Dr. Lisa Henkel, Superintendent  
Wynantskill Union Free School District  
25 East Avenue  
Troy, NY 12180

Dear Superintendent Henkel:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.  
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

### Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

Created Sunday, November 04, 2012

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	Wynantskill Developed Kindergarten ELA Assessment
1	District, regional, or BOCES-developed assessment	Wynantskill Developed Grade 1 ELA Assessment
2	District, regional, or BOCES-developed assessment	Wynantskill Developed Grade 2 ELA Assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Teachers and building administrators will collaboratively develop SLO's based on student rosters using available student information and baseline data. Appropriate and rigorous growth targets will be set for each SLO so that they are rigorous and comparable to the state assessments. After the specified assessment is administered and scored, the principal will determine the percentage of students who met the differentiated targets based on each SLO. After the percentage is determined, the appropriate points for the HEDI rating will be determined for each teacher based on the chart provided. Our K-3 teachers are common branch. As such, the points assigned for the ELA and math SLO's will be averaged to determine the amount of comparable growth measures subcomponent points and HEDI rating.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Based on the District's goals and priorities, a large majority of the students meet district target benchmarks in the area of language arts as evaluated by district-created ELA assessments for K-2 and the NYS ELA assessment for grade 3 (see attached chart).
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Based on the District's goals and priorities, a majority of the students meet district target benchmarks in the area of language arts as evaluated by district-created ELA assessments for K-2 and the NYS ELA assessment for grade 3 (see attached chart).
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Based on the District's goals and priorities, some of the students meet district target benchmarks in the area of language arts as evaluated by district-created ELA assessments for K-2 and the NYS ELA assessment for grade 3 (see attached chart).
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Based on the District's goals and priorities, few of the students meet district target benchmarks in the area of language arts as evaluated by district-created ELA assessments for K-2 and the NYS ELA assessment for grade 3 (see attached chart).

### 2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment
K	District, regional, or BOCES-developed assessment	Questar III BOCES Developed Kindergarten Math Assessment - K

2	District, regional, or BOCES-developed assessment	Questar III BOCES Developed Grade 2 Math Assessment - Grade 2
	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

After the specified assessment is administered and scored, the principal will determine the percentage of students who met the differentiated targets based on each SLO. After the percentage is determined, the appropriate points for the HEDI rating will be determined for each teacher based on the chart provided.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	Based on the District's goals and priorities, a large majority of the students meet district target benchmarks in the specific area (i.e. art, music, library, physical education, spanish, ELA, Math, reading, band) as evaluated by District-created assessments in each area (see attached chart).
Effective (9 - 17 points) Results meet District goals for similar students.	Based on the District's goals and priorities, a majority of the students meet district target benchmarks in the specific area (i.e. art, music, library, physical education, spanish, ELA, Math, reading, band) as evaluated by District-created assessments in each area (see attached chart).
Developing (3 - 8 points) Results are below District goals for similar students.	Based on the District's goals and priorities, some of the students meet district target benchmarks in the specific

area (i.e. art, music, library, physical education, spanish, ELA, Math, reading, band) as evaluated by District-created assessments in each area (see attached chart)..

Ineffective (0 - 2 points) Results are well-below District goals for similar students.

Based on the District's goals and priorities, few students meet district target benchmarks in the specific area (i.e. art, music, library, physical education, spanish, ELA, Math, reading, band) as evaluated by District-created assessments in each area (see attached chart).

## 2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*(No response)*

## 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

## 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances   Assure that district will develop SLOs according to the rules established by SED (see: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> ).	Checked
2.14) Assurances   Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances   Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

### 3. Local Measures (Teachers)

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)
  
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
  
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
  
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
  
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
  
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

### 3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	Measures of Academic Progress (ELA)
5	4) State-approved 3rd party assessments	Measures of Academic Progress (ELA)
6	4) State-approved 3rd party assessments	Measures of Academic Progress (ELA)
7	4) State-approved 3rd party assessments	Measures of Academic Progress (ELA)

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	To assign teachers to HEDI categories, we will assume a normal distribution of teacher effects centered on 10.5. From this point, the following cut points will be used to assign teachers to categories: Highly Effective: Greater than or equal to .9 standard deviations above average (10.5) Effective: Less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average Developing: Less than -.9 standard deviations below average and greater than or equal to -2.4 standard deviations below average Ineffective: Less than -2.4 standard deviations below average
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Highly Effective, those teachers who fall at greater than or equal to .9 standard deviations above average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Effective, those teachers who fall at less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Developing, those teachers who fall at less than -.9 standard deviations below average and greater than or equal to -2.4 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Ineffective, those teachers who fall at less than -2.4 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lowends denoted in standard deviation units, is indicated on the attached table.

### 3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	Measures of Academic Progress (Math)
5	4) State-approved 3rd party assessments	Measures of Academic Progress (Math)

7	4) State-approved 3rd party assessments	Measures of Academic Progress (Math)
8	4) State-approved 3rd party assessments	Measures of Academic Progress (Math)

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated in the attached table.

### 3.3) HEDI Tables or Graphics

For questions 3.1 and 3.2 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

## LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

### 3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	Measures of Academic Progress (Primary Grades)
1	4) State-approved 3rd party assessments	Measures of Academic Progress (Primary Grades)
2	4) State-approved 3rd party assessments	Measures of Academic Progress (ELA)
3	4) State-approved 3rd party assessments	Measures of Academic Progress (ELA)

For Grades K-3 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	To assign teachers to HEDI categories, we will assume a normal distribution of teacher effects centered on 13. From this point, the following cut points will be used to assign teachers to categories: Highly Effective: Greater than or equal to .9 standard deviations above average (10.5) Effective: Less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average Developing: Less than -.9 standard deviations below average and greater than or equal to -2.4 standard deviations below average
---	--

	Ineffective: Less than -2.4 standard deviations below average
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Highly Effective, those teachers who fall at greater than or equal to .9 standard deviations above average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Effective, those teachers who fall at less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Developing, those teachers who fall at less than -.9 standard deviations below average and greater than or equal to -2.1 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Ineffective, those teachers who fall at less than -2.5 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.

### 3.5) Grades K-3 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	4) State-approved 3rd party assessments	Measures of Academic Progress (Primary Grades)
1	4) State-approved 3rd party assessments	Measures of Academic Progress (Primary Grades)
2	4) State-approved 3rd party assessments	Measures of Academic Progress (Math)
3	4) State-approved 3rd party assessments	Measures of Academic Progress (Math)

For Grades K-3 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	To assign teachers to HEDI categories, we will assume a normal distribution of teacher effects centered on 13. From this point, the following cut points will be used to assign teachers to categories: Highly Effective: Greater than or equal to .9 standard deviations above average (13) Effective: Less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average Developing: Less than -.9 standard deviations below average and greater than or equal to -2.4 standard deviations below average Ineffective: Less than -2.4 standard deviations below average
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Highly Effective, those teachers who fall at greater than or equal to .9 standard deviations above average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated in the attached table.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Effective, those teachers who fall at less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated in the attached table.
Developing (3 - 8 points) Results are below District -or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Developing, those teachers who fall at less than -.9 standard deviations below average and greater than or equal to -2.1 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated in the attached table.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Ineffective, those teachers who fall at less than -2.5 standard deviations below average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated in the attached table.

### 3.6) Grades 6-8 Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	Not applicable	Not Applicable
7	4) State-approved 3rd party assessments	Measures of Academic Progress, Science
8	3) Teacher specific achievement or growth score computed locally	NYSED Science Grade 8 State Assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

<p>Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.</p>	<p>To assign teachers to HEDI categories for Grade 7, we will assume a normal distribution of teacher effects centered on 13 from the MAP-Science assessment. From this point, the following cut points will be used to assign teachers to categories:          Highly Effective: Greater than or equal to .9 standard deviations above average (13)          Effective: Less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average          Developing: Less than -.9 standard deviations below average and greater than or equal to -2.1 standard deviations below average. Ineffective: Less than -2.1 standard deviations below average          For Grade 8 Science, the state assessment will be used as the measure. A percentage of students scoring as proficient (levels 3 and 4) will be used to determine effectiveness as indicated below and in the attached chart.</p>
<p>Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>Grade 7 Science - .9 through 1.3 or greater standard deviation (see chart)          Grade 8 Science - 85% - 100% is Highly Effective (see chart)</p>

<p>Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>Grade 7 Science - -2.1 through -0.9 standard deviation (see chart)          Grade 8 Science - 64% - 75% is Developing (see chart)</p>
<p>Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>Grade 7 Science - -2.5 (or greater) through -2.1 (see chart)          Grade 8 Science - 0% - 63% is Ineffective (see chart)</p>

### 3.7) Grades 6-8 Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
6	Not applicable	Not Applicable
7	7) Student Learning Objectives	Wynantskill UFSD Developed 7th Grade Social Studies Assessment
8	7) Student Learning Objectives	Wynantskill UFSD Developed 8th Grade Social Studies Assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Teachers and building administrators will collaboratively develop SLO's based on student rosters using available student information and baseline data. Appropriate and rigorous targets will be set for each SLO as to be comparable and rigorous to the state assessments. After the specified assessment is administered and scored, the principal, along with teacher input, will determine the achievement target that students will meet. After the percentage is determined, the appropriate points for the HEDI rating will be determined for each teacher based on the chart provided.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Based on the District's goals and priorities, a large majority of the students meet district target benchmarks for achievement in the area of Social Studies as evaluated by district-created assessments for grades 7 and 8. 85% - 100% is Highly Effective.(see attached chart).
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Based on the District's goals and priorities, majority of the students meet district target benchmarks for achievement in the area of Social Studies as evaluated by district-created assessments for grades 7 and 8. 76% - 84% is Effective. (see attached chart).
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Based on the District's goals and priorities, some of the students meet district target benchmarks for achievement in the area of Social Studies as evaluated by district-created assessments for grades 7 and 8. 64% - 75% is Developing. (see attached chart).
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Based on the District's goals and priorities, few students meet district target benchmarks for achievement in the area of Social Studies as evaluated by district-created assessments for grades 7 and 8. 0% - 63% is Ineffective (see attached chart).

### 3.8) High School Social Studies

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

For High School Science: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Not Applicable
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable
Effective (9 - 17points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Not Applicable

### 3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

### 3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

*(No response)*

### 3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

*For teachers in Grades K-2, a single HEDI score will be computed by averaging the Math and ELA HEDI scores that the teacher receives. For all other teachers with multiple locally selected measures, each HEDI score received will be weighted proportionally according to the number of students covered by each measure, and averaged.*

### 3.16) Assurances

Please check all of the boxes below:

3.16) Assurances   Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances   Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances   Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances   Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances   If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances   Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

## 4. Other Measures of Effectiveness (Teachers)

### Page 1

#### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

*Danielson's Framework for Teaching (2011 Revised Edition)*

*Not Applicable*

#### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

*(No response)*

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	32
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	28

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word )

(No response)

### 4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

### 4.4) Assurances

Please check all of the boxes below:

4.4) Assurances   Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances   Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

### 4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*Utilizing the Framework for Teaching Rubric, Danielson (2011 revised edition), 60 points (60% of the total 100 points) will be based on multiple observations and the collection of evidence. Observations will occur throughout the year with at least one observation conducted unannounced. Thirty-two of the 60 points will be based on observations and ratings from the subcomponents from Domain 2: The Classroom Environment and Domain 3: Instruction. Twenty-eight of the 60 points will be based on Domain 1: Lesson Planning and Domain 4: Professional Responsibilities. Points will be based on pre/post conferences, structured review of teacher artifacts such as lesson plans, report cards, communication logs, professional development certificates. Each element with each domain will be scored in a 1-4 rating. Ratings from the observations will be averaged and converted to get the total number of points assigned for the HEDI rating. See attached Conversion Chart.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*assets/survey-uploads/5091/226491-eka9yMJ855/Rubric score to subcomponent conversion shart 12-28-12.pdf*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	Based on the District's goals and priorities, the teacher's level of performance is well above District expectations as assessed by the Danielson (2011) rubric.
Effective: Overall performance and results meet NYS Teaching Standards.	Based on the District's goals and priorities, the teacher's performance meets District expectations as assessed by the Danielson (2011) rubric.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	Based on the District's goals and priorities, the teacher's performance is below District expectations as assessed by the Danielson (2011) rubric.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	Based on the District's goals and priorities, the teacher's performance is well below District expectations as assessed by the Danielson (2011) rubric.

Provide the ranges for the 60-point scoring bands.

Highly Effective	57-60
Effective	49-56
Developing	39-48
Ineffective	0-38

#### 4.6) Observations of Probationary Teachers

Enter the minimum number of observations of each type, making sure that the number of observations "by building principal or other trained administrators" totals at least 2. If your APPR plan does not include a particular type of observation, enter 0 in that box.

By building principals or other trained administrators

4.6) Observations of Probationary Teachers   Formal/Long	3
4.6) Observations of Probationary Teachers   Informal/Short	0
4.6) Observations of Probationary Teachers   Enter Total	3

#### 6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans   Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans   Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

#### 6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

#### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Appeals of annual professional performance reviews are limited to those tenured teachers who receive an APPR rating of "ineffective" or "developing" through the procedures set forth herein.*

*Probationary teachers may not file appeals through the procedure established herein, but may file a written rebuttal which shall be attached to the APPR. Probationary teachers only may challenge claims of APPR procedural violations through the contractual grievance procedure.*

*In accordance with Education Law § 3012-c(5), an APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law § 3020-a proceeding, or any locally negotiated alternate disciplinary, until the appeal process is concluded.*

#### *What May be Challenged in an Appeal*

- a. The substance of the Annual Professional Performance Review;*
- b. Adherence to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law §3012-c and applicable rules and regulations;*
- c. Adherence to the applicable regulations of the Commissioner of Education, or locally negotiated procedures;*
- d. Issuance and/or implementation of the terms of the Teacher Improvement Plan, where applicable, as required under Education Law §3012-c.*

#### *Prohibition Against More Than One Appeal*

*A teacher may not file multiple appeals regarding the same performance review or Teacher Improvement Plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.*

#### *Burden of Proof*

*In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which the applicant seeks relief.*

#### *Timeframe for Filing Appeal*

*In order to be timely, the notification of the APPR appeal shall be filed, in writing, within 7 business days after the teacher has received the APPR rating or teacher improvement plan. Notification of the appeal shall be provided to the Superintendent of designee and Union President.*

*The notice of appeal must contain specific contested elements, rationale behind the appeal, and any applicable evidence and documentation to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.*

#### *Supervising Administrator's Written Response to Appeal*

*Within 7 business days of receipt of the written appeal with the supporting written documentation, the evaluator must submit a detailed written response to the teacher and Superintendent. The response must include any and all additional documents or written materials that are specific to the point(s) of disagreement and/or are relevant to the resolution of the appeal.*

*Step 1 — A Conference will be held between the authoring evaluator and the teacher within 10 calendar days of receipt of the appeal. The appealing teacher shall upon request be entitled to the presence of an Association representative. The Conference shall be an informal meeting wherein the authoring administrator and the employee are able to discuss the evaluation and the areas of dispute. If the authoring administrator determines that the rating is inaccurate, he/she has the authority to change the rating. The authoring administrator will determine a decision on the rating within one school day following the conference. If the appealing teacher is not satisfied with the outcome, he/she may proceed to the second step. The second step shall be initiated by the appealing teacher by notifying the Superintendent in writing within five calendar days of receipt of the administrator's decision.*

*Step 2 – A conference will be held between unbiased parties (one administrator as designated by the authoring evaluator and the Association President or their designee) within five calendar days to discuss the evaluation, evidence and areas of dispute. The outcome of this conference will determine if the evaluation will be changed or remain in dispute. The administrative designee has the authority to change the rating in dispute. A final decision resulting from this conference should be submitted to the Superintendent and the teacher appealing within one school day of the conference. If the teacher appealing is not satisfied with the outcome, he/she may proceed to the third step.*

*Step 3-The unbiased parties who met in Step 2 will submit their written recommendations to the Questar III Boces District Superintendent who will review the evaluation and supporting evidence from both parties and make a final determination. This must be submitted within five calendar days of receipt of the decision from the Superintendent in Step 2. Appeals shall be decided in a final and binding manner, by the Boces District Superintendent.*

#### *Decision*

*The final decision by the Boces District Superintendent shall set forth the reasons and factual basis for determination on each of the issues raised in the appeal within 30 days of receipt of the appeal. The appeal shall be based solely on a written record, comprised of the teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the school district's response to the appeal and additional documentary evidence submitted with such papers.*

#### *Exclusivity of Section 3012-c Appeal Procedure*

*The 3012-c appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to tenured teacher performance reviews and Teacher Improvement Plans. A tenured teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan. Probationary teachers may not file appeals through the procedure established herein, but may file a written rebuttal which shall be attached to the APPR.*

## 6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The District will ensure that all Lead Evaluators/Evaluators are properly trained and certified to complete an individual's performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will replicate the recommended SED model certification process.*

*The Board of Education and superintendent will certify a lead evaluator upon receipt of proper documentation that the individual has fully completed training. The superintendent will maintain records of certification of evaluators.*

*Evaluator training will occur regionally in cooperation with BOCES. Training will be conducted by Questar III BOCES Network Team personnel who have participated in the NYSED evaluator training for Network Teams and/or personnel authorized to train on behalf of an evaluation rubric approved by NYSED. Evaluators will be recertified as per State regulations. Any evaluator (administrator, supervisor or peer reviewers and/or external evaluators, if applicable) who participates in the evaluation of teachers for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law §3012-c and the implementing Regulations of the Commissioner of Education prior to conducting a teacher evaluation.*

*This training will include the following Requirements for Lead Evaluators/Evaluators: New York State Teaching Standards.*

*Evidence-based observation*

*Application and use of Student Growth Percentile and Value Added Growth Model data Application and use of the State-approved teacher or principal rubrics*

*Application and use of any assessment tools used to evaluate teachers and principals*

*Application and use of State-approved locally selected measures of student achievement*

*Use of Statewide instructional Reporting System*

*Scoring methodology used to evaluate teachers and principals*

*Specific considerations in evaluating teachers and principals of ELLS and students with disabilities.*

*Timing*

*For the 2012-2013 school year and thereafter, all lead evaluators shall be appropriately trained and certified by September 30 of each school year or thirty (30) days after appointment.*

*Re-Certification and Updated Training*

*The District will work to ensure that lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis and receive updated training on any changes in the law or regulations.*

## 6.5) Assurances -- Evaluators

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

## 6.6) Assurances -- Teachers

Please check all of the boxes below:

6.6) Assurances -- Teachers   Assure the entire APPR plan will be completed for each teacher as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher's performance is being measured.	Checked
6.6) Assurances -- Teachers   Assure that the district or BOCES will provide the teacher's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured.	Checked
6.6) Assurances -- Teachers   Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
6.6) Assurances -- Teachers   Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
6.6) Assurances -- Teachers   Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
6.6) Assurances -- Teachers   Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

## 6.7) Assurances -- Data

Please check all of the boxes below:

6.7) Assurances -- Data   Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
6.7) Assurances -- Data   Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
6.7) Assurances -- Data   Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.	Checked

# 7. Growth on State Assessments or Comparable Measures (Principals)

Created Wednesday, November 07, 2012

Updated Wednesday, November 28, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-8
(No response)

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment
		Not Applicable

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	Not Applicable
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	Not Applicable
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Not Applicable
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Not Applicable
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	Not Applicable

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

## 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives

associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*none*

## 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

## 7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that district will develop SLOs according to the rules established by NYSED for principal SLOs: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> .	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educator performance in ways that improve student learning and instruction.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

# 8. Local Measures (Principals)

Created Sunday, November 11, 2012

Updated Thursday, January 03, 2013

## Page 1

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

**In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.**

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

*The options in the drop-down menus below are abbreviated from the following list:*

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-8	(d) measures used by district for teacher evaluation	Measure of Academic Progress ELA and Math, NWEA

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	To assign the principal to HEDI categories, we will assume a normal distribution of a building wide student effects centered on 10.5. From this point, we will use the following cut points to assign teachers to categories: Highly Effective: Greater than or equal to .9 standard deviations above average (10.5) Effective: Less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average Developing: Less than -.9 standard deviations below average and greater than or equal to -2.4 standard deviations below average Ineffective: Less than -2.4 standard deviations below average
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Within the category of Highly Effective, the building wide score is greater than or equal to .9 standard deviations above average, we further divide the distribution to determine specific points. The specific point breakdown, with upper and lower bounds denoted in standard deviation units, is indicated on the attached table.

<p>Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>Within the category of Effective, the building wide score is less than .9 standard deviations above average and greater than or equal to -.9 standard deviations below average, we further divide the distribution to determine specific points. ### 9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

*Marshall's Principal Evaluation Rubric*

### 9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

*Yes*

If you checked "no" above, fill in the group of principals covered:

*(No response)*

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
---	----

Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents.	0

### 9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals   Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	(No response)
9.3) Assurances -- Goals   Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

### 9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable)   Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable)   Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

### 9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

Note: When the State-approved survey list is posted, this form will be updated with dropdown menus of approved survey tools.

## 9.6) Assurances

Please check all of the boxes below:

9.6) Assurances   Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances   Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances   Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

## 9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*The Principal performance will be assessed using multiple measures grounded in the Marshall Principal Performance Rubric. The district has one administrator who serves as both Superintendent and Principal . Evidence for evaluation of the Principal component will be determined through two school visits by an independent evaluator from Questar III BOCES. The Principal will receive a final score which will be an average of the total of subcomponent points. Each element will be rated on a 1-4 scale. Ratings from the observations will be averaged and converted to get the total number of points assigned for the HEDI rating. See attached Conversion Chart. The HEDI rating categories are:*

*57-60 - Highly Effective*

*49-56 - Effective*

*39-48 - Developing*

*0-38 - Ineffective*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*assets/survey-uploads/5143/229197-pMADJ4gk6R/Rubric score to subcomponent conversion chart 12-28-12.pdf*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	Highly Effective or 57-60 total points on the conversion chart based on an average of all subcomponent scores.
Effective: Overall performance and results meet standards.	Effective or 49-56 total points on the conversion chart based on an average of all subcomponent scores.
Developing: Overall performance and results need improvement in order to meet standards.	Developing or 39-48 total points on the conversion chart based on subcomponent scores.
Ineffective: Overall performance and results do not meet standards.	Ineffective or 0-38 total points on the conversion chart based on subcomponent scores.

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	57-60
Effective	49 - 56
Developing	39 - 48
Ineffective	0-38

## 9.8) School Visits

Enter the minimum number of school visits that will be done by each of the following evaluators, making sure that the number of visits "by supervisor" is at least 1 and the total number of visits is at least 2, for both probationary and tenured principals. If your APPR plan does not include visits by a trained administrator or independent evaluator, enter 0 in those boxes.

### 11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans   Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans   Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

### 11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

- (1) the substance of the annual professional performance review
- (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Appeals of annual professional performance reviews are limited to those tenured principals who receive an APPR rating of "ineffective" or "developing" through the procedures set forth herein. Probationary principals may not file appeals through the procedure established herein, but may file a written rebuttal which shall be attached to the APPR. Probationary principals only may challenge claims of APPR procedural violations through the contractual grievance procedure.*

*In accordance with Education Law § 3012-c(5), an APPR which is the subject of a pending appeal shall not be sought to be offered in*

evidence or placed in evidence in any Education Law § 3020-a proceeding, or any locally negotiated alternate disciplinary, until the appeal process is concluded.

#### *What May be Challenged in an Appeal*

- a. The substance of the Annual Professional Performance Review;*
- b. Adherence to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law §3012-c and applicable rules and regulations;*
- c. Adherence to the applicable regulations of the Commissioner of Education, or locally negotiated procedures;*
- d. Issuance and/or implementation of the terms of the Principal Improvement Plan, where applicable, as required under Education Law §3012-c.*

*A principal may not file multiple appeals regarding the same performance review or Principal Improvement Plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.*

*In an appeal, the principal has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which the applicant seeks relief.*

*In order to be timely, the notification of the APPR appeal shall be filed, in writing, within 7 business days after the principal has received the APPR rating or principal improvement plan. Notification of the appeal shall be provided to the BOCES District Superintendent or designee.*

*The notice of appeal must contain specific contested elements, rationale behind the appeal, and any applicable evidence and documentation to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.*

*Within 7 business days of receipt of the written appeal with the supporting written documentation, the evaluator must submit a detailed written response to the principal. The response must include any and all additional documents or written materials that are specific to the point(s) of disagreement and/or are relevant to the resolution of the appeal.*

*Step 1 — A conference will be held between the authoring evaluator and the principal within 10 calendar days of receipt of the appeal. The Conference shall be an informal meeting wherein the authoring administrator and the employee are able to discuss the evaluation and the areas of dispute. If the authoring evaluator determines that the rating is inaccurate, he/she will change the rating. The authoring administrator will determine a decision on the rating within one school day following the conference. If the appealing principal is not satisfied with the outcome, he/she may proceed to the second step. The second step shall be initiated by the appealing principal notifying the BOCES District Superintendent in writing within five days of receipt of the evaluator's decision.*

*Step 2 —The appealing principal will submit their written appeal to the Questar III BOCES District Superintendent, or designee who will review the evaluation and supporting evidence from both parties and make a final determination. This must be submitted within five calendar days of receipt of the decision from the evaluator in Step 1. Appeals shall be decided in a final and binding manner, by the BOCES District Superintendent, or designee.*

*The final decision by the BOCES District Superintendent, or designee shall set forth the reasons and factual basis for determination on each of the issues raised in the appeal within 30 days of receipt of the appeal. The appeal shall be based solely on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district's response to the appeal and additional documentary evidence submitted with such papers.*

#### *Exclusivity of Section 3012-c Appeal Procedure*

*The 3012-c appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to tenured principal performance reviews and Principal Improvement Plans. A tenured principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan. Probationary principals may not file appeals through the procedure established herein, but may file a written rebuttal which shall be attached to the APPR.*

## **11.4) Training and Certification of Lead Evaluators and Evaluators**

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The District will appoint an Independent Evaluator from Questar III BOCES and ensure that this Independent/Lead Evaluator is properly trained and certified to complete an principal's performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will replicate the recommended SED model certification process.*

*The Board of Education and superintendent will certify the lead evaluator upon receipt of proper documentation that the individual has fully completed training.*

*Independent/Evaluator training could occur regionally in cooperation with BOCES. Training will be conducted by Questar III BOCES Network Team personnel who have participated in the NYSED evaluator training for Network Teams and/or personnel authorized to train on behalf of an evaluation rubric approved by NYSED. Evaluators will be recertified as per State regulations. Any evaluator (administrator, supervisor and/or external evaluators, if applicable) who participates in the evaluation of principals for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law §3012-c and the implementing Regulations of the Commissioner of Education prior to conducting a principal evaluation.*

*This training will include the following Requirements for Independent/Lead Evaluators:*

- 1. New York I Standards and Leadership Standards.*
- 2. Evidence-based observation*
- 3. Application and use of Student Growth Percentile and Value Added Growth Model data*
- 4. Application and use of the State-approved teacher or principal rubrics*
- 5. Application and use of any assessment tools used to evaluate teachers and principals*
- 6. Application and use of State-approved locally selected measures of student achievement*
- 7. Use of Statewide Instructional Reporting System*
- 8. Scoring methodology used to evaluate teachers and principals*
- 9. Specific considerations in evaluating teachers and principals of ELLS and students with disabilities.*

#### *Timing*

*For the 2012-2013 school year and thereafter, all Independent/lead evaluators shall be appropriately trained and certified by September 30, to the extent possible, of each school year or thirty (30) days after appointment.*

#### *Re-Certification and Updated Training*

*The District ensure that Independent/lead evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis and receive updated training on any changes in the law or regulations.*

**DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form**

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

**The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:**

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
