Dr. Daniel Murray, Superintendent
York Central School District
2578 Genesee Street
Retsof, NY 14539

Dear Superintendent Murray:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

John B. King, Jr.
Commissioner

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Annual Professional Performance Reviews: 2012-13

Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

2. Growth on State Assessments or Comparable Measures (Teachers)

Created Thursday, August 30, 2012

Updated Monday, January 07, 2013

Page 1

STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

2.1) Assurances

Please check the boxes below:

2.1) Assurances Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	District, regional, or BOCES-developed assessment	Genesee Valley BOCES-developed Kindergarten ELA assessment
1	District, regional, or BOCES-developed assessment	Genesee Valley BOCES-developed Grade 1 ELA assessment
2	District, regional, or BOCES-developed assessment	Genesee Valley BOCES-developed Grade 2 ELA assessment

	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	Using data results from regionally developed pre-assessments, growth targets for the final assessment will be established by teachers for either individual students or an entire class. All teachers across a specific grade/course will select the same option (individual or class growth). Based on the percentage of growth, teachers will earn 0-20 points within the HEDI rating categories as identified on the "Conversion Chart for SLOs." Supervising administrators will approve targets and verify the allocation of points.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Teachers will receive a rating of Highly Effective when 88-100% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Highly Effective when the class growth increases by 9% or more.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Teachers will receive a rating of Effective when 63-87% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Effective when the class growth increases between 0% and 8%.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Teachers will receive a rating of Developing when 43-62% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Developing when the class growth decreases between 1% and 6%.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Teachers will receive a rating of Ineffective when 0-42% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Ineffective when the class growth decreases by 7% or more.

2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment
K	District, regional, or BOCES-developed assessment	Genesee Valley BOCES-developed Kindergarten math assessment
1	District, regional, or BOCES-developed assessment	Genesee Valley BOCES-developed Grade 1 math assessment
2	District, regional, or BOCES-developed assessment	Genesee Valley BOCES-developed Grade 2 math assessment
	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below. Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Teachers will receive a rating of Highly Effective when 88-100% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Highly Effective when the class growth increases by 9% or more.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Teachers will receive a rating of Effective when 63-87% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Effective when the class growth increases between 0% and 8%.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Teachers will receive a rating of Developing when 43-62% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Developing when the class growth decreases between 1% and 6%.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Teachers will receive a rating of Ineffective when 0-42% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Ineffective when the class growth decreases by 7% or more.

2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Science	Assessment

Teachers will receive a rating of Developing when 43-62% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Developing when the class growth decreases between 1% and 6%.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.

Teachers will receive a rating of Ineffective when 0-42% of their students meet their individual growth targets. If using growth for an entire class, the teacher will receive a rating of Ineffective when the class growth decreases by 7% or more.

2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5364/170316-TXEttx9bQW/ConversionChartForSLOs.doc

2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

Students' prior academic history, whether students have a disability, are English language learners, or are in poverty, will be the only controls used in setting targets. Appropriate targets will be established for students based on these factors.

2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

2.14) Assurances

Please check all of the boxes below:

2.14) Assurances Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances Assure that district will develop SLOs according to the rules established by SED (see: http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html).	Checked
2.14) Assurances Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

3. Local Measures (Teachers)

Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)

- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause

- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

- 6) A school-wide measure of either student growth or achievement based on either:
 - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
 - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 4 ELA assessment
5	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 5 ELA assessment

6	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 6 ELA assessment
7	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 7 ELA assessment
8	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 8 ELA assessment

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	Using data results from regionally developed pre-assessments, teachers will set S.M.A.R.T. achievement goals for the final assessment either for individual students or for an entire class. All teachers across a specific grade/course will select the same option (individual or class achievement). Teachers will be assigned 0-15 points within the HEDI rating categories as identified on the "Conversion Charts for Local." Teachers will use students' prior academic history and will collaborate with their supervising administrator to determine whether to establish individual student targets or to set an achievement goal for the entire class. Supervising administrators will approve targets and verify the allocation of points.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Highly Effective when 88-100% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Highly Effective when the class achievement average exceeds the target by 9% or more.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Effective when 63-87% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Effective when the class achievement average exceeds the target from 0% to 8%.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Developing when 43-62% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Developing when the class achievement average is below the target from 1% to 6%.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Ineffective when 0-42% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Ineffective when the class achievement average is below the target 7% or more.

3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

7	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 7 Math assessment
8	5) District, regional, or BOCES–developed assessments	Genesee Valley BOCES-developed Grade 8 Math assessment

For Grades 4-8 Math: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER TEACHERS (20 points)

Growth or achievement measure(s) from these options.

One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.

The options in the drop-down menus below are abbreviated from the following list:

Measures based on:

1) The change in percentage of a teacher's students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students' level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students' performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher's students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students' performance levels on the 3rd grade ELA or math State assessments)

2) Teacher specific growth score computed by the Department based on the percent of the teacher's students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally

3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in 1) or 2), above

4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment

5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

6) A school-wide measure of either student growth or achievement based on either:

(i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or

(ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms

7) Student Learning Objectives (only allowable for teachers in grades/subjects without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms

3.4) Grades K-3 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
K	5) District, regional, or BOCES—developed assessments	Genesee Valley BOCES-developed Kindergarten ELA assessment

Teachers will use students' prior academic history and will collaborate with their supervising administrator to

	determine whether to establish individual student targets or to set an achievement goal for the entire class. Supervising administrators will approve targets and verify the allocation of points.
Highly Effective (18-20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Highly Effective when 88-100% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Highly Effective when the class achievement average exceeds the target by 9% or more.
Effective (9-17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Effective when 63-87% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Effective when the class achievement average exceeds the target from 0% to 8%.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Developing when 43-62% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Developing when the class achievement average is below the target from 1% to 6%.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Ineffective when 0-42% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Ineffective when the class achievement average is below the target 7% or more.

3.5) Grades K-3 Math

------------------	---	--

For High School Social Studies: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	Using data results from regionally developed pre-assessments, teachers will set S.M.A.R.T. achievement goals for the final assessment either for individual students or for an entire class. All teachers across a specific grade/course will select the same option (individual or class achievement). Teachers will be assigned 0-20 points within the HEDI rating categories as identified on the "Conversion Charts Other Local." Teachers will use students' prior academic history and will collaborate with their supervising administrator to determine whether to establish individual student targets or to set an achievement goal for the entire class. Supervising administrators will approve targets and verify the allocation of points.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Highly Effective when 88-100% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Highly Effective when the class achievement average exceeds the target by 9% or more.
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Effective when 63-87% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Effective when the class achievement average exceeds the target from 0% to 8%.
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Developing when 43-62% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Developing when the class achievement average is below the target from 1% to 6%.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers will receive a rating of Ineffective when 0-42% of their students meet their S.M.A.R.T. achievement goal. If setting an achievement goal for an entire class, the teacher will receive a rating of Ineffective when the class achievement average is below the target 7% or more.

3.9) High School Science

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

assets/survey-uploads/5139/188479-y92vNseFa4/ConversionChartOtherLocal.doc

3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Students' prior academic history, whether students have a disability, are English language learners, or are in poverty will be the only controls used in setting targets. Appropriate targets or S.M.A.R.T. goals will be established for students based on these factors.

3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

For teachers with a mix of sections/courses resulting in the use of multiple locally selected measures, all of the student scores from the multiple sections/courses will be combined into one overall component score of 0-15 or 0-20 as applicable, weighted proportionately based on the number of students in each section/course.

3.16) Assurances

Please check all of the boxes below:

3.16) Assurances Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

4. Other Measures of Effectiveness (Teachers)

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

Yes

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

(No response)

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	31
One or more observation(s) by trained independent evaluators	(No response)
Observations by trained in-school peer teachers	(No response)
Feedback from students using State-approved survey tool	(No response)
Feedback from parents/caregivers using State-approved survey tool	(No response)
Structured reviews of lesson plans, student portfolios and other teacher artifacts	29

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word)

(No response)

4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

4.4) Assurances

Please check all of the boxes below:

4.4) Assurances Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

Two observations will be conducted annually for each teacher; one observation will be announced, the other will be unannounced. The observations will evaluate standards 3, 4, and 5 on the NYSUT rubric. These standards account for a majority of the 60 possible points. Each observation will evaluate and calculate 31 possible points for standards 3, 4, and 5. The total score will be divided by two to allocate the 31 points for the composite effectiveness score.

For the other 29 points, teachers will meet with their evaluator by October 31st of each school year to begin to evaluate Standards 1 and 2 of the NYSUT rubric based on structured reviews of lesson plans, student portfolios, and other teacher artifacts.

Teachers will then meet with their evaluator by June 30th of each school year to evaluate Standards 6 and 7 of the NYSUT rubric

based on structured reviews of lesson plans, student portfolios, and other teacher artifacts. At this meeting, final point allocations will be made for Standards 1 and 2 of the NYSUT rubric.

See the document "60 Point Other Measures" for more explanation about how scores are calculated. Standard mathematical rounding rules will apply.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed NYS Teaching Standards.	Teachers will receive a rating of Highly Effective for the "other measures" sub-component when they earn a final average rubric score between 58-60.
Effective: Overall performance and results meet NYS Teaching Standards.	Teachers will receive a rating of Effective for the "other measures" sub-component when they earn a final average rubric score between 52-57.
Developing: Overall performance and results need improvement in order to meet NYS Teaching Standards.	Teachers will receive a rating of Developing for the "other measures" sub-component when they earn a final average rubric score between 31-51.
Ineffective: Overall performance and results do not meet NYS Teaching Standards.	Teachers will receive a rating of Ineffective for the "other measures" sub-component when they earn a final average rubric score between 0-30.

Highly

Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results exceed NYS Teaching Standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Only overall final evaluations receiving a rating of "Ineffective" or "Developing" can be appealed, based only on what is outlined in Education Law section 3012-c.

1) To appeal an evaluation, the teacher must submit a written appeal to the evaluator within fifteen (15) calendar days of receiving the composite effectiveness score and rating.

2) The evaluator must provide the teacher a written response to the appeal within fifteen (15) calendar days of receiving of the written appeal from the teacher.

3) The Superintendent must provide the teacher and the evaluator a written decision on the appeal within thirty (30) calendar days of the teacher first submitting their evaluation.

The decision of the Superintendent shall be final and binding. When an appeal is successful, the Superintendent may set aside a rating and require a new evaluation be conducted in whole or in part, or provide other directives as appropriate in accordance with Education Law section 3012-c.

6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

In order to properly train evaluators in the nine elements identified, all evaluators will complete training through the Genesee Valley Educational Partnership and other neighboring BOCES, which consist of 5 to 10 full-day trainings throughout the year. In addition, collaborative review and analysis of observation-based evidence and other professional evidence within the NYSUT rubric will take place during regular monthly administrative team meetings and evaluator training meetings in order to ensure inter-rater reliability. Lead evaluators and evaluators will utilize authentic evidence gathered during actual teacher observations and they will discuss and review the nine criteria areas.

All documentation of training and development activities will be kept on file. Upon gathering ample documentation that evaluators and lead evaluators have been properly trained, the Superintendent will make the recommendation for the Board of Education to certify each evaluator to conduct evaluations. The in-district activities outlined and participation in regional meetings and trainings will be ongoing, and documentation of training will continue in order for all evaluators to be recertified each year.

7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, October 09, 2012
Updated Thursday, December 13, 2012

Page 1

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

K-5
6-12

7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

Please remember that State assessments must be used with SLOs if applicable to the school or program type.

School or Program Type	SLO with Assessment Option	Name of the Assessment

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	NA
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	NA
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	NA
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	NA
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	NA

7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which

include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

(No response)

7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked

7.6) Assurances -- Comparable Growth Measures Assure that it is possible for a principal to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
7.6) Assurances -- Comparable Growth Measures Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

8. Local Measures (Principals)

Created Tuesday, October 09, 2012

Updated Monday, January 07, 2013

Page 1

Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.

The options in the drop-down menus below are abbreviated from the following list:

(a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)

(b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)

(c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Grade Configuration	Locally-Selected Measure from List of Approved Measures	Assessment
K-5	(a) achievement on State assessments	NYS Grades 4-5 ELA and Math Exams
6-12	(e) 4, 5, and/or 6-year high school grad and/or dropout rates	4-year graduation rate

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

<p>Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.</p>	<p>The elementary principal will receive a score between 0-15, and a HEDI rating as outlined in the document "Principal Local Conversion Charts," based on the percentage change in the passing rate (students receiving a grade of 3 or 4) from one year to the next on the NYS ELA and Math assessments for grades 4 and 5. Each of these four assessments will receive a score between 0-15 and then be averaged together for an overall score and HEDI rating. OR For principals who oversee the high school program, the four-year graduation rate will be used to assign 0-15 points and a HEDI rating category.</p>
<p>Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.</p>	<p>The elementary principal will receive a rating of Highly Effective when the average passing rate (students receiving a grade of 3 or 4) on the state ELA and Math exams for grades 4 and 5 increase by 9% or more. When graduation rate is used, the principal will receive a rating</p>

of Highly Effective when the 4-year graduation rate is between 85-100%.

Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The elementary principal will receive a rating of Effective when the average passing rate (students receiving a grade of 3 or 4) on the state ELA and Math exams for grades 4 and 5 increase between 0% and 8%. When graduation rate is used, the principal will receive a rating of Effective when the 4-year graduation rate is between 65-84%.

Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The elementary principal will receive a rating of Developing when the average passing rate (students receiving a grade of 3 or 4) on the state ELA and Math exams for grades 4 and 5 decreases between 1% and 6%. When graduation rate is used, the principal will receive a rating of Developing when the 4-year graduation rate is between 55-64%.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

The elementary principal will receive a rating of Ineffective when the average passing rate (students receiving a grade of 3 or 4) on the state ELA and Math exams for grades 4 and 5 decreases by 7% or more. When graduation rate is used, the principal will receive a rating of Ineffective when the 4-year graduation rate is between 0-54%.

8.2) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR ALL OTHER PRINCIPALS (20 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. - (i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

8.3) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

The only controls used in setting targets for Locally Selected Measures will be student prior academic history. Whether students have a disability, are English language learners, or are in poverty, appropriate targets can be established for them based on their prior academic achievement levels. No HEDI points will be adjusted based on these controls.

9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

9.3) Assurances -- Goals Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	Checked
9.3) Assurances -- Goals Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	Checked

9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable) Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable) Structured feedback from families using a State-approved tool	(No response)

Highly Effective: Overall performance and results exceed standards.	Using Marshall's Principal Evaluation Rubric, principals will be rated as Highly Effective when the conversion factors explained in the "York Principals Other Conversion Chart" equals 54 to 60 points.
Effective: Overall performance and results meet standards.	Using Marshall's Principal Evaluation Rubric, principals will be rated as Effective when the conversion factors explained in the "York Principals Other Conversion Chart" equals 39 to 53 points.
Developing: Overall performance and results need improvement in order to meet standards.	Using Marshall's Principal Evaluation Rubric, principals will be rated as Developing when the conversion factors explained in the "York Principals Other Conversion Chart" equals 16 to 38 points.
Ineffective: Overall performance and results do not meet standards.	Using Marshall's Principal Evaluation Rubric, principals will be rated as Ineffective when the conversion factors explained in the "York Principals Other Conversion Chart" equals 0 to 15 points.

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	54 to 60
Effective	39 to 53
Developing	16 to 38
Ineffective	0 to 15

Locally-selected Measures of growth or achievement

Other Measures of Effectiveness (Teacher and Leader standards)

Highly

Effective

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES- adopted expectations for growth or achievement for grade/subject.

Overall performance and results exceed ISLLC leadership standards.

Effective

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results meet ISLLC leadership standards.

Developing

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet ISLLC leadership standards.

Ineffective

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results do not meet ISLLC leadership standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

11.1) Assurances -- Improvement Plans

Please check the boxes below.

11.1) Assurances -- Improvement Plans Assure that principals who receive a Developing or Ineffective rating will receive a Principal Improvement Plan (PIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
11.1) Assurances -- Improvement Plans Assure that PIPs shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas	Checked

11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in your school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

[assets/survey-uploads/5276/192258-Df0w3Xx5v6/PIPfinal.docx](#)

11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review

(2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Only overall final evaluations receiving a rating of "Ineffective" or "Developing" can be appealed, based only on what is outlined in Education Law section 3012-c.

1) To appeal an evaluation, the principal must submit a written appeal to the superintendent within fifteen (15) calendar days of receiving the composite effectiveness score and rating.

2) The superintendent must provide the principal a written response to the appeal within fifteen (15) calendar days of receiving of the written appeal from the principal.

3) The District Superintendent or his/her designee must provide the principal and the superintendent a written decision on the appeal within thirty (30) calendar days of the principal first submitting his/her evaluation.

The decision of the District Superintendent or his/her designee shall be final and binding. When an appeal is successful, the District Superintendent or his/her designee may set aside a rating and require a new evaluation be conducted in whole or in part, or provide other directives as appropriate in accordance with Education Law section 3012-c.

11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

As the sole evaluator of principals in the York Central School District, the Superintendent will be properly trained in the nine elements identified, completing training through the Genesee Valley Educational Partnership and NYSCOSS, which will consist of a number of full-day trainings and shorter workshops throughout the year. Due to there being one sole evaluator of principals, inter-rater reliability is not an issue. However, regular interactive review and analysis of professional evidence within Marshall's Principal Evaluation Rubric will take place for the professional growth of the Superintendent and the administrative team. All documentation of training and development activities will be kept on file. Upon gathering ample documentation that the Superintendent has been properly trained, the Superintendent will recommend to the Board of Education that he be certified to conduct principal evaluations. The in-district activities outlined and participation in regional meetings and trainings will be ongoing, and documentation of training will continue in order for the Superintendent to be recertified each year.

11.5) Assurances -- Evaluators

Please check the boxes below:

-

(1) the New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) evidence-based observation techniques that are grounded in research

(3) application and use of the student growth percentile model and the value-added growth model as defined in section 30-2.2 of this Subpart

(4) application and use of the State-approved teacher or principal rubric(s) selected by the district or BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice

(5) application and use of any assessment tools that the school district or BOCES utilizes to evaluate its classroom teachers or building principals, including but not limited to, structured portfolio reviews; student, parent, teacher and/or community surveys; professional growth goals and school improvement goals, etc.

(6) application and use of any State-approved locally selected measures of student achievement used by the school district or BOCES to evaluate its teachers or principals

(7) use of the Statewide Instructional Reporting System

(8) the scoring methodology utilized by the Department and/or the district or BOCES to evaluate a teacher or principal under this Subpart, including how scores are generated for each subcomponent and the composite effectiveness score and application and use of the scoring ranges prescribed by the Commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their subcomponent ratings

(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities

11.6) Assurances -- Principals

Please check all of the boxes below:

11.6) Assurances -- Principals Assure the entire APPR plan will be completed for each principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the building principal's performance is being measured.	Checked
11.6) Assurances -- Principals Assure that the district will provide the principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of principal effectiveness subcomponent for a principal's annual professional performance review, in writing, no later than the last school day of the school year for which the principal is being measured.	Checked
11.6) Assurances -- Principals Assure that the APPR will be put on the district website by September 10 or within 10 days after approval, whichever is later.	Checked
11.6) Assurances -- Principals Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
11.6) Assurances -- Principals Assure that principals will receive timely and constructive feedback as part of the evaluation process.	Checked
11.6) Assurances -- Principals Assure the district has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

11.7) Assurances -- Data

Please check all of the boxes below:

11.7) Assurances -- Data Assure that the NYSED will receive accurate teacher and student data, including enrollment and attendance data and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with this Subpart, in a format and timeline prescribed by the Commissioner.	Checked
11.7) Assurances -- Data Certify that the district provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked

11.7) Assurances -- Data | Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the composite rating, as per NYSED requirements.

Total Number of Points _____ (out of 60)

Overall Rating for this Section:

Highly Effective = 58 to 60

Effective = 52 to 57

Developing = 31 to 51

Ineffective = 0 to 30

Process Explained:

Part of each Standard are associated Elements that are assessed using a rubric with the same HEDI descriptors. How these Elements are assessed results in the score a teacher earns for each standard. For example, if a teacher receives all “Effective” ratings in every Element under Standard 3, that teacher would earn 12.8 points. This is the exact middle between the minimum and maximum number of points a teacher can earn for Standard 3 in the “Effective” range. If some Elements are rated as “Highly Effective” under Standard 3 (but the majority still rated as “Effective”), this teacher’s score will trend up towards the maximum of 13.8 points. Conversely, if some Elements are rated as “Developing” or “Ineffective” under Standard 3 (but the majority still rated as “Effective”), this teacher’s score will trend down towards the minimum of 11.8 points. This process will be used to assess each Standard. Standard mathematical rounding rules will apply.

York Central School District – Teacher Improvement Plan (TIP)

The Parties understand and agree that the sole and exclusive purpose of a TIP is the improvement of teaching practice and that the issuance of a TIP is not a disciplinary action.

The composite effectiveness score will be used to determine if a Teacher Improvement Plan is needed. The TIP must be implemented no later than 10 school days after the opening of classes at the beginning of the next school year. The TIP will be in place for one school year. This does not limit an administrator's right to bring forward a TIP during the school year, should circumstances arise, outside the Composite Effectiveness Score. If a TIP is implemented during the school year, the timeline for that TIP will be one calendar year.

No disciplinary action predicated upon ineffective performance shall be taken by the District against a tenured teacher until a TIP has been fully implemented and its effectiveness in improving the teacher's performance has been evaluated. If the TIP has been successfully completed, a form will be provided by the supervising administrator to the teacher to verify that the teacher is back in good standing. This does not limit the rights of the District to remove a teacher based on a violation of laws, regulations, or decisions of courts. The District also reserves the right to terminate non-tenured teachers as per Educational Law.

Teacher Improvement Plans will apply to any teacher whose composite effectiveness rating is "Ineffective" for one year. TIPs also apply to a teacher whose composite effectiveness rating is "Developing" for two consecutive years. Tenured teachers with a pattern of ineffective teaching or performance – defined by law as two consecutive annual "Ineffective" ratings – may be charged with incompetence and considered for termination through an expedited hearing process (as per Education Law 3012-c). Formal notification, in the form of a memo from supervising administrator to teacher, will be given to any teacher whose composite effectiveness rating is "Developing" for one year.

The TIP shall be developed in consultation with the teacher, and Association representation shall be afforded at the teacher's request. The teacher shall be advised of his/her right to such representation. The Association president shall be timely informed whenever a teacher is placed on a TIP and, with the agreement of the teacher, shall be provided with a copy of the TIP.

A TIP shall clearly specify: (i) the area(s) in need of improvement; (ii) the performance goals, expectations, benchmarks, standards and timelines the teacher must meet in order to achieve an effective rating; (iii) how improvement will be measured and monitored, and provide for periodic reviews of progress; and (iv) the appropriate differentiated professional development opportunities, materials, resources and supports the District will provide to assist the teacher.

After the TIP is in place, the teacher, administrator, mentor (if one has been assigned) and an Association representative (if requested by the teacher) shall meet, at least quarterly, to assess the effectiveness and appropriateness of the TIP, for the purpose of assisting the teacher to achieve the goals, expectations, benchmarks, and standards set forth in the TIP. Based on the outcome of such assessment(s), the TIP may be modified accordingly.

A teacher may appeal the implementation of a TIP in accordance with the appeals procedure outlined in the APPR Plan. Appealing the implementation of a TIP will not affect the District's right to dismiss a probationary teacher, or deny tenure.

Any costs associated with the implementation of a TIP, and recommended by the district administrator initiating the TIP, shall be borne by the District.

HEDI Ratings Conversion Chart for Locally-Selected Measures for Principals

Principals will use the procedures below for their locally-selected measure, after reviewing students' prior academic history and collaborating with their evaluator.

The Elementary Principal will receive a score between 0-15, and a HEDI rating as outlined below, based on the percentage change in the passing rate from one year to the next on the NYS ELA and Math assessments for grades 4 and 5. Each of these four assessments will receive a score between 0-15 and then be averaged together for an overall score and HEDI rating.

HIGHLY		EFFECTIVE						DEVELOPING					INEFFECTIVE		
15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
12% or more	9-11%	8%	7%	5-6%	3-4%	1-2%	0%	-1%	-2%	-3%	-4%	-5 to -6%	-7%	-8%	-9% or more

OR

Principals who oversee the high school program will receive a score between 0-15 and a HEDI rating based on the 4-year graduation rate as outlined below:

HIGHLY		EFFECTIVE						DEVELOPING					INEFFECTIVE		
15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
95-100%	85-94%	82-84%	79-81%	75-78%	71-74%	68-70%	65-67%	63-64%	61-62%	59-60%	57-58%	55-56%	40-54%	21-39%	0-20%

York Principals' Other Conversion Charts

The Marshall Principal Evaluation Rubric contains six domains. Each domain has 10 descriptors that are ranked on a scale of 1-4. This equals 40 total possible points that can be earned for each domain. The table below quantifies the HEDI scoring ranges associated with the possible points using the Marshall Principal Evaluation Rubric:

Marshall Rubric Domain	Points for Highly Effective	Points for Effective	Points for Developing	Points for Ineffective
A	36-40	26-35	11-25	0-10
B	36-40	26-35	11-25	0-10
C	36-40	26-35	11-25	0-10
D	36-40	26-35	11-25	0-10
E	36-40	26-35	11-25	0-10
F	36-40	26-35	11-25	0-10

A conversion formula will be used to translate the points earned using the Marshall Rubric into a 60 point score for purposes of the APPR. The total possible points on the Marshall Rubric (240) will be divided into the actual number of points earned across all six domains. The quotient derived will then be used as the percentage factor out of 60.

For example, a principal scores a total of 220 points across the six domains. 220 divided by 240 equals 0.9167. Multiplying 0.9167 by 60 equals 55.

The following conversion chart will be used to set an overall HEDI rating for the 60% other measures:

Points for Highly Effective	Points for Effective	Points for Developing	Points for Ineffective
54-60	39-53	16-38	0-15

Continuing with the example above, the principal with a score of 55 ends up in the Highly Effective range. These 55 points are also used as part of the Composite Effectiveness Score.

York Central School - Principal Improvement Plans (PIP)

The Parties understand and agree that the sole and exclusive purpose of a PIP is the improvement of leadership practice.

The composite effectiveness score will be used to determine if a Principal Improvement Plan is needed. The PIP must be implemented no later than 10 school days after the opening of classes at the beginning of the next school year. The PIP will be in place for one school year. This does not limit the superintendent's right to bring forward a PIP during the school year, should circumstances arise, outside the Composite Effectiveness Score. If a PIP is implemented during the school year, the timeline for that PIP will be agreed to by the principal and superintendent.

Principal Improvement Plans will apply to any principal whose composite effectiveness rating is "Ineffective" for one year. PIPs also apply to a principal whose composite effectiveness rating is "Developing" for two consecutive years. Tenured principals with a pattern of ineffective teaching or performance – defined by law as two consecutive annual "Ineffective" ratings – may be charged with incompetence and considered for termination through an expedited hearing process (as per Education Law 3012-c). Formal notification, in the form of a memo from the superintendent to the principal, will be given to any principal whose composite effectiveness rating is "Developing" for one year.

The PIP shall be developed in consultation with the principal. The PIP shall clearly specify: (i) the area(s) in need of improvement; (ii) the performance goals, expectations, benchmarks, standards and timelines the principal must meet in order to achieve an effective rating; (iii) how improvement will be measured and monitored, and provide for periodic reviews of progress; and (iv) the appropriate differentiated professional development opportunities, materials, resources and supports the District will provide to assist the principal.

After the PIP is in place, the principal, superintendent, and a mentor (if one has been assigned) shall meet, at least quarterly, to assess the effectiveness and appropriateness of the PIP, for the purpose of assisting the principal to achieve the goals, expectations, benchmarks, and standards set forth in the PIP. Based on the outcome of such assessment(s), the PIP may be modified accordingly. If the superintendent does not sign his/her name to indicate that good progress is being made during any of the quarterly meetings, supporting documentation will be created by the superintendent.

A principal may appeal the implementation of a PIP in accordance with the appeals procedure outlined in the APPR Plan. Appealing the implementation of a PIP will not affect the District's right to dismiss a probationary principal, or deny tenure.

Any costs associated with the implementation of a PIP, and recommended by the district administrator initiating the PIP, shall be borne by the District.

DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
