selected measures subcomponent, be sure that a *different* measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the measure that will be used as the locally-selected measure of student achievement. Then name the specific assessment that will be used with the locally-selected measure, listing the full name of the assessment.

7	3) Teacher specific achievement or growth score computed locally	NYS ELA Grade 7 Assessment
8	3) Teacher specific achievement or growth score computed locally	NYS ELA Grade 8 Assessment

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: When completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	Teachers in 4-8 receiving a SPGS will receive a local score based on the percentage of students passing/proficient (levels 2,3, and 4) on the ELA assessment.

Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attachment 3.13. The 0-20 chart will be used until the Value-added model is implemented.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attachment 3.13. The 0-20 chart will be used until the Value-added model is implemented.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	See attachment 3.13. The 0-20 chart will be used until the Value-added model is implemented.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms
- 7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a teacher's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

No controls.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

In the event that a teacher has more than one measure, the Teacher score in the Student Achievement Measure will be determined by calculating the total % of students in the combined student population who meet or exceed the proficiency target. This % is then converted into a HEDI rating using the applicable conversion chart. Normal rounding rules will apply.

3.16) Assurances

Please check all of the boxes below:

Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked
Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum in required annual instructional hours for the grade.	Checked
Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.	Checked

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered by the points assignment indicated immediately below (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	60
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, label accordingly, and combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. All TIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a teacher's improvement in those areas. For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEALING THE RESULTS OF THE ANNUAL PROFESSIONAL PERFORMANCE REVIEW

Who May Appeal?

Appeals shall be limited to those evaluations which have resulted in a rating of developing or ineffective for tenured teachers.

On What Grounds May an Appeal Be Made?

1. Appeals shall be limited to:

- the substance of the annual professional performance review;
- the school district's adherence to the standards and methodologies required for such reviews pursuant to Section 3012(c) of the Education Law;
- the school district's adherence to the Regulations of the Commissioner and compliance with any applicable locally negotiated procedures; and
- the school district's issuance and/or implementation of the terms of a Teacher Improvement Plan (TIP).

2. It is understood that the appeal process in no way limits the authority of the Board of Education and Superintendent regarding employment decisions of probationary employees. Probationary teachers may only be terminated or denied tenure for statutorily and constitutionally permissible reasons other than the performance that is the subject of the appeal.

3. The burden of proof rests with the appealing party.

How Many Appeals May Be Filed?

A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised within one appeal. Any issue not raised in the written appeal shall be deemed waived.

What is the Procedure for Making an Appeal?

Level 1: Appeal to Lead Evaluator

A teacher may appeal the annual evaluation or the TIP to the appropriate Lead Evaluator within 5 school days of its receipt. The appeal shall be in writing and shall articulate in detail the basis of the appeal.

The appeal must be submitted by completing the "Evaluation Appeals Form" (Appendix X). The Lead Evaluator shall hold an informal conference with the appealing teacher and render a written determination in response within 10 school days of receipt of the appeal.

Level 2: Appeal to Superintendent

If the issues of the appeal are not resolved through Level 1, the teacher may appeal to the Superintendent of Schools or his/her designee within 5 school days of receipt of the Lead Evaluator's determination. The appeal must be submitted by completing the "Evaluation Appeals Form" and must include the Lead Evaluator's written determination. The Superintendent of Schools or his/her designee shall render a written determination in response within 10 school days of receipt of the appeal.

The determination of the Superintendent of Schools or his /her designee as to the substance of the annual professional performance review shall not be grievable, arbitrable, or reviewable in any other forum. The time frames referenced above may be extended by mutual agreement of the District and the WTA. This in no way diminishes employee rights as defined in Education Law 3020 and 3020A.

The appeals process will be timely and expeditious in accordance with Education Law 3012-c. All forms of appeals will use the same processes and timeframes.

6.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

Training for Evaluators and Staff

Any evaluator who participates in the evaluation of teachers for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law §3012-c and the implementing Regulations of the Commissioner of Education prior to conducting a teacher evaluation.

All professional staff subject to the district's APPR will be provided with an orientation and/or training on the evaluation system that will include: a review of the content and use of the evaluation system, the NYS Teaching Standards, the district's teacher practice rubric, forms and the procedures to be followed consistent with the approved APPR plan and associated contractual provisions. All training for current staff will be conducted prior to the implementation of the APPR process. Training will be conducted within 30 calendar days of the beginning of each subsequent school year for newly hired staff. Representatives from the Teachers Association and the District will jointly conduct the training.

The "lead evaluator" is the administrator who is primarily responsible for a teacher's evaluation under Chapter 103. The term "evaluator" shall include any administrator who conducts an observation or evaluation of a teacher.

All evaluators shall successfully complete training that meets the minimum requirements prescribed in Chapter 103 and Section 30-2.9

of the regulations thereunder. Such training shall include application and use of the State-approved teacher practice rubric(s) selected by the District for use in evaluations.

In order to be certified as lead evaluators, administrators must be trained in the following nine elements:

1. NYS Teaching Standards, and their related elements and performance indicators or ISLLC standards and their related functions;
2. Evidence-based observation techniques grounded in research;
3. Application and use of the student growth percentile model and the value-added growth model;
4. Application and use of approved teacher or principal practice rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher's or principal's practice;
5. Application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.;
6. Application and use of any State-approved locally-selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals;
7. Use of the Statewide Instructional Reporting System;
8. Scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principals' overall rating and their subcomponent ratings; and
9. Specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

Following 18 hours of initial Lead Evaluator Training, inter-rater reliability training will occur at the local level and/or through regional training offerings through BOCES on an annual and ongoing basis.

Training will be completed prior to completion of teacher evaluations.

Once an evaluator has successfully completed training meeting the minimum requirements prescribed in the law and regulations, he/she shall be deemed to be certified by the District as a lead evaluator.

Recertification will occur annually.

7. Growth on State Assessments or Comparable Measures (Principals)

Created: 04/30/2013

Last updated: 08/10/2015

For guidance on the State Growth or Comparable Measures subcomponent, see NYSED APPR Guidance sections D, F, and I. NYSED APPR Guidance is posted on www.EngageNY.org at <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations/>.

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth or value-added measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.).

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

	Pre K-5
	6-8
	9-12
	(No response)

7.2) Assurances -- State-Provided Measures of Student Growth

Please check the boxes below:

Assure that the value-added growth score(s) provided by NYSED will be used, where applicable	Checked
Assure that the State-provided growth measure will be used if a value-added measure has not been approved	Checked

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs will begin first with the SGP/VA results.
- Additional SLOs will then be set based on grades/subjects with State assessments, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options: State-approved 3rd party or district/regional/BOCES-developed assessments that are rigorous and comparable across classrooms.

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the grade configuration of the school or program the SLO applies to. Then, using the drop-down boxes below, please select the type of assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.” For State-approved 3rd party assessments, please include the name of the assessment exactly as it appears in RED on the State-approved list. For State assessments or Regents examinations, please indicate as such in the assessment name.

Please note that no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

Please also note that, for students using 3d party assessments in this Task, the 2nd drop-down option applies to grades 3 and above and the 4th drop-down option applies to grades K-2.

	School or Program Type	SLO with Assessment Option	Name of the Assessment
	9-12	State assessment	ELA Regents and Algebra 1 Regents Exam and all other applicable Regents.
	6-8	State assessment	6-8 ELA and Math Assessment
	K-5	State assessment	3-5 ELA and Math Assessment

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance. Please describe the process your district is using to measure student growth on the assessments listed for this Task. If applicable, please also include a description of the process for combining the State-provided growth score with the SLO(s) for this Task.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	If the State provides growth scores for the grades K-5, 6-8, or 9-12 principal(s), and such scores represent less than 30% of the students supervised by that principal, the district will set SLOs for the largest courses in the building until at least 30% of students are covered. Where such courses end in a State assessment, that assessment will be used with the SLO. The State-provided scores will then be weighted proportionately with the SLO result(s) for the final HEDI score for the principal(s). For SLOs, based on historical data, the principal in collaboration with the superintendent will set individual growth targets for each student. The Superintendent will have final approval of the growth targets. A principal will receive a HEDI score based upon the percent of students reaching their targets.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	See 7.3 attachment

Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	See 7.3 Attachment
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	See 7.3 Attachment
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	See 7.3 Attachment

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in assigning points to a principal's score for this subcomponent, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are the following: prior student achievement results, students with disabilities, English language learners, and students in poverty.

None

7.5) Principals with More Than One Growth Measure

If educators have more than one State-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: http://www.engageny.org/resource/student-learning-objectives-guidance-document .	Checked
Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked

Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked
Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
Assure that, as applicable, any third party assessment that is administered to students in kindergarten, first, or second grade, and being used for APPR purposes, is consistent with the State's APPR Assessment Guidance and is not a traditional standardized assessment.	Checked

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment in the following format: “[Name of your District/Region/BOCES] developed [Grade] [Subject] Assessment.” For example, a BOCES-developed 7th grade Social Studies assessment would be written as follows: “GVEP-Developed Grade 7 Social Studies Assessment.”

Also note: if your district/BOCES is using the same assessment for both the State growth or other comparable measures subcomponent and the locally-selected measures subcomponents, be sure that a *different* measure of student performance is being used with the assessment (e.g., achievement rather than growth; growth measured in a different manner).

Also note: no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth or value-added measure (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a measure of growth or achievement from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.1 should be the same as those listed in Task 7.1.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school

- whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8
- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

	Grade Configuration/Program	Locally-Selected Measure from List of Approved Measures	Assessment
	Pre K-5	(d) measures used by district for teacher evaluation	3-5 ELA and Math Assessments
	6-8	(a) achievement on State assessments	6-8 ELA and Math Assessments
	9-12	(d) measures used by district for teacher evaluation	NYS Regetns Exams: Algebra, Living Environment, Global Studies, US History, ELA 11

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the process for assigning HEDI categories. 8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations/programs used in your district or BOCES in which the district/BOCES expects that fewer than 30% of students will receive a State-provided growth score (e.g., K-2, K-3, CTE). Then for each grade configuration, select a measure from the drop-down menu. As a reminder, the grade configurations/programs listed in Task 8.2 should be the same as those listed in Task 7.3.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

Also note: no APPR plan shall be approved by the Commissioner for use in the 2014-2015 school year or thereafter that provides for the administration of traditional standardized assessments for use with students in kindergarten through grade two for APPR purposes (see: <http://www.engageny.org/resource/guidance-on-the-approved-regulatory-amendments-to-appr-to-help-reduce-local-testing>).

- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades
- (i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the point assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following point assignment for all principals?

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district or BOCES. All PIP plans must include: 1) identification of needed areas of improvement, 2) a timeline for achieving improvement, 3) the manner in which the improvement will be assessed, and, where appropriate, 4) differentiated activities to support a principal's improvement in those areas.

[assets/survey-uploads/5276/137835-Df0w3Xx5v6/Principal Improvement Plan.pdf](#)

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

CHALLENGES IN AN APPEAL:

Appeals are limited to those identified by Education Law §3012-c, as follows:

- (1) The substance of the annual professional performance review;
- (2) The school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews;
- (3) The adherence to the Commissioner's regulations, as applicable to such reviews;
- (4) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
- (5) The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan.

RATINGS THAT MAY BE APPEALED:

Appeals of annual professional performance reviews may be brought for ineffective, developing or any rating tied to compensation.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A principal may not file multiple appeals regarding the same performance review. The issuance of an improvement plan may prompt an appeal independent of the performance review. The implementation of an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived.

BURDEN OF PROOF

The burden shall be on the district to establish by the preponderance of the evidence that the rating given to the appellant was justified or that an improvement plan was appropriately issued and/or implemented.

TIME FRAME FOR FILING APPEAL

All appeals shall be filed in writing. The act of mailing the appeal shall constitute filing.

An appeal of a performance review must be filed no later than fifteen (15) business days of the date when the principal receives their final and complete annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with fifteen (15) business days of issuance of such plan. An appeal of the implementation of an improvement plan shall be within fifteen (15) business days of the failure of the district to implement any component of the plan.

The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. An extension of the time in which to appeal may be granted by the Superintendent upon written request.

When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. Any additional documents or materials relevant to the appeal must be provided by the district upon written request for same. The performance review and/or improvement plan being challenged must also be submitted with the appeal.

Each step of the appeals process and the resolution of the appeal will occur in a timely and expeditious manner. Regardless of extensions, appeals will be timely and expeditious in accordance with Education Law 3012-c.

TIME FRAME FOR DISTRICT RESPONSE

Within ten (10) business days of receipt of an appeal, the district must submit a detailed written response to the appeal. The response must include all additional documents or written materials relevant to the point(s) of disagreement that support the district's response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the

school district, and all additional information submitted with the response, at the same time the school district files its response. Additional material supporting the challenges may be submitted by the principal up to the date of the hearing.

DECISION PROCESS FOR APPEAL

Within five (5) business days of the district's response, a panel consisting of a Superintendent's Designee, WAA representative, and a mutually agreed upon third party shall be formed.

The parties agree that:

- a. The panel shall hear appeals in a timely manner after the appeal is made, but in no event shall it be less than five (5) business days or more than fifteen (15) business days after the panel is selected.
- b. The hearing shall be conducted in no more than one business day unless extenuating circumstances are present and the hearing officer agrees to a second day.
- c. The parties shall have the ability to be represented by either legal counsel, union representative, or appear pro se;
- d. The parties shall exchange an anticipated witness list no less than two (2) business days before the scheduled hearing date;
- e. The principal shall have the prerogative to determine whether the appeal shall be open to the public or not;
- f. The district shall have the opportunity to present its case supporting the rating or improvement plan and then the principal may refute the presentation. These may include the presentation of material, witnesses and/or affidavits in lieu of testimony.

DECISION

A written decision on the merits of the appeal shall be rendered no later than ten (10) business days from the close of the hearing. Such decision shall be a final administrative decision.

The decision shall set forth the reasons and factual basis for the determination on each of the specific issues raised in the appeal. The reviewer must either, affirm, set aside or modify a district's rating or improvement plan. A copy of the decision shall be provided to the principal and the district representative.

EXCLUSIVITY OF SECTION 3012-C APPEAL PROCEDURE

This appeal procedure shall constitute the means for initiating, reviewing and resolving challenges to a bargaining unit members performance review or improvement plan. A bargaining unit member may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.

OTHER

1. The district and unit agree that hearing officers shall be paid no more than \$_____ for the hearing date, analysis of documents and production of the decision. This cost shall be the responsibility of the district.
2. In addition to any further limitations agreed to within the APPR agreement, an evaluation shall not be placed in a administrator's personnel file until either the expiration of the fifteen (15) business day period in which to file an notice of appeal without action being taken by the principal or the conclusion of the appeal process described herein, whichever is later.
3. An administrator who takes advantage of the appeals process described herein does not waive his/her right to submit a written rebuttal to the final evaluation. An administrator who elects to submit a written rebuttal to his/her evaluation prior to the expiration of the fifteen (15) business days in which to file a notice of appeal does not waive her/his right to file an appeal.

11.4) Training of Lead Evaluators and Evaluators and Certification of Lead Evaluators

Describe the process for training lead evaluators and evaluators. Your description must include 1) the process for training lead evaluators and evaluators, 2) the process for the certification and re-certification of lead evaluators, 3) the process for ensuring inter-rater reliability, 4) the nature (content) and the duration (how many hours, days) of such training.

Any evaluator who participates in the evaluation of principals for the purpose of determining an APPR rating shall be fully trained and/or certified as requires by Education Law 3012-c and the implementing Regulations of the Commissioner of Education prior to conducting a principal evaluation.

All principals subject to the district's APPR will be provided with an orientation and/or training on the evaluation system.

The "lead evaluator" is the administrator who is primarily responsible for a principal's evaluation. The term "evaluator" shall include any administrator who conducts an observation or evaluation of a principal.

All evaluators shall successfully complete a training course (6 hours) that meets the minimum requirements of Section 30-2.9 of the regulations thereunder. Such training shall include application and use of the State-approved principal practice rubric selected by the District for the use in evaluations. Ongoing annual training will occur to ensure that inter-rater agreement and reliability are maintained over time.

Once an evaluator has successfully completed a training course meeting the minimum requirements prescribed in the law and regulations, he/she shall be deemed to be certified by the District as a lead evaluator.

Re-certification will occur annually.

*The Teacher will set the SLO target for each student within their specific population based on historical data. The Building Principal will approve individual student targets.

**The District reserves the right to review all targets and require additional changes and is responsible for ensuring that targets represent one year grade level growth.

*The Teacher score in the Student Growth Measure will be determined by calculating the total % of students who meet or exceed the individual student growth target. This % is then converted into a HEDI rating using the applicable table above.

Courses using school-wide measures based on Regents assessments, the building-wide percentage of students meeting their individual targets (set using the aforementioned process) will be used to award HEDI points. For courses using school-wide measures based on the building-wide ELA and Math State-provided growth scores, the building-wide State-provided growth scores for each subject will be weighted proportionately by number of students and combined, and the conversion chart on p. 2 will be used after

implementation of value-added measures. For courses using the building-wide State-provided Growth Score for both ELA and Math as school-wide measure, the 25-to-20 point conversion will also be so used.

Self-Contained Special Education teachers with students who take the New York State Alternative Assessment shall develop an SLO using the NYSAA performance assessment as evidence. Additional SLOs are also set based on subject area taught (e.g. ELA, Regents, Math).

Individual student targets will be set by the teacher and approved by the building principal.

If there is no available state assessment, NYSAA, or regionally developed summative assessment available for the majority of students on the special education teacher's caseload, academic goals in an IEP may be used as appropriate targets within an SLO.

The student learning objective must be specific and measurable, and compare learning data at the start and end of the course. SLOs must also be aligned to learning standards (Common Core Standards, NYS Learning Standards, or National Standards) which means that only academic goals contained in approved IEPs could ever become the basis of student learning objectives. For example, an IEP goal for literacy could be used; an IEP goal relating to occupational therapy could not be used.

The Teacher score in the Student Growth Measure will be determined by calculating the total % of students who meet or exceed the individual student growth target. This % is then converted into a HEDI rating using the applicable table found on page 1.

Special Class (12-1-1) Teachers

The Teacher score in the Local Selected Measure will be determined by calculating the total % of students who met or exceed proficiency of Level 2, 3, 4 on the respective measure. This % is then converted into a HEDI rating using the table found on page 3 of this document.

The 1-4 performance levels will be established by the district and will be correlated to the results of the NYSAA to ensure that expectations for growth are rigorous and comparable across classrooms.

A rating of "Effective" (3) = a score of .75

A rating of "Improvement Necessary" (2) = a score of .50

A rating of "Does Not Meet Standards" (1) = a score of 0.0

Process

All teachers will receive multiple observations. These observations will include at least one formal announced observation. This observation will include a pre-observation conference and post observation conference and the completion of a “Lesson Reflection Sheet” by the teacher.

FORMAL OBSERVATION(S)	Minimum # of Observations	Observation #1 Date	Observation #2 Date
Probationary	2	By December 1 st	By March 15 th
Tenured	1	By March 15 th	As Needed

In addition, there will be multiple announced and/or unannounced observations. These observations can take the form of walk-through observations of varying length. Administrators will provide feedback from walk through observations using the walkthrough form or OASYS system.

Marshall Rubric Scoring Methodology– 60 points

Teachers will not be scored on the Marshall Rubric for each individual walk through or formal observation. Instead, observation will serve as opportunity to both collect and provide evidence to facilitate the pencil copy and final rubric score. Each time a component of the rubric is observed we will collect evidence on it. The final score for each component of the rubric will be based on all the evidence observed over the course of multiple observations.

Each teacher will meet with the Building Principal to review their current status as measured by the Marshall Rubric (HEDI). Both the teacher and principal will prepare a rough draft/pencil copy based on evidence collected or provided by the teacher up until the meeting date. This meeting will be completed by March 15th.

Prior to receiving their final score, both teacher and principal have opportunity to meet again to discuss, share evidence, or review the rating as needed. The teacher will receive their final rubric score and HEDI rating by May 31st.

In the event not all 60 components of the rubric are observed, the conversion table below will be used to determine the final rating. The points earned will be divided by the total possible points that could have been received. This % will then be converted to a HEDI rating out of 60.

Teacher Improvement Plans (TIP)

Purpose:

TIPS are not disciplinary in nature. TIPS are developed to help teachers, all pupil personnel staff, and Library Media Specialists focus on area(s) where they need extra assistance in order to improve professional practice. They are developed to foster growth for all stakeholders involved.

Process:

A TIP SHALL be developed by the evaluator and teacher when:

- A teacher's performance on the overall composites score, which includes Student Growth, Local Measure, Other 60 (Marshall Rubric) is rated as "Developing" or "Ineffective".
- A TIP must be implemented no later than 10 days after the date on which teachers are required to report prior to the opening of classes for the school year.

A TIP MAY be developed by the evaluator and teacher for a teacher with an effective APPR composite score but is consistently rated as not meeting standards.

TIP CONFERENCE

The teacher and evaluator should review the TIP Form before the TIP Conference to reflect on the items that will be discussed.

At the TIP Conference, the teacher and evaluator will develop a plan using the Improvement Plan Form.

TIP TEMPLATE (Appendix W)

Improvement Plans must include:

1. Identification of the specific deficiencies and recommended area(s) for growth;
2. A timeline for the plan, including intermediate checkpoints, to determine progress.
3. The manner of assessing improvement in the identified deficiency areas.
4. Specific resources necessary to implement the plan, including, but not limited to, opportunities for the teacher to work with his/her supervisor, curriculum specialists, veteran teacher(s), attend conferences, peer coaching and other professional development opportunities.

Timeline for Completion: Ranges depending on complexity of plan (maximum of one year).

Benchmarks/Checkpoints: Each identified area should have at least one benchmark.

Progress Assessment: Evidenced/documentated.

The locally selected measure for student achievement for K-5 and the 6-8 principals will be determined by calculating the % of students who reached level 2, 3, 4 on the ELA and Math state assessments respective to each building.

The 9-12 Principal's locally selected student achievement measure will be determined by calculating the total % of students reaching 65 or greater on the NY State Regents exams in Algebra, Living Environment, Global Studies, U.S. History, and Common Core ELA 11.

The results of each exam will be weighted proportionally based on student population when determining the overall average. The tables above will be used when converting the total % of the student population who reached proficiency to the appropriate HEDI category.

Principal Evaluation Rubrics - Kim Marshall

Procedure: Add up the scores achieved in each domain if all sixty (60) aspects of a principal's job performance are rated. Use the table to convert "Rubric Points" to "Points Earned".

<u>Rubric Points</u>	<u>Points Earned</u>	<u>HEDI Rating</u>
55-60	60	H
51-54	54	
45-50	50	E
41-44	44	
35-40	40	D
31-34	34	
0-30	0-30*	I

*Points earned are the same as the rubric points.

A rating of "Highly Effective" (4) = a score of 1

A rating of "Effective" (3) = a score of .75

A rating of "Improvement Necessary" (2) = a score of .50

A rating of "Does Not Meet Standards" (1) = a score of 0.0

Regular rounding rules will apply. At no time will rounding allow for a principal's HEDI rating category to change.

During multiple visits, evidence will be collected by the Superintendent. A principal will receive feedback from the Superintendent of School based on the evidence collected. At the mid-point of the year (March), the Superintendent will meet with each principal to complete a "pencil copy" of the rubric. During this process, the principal will be rated by the Superintendent on each subcomponent of the rubric based on the evidence collected.

All subcomponents of the rubric will be rated over the course of the year. At the end of the school year, another meeting with the principal and the Superintendent will take place. Both the principal and Superintendent will prepare a rough draft/pencil copy based on evidence collected or provided by the principal up until the meeting date. Points are awarded for each subcomponent of the rubric and are added together to create a rubric raw score. This score is then converted to a final score using the table above.

Principals will not be scored on the Marshall Rubric for each individual visit. Instead, visitation will serve as opportunity to both collect and provide evidence to facilitate the pencil copy and final rubric score.

Prior to receiving their final score, both principal and Superintendent have opportunity to meet again to discuss, share evidence, or review the rating as needed. The principal will receive their final rubric score and HEDI rating by May 31st.
